21.10 the employee has credit in a formula plan must be based on the employee's highest five
21.11 successive years of covered salary during the entire service in covered plans;

21.12 (3) the accrual rates to be used by each plan must be those percentages prescribed by
21.13 each plan's formula as continued for the respective years of allowable service from one
21.14 plan to the next, recognizing all previous allowable service with the other covered plans;

21.15 (4) the allowable service in all the plans must be combined in determining eligibility
21.16 for and the application of each plan's provisions in respect to reduction in the annuity
21.17 amount for retirement prior to normal retirement age; and

21.18 (5) the annuity amount payable for any allowable service under a nonformula plan
21.19 of a covered plan must not be affected, but such service and covered salary must be used
21.20 in the above calculation.

21.21 (d) This section does not apply to any person whose final termination from the last
21.22 public service under a covered plan was before May 1, 1975.

21.33 (f) Any period of time for which a person has credit in more than one of the covered
21.34 plans must be used only once for the purpose of determining total allowable service.

21.35 (g) If the period of duplicated service credit is more than one-half year, or the person
21.36 has credit for more than one-half year, with each of the plans, each plan must apply its

22.1 formula to a prorated service credit for the period of duplicated service based on a fraction
 22.2 of the salary on which deductions were paid to that fund for the period divided by the total
 22.3 salary on which deductions were paid to all plans for the period.

22.4 (h) If the period of duplicated service credit is less than one-half year, or when

23.3 amended to read:

23.4 Subd. 2. **Determination.** (a) Unless the minimum purchase amount set forth in

23.9 additional service credit in this section.

23.10 (b) Calculation of this amount must be made using the preretirement interest rate
23.11 applicable to the public pension plan specified in section 356.215, subdivision 8, and
23.12 the mortality table adopted for the public pension plan. The calculation must assume
23.13 continuous future service in the public pension plan until, and retirement at, the age at
23.14 which the minimum requirements of the fund for normal retirement or retirement with an
23.15 annuity unreduced for retirement at an early age, including section 356.30, are met with

23.17 equivalent salary, or actual salary, whichever is greater, and a future salary history that
23.18 includes annual salary increases at the applicable salary increase rate for the plan specified
23.19 in section 356.215, subdivision ~~4~~ 8.

23.20 (c) The prior service credit purchase amount may not be less than the amount
23.21 determined by applying, for each year or fraction of a year being purchased, the sum of the
23.22 employee contribution rate, the employer contribution rate, and the additional employer

23.25 ~~rate of 8.5 percent until June 30, 2015, and eight percent thereafter~~ compounded annually
23.26 from the end of the year in which contributions would otherwise have been made to
23.27 the date on which the payment is received at the rate of 8.5 percent for any period for

23.29 through June 30, 2015, and eight percent thereafter, for any other retirement plan listed
23.30 in section 356.30, subdivision 3.

23.31 (d) Unless otherwise provided by statutes governing a specific plan, payment must
23.32 be made in one lump sum within one year of the prior service credit authorization or prior
23.33 to the member's effective date of retirement, whichever is earlier. Payment of the amount
23.34 calculated under this section must be made by the applicable eligible person.

24.1 (e) However, the current employer or the prior employer may, at its discretion, pay
 24.2 all or any portion of the payment amount that exceeds an amount equal to the employee
 24.3 contribution rates in effect during the period or periods of prior service applied to the
 24.4 actual salary rates in effect during the period or periods of prior service, plus interest ~~at the~~
 24.5 ~~rate of 8.5 percent a year~~ compounded annually from the date on which the contributions

 24.7 8.5 percent for any period for the Teachers Retirement Association and 8.5 percent for any
 24.8 period, or portion thereof, through June 30, 2015, and eight percent thereafter, for any other
 24.9 retirement plan listed in section 356.30, subdivision 3. If the employer agrees to payments
 24.10 under this subdivision, the purchaser must make the employee payments required under
 24.11 this subdivision within 90 days of the prior service credit authorization. If that employee
 24.12 payment is made, the employer payment under this subdivision must be remitted to the
 24.13 chief administrative officer of the public pension plan within 60 days of receipt by the
 24.14 chief administrative officer of the employee payments specified under this subdivision.

24.20 (b) "Annual addition" means the sum for the limitation year of all pretax and after-tax
 24.21 contributions made by the member or the member's employer and credited to an account
 24.22 in the name of the member in any defined contribution plan maintained by the employer.

24.23 (c) "Compensation" means the compensation actually paid or made available to

 24.28 applicable federal compensation limit described in section 356.611, subdivision 2.

 25.4 benefit shall be multiplied by a fraction, the numerator of which is the number of years (or
 25.5 part thereof, but not less than one year) of participation in the plan, and the denominator of
 25.6 which is ten;

25.7 (2) if the annual benefit begins before the member has attained age 62, the
 25.8 determination as to whether the maximum permissible benefit limit has been satisfied shall
 25.9 be made, in accordance with regulations prescribed by the United States secretary of the

 25.12 adjusted, annual benefit beginning at age 62; and

25.13 (3) if the annual benefit begins after the member has attained age 65, the
 25.14 determination as to whether the maximum permissible benefit limit has been satisfied shall
 25.15 be made, in accordance with regulations prescribed by the United States secretary of the
 25.16 treasury, by increasing the limit so that the limit, as so increased, equals an annual benefit,
 25.17 beginning when the annual benefit actually begins, which is equivalent to a \$160,000, as

 25.23 payable to a member shall not exceed the maximum permissible benefit. If the benefit the
 25.24 member would otherwise receive for a limitation year would result in the payment of an
 25.25 annual benefit in excess of the maximum permissible benefit, the benefit shall be reduced
 25.26 to the extent necessary so the benefit does not exceed the maximum permissible benefit.

 25.28 Code, a retirement limitation in paragraph (a), an annual benefit that is payable in any
 25.29 form other than a single life annuity and that is subject to section 417(e)(3) of the Internal

 25.34 whichever of the following produces the greatest annual amount:

26.1 (1) the interest rate and the mortality table or other tabular factor specified in the
26.2 plan for adjusting benefits in the same form;

26.4 (3) the applicable interest rate under section 417(e)(3) of the Internal Revenue Code

353.0161 AUTHORIZED LEAVE OF ABSENCE SERVICE CREDIT PURCHASE PROCEDURE.

Subdivision 1. **Application.** This section applies to employees covered by any plan specified in this chapter or chapter 353E for any period of authorized leave of absence specified in section 353.01, subdivision 16, paragraph (a), clause (5), for which the employee obtains credit for allowable service by making payment as specified in this section to the applicable fund.

Subd. 2. **Purchase procedure.** (a) An employee covered by a plan specified in subdivision 1 may purchase credit for allowable service in that plan for a period specified in subdivision 1 if the employee makes a payment as specified in paragraph (b) or (c), whichever applies. The employing unit, at its option, may pay the employer portion of the amount specified in paragraph (b) on behalf of its employees.

(b) If payment is received by the executive director within one year from the date the member returned to work following the authorized leave, or within 30 days after the date of termination of public service if the member did not return to work, the payment amount is equal to the employee and employer contribution rates specified in law for the applicable plan at the end of the leave period, or at termination of public service, whichever is earlier, multiplied by the employee's average monthly salary, excluding overtime, upon which deductions were paid during the six months, or portion thereof, before the commencement of the leave of absence and by the number of months of the leave of absence for which the employee wants allowable service credit. Payments made under this paragraph must include compound interest at the monthly rate of 0.71 percent until June 30, 2015, and 0.667 percent per month thereafter from the last day of the leave period until the last day of the month in which payment is received.

(c) If payment is received by the executive director after one year, the payment amount is the amount determined under section 356.551. Payment under this paragraph must be made before the date the person terminates public service under section 353.01, subdivision 11a.

Subd. 3. **Restriction on subsequent purchases.** To purchase salary credit or service credit for a subsequent authorized leave of absence period, the member must return to public service and render a minimum of three months of allowable service credit.

356.611 LIMITATION ON PUBLIC EMPLOYEE SALARIES FOR PENSION PURPOSES.

Subd. 3. **Maximum benefit limitations.** An annuitant's annual benefit, if necessary, must be reduced to the extent required by section 415(b) of the federal Internal Revenue Code, as adjusted by the United States secretary of the treasury under section 415(d) of the federal Internal Revenue Code for any applicable increases in the cost of living, including applicable increases in the cost of living after the member's termination of employment. If an annuitant participated in more than one pension plan in which the employer participates, the benefits under each plan must be reduced proportionately, if necessary, to satisfy the applicable limitation.

Subd. 3a. **Maximum annual addition limitation, defined contribution plans.** The annual additions on behalf of a member to a defined contribution plan for any limitation year shall not exceed the applicable limitation on annual additions under section 415(c) of the federal Internal Revenue Code, as adjusted by the United States secretary of the treasury under section 415(d) of the federal Internal Revenue Code.

Subd. 4. **Compensation.** For purposes of this section, compensation means a member's compensation actually paid or made available for any limitation year including all items of remuneration described in federal treasury regulation section 1.415 (c)-2(b) and excluding all items of remuneration described in federal treasury regulation section 1.415 (c)-2(c). Compensation for pension plan purposes for any limitation year shall not exceed the applicable federal compensation limit described in subdivision 2.

Subd. 5. **Limitation year.** Unless otherwise specifically provided, for purposes of section 415 of the federal Internal Revenue Code, the limitation year of a pension plan covered by this section is the calendar year or fiscal year, whichever is applicable.

The petition under this subdivision must be made within 45 days of the time that the person knew or should have known of the disputed decision.
