## State of Minnesota

## HOUSE OF REPRESENTATIVES

A bill for an act

EIGHTY-NINTH SESSION

H. F. No.

3372

03/21/2016 Authored by Lohmer

1.1

1.2

1.23

The bill was read for the first time and referred to the Committee on Health and Human Services Reform

1.2 1.3 1.4	relating to human services; modifying certain provisions governing autism early intensive intervention benefit; amending Minnesota Statutes 2014, section 256B.0949, subdivisions 2, 3, 4, 5, 6, 7, 8, 9, by adding subdivisions.
1.5	BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:
1.6	Section 1. Minnesota Statutes 2014, section 256B.0949, subdivision 2, is amended to
1.7	read:
1.8	Subd. 2. <b>Definitions.</b> (a) For the purposes of this section, the terms defined in
1.9	this subdivision have the meanings given.
1.10	(b) "Agency" or "provider agency" means the legal entity that is enrolled with
1.11	Minnesota health care programs to provide EIDBI and that has the legal responsibility
1.12	to ensure that its employees or contractors carry out the responsibilities defined in this
1.13	section. The definition of provider agency includes licensed individual professionals who
1.14	practice independently and act as a provider agency.
1.15	(b) (c) "Autism spectrum disorder diagnosis" or "ASD" is defined by diagnostic
1.16	eode 299 in the current version of the Diagnostic and Statistical Manual of Mental
1.17	Disorders (DSM).
1.18	(d) "ASD and related conditions" means a condition that is found to be closely
1.19	related to autism spectrum disorder and may include but is not limited to autism,
1.20	Asperger's syndrome, pervasive developmental disorder-not otherwise specified, fetal
1.21	alcohol spectrum disorder, Rhett's syndrome, and autism-related diagnosis as identified
1.22	under the current version of the DSM and meets all of the following criteria:

Section 1. 1

(1) is severe and chronic;

(2) results in impairment of adaptive behavior and function similar to that of persons
with ASD;
(3) requires treatment or services similar to those required for persons with ASD;
(4) results in substantial functional limitations in three core developmental deficits
of ASD: social interaction; nonverbal or social communication; and restrictive, repetitive
behaviors or hyperreactivity or hyporeactivity to sensory input; and may include deficits
in one or more of the following related developmental domains:
(i) self-regulation;
(ii) self-care;
(iii) behavioral challenges;
(iv) expressive communication;
(v) receptive communication;
(vi) cognitive functioning;
(vii) safety; and
(viii) level of support needed; and
(5) is not attributable to mental illness as defined in section 245.462, subdivision 20,
or an emotional disturbance as defined in section 245.4871, subdivision 15. For purposes
of item (vii), notwithstanding section 245.462, subdivision 20, or 245.4871, subdivision
15, mental illness does not include autism or other pervasive developmental disorders.
(e) (e) "Child" means a person under up to, but not including, the age of 18 21.
(d) (f) "Commissioner" means the commissioner of human services, unless
otherwise specified.
(g) "Comprehensive multidisciplinary evaluation" or "CMDE" means a
comprehensive evaluation of a child's developmental status to determine medical necessity
for the EIDBI benefit based on the requirements in section 256B.0949, subdivision 5.
(e) (h) "Early intensive developmental and behavioral intervention benefit" or
"EIDBI" means autism treatment options intensive interventions based in behavioral and
developmental science, which may include modalities such as applied behavior analysis,
developmental treatment approaches, and naturalistic and parent training models that
include the services covered under subdivision 11.
(f) (i) "Generalizable goals" means results or gains that are observed during a variety
of activities over time with different people, such as providers, family members, other
adults, and children, and in different environments including, but not limited to, clinics,
homes, schools, and the community.
(j) "Individual treatment plan" or "ITP" means the person-centered, individualized
written plan of care that integrates and coordinates child and family information from the

Section 1. 2

03/07/16	REVISOR	EB/EP	16-4625
03/07/10	KE VISUK	ED/EP	10-4023

comprehensive multidisciplinary evaluation for a child who meets medical necessity for 3.1 the early intensive developmental and behavioral intervention benefit. An individual 3.2 treatment plan must meet the standards in section 256B.0949, subdivision 6. 3.3 (k) "Legal representative" means the parent of a person who is under 18 years of age, 3.4 a court-appointed guardian, or other representative with legal authority to make decisions 3.5 about services for a person. Other representatives with legal authority to make decisions 3.6 include but are not limited to a health care agent or an attorney-in-fact authorized through 3.7 a health care directive or power of attorney. 3.8 (g) (l) "Mental health professional" has the meaning given in section 245.4871, 3.9 subdivision 27, clauses (1) to (6). 3.10 **EFFECTIVE DATE.** This section is effective the day following final enactment. 3.11 Sec. 2. Minnesota Statutes 2014, section 256B.0949, subdivision 3, is amended to read: 3.12 Subd. 3. Initial EIDBI eligibility. This benefit is available to a child enrolled in 3 13 medical assistance who: 3.14 (1) has an autism spectrum disorder a diagnosis of ASD or a related condition that 3.15 meets the criteria of subdivision 4; 3.16 (2) has had a diagnostic assessment described in subdivision 5, which recommends 3.17 early intensive intervention services is medically stable; and 3.18 (3) meets the criteria for medically necessary autism early intensive intervention 3.19 services. does not need 24-hour medical or nursing monitoring or procedures; and 3.20 (4) received a comprehensive multidisciplinary evaluation as described in 3.21 subdivision 5 that recommends EIDBI services based on medical necessity criteria 3.22 published by the commissioner. 3.23 3.24 **EFFECTIVE DATE.** This section is effective the day following final enactment. Sec. 3. Minnesota Statutes 2014, section 256B.0949, is amended by adding a 3.25 subdivision to read: 3.26 Subd. 3a. Culturally and linguistically appropriate requirement. The child's and 3.27 family's primary spoken language, culture, preferences, goals, and values must be reflected 3.28 throughout the process of diagnosis, CMDE, ITP development, progress monitoring, 3.29 family or caregiver training and counseling services, and coordination of care. The 3.30 qualified CMDE and QSP must determine the most effective way to adapt the evaluation, 3.31 treatment recommendations, and ITP to the culture, language, and values of the child and 3.32 family. A language interpreter who is fluent in both languages, with training or knowledge 3.33

Sec. 3. 3

03/07/16	REVISOR	EB/EP	16-4625

of related diagnostic and medical treatment terminology, must be provided when the child or child's legal representative is not able to speak, read, write, or understand the English language at a level that allows the child or child's legal representative to interact with the CMDE, QSP, or a level I, level II, or level III treatment provider. The language interpreter must be fluent in both languages, with training or knowledge of related diagnostic and medical treatment terminology.

- Sec. 4. Minnesota Statutes 2014, section 256B.0949, subdivision 4, is amended to read: Subd. 4. **Diagnosis.** (a) A diagnosis must:
- (1) be based upon current DSM criteria including direct observations of the child and reports information from parents or primary caregivers; and
- (2) be completed by either (i) a licensed physician or advanced practice registered nurse or (ii) a mental health professional-; and
- (3) meet the requirements of Minnesota Rules, part 9505.0372, subpart 1, items B and C.
- (b) Additional diagnostic assessment information may be considered to complete a diagnostic assessment including from specialized tests administered through special education evaluations and licensed school personnel, and from professionals licensed in the fields of medicine, speech and language, psychology, occupational therapy, and physical therapy. A diagnostic assessment may include treatment recommendations.

## **EFFECTIVE DATE.** This section is effective January 1, 2017.

Sec. 5. Minnesota Statutes 2014, section 256B.0949, subdivision 5, is amended to read:

Subd. 5. Diagnostic assessment Comprehensive multidisciplinary evaluation (CMDE). The following information and assessments must be performed, reviewed, and relied upon for the eligibility determination, treatment and services recommendations, and treatment plan development for the child:

(1) an assessment of the child's developmental skills, functional behavior, needs, and eapacities based on direct observation of the child which must be administered by a licensed mental health professional, must include medical or assessment information from the child's physician or advanced practice registered nurse, and may also include observations from family members, school personnel, child care providers, or other caregivers, as well as any medical or assessment information from other licensed professionals such as rehabilitation therapists, licensed school personnel, or mental health professionals; and

Sec. 5. 4

03/07/16	REVISOR	EB/EP	16-4625
<i>J</i> 3/07/10	IXE VISOR	$\mathbf{L}'\mathbf{D}'/\mathbf{L}'\mathbf{I}$	10-4023

5.1	(2) an assessment of parental or caregiver capacity to participate in therapy including
5.2	the type and level of parental or earegiver involvement and training recommended.
5.3	(a) A CMDE must be completed to determine medical necessity of EIDBI services.
5.4	The CMDE must be administered by a qualified CMDE provider. The CMDE must
5.5	include and document information from medical and mental health professionals.
5.6	(b) The qualified CMDE provider must:
5.7	(1) be a licensed physician or advanced practice registered nurse or a mental health
5.8	professional or a mental health practitioner who meets the requirements of a clinical
5.9	trainee as defined in Minnesota Rules, part 9505.0371, subpart 5, item C;
5.10	(2) have at least 2,000 hours of clinical experience in the evaluation and treatment
5.11	of children with ASD or equivalent documented course work at the graduate level by an
5.12	accredited university in the following content areas: ASD diagnosis, ASD treatment
5.13	strategies, and child development;
5.14	(3) be able to diagnose, evaluate, or provide treatment within the provider's scope
5.15	of practice and professional license; and
5.16	(4) have knowledge and provide information about the range of current EIDBI
5.17	treatment modalities recognized by the commissioner.
5.18	(c) The CMDE must include and document the following:
5.19	(1) information from a diagnostic assessment that meets the definition under
5.20	subdivision 4;
5.21	(2) information gathered from family members and primary child care providers;
5.22	(3) a face-to-face assessment of the child's degree of severity of core features of
5.23	ASD and related conditions, as well as other areas of functional development, including
5.24	cognition, learning and play, social or interpersonal interaction, verbal and nonverbal
5.25	communication, self-care, behavioral challenges and self-regulation, safety, and level
5.26	of support needed;
5.27	(4) a review and consideration of diagnostic and other related assessment
5.28	information from other qualified or licensed health care or other professionals working
5.29	with the child, including medical and pharmacological information from a licensed
5.30	physician or advanced practice nurse; the child's rehabilitation therapists; licensed school
5.31	personnel; and other mental health professionals;
5.32	(5) referrals to other needed clinical, medical, educational, rehabilitation, or social
5.33	services;
5.34	(6) parent or caregiver preferences for involvement in child treatment that takes into
5.35	account the family's culture, language, goals, and values;

Sec. 5. 5

03/07/16	REVISOR	EB/EP	16-4625

6.1	(7) discussion with the child and family of the options and recommendations for
6.2	the type and level of parent or caregiver training and preferred involvement in the child's
6.3	treatment;
6.4	(8) discussion with the child and family of the recommendations for EIDBI medical
6.5	necessity, including recommendations for a minimum and maximum range of suggested
6.6	EIDBI treatment intensity;
6.7	(9) discussion with the child and family of all EIDBI treatment modality options
6.8	recognized by the Department of Human Services available at the time of the CMDE,
6.9	including differences in how the treatment modalities are implemented;
6.10	(10) summary of information provided to the child's legal representative in a manner
6.11	in which they understand the results and recommendations and can make informed
6.12	decisions about treatment options. This may include a coordinated conference, as
6.13	requested by the parent;
6.14	(11) determination regarding how frequently to monitor the child's progress if
6.15	monitoring is required more frequently than every six months; and
6.16	(12) determination of the most effective way to adapt the recommendations of the
6.17	CMDE to the culture, language, and values of the family irrespective of where the child
6.18	and family are from.
6.19	(d) The CMDE must be updated after each 12 months of treatment, or more
6.20	frequently as determined by a qualified CMDE provider. The CMDE update must:
6.21	(1) consider the provider agency's progress evaluation results and make a
6.22	determination of the child's progress toward achieving generalizable and functional goals
6.23	contained in the treatment plan;
6.24	(2) identify any significant changes in the child's condition or family circumstances;
6.25	(3) document and provide rationale for any recommended changes in EIDBI services,
6.26	including the need for continuation or discontinuation of medically necessary EIDBI; and
6.27	(4) be submitted to the commissioner in a manner determined by the commissioner
6.28	for the authorization of EIDBI services.
6.29	<b>EFFECTIVE DATE.</b> Paragraph (b) is effective the day following final enactment.
6.30	Paragraphs (a), (c), and (d) are effective August 1, 2016.
6.31	Sec. 6. Minnesota Statutes 2014, section 256B.0949, subdivision 6, is amended to read:
6.32	Subd. 6. <u>Individual treatment plan (ITP)</u> . (a) <u>The qualified EIDBI professional</u>
6.33	who integrates and coordinates child and family information from the CMDE and
6.34	progress-monitoring process to develop the ITP must develop and monitor the ITP.

Sec. 6. 6

03/07/16	REVISOR	EB/EP	16-4625

7.1

7.1	(b) The ITP reflects the values, goals, preferences, language, and culture of the
7.2	child's family and specifies the medically necessary treatment and services, including
7.3	baseline data, primary goals and target objectives, progress-monitoring results and goal
7.4	mastery data, and any significant changes in the child's condition or family circumstances.
7.5	Each child's treatment plan ITP must be:
7.6	(1) <u>be</u> based on the diagnostic assessment <u>and CMDE summary</u> information
7.7	specified in subdivisions 4 and 5;
7.8	(2) be consistent with the person-centered planning and service delivery
7.9	requirements in subdivision 6a and be individualized based on the child's developmental
7.10	status and identified needs, interests, values, preferences, culture, and language;
7.11	(3) identify desired outcomes of the child and the child's legal representative;
7.12	(4) specify target objectives for the treatment period that are functionally and
7.13	developmentally appropriate and work toward generalization across people and
7.14	environments for best possible participation in home, school and community life;
7.15	(5) identify level of family caregiver training and counseling;
7.16	(6) be delivered in a manner individualized to the child and family to ensure skills
7.17	transfer to the parent or caregiver;
7.18	(2) coordinated (7) identify and coordinate with other services the child and family
7.19	are receiving, including medically necessary occupational, physical, and speech and
7.20	language therapies, special education, social services, and other services the child and
7.21	family are receiving; and
7.22	(8) integrate current services the child is receiving into treatment recommendations.
7.23	(3) family-centered;
7.24	(4) culturally sensitive; and
7.25	(5) individualized based on the child's developmental status and the child's and
7.26	family's identified needs.
7.27	(b) (c) The treatment plan ITP must specify the primary treatment goals and target
7.28	objectives, including baseline measures and projected dates of accomplishment. The
7.29	ITP must include:
7.30	(1) child's goals which are developmentally appropriate, functional, and
7.31	<del>generalizable;</del>
7.32	(2) treatment modality;
7.33	(3) treatment intensity;
7.34	(4) setting; and
7.35	(5) level and type of parental or caregiver involvement.

Sec. 6. 7

8.1	(1) the measurable and observable criteria for identifying when the desired outcome
8.2	is achieved and how data shall be collected;
8.3	(2) the projected starting date for implementing the services and the date by which
8.4	progress toward accomplishing the outcomes shall be reviewed and evaluated;
8.5	(3) the treatment method to meet the goals and objectives, including:
8.6	(i) frequency, intensity, location, and duration of each service provided;
8.7	(ii) level of parent or caregiver training and counseling;
8.8	(iii) any changes or modifications to the physical and social environments necessary
8.9	when the services are provided;
8.10	(iv) any specialized equipment and materials required;
8.11	(v) techniques that support and are consistent with the child's communication mode
8.12	and learning style; and
8.13	(vi) names of staff with overall responsibility for supervising staff and implementing
8.14	the service or services;
8.15	(4) an updated review according to subdivision 7 every six months or more
8.16	frequently if indicated on the CMDE;
8.17	(5) discharge criteria that shall be used and a defined plan to assist the child and the
8.18	child's legal representative to transition to other services. The plan shall include:
8.19	(i) protocols for changing service when medically necessary;
8.20	(ii) how the transition will occur;
8.21	(iii) time allowed to make the transition. Up to 30 days of continued service is allowed
8.22	while the transition plan is being developed. Services during this period shall be consistent
8.23	with the ITP from when the notice of need for transition until services are terminated; and
8.24	(iv) how the parent or guardian will be informed of and involved in the transition.
8.25	(e) (d) Implementation of the treatment ITP must be supervised by a qualified
8.26	supervising professional with expertise and training in autism and child development who
8.27	is a licensed physician, advanced practice registered nurse, or mental health professional
8.28	<u>(QSP)</u> .
8.29	(d) (e) The treatment plan ITP must be submitted to the commissioner for approval
8.30	in a manner determined by the commissioner for this purpose.
8.31	(e) (f) Services authorized must be consistent with parent or caregiver preferences
8.32	for treatment, the child's CMDE recommendations, and approved treatment plan ITP.
8.33	(g) Services included in the treatment plan ITP must meet all applicable requirements
8.34	for medical necessity and coverage.
8.35	<b>EFFECTIVE DATE.</b> This section is effective the day following final enactment.

Sec. 6. 8

03/07/16	REVISOR	EB/EP	16-4625
<i>J</i> 3/07/10	IXE VISOR	$\mathbf{L}'\mathbf{D}'/\mathbf{L}'\mathbf{I}$	10-4023

1	Sec. 7. Minnesota Statutes 2014, section 256B.0949, is amended by adding a
2	subdivision to read:
3	Subd. 6a. Person-centered planning requirements. (a) The provider must provide
4	services in response to the identified needs, interests, preferences, and desired outcomes or
5	the child and the child's legal representative as specified in the ITP and recommended in
6	the CMDE and in compliance with the requirements of this section.
7	(b) Services must be provided in a manner that supports the preferences of the child
8	and the child's legal representative, consistent with the principles of:
	(1) person-centered service planning and delivery that:
)	(i) identifies and supports what is important to the child and the child's legal
	representative, including preferences for when, how, and by whom treatment is provided;
	<u>and</u>
	(ii) respects each child's history, dignity, and cultural background;
	(2) self-determination that supports and provides:
	(i) opportunities for the development and exercise of functional and age-appropriate
	skills, decision making and choice, personal advocacy, and communication; and
	(ii) the affirmation and protection of each child's civil and legal rights; and
	(3) service delivery that supports, promotes, and allows:
	(i) inclusion and participation in the child's community as desired by the child and
	the child's legal representative in a manner that promotes the skills that enable the child to
	interact with children without disabilities to the fullest extent possible and supports the
	child in developing and maintaining a role as a valued community member;
	(ii) opportunities for self-sufficiency as well as developing and maintaining social
	relationships and natural supports; and
	(iii) a balance between risk and opportunity, meaning the least restrictive supports of
	interventions necessary are provided in the most integrated settings in the most inclusive
	manner possible.
	<b>EFFECTIVE DATE.</b> This section is effective the day following final enactment.
	Sec. 8. Minnesota Statutes 2014, section 256B.0949, is amended by adding a
	subdivision to read:
	Subd. 6b. Coordination with other benefits. (a) Services provided under this
	benefit do not replace services provided in a child's individualized education plan. Each
	child's ITP must document that EIDBI services coordinate with, but do not include
	or replace special education and related services defined in the child's individualized

Sec. 8. 9

03/07/16	REVISOR	EB/EP	16-4625

education plan when the service is available under the Individuals with Disabilities Education Improvement Act of 2004 through a local education agency.

(b) The commissioner shall integrate medical authorization procedures for this benefit with authorization procedures for other health and mental health services and home and community-based services to ensure that the child receives services that are the most appropriate and effective in meeting the child's needs.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 9. Minnesota Statutes 2014, section 256B.0949, subdivision 7, is amended to read:

Subd. 7. Ongoing eligibility Progress evaluation monitoring. (a) An independent

A progress evaluation conducted by a licensed mental health professional with expertise and training in autism spectrum disorder and child development must be completed after each six months of treatment, or more frequently as determined by the commissioner qualified CMDE provider, to determine if progress is being made toward achieving targeted functional and generalizable goals and meeting functional goals contained specified in the treatment plan ITP. Based on the results of progress monitoring and evaluation, the ITP must be adjusted as needed and must document that the child continues to meet medical necessity for EIDBI or is referred to other services.

- (b) The progress evaluation must be overseen and signed by the qualified supervising professional. The progress evaluation must include:
  - (1) the treating provider's report;
- (2) parental or caregiver input;

Sec. 10. Minnesota Statutes 2014, section 256B.0949, subdivision 8, is amended to read:

Subd. 8. Refining the benefit with stakeholders. The commissioner must develop the implementation refine the details of the benefit in consultation with stakeholders and consider recommendations from the Health Services Advisory Council, the Department of Human Services Autism Spectrum Disorder Early Intensive Developmental and Behavioral Intervention Benefit Advisory Council, the Legislative Autism Spectrum Disorder Task Force, the EIDBI learning collaborative, and the ASD Interagency Task Force of the Departments of Health, Education, Employment and Economic Development, and Human Services. The commissioner must release these details for a 30-day public comment period prior to submission to the federal government for approval. The implementation details must include, but are not limited to, the following components:

- (1) a definition of the qualifications, standards, and roles of the treatment team, including recommendations after stakeholder consultation on whether board-certified behavior analysts and other types of professionals certified in other treatment approaches recognized by the Department of Human Services or trained in autism spectrum disorder and child development should be added as mental health or other professionals for qualified to provide EIDBI treatment supervision or other functions under medical assistance;
- (2) <u>development of initial</u>, <u>refinement of uniform parameters for comprehensive multidisciplinary diagnostic assessment information evaluation</u> and <u>progress evaluation</u> <u>ongoing progress-monitoring</u> standards;
- (3) the design of an effective and consistent process for assessing parent and caregiver eapacity preferences and options to participate in the child's early intervention treatment and efficacy of methods of involving the to involve and educate parents and caregivers in the treatment of the child;
- (4) formulation of a collaborative process in which professionals have opportunities to collectively inform provider standards and qualifications, standards for a comprehensive, multidisciplinary diagnostic assessment evaluation; medical necessity determination; efficacy of treatment apparatus, including modality, intensity, frequency, and duration; and progress evaluation progress-monitoring processes and standards to support quality improvement of early intensive intervention EIDBI services;

(x) include active family participation in decision-making, knowledge and capacity 13.1 13.2 building, and developing and implementing the child's ITP; and (xi) be provided in a culturally and linguistically appropriate manner. 13.3 (b) Before the changes revisions in Department of Human Services recognized 13.4 treatment modalities become effective, the commissioner must provide public notice of 13.5 the changes, the reasons for the change, and a 30-day public comment period to those 13.6 who request notice through an electronic list accessible to the public on the department's 13.7 Web site. 13.8 **EFFECTIVE DATE.** This section is effective the day following final enactment. 13.9 Sec. 12. Minnesota Statutes 2014, section 256B.0949, is amended by adding a 13.10 13.11 subdivision to read: Subd. 13. Covered services. (a) The following services are eligible for 13.12 reimbursement by medical assistance under this section: 13.13 (1) EIDBI interventions are a variety of individualized, intensive treatment methods 13.14 approved by the department that are based in behavioral and developmental science 13.15 consistent with best practices on effectiveness. Services must address the participant's 13.16 medically necessary treatment goals and be provided by an EIDBI supervising professional 13.17 or a level I, level II, or level III treatment provider. Services are targeted to develop, 13.18 enhance, or maintain the individual developmental skills of a child with ASD and related 13.19 conditions to improve functional communication, social or interpersonal interaction, 13.20 behavioral challenges and self-regulation, cognition, learning and play, self-care, safety, 13.21 and level of support needed; 13.22 (2) EIDBI intervention observation and direction is the clinical direction and 13.23 13.24 oversight by a QSP or a level I or level II EIDBI provider regarding provision of EIDBI services to a child, including developmental and behavioral techniques, progress 13.25 measurement, data collection, function of behaviors, and generalization of acquired skills 13.26 13.27 for the direct benefit of a child. EIDBI intervention observation and direction informs any modifications of the methods to support the accomplishment of outcomes in the 13.28 ITP. Observation and direction provides a real-time response to EIDBI interventions to 13.29 maximize the benefit to the child; 13.30 (3) CMDE is a comprehensive evaluation of the child's developmental status to 13.31 determine medical necessity for EIDBI services and meets the requirements of subdivision 13.32 5. The services must be provided by a qualified CMDE provider; 13.33 (4) ITP development and monitoring is development of the initial, annual, and 13.34 progress monitoring of ITPs. This service documents, provides oversight and on-going 13.35

evaluation of child treatment and progress on targeted goals and objectives, and integrates and coordinates child and family information from the CMDE and progress monitoring evaluations. The ITP must meet the requirements of subdivision 6. Progress monitoring must meet the requirements of subdivision 7. This service must be reviewed and completed by a QSP, and may include input from a level I or level II treatment provider; (5) family caregiver training and counseling is specialized training and education a family or primary caregiver receives to understand their child's developmental status and help with their child's needs and development. This service must be provided by a QSP or a level I or level II treatment provider; (6) coordinated care conference is a face-to-face meeting with the child and family to review the CMDE or progress monitoring results and to coordinate and integrate services across providers and service-delivery systems to develop the ITP. This service must be provided by a QSP and may include the CMDE provider or the level I or level II treatment provider; (7) travel time is allowable billing for traveling to and from the recipient's home, a community setting, or place of service outside of an EIDBI center, clinic, or office from a specified location to provide face-to-face EIDBI intervention, observation and direction, or family caregiver training and counseling. EIDBI recipients must have an ITP specifying why the provider must travel to the recipient's home, a community setting, or place of service outside of an EIDBI center, clinic, or office; and (8) medical assistance covers medically necessary services and consultations delivered by a licensed health care provider via telemedicine in the same manner as if the service or consultation was delivered in person. Coverage is limited to three telemedicine services per enrollee per calendar week. (b) EIDBI interventions under paragraph (a), clause (1), include, but are not limited to: (i) applied behavioral analysis (ABA); (ii) developmental individual-difference relationship-based model (DIR/Floortime); (iii) early start Denver model (ESDM); (iv) PLAY project; or (v) relationship development intervention (RDI). (c) A provider may use one or more of the treatment interventions in paragraph (b) as the primary modality for treatment as a covered service, or several treatment interventions in combination as the primary modality of treatment, as approved by the commissioner. Additional treatment interventions may be used upon approval by the commissioner. A provider that identifies and provides assurance of qualifications for a

20.1	(2) fluency in the non-English language spoken in the child's home; or
20.2	(3) one year of experience as a primary PCA, waiver service provider, or special
20.3	education assistant to a child with ASD within the previous five years.
20.4	(d) "Qualified supervising professional" or "QSP" means a person who is employed
20.5	by an EIDBI provider agency and is:
20.6	(1) a licensed mental health professional who has at least 2,000 hours of supervised
20.7	clinical experience or training in examining or treating children with ASD or equivalent
20.8	documented course work at the graduate level by an accredited university in ASD
20.9	diagnostics, ASD developmental and behavioral treatment strategies, and typical child
20.10	development;
20.11	(2) a developmental or behavioral pediatrician who has at least 2,000 hours of
20.12	supervised clinical experience or training in the examination or treatment of children with
20.13	ASD or related conditions or equivalent documented coursework at the graduate level
20.14	by an accredited university in the areas of ASD diagnostics, ASD developmental and
20.15	behavioral treatment strategies, and typical child development.
20.16	(e) "Clinical supervision" means the overall responsibility for the control and
20.17	direction of EIDBI service delivery, including individual treatment planning, staff
20.18	supervision, progress monitoring, and treatment review for each client. Clinical
20.19	supervision is provided by a QSP who takes full professional responsibility for the
20.20	services provided by each of the supervisees. All EIDBI services must be billed by and
20.21	either provided by or under the clinical supervision of a QSP.
20.22	<b>EFFECTIVE DATE.</b> This section is effective the day following final enactment.
20.23	Sec. 16. Minnesota Statutes 2014, section 256B.0949, is amended by adding a
20.24	subdivision to read:
20.25	Subd. 17. Provider agency responsibilities. (a) The provider agency must:
20.26	(1) exercise and protect the client's rights;
20.27	(2) ensure services are client-centered and family-centered;
20.28	(3) ensure services reflect the values, preferences, culture, and language of the
20.29	child and family;
20.30	(4) provide complete and current information in a manner that respects and takes into
20.31	consideration the child's and legal representative's culture, values, religion, and preferences;
20.32	(5) allow people to make informed decisions concerning CMDE, treatment
20.33	recommendations, alternatives considered, and possible risks of services;
20.34	(6) have a written policy that identifies steps to resolve issues collaboratively when
20.35	possible;

Sec. 16. 20

03/07/16	REVISOR	EB/EP	16-4625
03/07/10	TCE VIDOIC		10 1023

22.1	Subd. 18. Procedures when a child's rights are restricted. Restriction of a child's
22.2	rights under subdivision 15 is allowed only if determined necessary to ensure the health,
22.3	safety, and well-being of the child, or to support the therapeutic goals in a child's ITP. Any
22.4	restriction of those rights must be documented in the child's ITP. The restriction must be
22.5	implemented in the least restrictive alternative manner necessary to protect the child and
22.6	provide support to reduce or eliminate the need for the restriction in the most integrated
22.7	setting and inclusive manner. The documentation must include the following information:
22.8	(1) the justification for the restriction based on an assessment of the child's
22.9	vulnerability related to exercising the right without restriction;
22.10	(2) the objective measures set as conditions for ending the restriction;
22.11	(3) a schedule for reviewing the need for the restriction based on the conditions
22.12	for ending the restriction to occur semiannually from the date of initial approval, at a
22.13	minimum, or more frequently if requested by the child, the child's legal representative, if
22.14	any, and case manager; and
22.15	(4) signed and dated approval for the restriction from the child or the child's legal
22.16	representative, if any. A restriction may be implemented only when the required approval
22.17	has been obtained. Approval may be withdrawn at any time. If approval is withdrawn, the
22.18	right must be immediately and fully restored.
22.19	<b>EFFECTIVE DATE.</b> This section is effective the day following final enactment.
22.20	Sec. 18. Minnesota Statutes 2014, section 256B.0949, is amended by adding a
22.21	subdivision to read:
22.22	Subd. 19. EIDBI provider agency qualifications, general requirements, and
22.23	duties. (a) EIDBI agencies delivering services under this section shall:
22.24	(1) enroll as a medical assistance Minnesota health care programs provider
22.25	according to Minnesota Rules, part 9505.0195, and meet all applicable provider standards
22.26	and requirements;
22.27	(2) demonstrate compliance with federal and state laws and policies for EIDBI as
22.28	determined by the commissioner;
22.29	(3) verify and maintain records of all services provided to the child or the child's
22.30	legal representative as required under Minnesota Rules, parts 9505.2175 and 9505.2197;
22.31	(4) not have had a lead agency contract or provider agreement discontinued due to
22.32	fraud, or not have had an owner, board member, or manager fail a state or FBI-based
22.33	criminal background check while enrolled or seeking enrollment as a Minnesota health
22.34	care programs provider;

Sec. 18. 22

03/07/16	REVISOR	EB/EP	16-4625

	(5) have established business practices that include written policies and procedures,
1	internal controls, and a system that demonstrates the organization's ability to deliver
(	quality EIDBI services; and
	(6) have an office located in Minnesota.
	(b) EIDBI agency providers shall:
	(1) report maltreatment as required under sections 626.556 and 626.557;
	(2) provide the child or the child's legal representative with a copy of the
•	service-related rights under subdivision 15 at the start of services; and
	(3) comply with any data requests from the department consistent with the
(	Government Data Practices Act under chapter 13 and section 256B.27.
	<b>EFFECTIVE DATE.</b> This section is effective the day following final enactment.
	Sec. 19. Minnesota Statutes 2014, section 256B.0949, is amended by adding a
•	subdivision to read:
	Subd. 20. Requirements for EIDBI provider agency infrastructure. (a) To be an
	eligible provider agency under this section, a provider agency must have an administrative
	infrastructure that establishes authority and accountability for decision making and
	oversight of functions, including finance, personnel, system management, clinical practice,
	and individual treatment outcomes measurement. The provider agency must have written
	policies and procedures that it reviews and updates every three years and distributes to
	staff initially and makes available to staff at all times.
	(b) The administrative infrastructure written policies and procedures must include:
	(1) personnel procedures, including a process for:
	(i) recruiting, hiring, training, and retention of culturally and linguistically competent
]	providers;
	(ii) conducting a criminal background check on all direct service providers and
,	volunteers;
	(iii) investigating, reporting, and acting on violations of ethical conduct standards;
	(iv) investigating, reporting, and acting on violations of data privacy policies that
•	are compliant with federal and state laws;
	(v) utilizing volunteers, including screening applicants, training and supervising
	volunteers, and providing liability coverage for volunteers;
	(vi) documenting staff time in a manner that allows matching of staff time records
,	with service delivery records;
	(vii) documenting that staff meet the applicable provider qualification criteria,
1	training criteria, and clinical supervision requirements; and

24.1	(viii) arranging for qualified backup staff when the usual staff is not available;
24.2	(2) fiscal procedures, including internal fiscal control practices and a process for
24.3	collecting revenue that is compliant with federal and state laws;
24.4	(3) quality assurance procedures including an annual, confidential family survey of
24.5	satisfaction with services provided, including cultural appropriateness of services provided;
24.6	(4) a limited English proficiency (LEP) plan in compliance with title VI of the
24.7	Civil Rights Act of 1965;
24.8	(5) communication and language assistance in compliance with national standards
24.9	for culturally and linguistically appropriate services (CLAS), as published by the United
24.10	States Department of Health and Human Services; and
24.11	(6) a process to establish and maintain individual client records. The records must
24.12	include:
24.13	(i) the child's personal information;
24.14	(ii) forms applicable to data privacy;
24.15	(iii) the child's diagnostic assessment, if available; comprehensive multidisciplinary
24.16	evaluation under subdivision 5; updates to any assessments or the CMDE; and results of
24.17	tests, ITP, progress monitoring, and individual service plan;
24.18	(iv) documentation of service delivery, including start and stop times for each service;
24.19	(v) telephone contacts;
24.20	(vi) discharge plan;
24.21	(vii) documentation of other services received by the child, to the extent known
24.22	by the EIDBI provider agency;
24.23	(viii) documentation that the child or the child's legal representative received a copy
24.24	of the service recipient rights described in subdivision 15; and
24.25	(ix) insurance information, if applicable.
24.26	(c) EIDBI provider agencies must develop a staff orientation and training plan that
24.27	documents compliance with this paragraph. Required training includes:
24.28	(1) Culturally Relevant Direct Care Services in Diverse Populations training
24.29	recognized by the Department of Human Services. This training must be completed by all
24.30	EIDBI agency direct service staff and individual providers;
24.31	(2) EIDBI agency policies and practices training. This training must be completed by
24.32	all EIDBI direct service staff and individual providers and must cover the following topics:
24.33	(i) agency or provider policies, standards, and responsibilities;
24.34	(ii) individual provider roles and responsibilities;
24.35	(iii) client rights required under subdivision 15;
24.36	(iv) person-centered planning and service delivery under subdivision 6a;

Sec. 19. 24

03/07/16	REVISOR	EB/EP	16-4625

25.1	(v) data privacy and collection;
25.2	(vi) fraud detection and prevention;
25.3	(vii) infection control;
25.4	(viii) maintaining professional boundaries;
25.5	(ix) mandated reporting of suspected maltreatment or abuse;
25.6	(x) roles and responsibilities of team members;
25.7	(xi) service documentation requirements and expectations; and
25.8	(xii) procedures related to restriction of a child's rights under subdivision 16; and
25.9	(3) EIDBI level III basic training. This training must be completed by all level III
25.10	providers within six months of the date of becoming an enrolled individual MHCP EIDBI
25.11	provider and documented in the personnel file maintained at the enrolled agency. Level
25.12	III training must include:
25.13	(i) an overview of the EIDBI benefit. This includes a history of the EIDBI benefit,
25.14	purpose, eligibility, provider standards and qualifications, and department-recognized
25.15	treatment methods;
25.16	(ii) orientation to ASD that covers the core features of ASD and related conditions
25.17	and comorbid conditions, red flags for atypical development in children, and understanding
25.18	and supporting individuals with ASD and related conditions, including strategies to
25.19	address challenges in cognition, social interaction, communication, behavior and sensory
25.20	regulation, and other key functional areas of development;
25.21	(iii) positive behavioral support strategies;
25.22	(iv) working with families and caregivers; and
25.23	(v) understanding and supporting the ITP.
25.24	(d) The training components in paragraph (c) may be developed and provided by
25.25	the provider agency if the components meet the requirements of paragraph (c), if the
25.26	provider's training is approved by the commissioner.
25.27	EFFECTIVE DATE. This section is effective August 1, 2016.
25.28	Sec. 20. Minnesota Statutes 2014, section 256B.0949, is amended by adding a
25.29	subdivision to read:
25.30	Subd. 21. Commissioner's access. When the commissioner is investigating a
25.31	possible overpayment of Medicaid funds, the commissioner must be given immediate
25.32	access without prior notice to the provider during regular business hours and to
25.33	documentation and records related to services provided and submission of claims for
25.34	services provided. Denying the commissioner access to records is cause for immediate

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 21. Minnesota Statutes 2014, section 256B.0949, is amended by adding a subdivision to read:

Subd. 22. Provider shortage; commissioner authority for exceptions. (a) In consultation with the EIDBI advisory council, the commissioner shall determine if a shortage of qualified providers exists. A shortage means a lack of availability of providers that results in the delay of access to CMDE diagnosis or treatment of children with ASD and related conditions. The commissioner shall consider geographic factors when determining the prevalence of a shortage. The commissioner may determine that a shortage exists only in a specific region of the state, multiple regions of the state, or statewide.

- (b) If the commissioner determines that a shortage exists under paragraph (a), the commissioner, in consultation with the EIDBI advisory council, shall establish processes and criteria for granting exceptions under this subdivision. The commissioner may grant exceptions to the following requirements:
- (1) QSP or a level II, level III, or level III treatment provider qualification criteria in subdivision 16; and
  - (2) CMDE requirements in subdivision 5.
- (c) When the commissioner determines that a provider shortage no longer exists, the commissioner shall submit a notice to the chairs and ranking minority members of the house and senate committees with oversight over health and human services. This notice shall be posted for public comment for at least 30 days prior to the termination of the exception authority.

26.25 **EFFECTIVE DATE.** This section is effective the day following final enactment.
