S.F. No. 1120, as introduced - 87th Legislative Session (2011-2012) [11-0157]

53.1 (b) Transitional consultation services are provided as determined by the

53.16 consultation services described in subdivision 3a that are available at no charge to the

53.21 Sec. 13. Minnesota Statutes 2010, section 256B.0911, subdivision 4a, is amended to
53.22 read:

53.23 Subd. 4a. **Preadmission screening activities related to nursing facility**

53.25 boarding care facilities, must be screened prior to admission regardless of income, assets,
53.26 or funding sources for nursing facility care, except as described in subdivision 4b. The
53.27 purpose of the screening is to determine the need for nursing facility level of care as
53.28 described in paragraph (d) and to complete activities required under federal law related to
53.29 mental illness and developmental disability as outlined in paragraph (b).

53.30 (b) A person who has a diagnosis or possible diagnosis of mental illness or
53.31 developmental disability must receive a preadmission screening before admission
53.32 regardless of the exemptions outlined in subdivision 4b, paragraph (b), to identify the need
53.33 for further evaluation and specialized services, unless the admission prior to screening is
53.34 authorized by the local mental health authority or the local developmental disabilities case
53.35 manager, or unless authorized by the county agency according to Public Law 101-508.

S.F. No. 1120, as introduced - 87th Legislative Session (2011-2012) [11-0157]

54.1 The following criteria apply to the preadmission screening:

54.2 (1) the ~~county~~ lead agency must use forms and criteria developed by the

54.15 authority under Public Law Numbers 100-203 and 101-508 may prohibit admission to a
54.16 nursing facility if the individual does not meet the nursing facility level of care criteria or
54.17 needs specialized services as defined in Public Law Numbers 100-203 and 101-508. For
54.18 purposes of this section, "specialized services" for a person with developmental disability
54.19 means active treatment as that term is defined under Code of Federal Regulations, title
54.20 42, section 483.440 (a)(1).

54.21 (d) The determination of the need for nursing facility level of care must be made
54.22 according to criteria established in section 144.0724, subdivision 11, and 256B.092,
54.23 using forms developed by the commissioner. In assessing a person's needs, consultation
54.24 team members shall have a physician available for consultation and shall consider the
54.25 assessment of the individual's attending physician, if any. The individual's physician must
54.26 be included if the physician chooses to participate. Other personnel may be included on
54.27 the team as deemed appropriate by the ~~county~~ lead agency.

55.3 professionals;

55.4 (2) the person needs an immediate face-to-face screening interview to determine the
55.5 need for nursing facility level of care and complete activities required under subdivision
55.6 4a; or

55.7 (3) the person may be exempt from screening requirements as outlined in subdivision
55.8 4b, but will need transitional assistance after admission or in-person follow-along after

55.15 read:

55.16 **Subd. 6. Payment for long-term care consultation services.** (a) The total payment
55.17 for each county must be paid monthly by certified nursing facilities in the county. The

55.20 to determine the monthly payment and allocating the monthly payment to each nursing
55.21 facility based on the number of licensed beds in the nursing facility. Payments to counties
55.22 in which there is no certified nursing facility must be made by increasing the payment
55.23 rate of the two facilities located nearest to the county seat.

55.24 (b) The commissioner shall include the total annual payment determined under

55.31 shall be on or after the first day of the month following the effective date of the layaway,

56.4 objectives as approved by the commissioner in the biennial home and community-based
56.5 services quality assurance plan on a form provided by the commissioner.

56.6 (e) Notwithstanding section 256B.0641, overpayments attributable to payment of the
56.7 screening costs under the medical assistance program may not be recovered from a facility.

56.8 (f) The commissioner of human services shall amend the Minnesota medical
56.9 assistance plan to include reimbursement for the local consultation teams.

56.10 (g) Until the alternative payment methodology in paragraph (h) is implemented,
56.11 the county may bill, as case management services, assessments, support planning, and

56.16 long-term care consultation services that includes the funding available under this
56.17 subdivision, and sections 256B.092 and 256B.0659. In developing the new payment
56.18 methodology, the commissioner shall consider the maximization of other funding sources,
56.19 including federal funding, for ~~this~~ all long-term care consultation and preadmission
56.20 screening activity.

56.21 Sec. 16. Minnesota Statutes 2010, section 256B.0913, subdivision 7, is amended to

82.31 resident classification system.

82.32 (b) An index maximization approach shall be used to classify residents.

82.33 (c) After implementation of the revised case mix system, the commissioner of

83.4 date of the adjusted case mix indices.

83.5 (d) Upon implementation of the 48-group RUG-IV resident classification system, the
83.6 commissioner of human services shall assign a case mix index to each resident class based
83.7 on the Centers for Medicare and Medicaid Services staff time measurement study. The
83.8 case mix indices assigned to each resident class shall be published in the State Register at

83.16 The effective date for significant change assessments shall be the assessment reference
83.17 date. The effective date for annual and quarterly assessments shall be the first day of the
83.18 month following assessment reference date.

83.19 (c) Effective October 1, 2006, the commissioner shall rebase payment rates
83.20 to account for the change in the resident assessment schedule in section 144.0724,
83.21 subdivision 4, paragraph (b), clause (4), in a facility specific budget neutral manner,
83.22 according to subdivision 7, paragraph (b).

83.23 (d) Effective January 1, 2012, the commissioner shall determine payment rates

83.29 commissioner of human services shall determine payment rates at the time of transition
83.30 to the RUG-IV-based payment model in a facility-specific, revenue-neutral manner. To
83.31 transition from the current calculation methodology to the RUG-IV-based methodology,
83.32 nursing facilities shall report to the commissioner of human services the private pay
83.33 and Medicaid resident days classified according to the categories defined in subdivision
83.34 3, paragraphs (a) and (d), for the six-month reporting period ending June 30, 2011. This

S.F. No. 1120, as introduced - 87th Legislative Session (2011-2012) [11-0157]

84.1 report must be submitted to the commissioner, in a form prescribed by the commissioner,
84.2 by August 15, 2011. The commissioner of human services shall use this data to compute
84.3 the standardized days for the RUG-III and RUG-IV classification systems.

84.4 (b) The commissioner of human services shall determine the case mix adjusted
84.5 component for the January 1, 2012, rate as follows:

84.6 (1) using the September 30, 2010, cost report, determine the case mix portion of the
84.7 operating cost for each facility;

84.8 (2) multiply the 36 operating payment rates in effect on December 31, 2011, by the
84.9 number of private pay and Medicaid resident days assigned to each group for the reporting
84.10 period ending June 30, 2011, and compute the total;

84.11 (3) compute the product of the amounts in clauses (1) and (2);

84.12 (4) determine the private pay and Medicaid RUG standardized days for the reporting
84.13 period ending June 30, 2011, using the new indices calculated under subdivision 3,
84.14 paragraph (d);

84.15 (5) divide the amount determined in clause (3) by the amount in clause (4), which
84.16 shall be the default rate (DDF) unadjusted case mix component of the rate under the
84.17 RUG-IV method; and

84.18 (6) determine the case mix adjusted component of each operating rate by multiplying
84.19 the default rate (DDF) unadjusted case mix component by the case mix weight in
84.20 subdivision 3, paragraph (d), for each RUG-IV group.

84.21 (c) The noncase mix components will be allocated to each RUG group as a constant
84.22 amount to determine the operating payment rate.

84.23 Sec. 12. Minnesota Statutes 2010, section 256B.441, subdivision 55a, is amended to
84.24 read:

84.25 Subd. 55a. **Alternative to phase-in for publicly owned nursing facilities.** (a) For
84.26 operating payment rates implemented between ~~January 1, 2011, and September 30, 2015,~~
84.27 the first day of the month beginning no less than 45 days following federal approval,
84.28 and the day before the phase-in under subdivision 55 is complete, the commissioner
84.29 shall allow nursing facilities whose physical plant is owned or whose license is held by a
84.30 city, county, or hospital district to apply for a higher payment rate under this section if
84.31 the local government entity agrees to pay a specified portion of the nonfederal share
84.32 of medical assistance costs. Nursing facilities that apply shall be eligible to select an
84.33 operating payment rate, with a weight of 1.00, up to the rate calculated in subdivision 54,
84.34 without application of the phase-in under subdivision 55. The rates for the other ~~RUG's~~
84.35 ~~levels~~ RUGS shall be computed as provided under subdivision 54.

85.1 (b) For operating payment rates implemented beginning the day when the phase-in
85.2 under subdivision 55 is complete, the commissioner shall allow nursing facilities whose
85.3 physical plant is owned or whose license is held by a city, county, or hospital district to
85.4 apply for a higher payment rate under this section if the local government entity agrees
85.5 to pay a specified portion of the nonfederal share of medical assistance costs. Nursing
85.6 facilities that apply are eligible to select an operating payment rate, with a weight of 1.00,
85.7 up to an amount determined by the commissioner to be allowable under the Medicare upper
85.8 payment limit test. The rates for the other RUGS shall be computed under subdivision 54.

85.9 ~~(b)~~ (c) Rates determined under this subdivision shall take effect beginning on the
85.10 latter of January 1, 2011, or the first day of the month beginning no less than 45 days
85.11 following federal approval, based on cost reports for the rate year ending September 30,
85.12 2009, and in future rate years, rates determined for nursing facilities participating under
85.13 this subdivision shall take effect on October 1 of each year, based on the most recent
85.14 available cost report.

85.15 ~~(c)~~ (d) Eligible nursing facilities that wish to participate under this subdivision shall
85.16 make an application to the commissioner by September 30, 2010, or by June 30 of any
85.17 subsequent year. Participation under this subdivision is irrevocable. If paragraph (a) does
85.18 not result in a rate greater than what would have been provided without application of this
85.19 subdivision, a facility's rates shall be calculated as otherwise provided and no payment by
85.20 the local government entity shall be required under paragraph (d).

85.21 ~~(d)~~ (e) For each participating nursing facility, the public entity that owns the physical
85.22 plant or is the license holder of the nursing facility shall pay to the state the entire
85.23 nonfederal share of medical assistance payments received as a result of the difference
85.24 between the nursing facility's payment rate under ~~subdivision 54~~, paragraph (a) or (b),
85.25 and the rates that the nursing facility would otherwise be paid without application of this
85.26 subdivision under subdivision 54 or 55 as determined by the commissioner.

85.27 ~~(e)~~ (f) The commissioner may, at any time, reduce the payments under this
85.28 subdivision based on the commissioner's determination that the payments shall cause
85.29 nursing facility rates to exceed the state's Medicare upper payment limit or any other
85.30 federal limitation. If the commissioner determines a reduction is necessary, the
85.31 commissioner shall reduce all payment rates for participating nursing facilities by a
85.32 percentage applied to the amount of increase they would otherwise receive under this
85.33 subdivision and shall notify participating facilities of the reductions. If payments to a
85.34 nursing facility are reduced, payments under section 256B.19, subdivision 1e, shall be
85.35 reduced accordingly.

86.1 Sec. 13. Minnesota Statutes 2010, section 256B.441, is amended by adding a
86.2 subdivision to read:

86.3 Subd. 60. Method for determining budget-neutral nursing facility rates for
86.4 relocated beds. (a) Nursing facility rates for bed relocations must be calculated by
86.5 comparing the estimated medical assistance costs prior to and after the proposed bed
86.6 relocation using the calculations in this subdivision. All payment rates are based on a 1.0
86.7 case mix level, with other case mix rates determined accordingly. Nursing facility beds
86.8 on layaway status that are being moved must be included in the calculation for both the
86.9 originating and receiving facility and treated as though they were in active status with the
86.10 occupancy characteristics of the active beds of the originating facility.

86.11 (b) Medical assistance costs of the beds in the originating nursing facilities must
86.12 be calculated as follows:

86.13 (1) multiply each originating facility's total payment rate for a RUGS weight of 1.0
86.14 by the facility's percentage of medical assistance days on its most recent available cost
86.15 report;

86.16 (2) take the products in clause (1) and multiply by each facility's average case mix
86.17 score for medical assistance residents on its most recent available cost report;

86.18 (3) take the products in clause (2) and multiply by the number of beds being
86.19 relocated, times 365; and

86.20 (4) calculate the sum of the amounts determined in clause (3).

86.21 (c) Medical assistance costs in the receiving facility, prior to the bed relocation, must
86.22 be calculated as follows:

86.23 (1) multiply the facility's total payment rate for a RUGS weight of 1.0 by the medical
86.24 assistance days on the most recent cost report; and

86.25 (2) multiply the product in clause (1) by the average case mix weight of medical
86.26 assistance residents on the most recent cost report.

86.27 (d) The commissioner shall determine the medical assistance costs prior to the bed
86.28 relocation which must be the sum of the amounts determined in paragraphs (b) and (c).

86.29 (e) The commissioner shall estimate the medical assistance costs after the bed
86.30 relocation as follows:

86.31 (1) estimate the medical assistance days in the receiving facility after the bed
86.32 relocation. The commissioner may use the current medical assistance portion, or if data
86.33 does not exist, may use the statewide average, or may use the provider's estimate of the
86.34 medical assistance utilization of the relocated beds;

86.35 (2) estimate the average case mix weight of medical assistance residents in the
86.36 receiving facility after the bed relocation. The commissioner may use current average

87.1 case mix weight or, if data does not exist, may use the statewide average, or may use the
87.2 provider's estimate of the average case mix weight; and

87.3 (3) multiply the amount determined in clause (1) by the amount determined in
87.4 clause (2) by the total payment rate for a RUGS weight of 1.0 that is the highest rate of
87.5 the facilities from which the relocated beds either originate or to which they are being
87.6 relocated so long as that rate is associated with ten percent or more of the total number of
87.7 beds to be in the receiving facility after the bed relocation.

87.8 (f) If the amount determined in paragraph (e) is less than or equal to the amount
87.9 determined in paragraph (d), the commissioner shall allow a total payment rate equal to
87.10 the amount used in paragraph (e), clause (3).

87.11 (g) If the amount determined in paragraph (e) is greater than the amount determined
87.12 in paragraph (d), the commissioner shall allow a rate with a RUGS weight of 1.0 that
87.13 when used in paragraph (e), clause (3), results in the amount determined in paragraph (e)
87.14 being equal to the amount determined in paragraph (d).

87.15 (h) If the commissioner relies upon provider estimates in paragraph (e), clause (1)
87.16 or (2), then annually, for three years after the rates determined in this subdivision take
87.17 effect, the commissioner shall determine the accuracy of the alternative factors of medical
87.18 assistance case load and RUGS weight used in this subdivision and shall reduce the total
87.19 payment rate for a RUGS weight of 1.0 if the factors used result in medical assistance
87.20 costs exceeding the amount in paragraph (d). If the actual medical assistance costs exceed
87.21 the estimates by more than five percent, the commissioner shall also recover the difference
87.22 between the estimated costs in paragraph (e) and the actual costs according to section
87.23 256B.0641. The commissioner may require submission of data from the receiving facility
87.24 needed to implement this paragraph.

87.25 (i) When beds approved for relocation are put into active service at the destination
87.26 facility, rates determined in this subdivision must be adjusted by any adjustment amounts
87.27 that were implemented after the date of the letter of approval.

87.28 Sec. 14. **REPEALER.**

87.29 Minnesota Statutes 2010, section 144A.073, subdivisions 4 and 5, are repealed.

87.30 **ARTICLE 5**

87.31 **TECHNICAL**

87.32 Section 1. Minnesota Statutes 2010, section 144A.071, subdivision 4a, is amended to
87.33 read:

88.1 Subd. 4a. **Exceptions for replacement beds.** It is in the best interest of the state
88.2 to ensure that nursing homes and boarding care homes continue to meet the physical
88.3 plant licensing and certification requirements by permitting certain construction projects.
88.4 Facilities should be maintained in condition to satisfy the physical and emotional needs
88.5 of residents while allowing the state to maintain control over nursing home expenditure
88.6 growth.

88.7 The commissioner of health in coordination with the commissioner of human
88.8 services, may approve the renovation, replacement, upgrading, or relocation of a nursing
88.9 home or boarding care home, under the following conditions:

88.10 (a) to license or certify beds in a new facility constructed to replace a facility or to
88.11 make repairs in an existing facility that was destroyed or damaged after June 30, 1987, by
88.12 fire, lightning, or other hazard provided:

88.13 (i) destruction was not caused by the intentional act of or at the direction of a
88.14 controlling person of the facility;

88.15 (ii) at the time the facility was destroyed or damaged the controlling persons of the
88.16 facility maintained insurance coverage for the type of hazard that occurred in an amount
88.17 that a reasonable person would conclude was adequate;

88.18 (iii) the net proceeds from an insurance settlement for the damages caused by the
88.19 hazard are applied to the cost of the new facility or repairs;

88.20 ~~(iv) the new facility is constructed on the same site as the destroyed facility or on~~
88.21 ~~another site subject to the restrictions in section 144A.073, subdivision 5;~~

88.22 ~~(v)~~ (iv) the number of licensed and certified beds in the new facility does not exceed
88.23 the number of licensed and certified beds in the destroyed facility; and

88.24 ~~(vi)~~ (v) the commissioner determines that the replacement beds are needed to
88.25 prevent an inadequate supply of beds.

88.26 Project construction costs incurred for repairs authorized under this clause shall not be
88.27 considered in the dollar threshold amount defined in subdivision 2;

88.28 (b) to license or certify beds that are moved from one location to another within a
88.29 nursing home facility, provided the total costs of remodeling performed in conjunction
88.30 with the relocation of beds does not exceed \$1,000,000;

88.31 (c) to license or certify beds in a project recommended for approval under section
88.32 144A.073;

88.33 (d) to license or certify beds that are moved from an existing state nursing home to
88.34 a different state facility, provided there is no net increase in the number of state nursing
88.35 home beds;

S.F. No. 1120, as introduced - 87th Legislative Session (2011-2012) [11-0157]

89.1 (e) to certify and license as nursing home beds boarding care beds in a certified
89.2 boarding care facility if the beds meet the standards for nursing home licensure, or in a
89.3 facility that was granted an exception to the moratorium under section 144A.073, and if
89.4 the cost of any remodeling of the facility does not exceed \$1,000,000. If boarding care
89.5 beds are licensed as nursing home beds, the number of boarding care beds in the facility
89.6 must not increase beyond the number remaining at the time of the upgrade in licensure.
89.7 The provisions contained in section 144A.073 regarding the upgrading of the facilities
89.8 do not apply to facilities that satisfy these requirements;

89.9 (f) to license and certify up to 40 beds transferred from an existing facility owned and
89.10 operated by the Amherst H. Wilder Foundation in the city of St. Paul to a new unit at the
89.11 same location as the existing facility that will serve persons with Alzheimer's disease and
89.12 other related disorders. The transfer of beds may occur gradually or in stages, provided
89.13 the total number of beds transferred does not exceed 40. At the time of licensure and
89.14 certification of a bed or beds in the new unit, the commissioner of health shall delicense
89.15 and decertify the same number of beds in the existing facility. As a condition of receiving
89.16 a license or certification under this clause, the facility must make a written commitment
89.17 to the commissioner of human services that it will not seek to receive an increase in its
89.18 property-related payment rate as a result of the transfers allowed under this paragraph;

89.19 (g) to license and certify nursing home beds to replace currently licensed and certified
89.20 boarding care beds which may be located either in a remodeled or renovated boarding care
89.21 or nursing home facility or in a remodeled, renovated, newly constructed, or replacement
89.22 nursing home facility within the identifiable complex of health care facilities in which the
89.23 currently licensed boarding care beds are presently located, provided that the number of
89.24 boarding care beds in the facility or complex are decreased by the number to be licensed
89.25 as nursing home beds and further provided that, if the total costs of new construction,
89.26 replacement, remodeling, or renovation exceed ten percent of the appraised value of
89.27 the facility or \$200,000, whichever is less, the facility makes a written commitment to
89.28 the commissioner of human services that it will not seek to receive an increase in its
89.29 property-related payment rate by reason of the new construction, replacement, remodeling,
89.30 or renovation. The provisions contained in section 144A.073 regarding the upgrading of
89.31 facilities do not apply to facilities that satisfy these requirements;

89.32 (h) to license as a nursing home and certify as a nursing facility a facility that is
89.33 licensed as a boarding care facility but not certified under the medical assistance program,
89.34 but only if the commissioner of human services certifies to the commissioner of health that
89.35 licensing the facility as a nursing home and certifying the facility as a nursing facility will
89.36 result in a net annual savings to the state general fund of \$200,000 or more;

S.F. No. 1120, as introduced - 87th Legislative Session (2011-2012) [11-0157]

90.1 (i) to certify, after September 30, 1992, and prior to July 1, 1993, existing nursing
90.2 home beds in a facility that was licensed and in operation prior to January 1, 1992;

90.3 (j) to license and certify new nursing home beds to replace beds in a facility acquired
90.4 by the Minneapolis Community Development Agency as part of redevelopment activities
90.5 in a city of the first class, provided the new facility is located within three miles of the site
90.6 of the old facility. Operating and property costs for the new facility must be determined
90.7 and allowed under section 256B.431 or 256B.434;

90.8 (k) to license and certify up to 20 new nursing home beds in a community-operated
90.9 hospital and attached convalescent and nursing care facility with 40 beds on April 21,
90.10 1991, that suspended operation of the hospital in April 1986. The commissioner of human
90.11 services shall provide the facility with the same per diem property-related payment rate
90.12 for each additional licensed and certified bed as it will receive for its existing 40 beds;

90.13 (l) to license or certify beds in renovation, replacement, or upgrading projects as
90.14 defined in section 144A.073, subdivision 1, so long as the cumulative total costs of the
90.15 facility's remodeling projects do not exceed \$1,000,000;

90.16 (m) to license and certify beds that are moved from one location to another for the
90.17 purposes of converting up to five four-bed wards to single or double occupancy rooms
90.18 in a nursing home that, as of January 1, 1993, was county-owned and had a licensed
90.19 capacity of 115 beds;

90.20 (n) to allow a facility that on April 16, 1993, was a 106-bed licensed and certified
90.21 nursing facility located in Minneapolis to layaway all of its licensed and certified nursing
90.22 home beds. These beds may be relicensed and recertified in a newly constructed teaching
90.23 nursing home facility affiliated with a teaching hospital upon approval by the legislature.
90.24 The proposal must be developed in consultation with the interagency committee on
90.25 long-term care planning. The beds on layaway status shall have the same status as
90.26 voluntarily delicensed and decertified beds, except that beds on layaway status remain
90.27 subject to the surcharge in section 256.9657. This layaway provision expires July 1, 1998;

90.28 (o) to allow a project which will be completed in conjunction with an approved
90.29 moratorium exception project for a nursing home in southern Cass County and which is
90.30 directly related to that portion of the facility that must be repaired, renovated, or replaced,
90.31 to correct an emergency plumbing problem for which a state correction order has been
90.32 issued and which must be corrected by August 31, 1993;

90.33 (p) to allow a facility that on April 16, 1993, was a 368-bed licensed and certified
90.34 nursing facility located in Minneapolis to layaway, upon 30 days prior written notice to
90.35 the commissioner, up to 30 of the facility's licensed and certified beds by converting
90.36 three-bed wards to single or double occupancy. Beds on layaway status shall have the

S.F. No. 1120, as introduced - 87th Legislative Session (2011-2012) [11-0157]

91.1 same status as voluntarily delicensed and decertified beds except that beds on layaway
91.2 status remain subject to the surcharge in section 256.9657, remain subject to the license
91.3 application and renewal fees under section 144A.07 and shall be subject to a \$100 per bed
91.4 reactivation fee. In addition, at any time within three years of the effective date of the
91.5 layaway, the beds on layaway status may be:

91.6 (1) relicensed and recertified upon relocation and reactivation of some or all of
91.7 the beds to an existing licensed and certified facility or facilities located in Pine River,
91.8 Brainerd, or International Falls; provided that the total project construction costs related to
91.9 the relocation of beds from layaway status for any facility receiving relocated beds may
91.10 not exceed the dollar threshold provided in subdivision 2 unless the construction project
91.11 has been approved through the moratorium exception process under section 144A.073;

91.12 (2) relicensed and recertified, upon reactivation of some or all of the beds within the
91.13 facility which placed the beds in layaway status, if the commissioner has determined a
91.14 need for the reactivation of the beds on layaway status.

91.15 The property-related payment rate of a facility placing beds on layaway status
91.16 must be adjusted by the incremental change in its rental per diem after recalculating the
91.17 rental per diem as provided in section 256B.431, subdivision 3a, paragraph (c). The
91.18 property-related payment rate for a facility relicensing and recertifying beds from layaway
91.19 status must be adjusted by the incremental change in its rental per diem after recalculating
91.20 its rental per diem using the number of beds after the relicensing to establish the facility's
91.21 capacity day divisor, which shall be effective the first day of the month following the
91.22 month in which the relicensing and recertification became effective. Any beds remaining
91.23 on layaway status more than three years after the date the layaway status became effective
91.24 must be removed from layaway status and immediately delicensed and decertified;

91.25 (q) to license and certify beds in a renovation and remodeling project to convert 12
91.26 four-bed wards into 24 two-bed rooms, expand space, and add improvements in a nursing
91.27 home that, as of January 1, 1994, met the following conditions: the nursing home was
91.28 located in Ramsey County; had a licensed capacity of 154 beds; and had been ranked
91.29 among the top 15 applicants by the 1993 moratorium exceptions advisory review panel.
91.30 The total project construction cost estimate for this project must not exceed the cost
91.31 estimate submitted in connection with the 1993 moratorium exception process;

91.32 (r) to license and certify up to 117 beds that are relocated from a licensed and
91.33 certified 138-bed nursing facility located in St. Paul to a hospital with 130 licensed
91.34 hospital beds located in South St. Paul, provided that the nursing facility and hospital are
91.35 owned by the same or a related organization and that prior to the date the relocation is
91.36 completed the hospital ceases operation of its inpatient hospital services at that hospital.

S.F. No. 1120, as introduced - 87th Legislative Session (2011-2012) [11-0157]

92.1 After relocation, the nursing facility's status under section 256B.431, subdivision 2j, shall
92.2 be the same as it was prior to relocation. The nursing facility's property-related payment
92.3 rate resulting from the project authorized in this paragraph shall become effective no
92.4 earlier than April 1, 1996. For purposes of calculating the incremental change in the
92.5 facility's rental per diem resulting from this project, the allowable appraised value of
92.6 the nursing facility portion of the existing health care facility physical plant prior to the
92.7 renovation and relocation may not exceed \$2,490,000;

92.8 (s) to license and certify two beds in a facility to replace beds that were voluntarily
92.9 delicensed and decertified on June 28, 1991;

92.10 (t) to allow 16 licensed and certified beds located on July 1, 1994, in a 142-bed
92.11 nursing home and 21-bed boarding care home facility in Minneapolis, notwithstanding
92.12 the licensure and certification after July 1, 1995, of the Minneapolis facility as a 147-bed
92.13 nursing home facility after completion of a construction project approved in 1993 under
92.14 section 144A.073, to be laid away upon 30 days' prior written notice to the commissioner.
92.15 Beds on layaway status shall have the same status as voluntarily delicensed or decertified
92.16 beds except that they shall remain subject to the surcharge in section 256.9657. The
92.17 16 beds on layaway status may be relicensed as nursing home beds and recertified at
92.18 any time within five years of the effective date of the layaway upon relocation of some
92.19 or all of the beds to a licensed and certified facility located in Watertown, provided that
92.20 the total project construction costs related to the relocation of beds from layaway status
92.21 for the Watertown facility may not exceed the dollar threshold provided in subdivision
92.22 2 unless the construction project has been approved through the moratorium exception
92.23 process under section 144A.073.

92.24 The property-related payment rate of the facility placing beds on layaway status
92.25 must be adjusted by the incremental change in its rental per diem after recalculating the
92.26 rental per diem as provided in section 256B.431, subdivision 3a, paragraph (c). The
92.27 property-related payment rate for the facility relicensing and recertifying beds from
92.28 layaway status must be adjusted by the incremental change in its rental per diem after
92.29 recalculating its rental per diem using the number of beds after the relicensing to establish
92.30 the facility's capacity day divisor, which shall be effective the first day of the month
92.31 following the month in which the relicensing and recertification became effective. Any
92.32 beds remaining on layaway status more than five years after the date the layaway status
92.33 became effective must be removed from layaway status and immediately delicensed
92.34 and decertified;

92.35 (u) to license and certify beds that are moved within an existing area of a facility or
92.36 to a newly constructed addition which is built for the purpose of eliminating three- and

93.1 four-bed rooms and adding space for dining, lounge areas, bathing rooms, and ancillary
93.2 service areas in a nursing home that, as of January 1, 1995, was located in Fridley and had
93.3 a licensed capacity of 129 beds;

93.4 (v) to relocate 36 beds in Crow Wing County and four beds from Hennepin County

93.8 Norman County that are relocated from a nursing home destroyed by flood and whose
93.9 residents were relocated to other nursing homes. The operating cost payment rates for
93.10 the new nursing facility shall be determined based on the interim and settle-up payment
93.11 provisions of Minnesota Rules, part 9549.0057, and the reimbursement provisions of
93.12 section 256B.431, except that subdivision 26, paragraphs (a) and (b), shall not apply until
93.13 the second rate year after the settle-up cost report is filed. Property-related reimbursement
93.14 rates shall be determined under section 256B.431, taking into account any federal or state
93.15 flood-related loans or grants provided to the facility;

93.16 (x) to license and certify a total replacement project of up to 129 beds located
93.17 in Polk County that are relocated from a nursing home destroyed by flood and whose
93.18 residents were relocated to other nursing homes. The operating cost payment rates for
93.19 the new nursing facility shall be determined based on the interim and settle-up payment
93.20 provisions of Minnesota Rules, part 9549.0057, and the reimbursement provisions of
93.21 section 256B.431, except that subdivision 26, paragraphs (a) and (b), shall not apply until
93.22 the second rate year after the settle-up cost report is filed. Property-related reimbursement
93.23 rates shall be determined under section 256B.431, taking into account any federal or state
93.24 flood-related loans or grants provided to the facility;

93.29 corporation, had a licensed capacity of 64 beds, and had been ranked among the top 15
93.30 applicants by the 1993 moratorium exceptions advisory review panel. The total project
93.31 construction cost estimate for this project must not exceed the cost estimate submitted in
93.32 connection with the 1993 moratorium exception process;

93.33 (z) to license and certify up to 150 nursing home beds to replace an existing 285
93.34 bed nursing facility located in St. Paul. The replacement project shall include both the

94.1 construction project as beds are taken out of service due to the construction process. Prior
94.2 to the start of the construction process, the facility shall provide written information to the

94.4 of residents, and the estimated construction schedule. The relocation of residents shall be
94.5 in accordance with the provisions of law and rule;

94.6 (aa) to allow the commissioner of human services to license an additional 36 beds
94.7 to provide residential services for the physically disabled under Minnesota Rules, parts
94.8 9570.2000 to 9570.3400, in a 198-bed nursing home located in Red Wing, provided that

94.10 (bb) to license and certify a new facility in St. Louis County with 44 beds
94.11 constructed to replace an existing facility in St. Louis County with 31 beds, which has
94.12 resident rooms on two separate floors and an antiquated elevator that creates safety
94.13 concerns for residents and prevents nonambulatory residents from residing on the second
94.14 floor. The project shall include the elimination of three- and four-bed rooms;

94.15 (cc) to license and certify four beds in a 16-bed certified boarding care home in
94.16 Minneapolis to replace beds that were voluntarily delicensed and decertified on or
94.17 before March 31, 1992. The licensure and certification is conditional upon the facility
94.18 periodically assessing and adjusting its resident mix and other factors which may
94.19 contribute to a potential institution for mental disease declaration. The commissioner of
94.20 human services shall retain the authority to audit the facility at any time and shall require
94.21 the facility to comply with any requirements necessary to prevent an institution for mental
94.22 disease declaration, including delicensure and decertification of beds, if necessary;

94.23 (dd) to license and certify 72 beds in an existing facility in Mille Lacs County with

94.34 damaged by flood. The operating cost payment rates for the new nursing facility shall
94.35 be determined based on the interim and settle-up payment provisions of Minnesota
94.36 Rules, part 9549.0057, and the reimbursement provisions of section 256B.431, except

S.F. No. 1120, as introduced - 87th Legislative Session (2011-2012) [11-0157]

95.1 that section 256B.431, subdivision 26, paragraphs (a) and (b), shall not apply until the
95.2 second rate year after the settle-up cost report is filed. Property-related reimbursement
95.3 rates shall be determined under section 256B.431, taking into account any federal or state
95.4 flood-related loans or grants provided to the facility;

95.5 (gg) to allow the commissioner of human services to license an additional nine beds
95.6 to provide residential services for the physically disabled under Minnesota Rules, parts
95.7 9570.2000 to 9570.3400, in a 240-bed nursing home located in Duluth, provided that the

95.12 Operating and property rates shall be determined and allowed under section 256B.431 and
95.13 Minnesota Rules, parts 9549.0010 to 9549.0080, or section 256B.434 or 256B.435. The
95.14 provisions of section 256B.431, subdivision 26, paragraphs (a) and (b), do not apply until
95.15 the second rate year following settle-up; or

95.16 (ii) to transfer up to 98 beds of a 129-licensed bed facility located in Anoka County
95.17 that, as of March 25, 2001, is in the active process of closing, to a 122-licensed bed
95.18 nonprofit nursing facility located in the city of Columbia Heights or its affiliate. The
95.19 transfer is effective when the receiving facility notifies the commissioner in writing of the
95.20 number of beds accepted. The commissioner shall place all transferred beds on layaway
95.21 status held in the name of the receiving facility. The layaway adjustment provisions of
95.22 section 256B.431, subdivision 30, do not apply to this layaway. The receiving facility
95.23 may only remove the beds from layaway for recertification and relicensure at the receiving
95.24 facility's current site, or at a newly constructed facility located in Anoka County. The
95.25 receiving facility must receive statutory authorization before removing these beds from
95.26 layaway status, or may remove these beds from layaway status if removal from layaway
95.27 status is part of a moratorium exception project approved by the commissioner under
95.28 section 144A.073.

95.29 Sec. 2. Minnesota Statutes 2010, section 144A.071, subdivision 5a, is amended to read:

95.30 Subd. 5a. **Cost estimate of a moratorium exception project.** (a) For the
95.31 purposes of this section and section 144A.073, the cost estimate of a moratorium
95.32 exception project shall include the effects of the proposed project on the costs of the state
95.33 subsidy for community-based services, nursing services, and housing in institutional
95.34 and noninstitutional settings. The commissioner of health, in cooperation with the
95.35 commissioner of human services, shall define the method for estimating these costs in the

S.F. No. 1120, as introduced - 87th Legislative Session (2011-2012) [11-0157]

96.1 permanent rule implementing section 144A.073. The commissioner of human services
96.2 shall prepare an estimate of the total state annual long-term costs of each moratorium
96.3 exception proposal.

96.4 (b) The interest rate to be used for estimating the cost of each moratorium exception
96.5 project proposal shall be the lesser of either the prime rate plus two percentage points, or
96.6 the posted yield for standard conventional fixed rate mortgages of the Federal Home Loan
96.7 Mortgage Corporation plus two percentage points as published in the Wall Street Journal
96.8 and in effect 56 days prior to the application deadline. If the applicant's proposal uses this
96.9 interest rate, the commissioner of human services, in determining the facility's actual
96.10 property-related payment rate to be established upon completion of the project must use
96.11 the actual interest rate obtained by the facility for the project's permanent financing up to
96.12 the maximum permitted under ~~subdivision 6~~ Minnesota Rules, part 9549.0060, subpart 6.

96.13 The applicant may choose an alternate interest rate for estimating the project's cost.
96.14 If the applicant makes this election, the commissioner of human services, in determining
96.15 the facility's actual property-related payment rate to be established upon completion of the
96.16 project, must use the lesser of the actual interest rate obtained for the project's permanent
96.17 financing or the interest rate which was used to estimate the proposal's project cost. For
96.18 succeeding rate years, the applicant is at risk for financing costs in excess of the interest
96.19 rate selected.

96.20 Sec. 3. Minnesota Statutes 2010, section 245B.02, subdivision 20, is amended to read:

96.22 care, supervision, and training provided primarily in the consumer's own home or place
96.23 of residence but also including community-integrated activities following the individual
96.24 service plan. Residential habilitation services are provided in coordination with the

97.2 252.41 to 252.46 and rules promulgated under those sections.

97.3 **EFFECTIVE DATE.** This section is effective January 1, 2013, or on the date the
97.4 commissioner adopts rules for the administration of home and community-based services
97.5 waivers under section 256B.4912, subdivision 4, whichever is sooner.

97.6 Sec. 5. Minnesota Statutes 2010, section 252.41, subdivision 1, is amended to read:

97.7 Subdivision 1. **Scope.** The definitions in this section apply to sections ~~252.40~~ 252.41
97.8 to 252.46.

97.9 **EFFECTIVE DATE.** This section is effective January 1, 2013, or on the date the
97.10 commissioner adopts rules for the administration of home and community-based services
97.11 waivers under section 256B.4912, subdivision 4, whichever is sooner.

97.12 Sec. 6. Minnesota Statutes 2010, section 252.451, subdivision 2, is amended to read:

97.13 Subd. 2. **Vendor participation and reimbursement.** Notwithstanding requirements
97.14 in chapter 245A, and sections 252.28, ~~252.40~~ 252.41 to 252.46, and 256B.501, vendors of
97.15 day training and habilitation services may enter into written agreements with qualified
97.16 businesses to provide additional training and supervision needed by individuals to
97.17 maintain their employment.

97.18 **EFFECTIVE DATE.** This section is effective January 1, 2013, or on the date the
97.19 commissioner adopts rules for the administration of home and community-based services
97.20 waivers under section 256B.4912, subdivision 4, whichever is sooner.

97.21 Sec. 7. Minnesota Statutes 2010, section 256B.431, subdivision 26, is amended to read:

97.22 Subd. 26. **Changes to nursing facility reimbursement beginning July 1, 1997.**

97.23 The nursing facility reimbursement changes in paragraphs (a) to (e) shall apply in the
97.24 sequence specified in Minnesota Rules, parts 9549.0010 to 9549.0080, and this section,
97.25 beginning July 1, 1997.

97.26 (a) For rate years beginning on or after July 1, 1997, the commissioner shall limit a
97.27 nursing facility's allowable operating per diem for each case mix category for each rate
97.28 year. The commissioner shall group nursing facilities into two groups, freestanding and
97.29 nonfreestanding, within each geographic group, using their operating cost per diem for
97.30 the case mix A classification. A nonfreestanding nursing facility is a nursing facility
97.31 whose other operating cost per diem is subject to the hospital attached, short length of
97.32 stay, or the rule 80 limits. All other nursing facilities shall be considered freestanding

S.F. No. 1120, as introduced - 87th Legislative Session (2011-2012) [11-0157]

98.1 nursing facilities. The commissioner shall then array all nursing facilities in each grouping
98.2 by their allowable case mix A operating cost per diem. In calculating a nursing facility's
98.3 operating cost per diem for this purpose, the commissioner shall exclude the raw food
98.4 cost per diem related to providing special diets that are based on religious beliefs, as
98.5 determined in subdivision 2b, paragraph (h). For those nursing facilities in each grouping
98.6 whose case mix A operating cost per diem:

98.7 (1) is at or below the median of the array, the commissioner shall limit the nursing
98.8 facility's allowable operating cost per diem for each case mix category to the lesser of
98.9 the prior reporting year's allowable operating cost per diem as specified in Laws 1996,
98.10 chapter 451, article 3, section 11, paragraph (h), plus the inflation factor as established
98.11 in paragraph (d), clause (2), increased by two percentage points, or the current reporting
98.12 year's corresponding allowable operating cost per diem; or

98.13 (2) is above the median of the array, the commissioner shall limit the nursing
98.14 facility's allowable operating cost per diem for each case mix category to the lesser of
98.15 the prior reporting year's allowable operating cost per diem as specified in Laws 1996,
98.16 chapter 451, article 3, section 11, paragraph (h), plus the inflation factor as established
98.17 in paragraph (d), clause (2), increased by one percentage point, or the current reporting
98.18 year's corresponding allowable operating cost per diem.

98.19 For purposes of paragraph (a), if a nursing facility reports on its cost report a
98.20 reduction in cost due to a refund or credit for a rate year beginning on or after July 1, 1998,
98.21 the commissioner shall increase that facility's spend-up limit for the rate year following
98.22 the current rate year by the amount of the cost reduction divided by its resident days for
98.23 the reporting year preceding the rate year in which the adjustment is to be made.

98.24 (b) For rate years beginning on or after July 1, 1997, the commissioner shall limit the
98.25 allowable operating cost per diem for high cost nursing facilities. After application of the
98.26 limits in paragraph (a) to each nursing facility's operating cost per diem, the commissioner
98.27 shall group nursing facilities into two groups, freestanding or nonfreestanding, within each
98.28 geographic group. A nonfreestanding nursing facility is a nursing facility whose other
98.29 operating cost per diem are subject to hospital attached, short length of stay, or rule 80
98.30 limits. All other nursing facilities shall be considered freestanding nursing facilities. The
98.31 commissioner shall then array all nursing facilities within each grouping by their allowable
98.32 case mix A operating cost per diem. In calculating a nursing facility's operating cost per
98.33 diem for this purpose, the commissioner shall exclude the raw food cost per diem related to
98.34 providing special diets that are based on religious beliefs, as determined in subdivision 2b,
98.35 paragraph (h). For those nursing facilities in each grouping whose case mix A operating
98.36 cost per diem exceeds 1.0 standard deviation above the median, the commissioner shall

S.F. No. 1120, as introduced - 87th Legislative Session (2011-2012) [11-0157]

99.1 reduce their allowable operating cost per diem by three percent. For those nursing
99.2 facilities in each grouping whose case mix A operating cost per diem exceeds 0.5 standard
99.3 deviation above the median but is less than or equal to 1.0 standard deviation above the
99.4 median, the commissioner shall reduce their allowable operating cost per diem by two
99.5 percent. However, in no case shall a nursing facility's operating cost per diem be reduced
99.6 below its grouping's limit established at 0.5 standard deviations above the median.

99.7 (c) For rate years beginning on or after July 1, 1997, the commissioner shall
99.8 determine a nursing facility's efficiency incentive by first computing the allowable
99.9 difference, which is the lesser of \$4.50 or the amount by which the facility's other
99.10 operating cost limit exceeds its nonadjusted other operating cost per diem for that rate
99.11 year. The commissioner shall compute the efficiency incentive by:

- 99.12 (1) subtracting the allowable difference from \$4.50 and dividing the result by \$4.50;
99.13 (2) multiplying 0.20 by the ratio resulting from clause (1), and then;
99.14 (3) adding 0.50 to the result from clause (2); and
99.15 (4) multiplying the result from clause (3) times the allowable difference.

99.16 The nursing facility's efficiency incentive payment shall be the lesser of \$2.25 or the
99.17 product obtained in clause (4).

99.18 (d) For rate years beginning on or after July 1, 1997, the forecasted price index for
99.19 a nursing facility's allowable operating cost per diem shall be determined under clauses
99.20 (1) and (2) using the change in the Consumer Price Index-All Items (United States city
99.21 average) (CPI-U) as forecasted by Data Resources, Inc. The commissioner shall use the
99.22 indices as forecasted in the fourth quarter of the calendar year preceding the rate year,
99.23 subject to subdivision 21, paragraph (c).

99.24 (1) The CPI-U forecasted index for allowable operating cost per diem shall be based
99.25 on the 21-month period from the midpoint of the nursing facility's reporting year to the
99.26 midpoint of the rate year following the reporting year.

99.27 (2) For rate years beginning on or after July 1, 1997, the forecasted index for
99.28 operating cost limits referred to in subdivision 21, paragraph (b), shall be based on
99.29 the CPI-U for the 12-month period between the midpoints of the two reporting years
99.30 preceding the rate year.

99.31 (e) After applying these provisions for the respective rate years, the commissioner
99.32 shall index these allowable operating cost per diem by the inflation factor provided for in
99.33 paragraph (d), clause (1), and add the nursing facility's efficiency incentive as computed in
99.34 paragraph (c).

99.35 (f) For the rate years beginning on July 1, 1997, July 1, 1998, and July 1, 1999, a
99.36 nursing facility licensed for 40 beds effective May 1, 1992, with a subsequent increase of

S.F. No. 1120, as introduced - 87th Legislative Session (2011-2012) [11-0157]

100.1 20 Medicare/Medicaid certified beds, effective January 26, 1993, in accordance with an
100.2 increase in licensure is exempt from paragraphs (a) and (b).

100.3 ~~(g) For a nursing facility whose construction project was authorized according to~~
100.4 ~~section 144A.073, subdivision 5, paragraph (g), the operating cost payment rates for~~
100.5 ~~the new location shall be determined based on Minnesota Rules, part 9549.0057. The~~
100.6 ~~relocation allowed under section 144A.073, subdivision 5, paragraph (g), and the rate~~
100.7 ~~determination allowed under this paragraph must meet the cost neutrality requirements~~
100.8 ~~of section 144A.073, subdivision 3c. Paragraphs (a) and (b) shall not apply until the~~
100.9 ~~second rate year after the settle-up cost report is filed. Notwithstanding subdivision 2b,~~
100.10 ~~paragraph (g), real estate taxes and special assessments payable by the new location, a~~
100.11 ~~501(c)(3) nonprofit corporation, shall be included in the payment rates determined under~~
100.12 ~~this subdivision for all subsequent rate years.~~

100.13 ~~(h)~~ (g) For the rate year beginning July 1, 1997, the commissioner shall compute
100.14 the payment rate for a nursing facility licensed for 94 beds on September 30, 1996,
100.15 that applied in October 1993 for approval of a total replacement under the moratorium
100.16 exception process in section 144A.073, and completed the approved replacement in June
100.17 1995, with other operating cost spend-up limit under paragraph (a), increased by \$3.98,
100.18 and after computing the facility's payment rate according to this section, the commissioner
100.19 shall make a one-year positive rate adjustment of \$3.19 for operating costs related to the
100.20 newly constructed total replacement, without application of paragraphs (a) and (b). The
100.21 facility's per diem, before the \$3.19 adjustment, shall be used as the prior reporting year's
100.22 allowable operating cost per diem for payment rate calculation for the rate year beginning
100.23 July 1, 1998. A facility described in this paragraph is exempt from paragraph (b) for the
100.24 rate years beginning July 1, 1997, and July 1, 1998.

100.25 ~~(i)~~ (h) For the purpose of applying the limit stated in paragraph (a), a nursing facility
100.26 in Kandiyohi County licensed for 86 beds that was granted hospital-attached status on
100.27 December 1, 1994, shall have the prior year's allowable care-related per diem increased
100.28 by \$3.207 and the prior year's other operating cost per diem increased by \$4.777 before
100.29 adding the inflation in paragraph (d), clause (2), for the rate year beginning on July 1, 1997.

100.30 ~~(j)~~ (i) For the purpose of applying the limit stated in paragraph (a), a 117 bed nursing
100.31 facility located in Pine County shall have the prior year's allowable other operating cost
100.32 per diem increased by \$1.50 before adding the inflation in paragraph (d), clause (2), for
100.33 the rate year beginning on July 1, 1997.

100.34 ~~(k)~~ (j) For the purpose of applying the limit under paragraph (a), a nursing facility in
100.35 Hibbing licensed for 192 beds shall have the prior year's allowable other operating cost

S.F. No. 1120, as introduced - 87th Legislative Session (2011-2012) [11-0157]

101.1 per diem increased by \$2.67 before adding the inflation in paragraph (d), clause (2),
101.2 for the rate year beginning July 1, 1997.

101.3 Sec. 8. Minnesota Statutes 2010, section 256B.5013, subdivision 1, is amended to read:

101.4 Subdivision 1. **Variable rate adjustments.** (a) For rate years beginning on or after
101.5 October 1, 2000, when there is a documented increase in the needs of a current ICF/MR
101.6 recipient, the county of financial responsibility may recommend a variable rate to enable
101.7 the facility to meet the individual's increased needs. Variable rate adjustments made under
101.8 this subdivision replace ~~payments for persons with special needs under section 256B.501,~~
101.9 ~~subdivision 8, and~~ payments for persons with special needs for crisis intervention services
101.10 under section 256B.501, subdivision 8a. Effective July 1, 2003, facilities with a base rate
101.11 above the 50th percentile of the statewide average reimbursement rate for a Class A
101.12 facility or Class B facility, whichever matches the facility licensure, are not eligible for a
101.13 variable rate adjustment. Variable rate adjustments may not exceed a 12-month period,
101.14 except when approved for purposes established in paragraph (b), clause (1). Variable rate
101.15 adjustments approved solely on the basis of changes on a developmental disabilities
101.16 screening document will end June 30, 2002.

101.17 (b) A variable rate may be recommended by the county of financial responsibility
101.18 for increased needs in the following situations:

101.19 (1) a need for resources due to an individual's full or partial retirement from
101.20 participation in a day training and habilitation service when the individual: (i) has reached
101.21 the age of 65 or has a change in health condition that makes it difficult for the person
101.22 to participate in day training and habilitation services over an extended period of time
101.23 because it is medically contraindicated; and (ii) has expressed a desire for change through
101.24 the developmental disability screening process under section 256B.092;

101.25 (2) a need for additional resources for intensive short-term programming which is
101.26 necessary prior to an individual's discharge to a less restrictive, more integrated setting;

101.27 (3) a demonstrated medical need that significantly impacts the type or amount of
101.28 services needed by the individual; or

101.29 (4) a demonstrated behavioral need that significantly impacts the type or amount of
101.30 services needed by the individual.

101.31 (c) The county of financial responsibility must justify the purpose, the projected
101.32 length of time, and the additional funding needed for the facility to meet the needs of
101.33 the individual.

101.34 (d) The facility shall provide an annual report to the county case manager on
101.35 the use of the variable rate funds and the status of the individual on whose behalf the

S.F. No. 1120, as introduced - 87th Legislative Session (2011-2012) [11-0157]

102.1 funds were approved. The county case manager will forward the facility's report with a
102.2 recommendation to the commissioner to approve or disapprove a continuation of the
102.3 variable rate.

102.4 (e) Funds made available through the variable rate process that are not used by
102.5 the facility to meet the needs of the individual for whom they were approved shall be
102.6 returned to the state.

102.7 **EFFECTIVE DATE.** This section is effective January 1, 2013, or on the date the
102.8 commissioner adopts rules for the administration of home and community-based services
102.9 waivers under section 256B.4912, subdivision 4, whichever is sooner.

102.10 Sec. 9. Minnesota Statutes 2010, section 256B.5015, subdivision 1, is amended to read:

102.11 Subdivision 1. **Day training and habilitation services.** Day training and
102.12 habilitation services costs shall be paid as a pass-through payment at the lowest rate paid
102.13 for the comparable services at that site under sections ~~252.40~~ 252.41 to 252.46. The

102.20 Sec. 10. Minnesota Statutes 2010, section 256B.765, is amended to read:

102.21 **256B.765 PROVIDER RATE INCREASES.**

102.22 (a) Effective July 1, 2001, within the limits of appropriations specifically for this
102.23 purpose, the commissioner shall provide an annual inflation adjustment for the providers
102.24 listed in paragraph (c). The index for the inflation adjustment must be based on the
102.25 change in the Employment Cost Index for Private Industry Workers - Total Compensation
102.26 forecasted by Data Resources, Inc., as forecasted in the fourth quarter of the calendar year
102.27 preceding the fiscal year. The commissioner shall increase reimbursement or allocation
102.28 rates by the percentage of this adjustment, and county boards shall adjust provider
102.29 contracts as needed.

102.30 (b) The commissioner of management and budget shall include an annual
102.31 inflationary adjustment in reimbursement rates for the providers listed in paragraph (c)
