20.17 **168.1293 CERTAIN SPECIAL PLATES; AUTHORIZATION,**  
20.18 **DISCONTINUANCE.**

20.19 Subdivision 1. **Definition.** For purposes of this section ~~and section 168.1297,~~ the  
20.20 following terms have the meanings given them:

20.21 (1) "new special plate" or "proposed special plate" means a special plate authorized  
20.22 by sections 168.12, subdivisions 2b and 2c; 168.1235; and 168.129, to have wording and  
20.23 graphics that differ from a Minnesota passenger vehicle plate, that is not authorized under  
20.24 this chapter and for which legislation authorizing the plate, including but not limited to a  
20.25 bill or amendment, is introduced or presented to the legislature; and

20.26 (2) "proximate special plate" means a special plate (i) authorized under section  
20.27 168.12, subdivisions 2b and 2c; 168.1235; or 168.129; or (ii) authorized in law on or  
20.28 after August 1, 2010.

20.29 Subd. 1a. **Establishment of plate.** The commissioner may only establish a special  
20.30 plate as authorized under this chapter. This requirement does not apply to alternative  
20.31 or additional designs for a special plate.

20.32 Subd. 2. **Submissions to commissioner.** (a) A person, legal entity, or other  
20.33 requester, however organized, that plans to seek legislation establishing a new special

21.1 plate, or is a proponent of a new special plate, shall submit the following information and  
21.2 fee to the commissioner:

21.3 (1) The requester shall submit a request for the special plate being sought, describing  
21.4 the ~~proposed~~ special plate in general terms, the purpose of the plate, and the proposed fee  
21.5 or minimum contribution required for the plate.

21.6 (2) The requester shall submit the results of a scientific sample survey of Minnesota  
21.7 motor vehicle owners that indicates that at least 10,000 motor vehicle owners intend  
21.8 to purchase the proposed plate with the proposed fee or minimum contribution. The  
21.9 requester's plan to undertake the survey must be reported to the commissioner before the  
21.10 survey is undertaken. The survey must be performed independently of the requester by  
21.11 another person or legal entity, however organized, that conducts similar sample surveys  
21.12 in the normal course of business.

21.13 (3) The requester shall submit an application fee of \$20,000, to cover the cost of  
21.14 reviewing the application for a new plate and developing the new special plate if authorized  
21.15 by law. State funds may not be used to pay the application fee. This requirement does not  
21.16 apply if legislation or a bill introduced to the legislature proposing the new special plate  
21.17 contains a mechanism by which all costs incurred by the commissioner for development  
21.18 and implementation of the plate are covered, provided that the application fee subsequently  
21.19 does apply if such a mechanism is not enacted in the law authorizing the new special plate.

21.20 (4) The requester shall submit a marketing strategy that contains (i) short-term and  
21.21 long-term marketing plans for the requested plate, and (ii) a financial analysis showing  
21.22 the anticipated revenues and the planned expenditures of any fee or contribution derived  
21.23 from the requested plate.

21.24 (b) The requester shall submit the information required under paragraph (a) to the  
21.25 commissioner at least 120 days before the convening of the next regular legislative session  
21.26 at which the requester will submit the proposal.

21.27 Subd. 2a. **Information for legislature.** (a) Within 15 days of the introduction of a  
21.28 bill proposing a new special plate, the commissioner shall submit a briefing to the chairs  
21.29 and ranking minority members of the house of representatives and senate committees to  
21.30 which the bill was referred. At a minimum, the briefing must:

21.31 (1) summarize the requirements for a special plate under this section; and

21.32 (2) identify which of the requirements have been met for the proposed special plate.

21.33 (b) If a proposed special plate is a topic of discussion at a legislative committee  
21.34 hearing, the commissioner shall make every reasonable effort to provide testimony. The  
21.35 testimony must include the information required in the briefing under paragraph (a).

22.1 (c) Notwithstanding section 3.195, the commissioner may submit the briefing under  
22.2 paragraph (a) by submitting an electronic version rather than a printed version.

22.3 Subd. 3. **Design; redesign.** (a) If the proposed ~~new~~ special plate sought by the  
22.4 requester is approved by law, the requester shall submit the proposed design for the plate  
22.5 to the commissioner as soon as practicable, but not later than 120 days after the effective  
22.6 date of the law authorizing issuance of the plate. The commissioner is responsible for  
22.7 selecting the final design for the special plate.

22.8 (b) The requester that originally requested a new special plate subsequently approved  
22.9 by law may not submit a new design for the plate within the five years following the date  
22.10 of first issuance of the plate unless the inventory of those plates has been exhausted.  
22.11 The requester may deplete the remaining inventory of the plates by reimbursing the  
22.12 commissioner for the cost of the plates.

22.13 Subd. 4. **Refund of fee.** If the special plate requested is not authorized in the  
22.14 legislative session at which authorization was sought, the commissioner shall, if  
22.15 applicable, refund \$17,500 of the application fee to the requester.

22.16 Subd. 5. **Discontinuance of plate.** (a) The commissioner shall discontinue the  
22.17 issuance or renewal of any proximate special plate ~~authorized by sections 168.12,~~  
22.18 ~~subdivisions 2b and 2c; 168.1235; and 168.129;~~ if (1) fewer than 1,000 sets of those  
22.19 plates are currently registered at the end of the first six years during which the plates are  
22.20 available, or (2) fewer than 1,000 sets of those plates are currently registered at the end of

22.23 special plate ~~authorized by sections 168.12, subdivisions 2b and 2c; 168.1235;~~  
22.24 ~~and 168.129,~~ and distribution of any contributions resulting from that plate, if the  
22.25 commissioner determines that (1) the fund or requester receiving the contributions no  
22.26 longer exists, (2) the requester has stopped providing services that are authorized to be  
22.27 funded from the contribution proceeds, (3) the requester has requested discontinuance, or  
22.28 (4) contributions have been used in violation of subdivision 6.

22.29 (c) Nothing in this subdivision applies to plates issued under section 168.123,  
22.30 168.124, 168.125, 168.1251, or 168.1255.

22.31 (d) Upon commencing discontinuance of a proximate special plate under this  
22.32 subdivision, the commissioner (1) shall not issue the plate, including as a duplicate; and  
22.33 (2) shall allow retention of any existing plate for the regular period. For purposes of this  
22.34 paragraph, "regular period" may be, as appropriate, the period specified under section  
22.35 168.12, subdivision 1; the time until issuance of a duplicate plate for that vehicle; or as  
22.36 otherwise provided by law.

23.1 Subd. 6. **Use of contributions.** Contributions made as a condition of obtaining a  
23.2 proximate special plate ~~authorized by sections 168.12, subdivisions 2b and 2c; 168.1235;~~

23.4 for-profit purposes.

23.5 Subd. 7. **Deposit of fee; appropriation.** The commissioner shall deposit the  
23.6 application fee under subdivision 2, paragraph (a), clause (3), in the vehicle services  
23.7 operating account of the special revenue fund under section 299A.705. An amount  
23.8 sufficient to pay the department's cost in implementing and administering this section,  
23.9 including payment of refunds under subdivision 4, is appropriated to the commissioner.

53.13 be made as provided in subdivision 2. Loans shall be in the amount of the fair market  
53.14 value of the homestead property plus relocation costs and less salvage value. Before  
53.15 construction of the highway begins, the acquiring authority shall convey the property to  
53.16 the commissioner of transportation at the same price it paid, plus relocation costs and less  
53.17 its salvage value. Acquisition and assistance under this subdivision must conform to  
53.18 sections 117.50 to 117.56.

53.19 (b) The council may make ~~hardship~~ loans only when:

53.25 project as indicated on an official map or plat adopted under section 160.085, 394.361, or  
53.26 462.359; and

53.27 (4) the council agrees to and approves the fair market value of the homestead  
53.28 property, which approval shall not be unreasonably withheld; ~~and~~

53.29 ~~(5) the owner of the homestead property is burdened by circumstances that constitute~~  
53.30 ~~a hardship, such as catastrophic medical expenses; a transfer of the homestead owner by~~  
53.31 ~~the owner's employer to a distant site of employment; or inability of the owner to maintain~~  
53.32 ~~the property due to physical or mental disability or the permanent departure of children~~  
53.33 ~~from the homestead.~~

54.5 home, as defined in section 327B.01, subdivision 13.

54.6 (3) "Salvage value" means the probable sale price of the dwelling and other property  
54.7 that is severable from the land if offered for sale on the condition that it be removed from  
54.8 the land at the buyer's expense, allowing a reasonable time to find a buyer with knowledge  
54.9 of the possible uses of the property, including separate use of serviceable components and  
54.10 scrap when there is no other reasonable prospect of sale.

54.11 Sec. 62. Minnesota Statutes 2008, section 473.411, subdivision 5, is amended to read:

54.12 Subd. 5. **Use of public roadways and appurtenances.** The council may use for the  
54.13 purposes of sections 473.405 to 473.449 upon the conditions stated in this subdivision  
54.14 any state highway or other public roadway, parkway, or lane, or any bridge or tunnel or  
54.15 other appurtenance of a roadway, without payment of any compensation, provided the  
54.16 use does not interfere unreasonably with the public use or maintenance of the roadway or  
54.17 appurtenance or entail any substantial additional costs for maintenance. The provisions of  
54.18 this subdivision do not apply to the property of any common carrier railroad or common  
54.19 carrier railroads. The consent of the public agency in charge of such state highway or other  
54.20 public highway or roadway or appurtenance is not required; except that if the council seeks  
54.21 to use a designated parkway for regular route service in the city of Minneapolis, it must  
54.22 obtain permission from and is subject to reasonable limitations imposed by a joint board  
54.23 consisting of two representatives from the council, two members of the board of park  
54.24 commissioners, and a fifth member jointly selected by the ~~representatives of the council~~  
54.25 ~~and the park~~ other members of the board. If the use is a designated Minneapolis parkway  
54.26 for regular route service adjacent to the city of Minneapolis, it must obtain permission  
54.27 from and is subject to reasonable limitations imposed by a joint board consisting of two  
54.28 representatives from the council, two members of the board of park commissioners, and a  
54.29 fifth member jointly selected by other members of the board. The joint board must include  
54.30 a nonvoting member appointed by the council of the city in which the parkway is located.

54.31 The board of park commissioners and the council may designate persons to sit on  
54.32 the joint board. In considering a request by the council to use designated parkways for  
54.33 additional routes or trips, the joint board consisting of the council or their designees,  
54.34 the board of park commissioners or their designees, and the fifth member, shall base its  
54.35 decision to grant or deny the request based on the criteria to be established by the joint

55.1 board. The decision to grant or deny the request must be made within 45 days of the  
55.2 date of the request. The park board must be notified immediately by the council of any  
55.3 temporary route detours. If the park board objects to the temporary route detours within  
55.4 five days of being notified, the joint board must convene and decide whether to grant the  
55.5 request, otherwise the request is deemed granted. If the agency objects to the proposed  
55.6 use or claims reimbursement from the council for additional cost of maintenance, it may  
55.7 commence an action against the council in the district court of the county wherein the  
55.8 highway, roadway, or appurtenance, or major portion thereof, is located. The proceedings  
55.9 in the action must conform to the Rules of Civil Procedure applicable to the district courts.  
55.10 The court shall sit without jury. If the court determines that the use in question interferes  
55.11 unreasonably with the public use or maintenance of the roadway or appurtenance, it shall  
55.12 enjoin the use by the council. If the court determines that the use in question does not  
55.13 interfere unreasonably with the public use or maintenance of the roadway or appurtenance,  
55.14 but that it entails substantial additional maintenance costs, the court shall award judgment  
55.15 to the agency for the amount of the additional costs. Otherwise the court shall award  
55.16 judgment to the council. An aggrieved party may appeal from the judgment of the district  
55.17 court in the same manner as is provided for such appeals in other civil actions. The council  
55.18 may also use land within the right-of-way of any state highway or other public roadway  
55.19 for the erection of traffic control devices, other signs, and passenger shelters upon the  
55.20 conditions stated in this subdivision and subject only to the approval of the commissioner  
55.21 of transportation where required by statute, and subject to the express provisions of other  
55.22 applicable statutes and to federal requirements where necessary to qualify for federal aid.

55.23 Sec. 63. Minnesota Statutes 2008, section 514.18, subdivision 1a, is amended to read:

55.27 until the lien is lawfully discharged. This section does not apply to tows ~~authorized~~  
55.28 ~~in section 169.041, subdivision 4, clause (1) of vehicles parked in violation of snow~~

56.2 or filed with the county auditor prior to 1972;

56.3 (2) the state or a political subdivision has constructed or funded a road or bridge  
56.4 improvement on a right-of-way affected by the interest;

56.5 (3) the affected road was the only means of access to a property;

56.6 (4) the extinguishment took place within the last ten years; and

56.7 (5) a person whose only access to property was lost because of the extinguishment  
56.8 files a petition of a nullification with the town board stating that the person's property  
56.9 became landlocked because of the extinguishment and that the road satisfies all of the  
56.10 requirements of paragraph (a), clauses (1) to (4). A copy of the road order found filed or  
56.11 recorded with the county auditor must be attached to the petition. The town shall file the  
56.12 petition with the county auditor and record it with the county recorder.

56.13 (b) Notwithstanding Minnesota Statutes, sections 164.08, subdivision 1, and  
56.14 541.023, for any nullification under paragraph (a), the affected road is hereby deemed to  
56.15 be a cartway. No additional damages or other payments may be required other than those  
56.16 paid at the time the fee interest was originally acquired and the order filed with the county  
56.17 auditor. A cartway created by this paragraph may be converted to a private driveway  
56.18 under Minnesota Statutes, section 164.08, subdivision 2.

56.19 (c) For purposes of this section, "affected road" means the road in which the town  
56.20 board extinguished its interest.
