3540.0300 POLICY.

3540.0400 STATE ADMINISTRATION OF FUNDS.

The State Department of Education shall administer funds allocated for the purchase of eligible materials to be loaned or provided to nonpublic school pupils. The State Department of Education, in cooperation with the state auditor's office, shall establish proper accounting methods for fiscal control, fund accounting, and the maintenance of records for the acquisition of eligible materials to be loaned or provided to nonpublic school pupils.

On or before March 1 the State Department of Education shall determine, from the most recent data available, the allocation available per pupil for eligible materials to be used for the following school year. The allocation per pupil shall be determined by dividing the total expenditure for eligible materials by all public school districts in the state for pupils enrolled in public schools by the average daily membership of pupils enrolled in the districts during the same fiscal year. This amount shall then be increased by a percentage equal to the percentage increase in foundation aid, between the prior school year and the coming year. Pupils in grades one through 12 are counted as one pupil each; kindergarten pupils are counted as one-half pupil each.

Whenever the department receives information regarding improper use of eligible materials loaned under the program, it shall provide prompt written notification to the pupil, the pupil's parents or guardians, and the nonpublic school administrator of the alleged program abuse, and allow 30 calendar days from the date of mailing for written or oral response.

Following receipt of responses during the 30 day period, if it appears that materials may have been used contrary to law, the department shall institute Minnesota Statutes, chapter 14 contested case procedures. After due consideration of all evidence presented pursuant to those procedures, if the department
