4670.1200 ADJUSTMENT OF THE OFFICIAL SALARY SCHEDULE OF THE MINNESOTA MERIT SYSTEM.

Subpart 1. **Annual adjustments.** The compensation plan provided in parts 4670.4200 to 4670.4240 shall be adjusted annually to reflect changes in the level of salary rates in business and government for similar and competing types of employment and to achieve equitable compensation relationships between classes of positions based on their comparable work value.

Subp. 2. [Repealed, 12 SR 1335]

Subp. 3. **Plan amendments.** After a review of changes in the level of salary rates and consideration of available information regarding trends in the Twin City consumer price index, the supervisor shall propose amendments to the compensation plan in accordance with Minnesota Statutes, chapter 14, the Administrative Procedure Act, and as outlined in part 4670.1000. Amendments shall include a proposed general adjustment to all rates of pay in the professional, health services support, clerical, and building maintenance salary schedules and specific comparability adjustments to all rates of pay for certain classes, as necessary, to correct compensation inequities based on comparable work value. The amended compensation plan shall be effective on the following January 1 or, for those agencies on a biweekly or four week payroll period, on the beginning date of the first payroll period after the following January 1.

Subp. 3a. **Employee salary adjustments.** Based on an annual review of adjustments to salary levels by employees with similar and competing types of employment and trends in the Twin City consumer price index, the supervisor shall recommend a general salary adjustment for all employees on the professional, health services support, clerical, and building maintenance salary schedules whose positions are not covered by the terms and conditions of a collective bargaining agreement. The recommended general salary adjustment shall be proposed in accordance with Minnesota Statutes, chapter 14, the Administrative Procedure Act, in an amount as provided in part 4670.1320. The adopted salary adjustment shall be effective on the following January 1 or, for those agencies on a biweekly or four week payroll period, on the beginning date of the first payroll period after the following January 1.

Subp. 4. [Repealed, 12 SR 1335]

4670.1210 NEGOTIATION OF SALARY SCHEDULE.

Subpart 1. **Role of exclusive representative.** In agencies where employees have elected an exclusive representative the appointing authority and the exclusive representative may negotiate their own salary schedules for employees in the bargaining unit by class, with the salary for each consistent with the functions outlined in the class specifications. Minimum, intervening, and maximum rates of pay for each shall be established to provide for steps in salary advancement without change of duty in the recognition of meritorious service. When a new classification not previously used in the agency is established in the middle of the contract period and that class falls within the bargaining unit and no provision exists in the contract for establishing those salaries, the appointing authority and the exclusive representative shall negotiate a salary schedule for the new classification within 60 days of the date of establishment of the classification.

Subp. 2. **Filing.** A complete copy of the adopted salary schedule must be filed with the supervisor within ten days after the signing of the contract or agreement. If the contract or agreement calls for succeeding increases in the salary schedule which change the original minimum and maximum salaries or intervening steps a new adjusted salary schedule must be filed with the supervisor within ten days after the effective date of any such succeeding adjustment.

4670.1220 ADMINISTRATION OF PLAN; MINIMUM RATES OF PAY.

In agencies without an exclusive representative or where the collective bargaining agreement is silent regarding initial salaries, the entrance salary for any new employee shall normally be at the minimum rate of pay for the class to which the appointment is made. Appointments may be made up to and including the third step of the salary range without prior approval of the supervisor. Requests to appoint above the third step of the salary range may be made based on the exceptional qualifications of the candidate or the unavailability of candidates at a lower rate, giving consideration to the salaries of current employees in the same classification. All candidates with similar exceptional qualifications must be offered the same rate of pay which shall be one of the established steps in the agency's adopted salary range for the class to which the appointment is made. Requests, including the reasons for appointment above the third step of the salary range, must be submitted in writing by the appointing authority to the supervisor for prior approval.

4670.1300 AVAILABILITY OF FUNDS.

4670.1310 PLAN REQUIREMENTS.

In agencies where there is no exclusive representative or collective bargaining agreement, negotiated adjustments in the rates of pay of incumbents of positions, in order to conform to a newly adopted or currently effective compensation plan, shall be in accordance with items A to H:

A. If the rate of pay of an employee is below the minimum of the range prescribed for the employee's classification on the merit system compensation plan, the rate shall be adjusted to that minimum.

B. If the rate of pay of an employee is at or above the new minimum salary adopted for the employee's class, the employee may receive the general merit system adopted adjustment and, if the employee's class was adjusted to a greater extent than the general adopted adjustment, the employee may receive the additional adjustment as provided in part 4670.1200, subpart 4, as long as that additional adjustment does not place the employee's salary over the new maximum adopted salary for the class.

C. If a local public health authority determines the general merit system adopted adjustment is inappropriate for its employees, the authority may grant a different adjustment. The authority shall file with the supervisor the new salary steps by class and a salary conversion table as provided for in part 4670.4300. The adjustments shall at least place employees at the minimum salary and not over the maximum salary for their classes.

D. Employees at the maximum salary for their class may be granted salary adjustments over the maximum salary prescribed for their class only if that merit system adjustment is adopted and only in the amount adopted for incumbents of that class.

E. If the rate of pay of an employee is higher than the maximum of the range prescribed for the employee's class of positions, the rate may remain the same as long as the employee retains the same classification.

F. If the rate of pay of an employee falls between the minimum and maximum of the salary range prescribed for the employee's class but does not correspond to any intervening steps in the range due to the adoption of a merit system general adjustment, that rate may remain the same. In the case of subsequent merit increases, the employee shall be placed back on a step in the adopted salary range for the appropriate class.

G. Employees at or above the maximum salary rate for their class may be granted a salary adjustment only in the amount adopted by the merit system for all employees whose positions are not covered by the terms and conditions of a collective bargaining agreement. If an appointing authority wishes to grant a larger general adjustment to its employees than that adopted by the merit system, the appointing authority, by prior resolution, may grant that employee the annual equivalent of the difference between the merit system adopted adjustment for all employees and the agency adopted adjustment for its employees in the form of a single lump sum payment or lump sum salary payments commencing on the effective date of the general adjustment. The employee's base salary rate shall be equal to the employee's salary before the agency adjustment plus the merit system adopted adjustment.

H. An appointing authority may propose a salary increase within the salary range to an employee upon detailed written statements to the supervisor specifying the unusual employment conditions that make that action necessary and the interests of the authority that will be served by that action. The supervisor shall review each proposal giving due consideration to the salary rates paid other employees in the same class in the authority and shall deny any request which does not assure equitable compensation for comparable work. Salary increases proposed in accordance with this provision are not based on employee performance or a general merit system adopted salary adjustment. The granting of such an increase shall not affect the employee's eligibility for subsequent merit increases or salary adjustments in accordance with merit system rules. If the unusual employment conditions giving rise to such an increase are of a temporary nature, the employee's salary shall be decreased to its previous level upon termination of those conditions, notwithstanding the provisions of part 4670.1500, subpart 1 or 4670.3530.

4670.1330 SALARY DIFFERENTIALS.

Intra-agency salary differentials between employees in the same class of positions, between employees in different classes of positions in the same occupational field, and between occupational fields in the same appointing authority are recognized as important factors in the maintenance of satisfactory morale. If the general adjustments result in the reduction of the differentials between employees in the same class of positions or between employees in different classes of positions in the same occupational field, adjustments may be made that will insofar as practicable maintain differentials, within the limits of the new plan. In maintaining differentials, the appointing authority shall take into consideration the length of service and quality of performance of the employee affected.

4670.1420 ANNUAL REVIEW FOR MERIT INCREASES.

In appointing authorities that have adopted a merit increase policy, a merit increase for each employee not at the maximum salary for his or her classification shall be considered at least once each 12-month period unless otherwise negotiated through a contract or agreement by the appointing authority and the exclusive representative. If an increase is not granted, the reasons for the denial of the increase shall be reported, in writing, to the employee and to the merit system supervisor.

Statutory Authority: *MS s 144.071*

4670.1430 RESTRICTION ON FREQUENCY OF INCREASES.

In appointing authorities that have adopted a merit increase policy, except as otherwise negotiated by the appointing authority and the exclusive representative, a merit increase shall not be granted until the employee has served at least six months at the rate of pay from which an increase is proposed, except that in cases of exceptionally meritorious service, a merit increase of more than one salary step in the range or at less than a six-month interval may be permitted. In each case, however, the facts upon which the merit increase is based shall be recorded in the official minutes of the local public health authority and reported to the merit system supervisor.

Statutory Authority: *MS s 144.071*

4670.1440 INCREASES BASED ON ADDITIONAL EDUCATION.

In appointing authorities that have adopted a merit increase policy, an extraordinary merit increase within the authority's salary range may be granted upon satisfactory completion of 15 additional credits in a field or fields pertinent to the employee's class. Before this provision can be effective, an appointing authority must establish by resolution as its official policy prior to the beginning of the year in which such merit increases are granted that such payments will be granted for meritorious job performance. The base salary of an employee receiving a lump sum merit increase shall remain at the rate attained immediately prior to the increase.

Statutory Authority: *MS s 144.071*

4670.1500 SALARY DECREASES.

Subpart 1. General. A permanent employee shall be notified of the intent to effect a reduction in pay and the reasons for the action at least ten calendar days prior to the date on which the reduction becomes effective. A copy of the notice shall be sent to the supervisor. A permanent employee whose salary is reduced may request a hearing as provided in part 4670.3530.

Subp. 2. Exemption. Collective bargaining agreement provisions whereby a salary adjustment or salary increase is negotiated for a set period of time do not fall within the provisions of subpart 1.

4670.1600 WORK-OUT-OF-CLASS ASSIGNMENTS.

If an employee is expressly assigned in writing to perform all the duties of a position allocated to a higher classification that is temporarily unoccupied for reasons other than vacation or sick leave and that work exceeds 15 consecutive work days in duration, the employee so assigned shall be paid for all hours of the assignment at least at the minimum rate of pay of the salary range for the higher class or may be granted a salary increase within the employee's salary range. If the assignment is to a position in a classification at an equal or lower level, the employee shall be paid for all hours of the assignment at the employee's current rate of pay. A work-out-of-class assignment is limited to no more than six months. An appointing authority may submit a written request to extend a work-out-of-class assignment for up to an additional six months, specifying the reason why the extension is necessary. A request to extend a work-out-of-class assignment must be initiated at least 15 days before the end of the initial six-month assignment. Approval of these assignments by the supervisor is required and requests for approval must be received by the supervisor within five calendar days of the assignment. Upon completion of the work-out-of-class assignment, the employee's salary shall be reduced to its previous level, notwithstanding the provisions of parts 4670.1500, subpart 1, and 4670.3530.

On such applications the supervisor shall require all pertinent information pertaining to education, experience, age, and any other information that the supervisor may deem necessary. All applications shall be signed and the truth of all statements contained therein certified by such signature.

In those classes of positions in which there is difficulty in obtaining qualified eligibles, the supervisor may establish a program that will be both positive and continuous. The supervisor shall determine the content of all examination processes. Examinations shall include: performance tests, written examinations, ratings of experience and training, promotional ratings, or oral examinations.

Examinations for these positions will include at least one of the following: performance test, oral examination, written test, or oral directions test combining aspects of performance and minimum literacy. The supervisor shall assign definite weights to each part of the examination prior to its public announcement. Eligible lists will be established on an area or county basis only or on the basis of both area and county. Certification of eligibles on an area basis smaller than the county unit may be approved by the supervisor. Since these positions cover a broad range of duties requiring many different abilities, knowledges, and basic skills, notwithstanding other provisions of the rules, the supervisor also may approve selective certification of eligibles who possess a particular ability, knowledge, or skill or a combination of these attributes.

4670.2000 REGISTERS.

Subpart 1. Establishment of registers. After such examination the supervisor shall prepare and maintain registers of persons who attain passing scores in the examination. The names of eligible persons shall be placed on registers in the order of their final rating, beginning with the highest, except as modified by veterans' preference. If two or more persons have final ratings that are identical, their names shall be arranged on the register in the order in which their applications for examination were accepted. Remaining tie scores shall be broken by arranging names in alphabetical order.

Eligible registers resulting from examinations shall be of three kinds: open competitive registers, from which original appointments shall be made; promotional registers, from which promotions shall be made; and trainee registers, from which trainee appointments shall be made. Other registers or lists of persons eligible for appointment may be established in accordance with other provisions of parts 4670.0100 to 4670.4300.

Promotional registers shall consist of the names of permanent and probationary employees who attain passing scores in the examination for promotion to a class of positions.

Trainee registers shall consist of the names of persons who qualify in an examination for a trainee classification or those persons who qualify for appointment to a regular class of positions and who also apply for placement on a trainee subregister of the established register for the regular class of positions.

Registers shall normally be established on a statewide basis. Nevertheless, the supervisor may offer examinations on a county or area basis or may establish a county or area subregister of a statewide register. Eligibility for placement on a county or area subregister shall be determined by legal residence in the county or area or, in the case of a promotional register, by employment with the local public health agency.

Layoff lists shall be established by county and shall include the names of permanent and probationary employees who have been laid off from employment because of lack of funds or lack of work in accordance with the provisions of parts 4670.0100 to 4670.4300. Names shall be placed on this list in reverse order of layoff.

The supervisor may establish a reemployment list of the names of former permanent and probationary employees who are eligible under the rules for reinstatement to a class of positions and who apply for placement on this list. Names shall be placed on this list in the manner determined by the supervisor. All persons on such list are equally eligible for appointment, and no rank or position shall be assigned.

Subp. 2. **Change of address.** Each applicant or eligible shall file with the supervisor notice of any change of address.

Subp. 3. **Duration of registers.** The life of each register shall normally be one year from the date of its establishment, but this period may be reduced or extended by the supervisor. In no case, however, shall a register be in existence for a period of more than three years. A register may be deemed by the supervisor to be exhausted if fewer than three available eligibles remain on it. Upon exhaustion of a register, or if the supervisor reduces the life of a register, the supervisor shall notify each eligible remaining on such register to this effect by mail to the last known address.

Subp. 4. **Removal of names from registers.** The supervisor may remove the name of an eligible from a register for any of the following causes:

A. Appointment through certification from such register to fill a probationary appointment.

B. Appointment through certification from a register for another class whose minimum salary is either equal to or higher than the minimum salary for this class of positions; but, at the request of the appointee in such a case, the appointee's name may be continued on, or restored to, any or all registers other than the one from which the appointment was made, for the remainder of the life of such registers.

C. Filing of a statement by the eligible that the eligible is not willing to accept appointment. Such statement of unwillingness may be restricted to a limited period of time, or to geographic locations or positions involving other conditions of employment, as specified. The name of the eligible shall then be treated as not available and shall be passed over in certification to fill any vacancy under the conditions specified as though such name did not appear on the register. Any eligible may file a new statement at any time modifying for future consideration any prior statement about the time, place, or other conditions under which appointment will be accepted.

D. Declination of appointment under such conditions as the eligible previously has indicated the eligible would accept.

E. Failure to respond within five days to any inquiry of the supervisor or an appointing authority relative to availability for appointment.

F. Consideration of a probationary appointment from a promotional register by three different appointing authorities, or three times by one appointing authority, and not appointed.

G. Consideration of a probationary appointment from an open competitive register to a class of positions within the preceding two years by three different appointing authorities, or three times by one appointing authority, and not appointed.

H. Any cause specified in part 4670.1800.

I. Is not available in an area under the jurisdiction of the merit system.

The supervisor, upon noting any declination or failure of any eligible to respond, may send a notice to the eligible of the removal of the eligible's name from the register. Such notice may include any inquiry about the reasons for such declination or failure to respond and a question as to whether the eligible is willing to accept the next appointment offered under such conditions as he or she may specify. Upon the furnishing of reasons satisfactory to the supervisor for the declination or failure to respond, and a statement of willingness to accept appointment, the name of the eligible may be restored to the register for certification for appointment under the conditions specified. It shall be considered impossible to locate an eligible when any communication mailed at the last known address of record supplied by the eligible is not replied to within five days or is returned unclaimed, or if a telegram is not replied to within three days. It shall be known to the supervisor that an eligible is not willing to accept a position when a declination of appointment or statement of unwillingness to accept appointment is on file with the supervisor.

4670.2200 REQUISITION FOR CERTIFICATION OF CERTAIN INDIVIDUALS.

If a vacancy in any position under an appointing authority is to be filled other than by reinstatement, noncompetitive examination, transfer, or demotion, and a new employee is needed, a requisition shall be submitted by the appointing authority to the supervisor. The requisition shall state the number of positions to be filled in each class together with the class title and other appropriate information. In addition, desirable special qualifications for the particular position under consideration may be indicated. In requesting the certification of individuals with special qualifications, the appointing authority shall state in the request the reasons for the special qualification requested. Eligibles shall be certified in strict order of standing on the register, except in a case in which the supervisor has determined there is reason for a certification of an eligible with special qualifications. Requests for certification of certain individuals with special qualifications approved by the supervisor shall be reported to the council at its next scheduled meeting.

Statutory Authority: *MS s 144.071*

4670.2300 CERTIFICATION METHODS.

Subpart 1. Competitive register. After receiving a requisition, the supervisor shall certify the names of available eligibles. If one position is involved, the supervisor shall certify the 15 highest available names together with any additional names of persons having an examination rating within three points of the person on the certification with the highest examination rating, and any additional names of persons having the same examination score as that of the 15th person certified, from the open competitive register established for the class of positions. Names of available eligibles from the appropriate reemployment register, if one exists, shall also be certified as additional names.

Subp. 2. Promotional register. The supervisor may also certify the seven highest available names together with any additional names of persons having an examination rating within three points of the person on the certification with the highest examination rating, and any additional names of persons having the same examination score as that of the seventh

name certified, from the appropriate promotional register if such register exists and is requested. Names of available eligibles from the appropriate reemployment register, if one exists, shall also be certified as additional names.

Subp. 3. Multiple vacancies. If more than one vacancy exists, the supervisor shall certify at least as many names from the register as there are vacancies to be filled, together with any additional names of persons having an examination rating within three points of the person on the certification with the highest examination rating, and any additional names of persons having the same examination score as that of the 15th person certified on a competitive certification or as that of the seventh person certified on a promotional certification. Supplementary certifications will be issued only in instances in which it is found that there are less than 15 available candidates on the competitive certification or seven available candidates on the promotional certification.

Subp. 4. Selection for appointment. The appointing authority may select for appointment anyone among the certified candidates who is eligible for appointment.

Subp. 5. Inadequate registers. When the number of different names available for filling any vacancy by original appointment, promotion, or reinstatement is fewer than seven on all competitive and promotional registers combined, the appointing authority may decline certification for that vacancy and may request certification from a register, or registers, that the supervisor deems appropriate.

Subp. 6. Provisional appointments. If there is no register that the supervisor deems appropriate, then the vacancy may be filled provisionally as provided for in part 4670.2510, subpart 1.

Subp. 7. Expanded certification. When the supervisor determines that a disparity exists between an agency's work force and its approved affirmative action plan, the supervisor shall ensure to the extent possible that available eligibles who are members of the protected group as defined in part 4670.0100, subpart 34a, for which the disparity exists are certified for appointment. When fewer than three protected group eligibles for which a disparity exists would be certified under subparts 1 and 2, the supervisor shall certify additional protected group eligibles for which a disparity exists to bring the number of eligibles certified to a total of three names from each protected group. Eligibles to be certified shall be determined by examination score.

The supervisor, upon receiving such requisition, shall certify the names of eligibles from the register as requested.

Subp. 2. Statewide certification. If an appointing authority requests a certification of eligibles from a subregister established for a specific locality but there are insufficient eligibles thereon, certification shall be made on a statewide basis.

4670.2510 PROVISIONAL APPOINTMENT.

Subpart 1. When a provisional appointment can be made. Whenever in the opinion of the appointing authority there are urgent reasons for filling a vacancy and the supervisor is unable to certify eligibles from a register established as a result of an examination for the position, and no appropriate promotional register or other appropriate register exists, the appointing authority may submit to the supervisor the names of persons to fill the position pending examination and establishment of a register. If such person's qualifications are certified by the supervisor as meeting the minimum qualifications for training and experience for the position, such persons may be provisionally appointed to fill the existing vacancy until an appropriate register is established and appointment made therefrom. No provisional appointment shall be made until the position has been allocated to a proper class and minimum qualifications established therefor in accordance with these rules nor without prior approval of the supervisor.

Subp. 2. Provisional promotional appointment. In the absence of a promotional register, a provisional promotional appointment of a permanent or probationary employee meeting the minimum qualifications may be made pending the establishment of a promotional register or the administration of a noncompetitive promotional examination.

Subp. 3. Duration. No provisional appointment shall be continued for more than 30 days after an appropriate register has been established for the class of positions and in no event for more than six months from the date of appointment. Successive provisional appointments of the same person shall not be permitted, and a position shall not be filled by repeated provisional appointments. Provisional appointments may be extended at the end of the six-month period with the approval of the supervisor, and successive provisional appointments of the same individual to different positions and successive provisional appointments to the same position may be made in exceptional circumstances, subject to the following conditions:

A. that an examination has been publicly announced and the supervisor has found that a sufficient number of applicants are not available to assure adequate competition;

B. that continuous receipt of applications had been provided in accordance with part 4670.1800, subpart 1, and the examination is to be held whenever the supervisor finds that enough applicants have filed to assure adequate competition.

Subp. 4. Appointments prior to the adoption of parts 4670.0100 to 4670.4300. All appointments made subsequent to the adoption of parts 4670.0100 to 4670.4300 but prior to the establishment of a register from which eligibles can be certified shall be regarded as provisional appointments.

Such appointments normally shall be limited to no more than 45 working days during any calendar year for the same person; however, such appointment of the same person can be extended to 67 working days with prior approval of the supervisor. Certification must be made according to parts 4670.2100 to 4670.2400. The acceptance or refusal of a temporary appointment does not affect an eligible's standing on a register or eligibility for appointment to a permanent position.

Subp. 3. **No available candidates on eligible register.** In the absence of available candidates on the eligible register, the supervisor may authorize the appointing authority to make a direct appointment of a person who meets the minimum qualifications of education and experience for the classification, after considering the following documentation submitted by the appointing authority:

- A. a statement that there is no appropriate eligible list available or that all eligible candidates on an incomplete certification from an eligible list are unavailable or unsuitable for temporary appointment; and
- B. a description of the appointee's qualifications in a manner prescribed by the supervisor to permit examination of the appointee's qualifications.

Subpart 1. **Penalty.** If an appointing authority fails to implement the purpose and intent of the probationary period by appropriate action as provided in parts 4670.2600 to 4670.2680, a probationary employee who is not certified permanent in accordance with part 4670.2680 and is not removed or demoted but is continued in employment beyond the full six-month period shall obtain permanent status in the position by the default of the appointing authority. The payment of salary beyond the six-month probationary period shall be deemed to be evidence of the determination by the appointing authority that permanent status shall be granted to the employee. The supervisor shall enter such status on the record of the employee and shall notify the appointing authority and the employee of the change in status.

Subp. 2. **Reports of violations.** Each instance in which permanent status is granted to an employee in accordance with subpart 1 shall be reported to the council. PROMOTIONS

4670.2700 METHODS OF MAKING PROMOTIONS.

As far as is practicable and feasible, a vacancy shall be filled by promotion of a qualified probationary or permanent employee based upon the performance of the employee's duties, as evidenced by recorded service ratings, with due consideration for length of service and upon the employee's capacity for the new position. The appointing authority in making a promotion may consult with the supervisor about the promotional status of an employee. A candidate for promotion must be certified by the supervisor to possess the qualifications for the position as set forth in the specifications for the class of positions for which the employee is a candidate. The candidate shall be required by the supervisor to qualify for the new position by promotional competitive or noncompetitive examination administered by the supervisor.

4670.2710 PROMOTION BY COMPETITIVE EXAMINATION.

An employee to be eligible to compete for promotion must have permanent or probationary status and must meet the minimum qualifications of training and experience for the class of positions.

At the discretion of the supervisor and the appointing authority involved, a promotional competitive examination may be limited to the employees of one local public health agency or may be open to the employees of all local public health agencies. If it is determined by the secretary and executive officer for the statewide service to fill vacancies in a particular class of positions by promotional competitive examination, such examination shall be given under the direction of the supervisor. A promotional competitive examination may consist of any combination of the following: written tests, ratings of training and experience, evaluation of recorded service ratings, promotional ratings, seniority, performance tests, and oral examinations. The combination in each case and procedure for the determination of the passing grade shall be announced by the supervisor in advance of the examination and shall take into consideration approved practices.

All employees who received a passing grade shall be placed on a promotional register for the class of positions in order of their final ratings except as modified by part 4670.2550.

If a promotional register and an original entrance register exist, the same number of names shall be certified from each register in accordance with part 4670.2100. The appointing authority may make a selection from the names submitted from either register, giving such preference to present employees as the good of the local public health agency will permit.

4670.2800 TRANSFERS.

A transfer of an employee from a position in one organizational subdivision of a local public health agency to a position of the same class in another organizational subdivision of a local public health agency may be made at any time by the appointing authority concerned.

Transfer of a probationary or permanent employee from a position in one local public health agency to a position of the same class in another local public health agency may be made with the approval of the appointing authorities concerned and the supervisor, subject to the provisions of parts 4670.2600, subpart 2, and 4670.2650. All such transfers must be reported to the supervisor. With the approval of the merit system supervisor, a permanent employee may transfer from a position in one class in a county agency to a position in a different class in the same or different county agency that has a salary range within one step of the former class and similar comparable work value. If the work behaviors and examination content areas of the two classes are not similar and if the employee has met the minimum qualifications of education and experience for the class to which transfer is proposed, the supervisor may require the employee to take and pass, on an advisory basis, the examination for the class to which transfer is proposed before approving the transfer.

4670.2810 DEMOTIONS.

An appointing authority may demote an employee for inefficient performance of duties, for disciplinary reasons, or for other just causes.

A permanent employee shall be, before the action is taken, furnished with a statement in writing, setting forth the reasons for the demotion. The employee shall be permitted five days' time to reply thereto, in writing, or upon request, to appear personally and reply to the appointing authority. A copy of the statement and the employee's reply, if any, shall be filed with the supervisor prior to the effective date of the demotion. The permanent employee upon written request may demand a hearing before the council in accordance with the provisions of part 4670.3530.

At any time during the probationary period that an appointing authority determines that the employee's performance does not meet work standards the appointing authority may demote the employee, except that no employee serving a probationary period following a trans-

fer or promotion shall be demoted except for just cause or with consent during the first 30 calendar days of the probationary period.

Seniority of an employee in the class to which the employee is demoted shall be limited to service in the agency and shall consist of the combined total of prior seniority in the class to which demotion occurs, in all higher classes, and in all other classes which the supervisor determines to be sufficiently similar to the class to which demotion occurs.

Any permanent or probationary employee about to be laid off shall be demoted to displace any employee with less seniority in the next lower class in which the person previously served unless the person elects to be laid off. In either event the name of such employee shall be placed on an appropriate layoff list and upon written application may be placed on an appropriate reemployment list.

An appointing authority, with the consent of the affected employee, may demote, in lieu of layoff, a permanent or probationary employee not covered by the preceding provision. Such action shall not entitle the employee to a hearing, in the demotion, but the employee's name shall be placed on the layoff list and upon written request may be placed on the reemployment list for the class from which the employee was demoted. No employees so demoted shall displace a permanent or probationary employee except in order of seniority.

Any such absence shall be without pay and may be made grounds for disciplinary action. In the absence of such disciplinary action, any employee who is absent for three days without leave may be deemed to have resigned, but such absence may be covered by a subsequent grant of leave if the conditions warrant.

Employees serving the first 30 calendar days of a probationary period following a transfer can only be dismissed for just cause.

No employee who has permanent status shall be dismissed from a position except for just cause. Before the action is taken, a permanent employee shall be furnished with a statement in writing setting forth reasons for the dismissal. The employee shall be permitted five days time to reply thereto in writing or, upon request, to appear personally and reply to the appointing authority. A copy of the statement and the employee's reply, if any, shall be filed with the supervisor prior to the effective date of the dismissal. Any such employee who is dismissed may demand a hearing before the merit system council in the manner prescribed by part 4670.3530.

Any employee who willfully practices, or attempts to practice, any deception or fraud in an application, in a certificate, in an examination, or in securing eligibility or appointment, shall, upon discovery and proof thereof, be removed and discharged. 4670.2930 LAYOFF.

Subpart 1. Reason for layoff. An appointing authority may lay off an employee in the classified service by reason of abolishment of the position, lack of funds, shortage of work, or other reason outside the control of the employee. No permanent employee, however, shall be laid off while any emergency, provisional, temporary, or probationary employee is continued in a position of the same class in the agency. Layoff shall be made in inverse order of seniority by employment conditions in the class of work in the agency. Seniority for purposes of layoff shall be the length of service in the class from which layoff occurs in the agency.

Subp. 2. Seniority. If two or more persons in the class in which layoff occurs have equal seniority, the order of layoff shall be in inverse order of the date of acquisition of permanent status in the class. If a tie still remains, the order of layoff shall be determined by the average of the last two service ratings, if available, or the last service rating if only one is available and the employee with the lowest such average or rating shall be laid off first. If no service ratings are available, the order of layoff shall be determined by the appointing authority in such a way as to retain in the agency the employee(s) considered most valuable. Any permanent or probationary employee about to be laid off shall be demoted to replace the employee with the least seniority in the next lower class in which that employee previously served, unless the employee elects to be laid off.

Subp. 3. Notice. The appointing authority shall notify in writing the employee and the supervisor at least ten working days before the effective date of the layoff and shall state the reason for the layoff. If the appointing authority fails to certify before the effective date thereof that the layoff was for reasons not reflecting discredit on the employee, it shall be deemed a dismissal and shall be subject to the rules regarding dismissal.

Subp. 4. Layoff list. The names of permanent or probationary employees laid off or demoted in lieu of layoff shall be placed in order of seniority on the layoff list for the class and the agency from which the layoff took place. The affected employees shall have their names placed also on the reemployment list for the class from which the layoff took place and any other class in which they have permanent or probationary status prior to layoff.

Names of laid off employees will remain on the layoff list for a minimum of one year and eligibility shall be extended to a period of time equal to the employee's previous service in the merit system not to exceed five years. The name of a laid off employee must be removed from the layoff list if the employee fails to accept a position in the former classification and county agency or if the employee is appointed to a permanent position in a class equal to or higher than the one from which the employee was laid off. In such cases, the employee's name must remain on the reemployment list for the class from which the employee was laid off.

Subp. 5. Vacancy. Whenever an appointing authority submits a requisition to fill a vacancy or a new position in the agency and a layoff list exists for that agency for the class in which the position to be filled is classified, the one name highest on the layoff list shall be certified to the agency for appointment.

Subp. 6. Scope of rule. The provisions of this part shall apply to all layoffs, except where otherwise provided in written contract between an agency and an exclusive bargaining representative.

Under the same conditions a reinstatement may be made within a period of time, not to exceed five years, equivalent to the continuous period of the employee's service since January 1, 1971, in a local public health agency. Subp. 3. **Compensation for sick leave payment.** Compensation for sick leave payment, in cases where payment is made on termination, shall be in the same manner as for vacation leave under subpart 2.
