BIG GAME GENERAL RESTRICTIONS

6232.0100 GENERAL RESTRICTIONS FOR TAKING BIG GAME.

Subpart 1. **Inspection.** All big game must be transported in such a manner that inspection by registration agents or conservation officers is readily accomplished.

Subp. 2. **Animal possession.** Persons taking big game must retain any required license, permit, seal, or tag as long as any of the meat is in their possession.

Subp. 3. [Repealed, 20 SR 2287]

Subp. 4. **Elevated stands in state parks.** It is unlawful to construct, occupy, or use any elevated blind or stand for the purpose of hunting, observing, or killing big game in state parks, when opened to hunting, except that portable stands or blinds may be used for this purpose provided they are removed each day at the close of hunting hours and do no permanent damage.

Subp. 5. **Removal from site of kill.** A person may field-dress or hang a big game animal at the site of the kill, but may not remove it from the site without the tag being attached.

Subp. 6. **Wounded game included in bag limit.** Wounded or captured game reduced to possession must be killed before being removed from the site where taken, and once reduced to possession must be included in a person's daily bag limit.

Subp. 7. **Legal bows and arrows.** Bows and arrows used for taking big game must meet the criteria in items A to C.

A. Bows must have a pull of no less than 40 pounds at or before full draw.

B. Arrowheads must meet the requirements of Minnesota Statutes, section 97B.211, subdivision 2. Nonretractable arrowheads are barbless if the trailing edge of the blade creates a 90 degree or greater angle with the shaft of the arrow.

C. Retractable broadheads may be used if they meet the following criteria:

(1) they are at least seven-eighths of an inch in width and no more than two inches in width at or after impact with a big game animal; and

(2) they are a barbless design and function in a barbless manner. Retractable arrowheads are a barbless design if the trailing edge of each blade creates a 90 degree or greater angle with the shaft when the blades are fully retracted. Retractable arrowheads function in a barbless manner if, when withdrawn from a big game animal, the blades retract so that the trailing edge of each blade is at a 90 degree or greater angle to the arrow shaft.

DEER

6232.0200 DEFINITIONS.

Subpart 1. **Scope.** The terms used in parts 6232.0200 to 6232.2500 have the meanings given them in this part.

Subp. 2. **Antlerless deer.** "Antlerless deer" means does, fawns, and bucks with no antler three inches or more in length.

Subp. 3. [Repealed, 30 SR 613]

Subp. 4a. **Deer permit area.** "Deer permit area" means an area of the state consisting of one or more deer registration blocks. Deer permit areas open for taking legal bucks and antlerless deer during the regular firearms deer season are defined as follows:

A. "intensive deer permit area" means a deer permit area where taking deer of either sex is authorized by a regular firearms license, except a multizone buck license, and where multiple bonus permits are authorized;

B. "managed deer permit area" means a deer permit area where taking deer of either sex is authorized by a regular firearms license, except a multizone buck license, and where one bonus permit is authorized; and

C. "lottery deer permit area" means a deer permit area where taking legal bucks is authorized by a regular firearms license and taking antlerless deer is authorized by an either-sex permit.

Subp. 5. **Bonus permit.** "Bonus permit" means a license to take and tag deer by archery or firearms, in addition to deer authorized to be taken under regular archery or firearms licenses. It is available for one-half the cost of a regular resident or nonresident license and is valid immediately upon issuance, as long as the purchaser has a valid regular license. Deer taken and tagged with a bonus permit must be antlerless unless otherwise prescribed by the commissioner.

Subp. 5a. [Repealed, 30 SR 613]

Subp. 6. **Legal buck.** "Legal buck" means a deer having at least one antler three inches or more in length.

Subp. 7. **Registration block.** "Registration block" means a geographic area designated for the registration of harvested deer and bear as provided by part 6232.4700.

Subp. 8. **Regular firearms season.** The "regular firearms season" means the seasons described in part 6232.1300.

Subp. 9. **Regular firearms license.** "Regular firearms license" means a license valid for taking a deer by firearms in the regular firearms or muzzleloader season, except bonus

6232.0300 GENERAL RESTRICTIONS FOR TAKING DEER.

Subpart 1. Zone and date options. A firearm deer hunter may purchase a firearm license valid for the regular firearms deer season or muzzleloader season, a multizone buck license to take antlered deer in more than one zone, an all-season deer license, or a resident youth license. A hunter purchasing a resident youth license or a regular firearm license, including a hunter choosing a muzzleloader option, must select only one of the zone and date options listed on the license. For the regular firearm season, this choice will be printed on the license at the time of purchase. A person may only hunt deer by firearms within the zone and date options indicated on the person's firearm license.

Subp. 2. Modification of quota numbers for group applications. The quota of licenses or permits for a drawing may be increased to accommodate group members if the last applicant to be selected is a member of a group.

Subp. 3. Party hunting. A party is a group of two or more licensed deer hunters who are afield hunting together and are all using firearms or all using archery equipment. A member of a party may kill a deer for another member of the party who has an unused tag valid for that deer, except as provided by Minnesota Statutes, section 97B.301. A mixed-weapons group is considered two separate parties. Multizone buck licensees may party hunt with regular firearms licensees. Persons issued permits under Minnesota Statutes, section 97B.055, subdivision 3, who are hunting in a lottery deer permit area and do not have an either-sex permit may not tag antlerless deer for another member of the party.

Subp. 4. Baiting. A person may not hunt deer (1) with the aid or use of bait, (2) in the vicinity of bait if the person knows or has reason to know that bait is present, or (3) in the vicinity of where the person has placed bait or caused bait to be placed within the previous ten days. This restriction does not apply to food resulting from normal or accepted farming, forest management, wildlife food plantings, orchard management, or other similar land management activities.

Subp. 5. Tagging. The tag of the license valid for the taking of the deer must be affixed around the tendon or bone of a hind leg, around the base of an antler, or through a slit cut in either ear so that the tag cannot be readily removed.

Subp. 6. License purchase and validation.

A. A bonus permit may be purchased any time throughout the open deer seasons. Bonus permits are valid immediately upon purchase, as long as the purchaser has a valid regular license. When a regular license is purchased after the start of the season for that license, a bonus permit is not valid until the waiting period has expired for the regular license.

B. At the time a deer is tagged at the site of kill, the tag must be validated. Validation consists of using a knife or similar sharp object to cut out or a pen to indelibly mark the appropriate notches on the tag indicating:

- (1) the month the deer was taken;
- (2) the date the deer was taken; and
- (3) the time of day the deer was taken.

Subp. 7. All-terrain vehicle or snowmobile use by licensed hunters.

A. A person licensed to take deer must not operate an all-terrain vehicle or snowmobile in an area open for the taking of deer by firearms during legal shooting hours on a day that they are licensed to take deer within that area except from 11:00 a.m. to 2:00 p.m. each day.

B. A person licensed to take deer who does not possess a firearm, either cased or uncased, may use an all-terrain vehicle or snowmobile to retrieve and transport a deer that is

known to be dead from the close of shooting hours to two hours after the close of shooting hours during the regular firearms deer season and for one day after the season on wildlife management areas north and west of a line described as follows:

State Trunk Highway (STH) 1 from the west boundary of the state to STH 89; then north along STH 89 to Fourtown; then north on County State Aid Highway (CSAH) 44, Beltrami County, to County Road 704, Beltrami County; then north on County Road 704 to Dick's Parkway State Forest Road; then north on Dick's Parkway to CSAH 5, Roseau County; then north on CSAH 5 to Warroad; then north on STH 11 to STH 313; then north on STH 313 to the north boundary of the state.

C. For purposes of this chapter, all-terrain vehicles are vehicles, including trail bikes, three-wheelers, four-wheelers, tracked vehicles, or other manufactured or home-made vehicles, not licensed for highway use. Motor vehicles licensed for and being lawfully operated on a public road or highway, or farm tractors being used for agricultural purposes, are exempt from this subpart. This subpart applies to all lands and waters regardless of ownership except as provided in item B, and except that:

(1) the owner of the land on which the all-terrain vehicle or snowmobile is operated is exempt; and

(2) a person with the landowner's permission to operate an all-terrain vehicle or snowmobile on the land is exempt.

A permit to operate these vehicles during the restricted hours may be issued by a conservation officer in the event of an emergency or other unusual conditions. Legal use of snowmobiles during the open deer season is governed by part 6100.5100.

Subp. 8. **Bag limit.** A person may not tag more than one deer during a license year by any method, except as authorized in items A to D.

A. In Marshall, Kittson, Roseau, Lake of the Woods, and Pennington Counties, a person may tag one deer with a regular archery license and another with a regular firearms license, including the muzzleloader option or multizone buck license. Both deer must be taken and registered in this five-county area.

B. A person may tag a second, third, fourth, or fifth deer by archery, firearm, or muzzleloader with a bonus permit in specified areas as prescribed in this chapter.

C. In no case may a person tag more than five deer per year by firearms, archery, or both methods combined, except a sixth deer may be tagged if the person takes a deer with a free landowner permit.

D. Total bag limits by deer permit area are as follows:

(1) the total bag limit for lottery deer permit areas is one deer, except all-season license holders may take two deer;

(2) the total bag limit for managed deer permit areas is two deer, except all-season license holders may take up to three deer. Archery, firearms, and muzzleloader hunters using bonus permits may not harvest antlerless deer in more than one managed deer permit area;

(3) the total bag limit for intensive deer permit areas is five deer; and

(4) in addition to the total bag limits under subitems (1) to (3), a person with a free landowner deer license may take one additional antlerless deer on land owned or leased by the person in managed and intensive deer permit areas.

Subp. 9. **Alternative color prescribed.** Persons whose sincerely held religious beliefs do not permit them to wear the color prescribed in Minnesota Statutes, section 97B.071, may wear bright red as an alternative color in the same manner as the prescribed color.

Subpart 1. [Repealed, 20 SR 2287]

Subp. 2. **Registration requirements.** Persons taking a deer must present the deer for registration at a designated deer registration station or agent of the commissioner and obtain a big game possession tag:

- A. before the deer is processed either privately or commercially; and
- B. within 24 hours after the close of the season in which the deer was taken.

All deer taken in special hunt areas must be registered as specified in the materials provided to all special hunt permittees.

Subp. 3. [Repealed, 20 SR 2287]

Subp. 4. **General provisions for registration of deer.** The deer license number and the year for which the possession tag is issued must be recorded in the appropriate place on the possession tag in indelible ink. If a mistake is made in writing the license number, the agent must reissue a correct possession tag. Registration agents are not required to inspect deer at registration stations. Legally registered deer may be transported anytime during or after the deer hunting season. No part of the carcass, except skin or entrails, may be removed until after the possession tag has been affixed, except that deer may be quartered prior to registration as long as all parts remain together and are presented for registration and the head of the deer remains attached to one quarter. The possession tag must be affixed securely to the deer at any of the locations specified in part 6232.0300, subpart 5. A person may not process a deer unless it has been registered as evidenced by an attached possession tag.

F. The license and official leave papers or evidence of disability must be carried on the person of the licensee while hunting deer and transporting any deer taken.

6232.1600 SPECIAL HUNT PROCEDURES.

Subpart 1. **Deer license and permit required for special hunt permit area.** Before applying to hunt in a special hunt permit area, a person must purchase a deer hunting license. A firearms deer license validated for the proper zone and time period and a permit valid for that area is required to hunt deer in firearms special hunt areas. Special hunt permit applications must be made at an electronic license system agent or the Department of Natural Resources License Center.

Subp. 2. **Application process.** Applications for all firearms special hunt permits must be made according to this subpart and according to application instructions provided by the commissioner.

A. Each person must apply at an electronic license system agent or the Department of Natural Resources License Center. A person may not apply more than once for a hunt, whether as an individual or as a member of a group.

B. Up to four persons desiring to hunt as a group may apply together. Group applications will either all be selected or none selected.

C. The preference rating of applicants who apply as a group will be based on the individual in the group with the lowest preference.

D. The application deadline is the first Thursday following Labor Day.

E. If the number of applications for permits in any area exceeds the quota determined by the commissioner, a preference drawing will be held to determine who will be issued permits as provided by part 6232.1800.

Subp. 3. **Notification of drawing results.** Only successful applicants will be notified.

6232.1800 EITHER-SEX PERMITS AND PREFERENCE DRAWINGS.

Subpart 1. **Procedures for applying for an either-sex permit.** Residents and nonresidents are eligible for either-sex permits. A person may not apply for an either-sex deer permit without first purchasing a firearms or all-season deer license. A person may not submit more than one application for an either-sex permit. A person may apply for an either-sex permit or a special hunt permit, but not both.

The application deadline is the first Thursday following Labor Day.

Subp. 2. **Preference drawings for either-sex permits in lottery deer permit areas and special hunt area permits.** If the number of applications for either-sex permits in a lottery deer permit area or for permits in a special hunt area exceeds the quota set forth in the

annual hunting regulations, a preference drawing will be used to select permit holders. Persons 12 years of age or older may enter the preference drawing by supplying their driver's license number, official state of Minnesota Identification Number, or 13-digit Firearms Safety Identification Number on the application, except that resident hunters under age 16 on the Saturday nearest November 6 may not apply for either-sex permits. All applicants who have reached their 18th birthday by the first Thursday following Labor Day must provide one of these three numbers to qualify. Applicants under 18 years of age who do not submit one of these numbers will be assigned a number and will be entered into the preference drawing. Applicants establish a preference rating based upon the number of times they have applied in previous years and have not obtained an either-sex or special hunt area permit. The preference rating will increase each year the applicant applies unsuccessfully for either an either-sex or special hunt area permit. Persons applying for the first time have no preference. Applicants receiving either-sex or special hunt area permits lose their accrued preference.

Subp. 3. **Deer permit areas.** Deer permit areas are comprised of registration blocks of the same number.

6232.2900 BEAR PERMIT PROCEDURES.

Subpart 1. Limit on number of applications. A person may not apply more than once per season, whether as an individual or as a member of a group.

Subp. 2. Drawings. Drawings will be conducted by the department to determine those eligible to purchase a bear license within the bear quota areas. Preference in the drawings will be given to applicants based upon the number of times they have correctly applied for a license in a quota area in previous years but have not been selected. Upon issuance of a quota area license, all accumulated preference will be lost. Obtaining a no-quota bear license will have no effect upon eligibility or preference in the drawings. In quota areas with fewer applicants than available licenses, the remaining available licenses may be first offered to unsuccessful applicants for other quota areas on a first-come, first-served basis. To obtain a remaining available license, an eligible person must apply individually and in person at an electronic license system agent location or individually through the ELS-Internet or ELS-Telephone system. Any remaining available licenses not purchased by unsuccessful applicants may then be issued to any eligible person as prescribed by the commissioner on a first-come, first-served basis. Individuals who purchase these remaining available licenses will retain their accumulated preference.

Subp. 3. Required identification number, eligibility. A person whose big game hunting privileges are not suspended and, if born after December 31, 1979, has successfully completed a firearms safety course approved by the commissioner prior to the opening day of the bear season, is eligible to purchase a bear license for the no-quota area or to enter a drawing for a permit area license. All applicants who will have reached their 18th birthday by September 1 must provide a driver's license number, a Minnesota identification card number issued by the Department of Public Safety, or a 13-digit Firearms Safety Certificate number. Eligible applicants under this age who do not submit one of these numbers will be assigned a number and entered into the preference drawing.

Subp. 4. Application deadline. Applications must be returned to the License Bureau. The application deadline is the first Friday of May.

Subp. 5. Group application. Persons may apply individually or as part of a group totaling no more than four persons. Those who wish to apply as a group must submit their applications for the drawing together in one envelope. All applications in a group must be for the same permit area. The individual within a group with the lowest preference rating will determine the preference rating of the group. Either all members of the group or none will be drawn. Improperly completed applications will be rejected but will not disqualify other members of the group.

Subp. 6. Modification of quota numbers for group applications. The quota of licenses or permits for a drawing may be increased to accommodate group members if the last applicant to be selected is a member of a group.

Subp. 7. **Notification of drawing results.** Successful applicants will receive a notice, with instructions, authorizing them to obtain a license. Successful applicants who do not purchase a license according to the instructions or who do not provide all of the requested information will be disqualified. All accumulated preference is lost upon issuance of a license.

6232.4500 ELK LICENSE APPLICATION PROCEDURE.

Subpart 1. **General provisions.** The provisions in this part apply to the elk license application process.

A. If the number of applications for any zone exceeds the quota, a random selection will be conducted to determine the successful applicants.

B. Up to 20 percent of the licenses in each zone may be issued in a separate landowner and tenant drawing. The following persons are eligible for this separate drawing:

(1) owners of at least 160 acres of agricultural or grazing land, within the zone applied for;

(2) tenants living on at least 160 acres of agricultural or grazing land, within the zone applied for; or

(3) family members of qualifying landowners and tenants, if they live on the qualifying property and are part of the farming operation. Family members include those related by blood, marriage, or adoption.

Applicants unsuccessful in the landowner and tenant drawing will be included in the selection process for the remaining licenses in the same zone. Landowner and tenant party applications that include individuals who do not meet the requirements for this license will be removed from the landowner and tenant drawing and will not be entered into the general drawing.

C. Applications for the general and landowner and tenant drawing must be made on the appropriate forms and in accordance with instructions. The commissioner may reject applications not completed according to instructions.

D. The application deadline is the Friday nearest July 15.

E. An application fee of \$20 in the form of a cashier's check, money order, or personal check made payable to the Minnesota Department of Natural Resources must accompany each application of two hunters. Checks returned to the department for nonpayment will invalidate the application. Refunds of application fees will not be made for any reason.

F. Successful applicants will receive instructions for obtaining their licenses.

Subp. 2. **Modification of quota numbers for group applications.** The quota of licenses or permits for a drawing may be increased to accommodate group members if the last applicant to be selected is a member of a group.
