

CHAPTER 7891

MINNESOTA RACING COMMISSION

PHYSICAL EXAMINATION OF HORSES

7891.0100 RACING SOUNDNESS EXAMINATION.

7891.0110 POSTMORTEM EXAMINATION.

7891.0100 RACING SOUNDNESS EXAMINATION.

Subpart 1. Horses subject to examination. Every horse entered to race at a licensed racetrack under the jurisdiction of the commission shall be subjected to a veterinary examination for racing soundness and health on race day. The examination shall be conducted by the commission veterinarian or the association veterinarian in or near the stall to which the horse is assigned. The trainer of each horse or a representative of the trainer must present the horse for examination and move the horse as required by the examining veterinarian. Every horse to be examined must have had its legs cleaned of any poultice or other topical applications, must be free of leg bandages or be wearing bandages which are easily removed, and must not have been subjected within one hour of examination to freezing, icing, prolonged hosing with cold water, or any other means of reducing the temperature of the legs.

Subp. 1a. Trainer must report location. The trainer, when entering a horse, shall declare to the racing secretary or his or her designee the number of the barn in which the horse being entered will be stabled the day of the race. If the trainer will need a stall assigned for a ship-in horse, the trainer must so declare at the time of entry, and the racing secretary will assign a stall to be used on the day of the race.

Subp. 1b. Racing secretary must provide stall assignments. As soon as the overnight sheet is finalized, the racing secretary or his or her designee shall provide to the commission veterinarian a list showing, by race, the name of the horse, the trainer, and the barn number where the horse is to be stabled the day of the race.

Subp. 2. Record of examination. The commission veterinarian shall maintain a continuing health and racing soundness record of each horse examined.

7891.0110 POSTMORTEM EXAMINATION.

Subpart 1. Horses that must undergo postmortem examination. Every horse which suffers a breakdown at a licensed racetrack under the jurisdiction of the commission, in training or in competition, and which is euthanized, and every horse which expires while stabled at a licensed racetrack under the jurisdiction of the commission, shall undergo a postmortem examination to be conducted by the commission veterinarian or the veterinarian's designee to determine the injury or illness which resulted in euthanasia or natural death. A Class D license holder is responsible for furnishing transportation, within six hours of death, to deliver a horse to a postmortem site to be determined by the commission veterinarian.

Subp. 2. Test samples to be taken for analysis. Test samples must be obtained from every horse which undergoes a postmortem examination. The samples shall be sent for analysis to a laboratory approved by the commission and the commission may direct the laboratory to retain and preserve such samples for future analysis.

When practical, both blood and urine test samples shall be obtained prior to euthanasia.

Subp. 3. Owner and trainer responsible. The owner and attending trainer are responsible for reporting to the commission veterinarian the death of a horse within one hour of its death, and for having the postmortem examination performed in accordance with this part.

Subp. 4. Report of exam. A report of every postmortem examination shall be filed with the commission within 72 hours of the horse's death on a form prepared by the commission.
