The secretary of state shall use the address information and date of birth provided by persons signing the petition to verify voter eligibility. A petition containing the signatures of fewer eligible voters than the number required by Minnesota Statutes, section 207A.02, must be rejected.

If the secretary of state determines that an insufficient number of eligible voters have signed a petition, the secretary of state shall immediately notify the person submitting the petition. The person submitting the petition may submit additional petition pages within the time period provided by Minnesota Statutes, section 207A.02.

Subp. 5. Time for verification. The secretary of state shall complete the verification of a petition no later than ten days after the day on which the petition was submitted.
