GENERAL REQUIREMENTS

8700.0100 HOW THIS CHAPTER APPLIES.

This chapter governs the procedures for licensure and the educational requirements for nonvocational instructional and support personnel who are required to be licensed by the Board of Teaching.

Statutory Authority: *MS s 125.05; 125.185*

History: *15 SR 2267*

8700.0200 REQUIREMENTS FOR THE ISSUANCE AND RENEWAL OF ALL LICENSES.

Subpart 1. **In general.** Licenses to teach in Minnesota shall be granted to persons who otherwise meet all requirements of applicable statutes and rules and who complete approved programs leading to teacher licensure in Minnesota institutions which are approved by the Board of Teaching to prepare persons for teacher licensure.

An applicant must qualify separately for each licensure area for which application is made and provide evidence of satisfactory completion of a program in the licensure area which has been approved by the Board of Teaching. A license becomes valid on the date issued by the personnel licensing section.

Subp. 2. **Initial license; entrance license.** The initial license which shall be issued in any licensure area to an applicant who meets all requirements of subpart 1 is an entrance license, that expires two years from the July 1 nearest the date the license was issued.

There are three exceptions to the requirement that the initial license which shall be issued in any licensure area must be an entrance license:

A. an applicant who holds a life or continuing license as a teacher who subsequently completes an approved program in an additional licensure area must be issued a continuing license;

B. an applicant who holds an entrance or continuing secondary vocational license based on a degree program in home economics education, industrial education, agriculture education, business education, or marketing education, verifies one year of teaching experience in the corresponding category of practice while holding a valid license, and completes an approved program in a nonvocational licensure area must be issued a continuing license; and

C. an applicant who does not meet requirements for an entrance license may be issued a limited license or a provisional license according to criteria specified in Board of Teaching rules that authorize the issuance of limited licenses and provisional licenses.

When one year of teaching experience is not completed prior to the expiration of an entrance license, another entrance license in that licensure area shall be issued upon applica-

tion. If an entrance license in any licensure area is allowed to lapse, it shall be renewed, upon application, until the applicant has had one year of teaching experience in that licensure area after which time an applicant must qualify for a continuing license.

Subp. 3. Continuing license. A continuing license, that expires five years from the July 1 nearest the date the license was issued, shall be issued to an applicant who has completed at least one year of teaching experience in a licensure area while holding an entrance license, as verified by the local continuing education committee. When a licensure area is added to a continuing license already in force, the expiration date becomes that already established for the continuing license in force.

Any person who applies for the renewal of a continuing license who has not at any time during the five-year period immediately preceding been employed in the licensure area for which the license is valid shall furnish evidence of having earned and been granted 125 clock hours as verified by the local continuing education committee.

If a continuing license in any area is allowed to lapse, one of the following shall be issued:

A. a continuing license based upon verification by a local continuing education committee that the applicant has earned and been granted 125 clock hours, during the five-year period immediately preceding the application;

B. a continuing license based upon evidence that the applicant earned at least 12 quarter or eight semester hours of credit, in the licensure area where application is being made, during the five-year period immediately preceding the application; or

C. a one-year renewal of the lapsed continuing license based upon evidence that the applicant has been offered a position contingent upon holding a valid license. In order to qualify for a continuing license at the end of one year, the applicant shall provide evidence that at least 12 quarter or eight semester hours of credit have been earned in the licensure area where application is being made or that 125 clock hours have been earned and granted as verified by the local continuing education committee during the five-year period immediately preceding the date of application for the continuing license.

Continuing licenses that expire five years from the July 1 nearest the date the license was issued shall be renewed upon application according to the rules of the Board of Teaching governing continuing education.

Subp. 4. Provisional license. A provisional license must be issued to an applicant who does not meet the standards for issuance of an entrance or a continuing license, but qualifies for a provisional license according to criteria in Board of Teaching rules that authorize the issuance of provisional licenses.

Subp. 5. Classroom teaching license. For purposes of licensure rules that require holding a valid classroom teaching license as a prerequisite for issuance of an additional field of licensure, the definition of a "classroom teaching license" is a nonvocational license valid to teach elementary school, secondary school subjects, or kindergarten to grade 12 subjects, or a secondary vocational license based on degree requirements in home economics education, industrial education, agriculture education, business education, or marketing education. This definition does not include limited licenses, provisional licenses, intern licenses, special education licenses, family education licenses, prekindergarten licenses, postsecondary vocational licenses, or secondary vocational licenses based upon criteria other than degree requirements in home economics education, industrial education, agriculture education, business education, or marketing education. This definition also does not include licenses as school psychologists, school counselors, school social workers, school nurses, recreation personnel, school administrators, school business officers, community education directors, special education directors, or secondary vocational directors or supervisors.

8700.0210 EXAMINATIONS FOR TEACHER LICENSES.

Subpart 1. Examination requirement. An applicant described in Minnesota Statutes, section 125.03, subdivision 5, for an initial license, shall provide official evidence of having successfully completed examinations of skills in reading, writing, and mathematics before

being issued an initial Minnesota teaching license. The examinations must have been adopted by the Board of Teaching. An applicant who is deaf must fulfill the mathematics requirement of this part by successfully completing the mathematics examination, and must fulfill the reading and writing requirements of this part either by successfully completing the reading and writing examinations or by evaluation by board approved colleges and universities of demonstrated proficiency (Intermediate Plus) in the expressive and receptive use of alternative communication systems including sign language and finger spelling as measured by the Sign Communication Proficiency Inventory (SCPI). This inventory is published by the National Technical Institute for the Deaf in Rochester, New York, and is administered through the College of Education at the University of Minnesota on at least an annual basis. A description of this inventory is available through the Minitex interlibrary loan system in the Journal of Sign Language Studies and American Annals for the Deaf. The inventory is incorporated by reference. Before the 1991 amendment to this part was adopted, the inventory was last published in 1989. It may be periodically changed. An applicant who is blind shall be required to fulfill requirements of this part by successfully completing the examinations with an opportunity to select a reader, to use adaptive visual aids or technology aids, and to complete the testing under adaptive conditions.

Subp. 2. Selection and adoption. The Board of Teaching shall solicit proposals for the development, validation, and implementation of a statewide examination system. The Board of Teaching shall select the proposal of a party whose understanding of the project, statement of work to be performed, management plan, staffing, and related experience demonstrate the ability to develop, validate, and implement a statewide examination system and to conduct subsequent administrations of the adopted examinations. The Board of Teaching shall adopt examinations that have been validated by another state or reputable national testing organization and field tested in Minnesota.

Subp. 3. Requirement. To meet the requirement of subpart 1, an applicant shall achieve a minimum passing score on each of the examinations adopted by the Board of Teaching. The Board of Teaching shall determine minimum passing scores based on validation for use in Minnesota of the examinations adopted by the board.

Subp. 4. Notification. Minimum passing scores applicants must achieve on the examinations and the identification of the examinations adopted shall be published in the State Register within 60 days of adoption by the Board of Teaching. Before July 2 of each calendar year, the Board of Teaching shall notify the colleges and universities approved by the board to prepare persons for teacher licensure of the minimum passing score applicants must achieve on the examinations and which examinations are adopted under subpart 2.

Subp. 5. Licensure recommendation. In recommending candidates for licensure, Minnesota colleges and universities shall attest that license requirements have been met, including successful completion of the requirement in subpart 3.

Subp. 6. Administration, scoring, and reporting. Administration, scoring, and reporting of examinations shall be conducted by the party whose examinations have been adopted by the Board of Teaching. Applicants may take the examinations on any of the dates that are established by the party for national administration or on dates established by the Board of Teaching for special administration. Examinations shall be administered at least four times a year in Minnesota. It is the responsibility of the applicant to be informed about the dates and locations of the examinations and to apply for the appropriate examinations. Registration procedures are governed by the party whose examinations have been adopted. Examinees must authorize the forwarding of their scores to the institutions they attend and to the Board of Teaching. The scores as forwarded are the official evidence required in this part.

Subp. 7. Fees. Candidates for licenses shall pay the examination fee approved by the Board of Teaching for the examinations they take.

Subp. 8. Admission to upper division or graduate coursework. Candidates for an initial license shall provide official evidence to the institutions they attend of having taken the examinations adopted in subpart 2 before enrolling in upper division coursework in the professional education sequence. Candidates for an initial license who have a baccalaureate degree shall provide official evidence to the institutions they attend of having taken the examinations adopted in subpart 2 before enrolling in coursework in the professional education sequence. Candidates who fail to achieve the minimum passing score on one or more of the

examinations may enroll in upper division or graduate coursework in the professional education sequence; however, candidates must achieve the passing scores established in subpart 3 before recommendation for an initial teaching license. Colleges and universities must provide candidates who fail the examinations access to opportunities to enhance their skills.

Subp. 9. Candidates already enrolled in education sequences. Candidates who have been enrolled in upper division or graduate coursework before April 4, 1988, shall provide official evidence of successful completion of the examinations adopted in subpart 2 before licensure recommendation.

Subp. 10. Retesting procedures. Examinees who fail to achieve at least the minimum score on one or more of the examinations are permitted to retake the examination or examinations for which the minimum score was not achieved under this part. No minimum waiting time is required.

Subp. 11. Applicants prepared in other states. Applicants for Minnesota licensure who are prepared in other states who otherwise meet the applicable statutes and rules shall be granted a one-year nonrenewable provisional license, during which time the applicant must provide official evidence of successful completion of the requirements of this part. Applicants prepared in other states who provide evidence of meeting requirements for initial Minnesota licensure shall be granted an entrance license.

Subp. 12. Review and modification. The Board of Teaching shall periodically review the examination system to determine whether the system meets the requirements of this part. Modifications by the Board of Teaching in the adoption of examinations or the minimum passing scores shall be published in the State Register. The modifications are effective for administration of the examinations 30 days after publication.

8700.0300 SUBSTITUTE TEACHERS.

Subpart 1. Long call teacher. A long call substitute teacher is one who teaches for 15 or more consecutive days in a single classroom or teaching assignment. Long call substitute teachers shall hold an entrance or continuing license to teach for each licensure area taught.

Subp. 2. Short call teacher. A short call substitute license to teach permits teaching on a day-to-day basis not to exceed 15 consecutive days in a single classroom or teaching assignment. It expires five years from the July 1 nearest the date the license is issued and must be issued to a previously licensed applicant in the field in which Minnesota continuing licensure was held.

8700.0400 PROCEDURES FOR ISSUANCE OF LIFE LICENSES.

Any teacher currently holding a valid license to teach granted by the Board of Teaching having a minimum of five years teaching experience in Minnesota, who was actually employed as a classroom teacher or other similar professional employee on a regular contract in any one of three years immediately preceding July 1, 1969, may apply for and receive a life license for those grades, subjects, and fields for which Minnesota licensure was held prior to July 1, 1969, upon payment of a processing fee set by the Board of Teaching. The application shall be in writing on a life license application form addressed to: Minnesota Department of Children, Families, and Learning, Personnel Licensing Section, Sixth Floor, Capitol Square Building, 550 Cedar Street, St. Paul, Minnesota 55101.

Life license application forms may be obtained from: Minnesota Department of Children, Families, and Learning, Personnel Licensing Section, Sixth Floor, Capitol Square Building, 550 Cedar Street, St. Paul, Minnesota 55101, (612) 296-2046.

8700.0500 ISSUANCE, RENEWAL, AND VALIDITY OF ALL LICENSES.

All licenses to teach shall be issued or renewed according to Minnesota Statutes, section 125.05, and criteria established in rules of the Board of Teaching and shall be valid for the period of time specified in rules of the Board of Teaching:

A. a limited license expires one year from the July 1 nearest the date the license is issued;

B. an entrance license expires two years from the July 1 nearest the date the license is issued;

C. a continuing license expires five years from the July 1 nearest the date the license is issued; and

D. a provisional license expires either one or two years, depending on the period of time specified in the specific rule, from the July 1 nearest the date the license is issued.

All licenses to teach shall bear the date of issue and the date of expiration and may be renewed on or before July 1 in the year of expiration.

After July 1 in the year of expiration, all licenses to teach not renewed shall be deemed expired and no longer valid for teaching.

8700.0501 PROCEDURES FOR VOLUNTARY SURRENDER OF TEACHING LICENSES.

Subpart 1. **Materials required to surrender license.** A person holding a teaching license granted by the Board of Teaching may voluntarily surrender the license by submitting to the executive secretary of the Board of Teaching the following:

A. a written request to surrender which specifies the teaching license or licenses to be surrendered;

B. the applicant copy of the teaching license;

C. the school district copy of the license, together with a written statement that the employing school superintendent has been notified that the school district copy of the license has been removed from the school district files; and

D. the required processing fee set forth in part 8700.0600.

Subp. 2. **Surrender date.** When the executive secretary receives the materials listed in subpart 1 by January 1, the date of surrender is July 1 of that year. When the materials are received after January 1, the date of surrender is July 1 of the following calendar year. An applicant may revoke the request. The revocation must be made in writing to the executive secretary no later than December 31 of the year in which the request for voluntary surrender is received by the executive secretary.

Subp. 3. **When surrender is prohibited.** A person may not voluntarily surrender a license if any of the following exists:

A. the school board has commenced proceedings to terminate the continuing contract, pursuant to Minnesota Statutes, section 125.12, subdivision 6 or 8, or 125.17, subdivision 4;

B. the Board of Teaching has commenced proceedings to suspend or revoke the license pursuant to Minnesota Statutes, sections 125.09 and 214.10 or part 8700.7500; or

C. any educational agency or board has commenced proceedings which could result in alteration of the status of the teaching license due to the person's conduct.

Subp. 4. **Entrance license after surrender.** A person whose Minnesota teaching license has been voluntarily surrendered may apply for entrance licensure in the subject or field for which licensure was previously surrendered. An entrance license shall be granted to the applicant if the following criteria are met:

A. a licensure rule exists in the subject or field for which licensure was previously surrendered;

B. the applicant meets the entrance licensure standards which are in effect in the subject or field at the time of application and meets procedures set forth in Board of Teaching rules applicable to an entrance license; and

C. the required processing fee set forth in part 8700.0600 accompanies the application for entrance licensure.

Subp. 5. **Construction of rule.** Nothing in subparts 1 to 4 shall prohibit a person from holding or applying for a license in any subject or field upon surrender of a license in another subject or field.

Statutory Authority: *MS s 125.05; 125.185*

History: 8 SR 244; 15 SR 2267

8700.0502 PROVISIONAL LICENSES; TEACHING IN UNLICENSED SUBJECTS OR FIELDS.

Subpart 1. **Authority to issue provisional licenses; scope of rule.** The Board of Teaching may issue provisional licenses that permit a teacher to teach in related subjects or fields for which the teacher is not currently licensed. This part applies only to those subjects or fields for which provisional licensure is not specifically authorized by license rules.

Subp. 2. **Criteria for issuance.** The Board of Teaching shall issue provisional licenses authorized by subpart 1 if it finds that the following conditions are met:

A. the superintendent of schools of the employing school district requests a provisional license under this part and Minnesota Statutes, section 125.05, subdivision 6;

B. the superintendent of schools of the employing school district verifies in writing that:

(1) no teacher holding a teaching license in a subject or field for which a provisional license is requested has applied for the vacant position which has been advertised at least statewide, and found to be acceptable for employment; and

(2) no teacher holding a teaching license in the subject or field for which a provisional license is requested has been placed on unrequested leave by the school district and wishes to resume teaching in that subject or field; and

C. the teacher for whom the request is made holds a current Minnesota license granted by the Board of Teaching valid for teaching in another subject or field; and

D. the teacher for whom the provisional license is requested has completed a minimum of 15 quarter credits of the approved licensure program in the subject or field for which a provisional license is requested and has been recommended for provisional licensure by the college or university maintaining the approved program.

Subp. 3. **Application procedure.** The applicant must submit a completed endorsement application containing the verification required in subpart 2, official transcripts, and the required processing fee.

Subp. 4. **Duration of provisional license.** A provisional license issued under this part is valid for no more than two school years and is nonrenewable.

8700.0600 FEES.

Effective July 1, 1983, each application for the issuance and/or renewal of a license to teach shall be accompanied by a processing fee in the amount of \$40. The fees shall be paid to the commissioner of children, families, and learning who shall deposit them with the state treasurer, as provided by law, and report each month to the commissioner of finance the amount of fees collected.

The fee shall be nonrefundable for applicants not qualifying for a license, except the fee is refundable when the applicant for a license already holds the license for which application is made and that license does not expire in the year the application is submitted.

8700.0700 PROCEDURES FOR THE REVOCATION OR SUSPENSION OF ALL TEACHING LICENSES.

Subpart 1. **Statutory requirements.** Licenses shall be revoked or suspended pursuant to the provisions of Minnesota Statutes, sections 125.09, and 125.185, or part 8700.7500.

Subp. 2. Revocation. Revocation shall include the cancellation or repeal of a teaching license and/or renewal privilege. Revocation shall disqualify a person from teaching, or performing any other function, which is permitted on the basis of holding a license issued pursuant to the rules of the Board of Teaching. Revocation shall be final, except that a person whose license has been revoked may petition the Board of Teaching for a license pursuant to part 8700.0800, subpart 1.

Subp. 3. Suspension. Suspension shall include the temporary withdrawal of a teaching license and/or renewal privilege. Suspension shall disqualify a person from teaching or performing any other function which is permitted on the basis of holding a license issued pursuant to the rules of the Board of Teaching. The length of each suspension and any terms and conditions attached thereto shall be determined by the Board of Teaching upon the consideration of the following factors:

- A. the activity of the individual which led to the license suspension; and
- B. any relevant mitigating factors which the individual may interpose on the individual's behalf; and
- C. the prior teaching record of the individual; and
- D. other similar factors.

Unless otherwise provided by the Board of Teaching, a revocation or suspension applies to each license or renewal privilege held by the individual at the time final action is taken by the Board of Teaching. A person whose license or renewal privilege has been suspended or revoked shall be ineligible to be issued any other license by the Board of Teaching during the pendency of the suspension or revocation.

History: *17 SR 1279*

8700.0800 ISSUANCE OR REINSTATEMENT OF A LICENSE AFTER A REVOCATION OR SUSPENSION.

Subpart 1. After revocation. A person whose teaching license or renewal privilege has been revoked by the Board of Teaching may apply for and shall be granted an entrance license upon presentation of competent evidence that all terms and conditions which the board may have imposed have been fulfilled, and upon meeting current licensure standards.

Subp. 2. After suspension. A person whose teaching license or renewal privilege has been suspended by the Board of Teaching may apply for reinstatement of that license in one of the following manners:

A. If the suspended license was an entrance license which has lapsed during the suspension, that license will be reinstated upon proper application after the period of suspension has expired and upon presentation of competent evidence that all terms and conditions which the board may have imposed have been fulfilled, provided that the applicant has had less than one year of teaching experience while holding the entrance license. If the applicant has gained a year or more of teaching experience on the entrance license prior to the suspension and the license has lapsed during the suspension, a five-year continuing license shall be granted after all other conditions stated in this provision have been met.

B. If the suspended license was an entrance license which has not lapsed during the suspension, the person may resume teaching for whatever period of time remains on that license after the period of the suspension has expired and upon presentation of competent evidence that all terms and conditions which the board may have imposed have been fulfilled.

C. If the suspended license was a continuing license which has not lapsed during the period of the suspension, the person may resume teaching for whatever period of time remains on the continuing license after the suspension has expired and upon presentation of competent evidence that all terms and conditions which the board may have imposed have been fulfilled.

D. If the suspended license was a continuing license which lapsed during the period of the suspension, the person may apply for another continuing license which shall be granted provided that the suspension has expired and upon presentation of competent evidence that all terms and conditions which the board may have imposed have been fulfilled, and further provided that current continuing education requirements have been completed.

E. If the suspended license was a life license, the person may resume teaching after the period of the suspension has expired and upon presentation of competent evidence that all terms and conditions which the board may have imposed have been fulfilled.

CONTINUING EDUCATION RELICENSURE

8700.0900 CONTINUING LICENSE.

Subpart 1. **Scope.** The provisions of parts 8700.0900 to 8700.2300 apply only to persons licensed by the Board of Teaching.

Subp. 2. **Issuance requirements.** An applicant who is not eligible for a continuing license or an applicant whose continuing license has lapsed shall meet the provisions of part 8700.0200 for issuance of a license.

Subp. 3. **Issuance of continuing license.** A continuing license, valid for five years, shall be issued to an applicant who holds a valid entrance license and who has met the requirements for the issuance of the continuing license as set forth in rules of the Board of Teaching.

Subp. 4. **Renewal of continuing license.** A license renewal period begins on July 1 of the year of expiration. Applications for renewal are accepted for processing by the Department of Children, Families, and Learning after January 1 of the year of expiration. Pursuant to procedures specified in parts 8700.0900 to 8700.2300, a valid continuing license shall be renewed for a subsequent period of five years when an applicant presents evidence of having been granted 125 clock hours by the local continuing education/relicensure committee during the five year period immediately preceding the date on which the required renewal is to be made effective.

Subp. 5. **Transition from renewal units to clock hours.** Renewal units that have been granted by local continuing education/relicensure committees shall be allocated toward clock hours for renewal. For every one renewal unit granted by the local continuing/relicensure committee for experiences completed before August 31, 1987, one clock hour of continuing education shall be granted. Persons who have been granted 120 renewal units by a local continuing education/relicensure committee before August 31, 1987, shall be permitted to renew their license for one five year period based on completion of the renewal unit requirement.

8700.1000 CLOCK HOURS.

Subpart 1. **Definition.** "Clock hour" means an hour of actual instruction, supervised group activities, or planned individual professional development.

Subp. 2. **Allocation of clock hours.** In each five year relicensure period, a minimum of 90 clock hours of the required 125 clock hours of continuing education must be earned from among the categories in subpart 3, items A to D. At least 45 of the 90 clock hours must be earned in programs that are consistent with local continuing education committee goals if the programs are locally available. A maximum of 35 clock hours may be earned from among the categories in subpart 3, items E to G.

Subp. 3. **Categories for allocation.** Categories for which clock hours shall be granted by the local committee, and for which clock hours may be granted to applicants, are listed in items A to G. Verification of completion of experiences must be submitted by the applicant to the local committee. Clock hours must be earned in two or more of the categories listed in items A to G:

- A. relevant course work completed at accredited colleges and universities;
- B. educational workshops, conferences, institutes, seminars, or lectures in areas appropriate to licenses held;
- C. staff development activities, in service meetings, and in service courses;
- D. building, district, regional, state, national, or international curriculum development;

E. professional service in the following areas:

- (1) supervision of clinical experiences of persons enrolled in teacher licensure programs;
- (2) membership on national, state, and local committees involved with licensure, teacher education, or professional standards;
- (3) participation in national, regional, or state accreditation;

F. leadership experiences in the following areas:

- (1) development of new or broader skills and sensitivities to the school, community, or profession;
- (2) publication of professional articles in a professional journal in an appropriate field;
- (3) volunteer work in professional organizations related to the areas of licensure held; and

G. opportunities to enhance knowledge and understanding of diverse educational settings in the following areas:

- (1) experiences with students of another age, ability, culture, or socioeconomic level;
- (2) systematic, purposeful observation during visits to schools and to related business and industry;
- (3) travel for purposes of improving instructional capabilities related to the field of licensure;
- (4) work experience in business or industry appropriate to the field of licensure.

Subp. 4. Maximum allocation. The local committee shall grant clock hours and allow accumulation of clock hours under parts 8700.0900 to 8700.2300. Maximum clock hour allocations must be made under items A to C:

A. Relevant course work must be rated at 15 clock hours for each quarter credit earned, and 20 clock hours for each semester credit earned.

B. Subpart 3, items B to D, must be rated up to one clock hour for each hour of participation by the local continuing education/relicensure committee, in accordance with the local guidelines established under part 8700.1100.

C. Subpart 3, items E to G, must be rated at one clock hour for every three hours of participation by the local continuing education/relicensure committee in accordance with the local guidelines established under part 8700.1100.

(1) Supervision of clinical experiences of persons enrolled in teacher licensure programs for one quarter or one semester equals ten clock hours. No more than 30 clock hours may be granted in a five year relicensure period for supervision.

(2) One week of travel for purposes of improving instructional capabilities equals ten clock hours. No more than 30 clock hours may be granted in a five year relicensure period for travel.

Subp. 5. Experience for clock hour credit. Experiences for clock hour credit must aid the applicant in maintaining and improving general, academic, or professional qualifications. Except for subpart 3, item G, subitem (1), teaching experiences for which licensure is required shall not qualify for clock hour credit.

Subp. 6. Period for earning clock hours. An applicant requesting renewal of a license to teach must earn a minimum of 125 clock hours during each five year licensure period from July 1 of the year of issuance to June 30 of the year of expiration. An applicant may not bank clock hours for purposes of relicensure.

Subp. 7. Evaluation of further education. In cases where local school board policies require further education on a periodic basis, such education shall be evaluated in the same manner as other experiences and may apply as clock hours.

Subp. 8. Renewal of license for two or more areas. An applicant who seeks renewal of a continuing license for two or more areas should allocate at least 30 clock hours to each of the licensure areas for a total of no fewer than 125 clock hours, with priority given to work in

areas where the candidate is employed during the licensure period. Those candidates possessing administrative licensure may allocate clock hours for the renewal of teaching licensure in this same manner.

8700.1100 LOCAL COMMITTEES FOR CONTINUING EDUCATION AND RELICENSURE.

Subpart 1. Membership. A local committee as authorized by Minnesota Statutes, section 125.185, subdivision 4 shall be established in each Minnesota public school district with membership as follows:

A. Five persons licensed by the Board of Teaching who hold at least a baccalaureate degree, to be elected by the licensed teaching faculty. Nominations may be by building, grade level, or other appropriate categories, provided that all eligible persons have a fair and equitable chance for nomination. Proportionate representation is encouraged.

B. One licensed person who holds an administrator's license, representing the elementary and secondary administration, to be elected by the licensed practicing administrators employed by the district.

C. One resident of the district who is not an employee of the district, to be designated by the local school board. School board members are not considered to be employees of the district.

Subp. 2. Notice of election; election. All members of an appropriate voting group shall be notified of the date of the election at least five days prior to the election. The election shall be held at a convenient time and place and shall be by secret ballot.

Members of the local committee shall be elected in May of each year for terms to begin no later than the following September 1. The term of office of members of the local committee shall be two years.

Subp. 3. Continuing education committee. In districts where either teachers or administrators with the specified qualifications are not available for service on the local committee, the superintendent will report the situation to the Board of Teaching who shall make special provisions for establishing a continuing education committee.

Subp. 4. Organizational meeting. The local committee shall hold its organizational meeting no later than September of each year. At the organizational meeting the local committee shall elect a chair and secretary whose duties shall be established by the local committee.

Subp. 5. School district assistance. Up to three days per month may be provided by the local school district to each local committee member to attend local committee meetings.

Clerical assistance and supplies as requested by the local committee may be provided by the local school district in sufficient amount to enable the local committee to comply with the recordkeeping and reporting required by parts 8700.0900 to 8700.2300.

Subp. 6. Quorum; calling meetings. A quorum shall be more than 50 percent of the total voting membership of the committee. A majority vote of those voting members present shall be sufficient to take action. Meetings may be called by the chair of the committee or by written request of three or more of the members. Notice of meetings shall be provided to each member of the committee at least five days prior to the date of the meeting, and shall be posted or otherwise advertised in such a manner as to provide reasonable notice to those teachers subject to the actions of the committee.

Subp. 7. Duties. The duties of the local committee are as follows:

A. Set procedures for its own operation:

(1) Establish written guidelines which set time, place, and procedures for local committee meetings; set procedures for local committee operations, including a procedure for emergency approval during periods when the committee is not regularly meeting; and determine clock hours to be allocated for each category enumerated in part 8700.1000, subpart 3 in accordance with the maximum clock hour allocations stipulated in part 8700.1100, subpart 4;

(2) Make the guidelines available to persons interested in or affected by decisions of the local committee, together with a list of the current local committee membership; and

(3) Hold a hearing annually to allow the teachers in the district to review proposed or revised guidelines established by the local committee. It is recommended that this hearing be held in the fall.

A working draft of local guidelines and proposed revisions shall be made available prior to the local hearing.

The local committee shall schedule the hearing at a time and place which is convenient for those interested in or affected by the guidelines to be able to attend.

Adequate and proper notice shall be given to all such persons within the district.

All local committee members should be present at the hearing.

The hearing shall continue until all persons who wish to speak have had an opportunity to do so.

Although input received at the hearing is not binding, the local committee is encouraged to modify its guidelines, insofar as modifications are consistent with parts 8700.0900 to 8700.2300, if the information received during the hearing indicates that changes are necessary or desirable.

B. Provide recommendations to the Board of Teaching for the renewal of teaching licenses as provided in Minnesota Statutes, section 125.185, subdivision 4:

(1) Make recommendations regarding the issuance of the first continuing license by verifying one year of successful teaching experience for individuals on an entrance license. Successful teaching shall be determined by satisfying one or more of the following three criteria: a teacher receives an offer of a contract for the ensuing year; a teacher gains tenure or acquires a continuing contract; or supportive evidence is presented from supervisory personnel, professional colleagues, and/or administrators.

This experience shall be verified by the local committee chair or designee, whose name shall be on file with the manager of licensing.

(2) Act, within a reasonable time, upon requests for recommendation for renewal of the continuing license by determining whether the applicant has met the requirements of parts 8700.0900 to 8700.2300.

(3) Endorse the application for renewal of the continuing license of each qualified applicant. The applicant shall assume the responsibility for forwarding the endorsed application to the manager of licensing.

(4) Provide supporting evidence to the Board of Teaching when an appeal is taken from a decision of the local committee.

C. Forward to the Board of Teaching the following information in accordance with due dates set forth in this rule:

(1) Prior to November 1 of each year, verification of the current membership of the local committee.

(2) Prior to November 1, 1980, and every five years thereafter, a copy of the published local committee guidelines. At such time that substantial changes are made in local guidelines, a revised copy of these guidelines shall be forwarded to the Board of Teaching.

(3) During February of each year, any recommendations for modifications in parts 8700.0900 to 8700.2300, based upon an evaluation of procedures and criteria or granting clock hours.

D. Provide those services and reports that may be required from time to time by the Board of Teaching.

E. Provide recommendations to appropriate personnel concerning the in-service needs of the district.

8700.1900 LOCAL COMMITTEES IN NONPUBLIC SCHOOLS.

Subpart 1. **Nonpublic school only.** Licensed personnel in a nonpublic school may establish a local committee for the same purpose as local committees established by public

school districts. Licensed personnel in two or more nonpublic schools may combine to form a local committee upon the agreement of 70 percent of the licensed personnel in each school. The chair of the committee shall submit to the director of licensing, on an annual basis no later than November 1 of each year, verification of the membership of the committee and verification of the school or schools whose personnel have established the committee.

Subp. 2. Nonpublic and public schools. Licensed personnel in one or more nonpublic schools may join with an appropriate public school district in the establishment of a local committee, provided that 70 percent of the licensed personnel from each nonpublic school and 70 percent of the licensed personnel employed by the public school district agree to such a committee. The superintendent of the district shall submit to the director of licensing verification of the membership of the committee and verification of the nonpublic schools whose personnel have joined in the establishment of the committee.

Subp. 3. Committee conduct. Insofar as possible, the committees authorized in subparts 1 and 2 shall be established and shall function in the same manner as provided in parts 8700.0900 to 8700.2300 for committees of public school districts and in such way as to provide fair representation for all licensed personnel and objective evaluation of requests for renewal of licenses.

8700.2200 RIGHT OF APPEAL.

Subpart 1. Appeal to local committee. When an applicant has not been granted the requested number of clock hours by a local continuing education/relicensure committee, an appeal may be made to the local committee. An applicant must appeal to the local committee within 20 working days after notification of the decision of the local committee. Failure to file a written request with the local committee for an appeal within 20 working days constitutes a waiver of the individual's right to appeal.

Subp. 2. Appeal to Board of Teaching. Decisions by a local committee for continuing education/relicensure denying the appeal may be appealed to the Board of Teaching by the applicant according to the provisions of part 8700.2500.

Subp. 3. **Nonendorsement of application by local committee.** In cases where the applicant has not been granted the required number of clock hours for relicensure, local committees shall not endorse the application for renewal of the continuing license.

Subp. 4. **Appellant's duty to inform manager of licensing loss.** In the event that the clock hours under appeal result in loss of licensure, it shall be the responsibility of the appellant to inform the manager of licensing of such loss of licensure. The manager of licensing shall extend the previous continuing license until all avenues of administrative appeal have been exhausted.

LETTERS OF APPROVAL; APPEAL

8700.2400 LETTERS OF APPROVAL.

Subpart 1. **Authority to issue letters.** The Board of Teaching hereby authorizes the issuance of letters of approval which permit a teacher to teach in related subjects or fields for which such teacher is not currently licensed. The superintendent of schools of a local school district may request the manager of the personnel licensing section of the Department of Children, Families, and Learning to issue a letter of approval which permits a teacher to teach subjects or fields for which that teacher is not currently licensed.

Subp. 2. **Criteria for issuance.** Letters of approval authorized by subpart 1 shall be issued to superintendents of schools if the Board of Teaching finds that the following conditions are met:

A. the superintendent of schools requests a letter of approval in accordance with the provisions of this part;

B. the superintendent of schools verifies that a fully licensed teacher is not available for the position, and no teacher holding a teaching license in the subject or field for which the letter of approval is requested has been placed on unrequested leave by the school district who wishes to resume teaching in that subject or field; and

C. the teacher for whom the request is made holds a current valid Minnesota license granted by the Board of Teaching.

Subp. 3. **Duration of letters of approval.** A letter of approval shall be valid for a period not to exceed one school year.

Letters of approval shall be renewed for a period not to exceed one school year provided that:

A. the teacher for whom the request is made has completed at least six quarter hours of college credit since the last letter of approval was granted in an approved licensure program in the subject or field for which the approval letter was issued; and

B. the superintendent of schools requests a letter of approval in accordance with subpart 2.

Subp. 4. **Written reasons for granting or denying letter.** The manager of the personnel licensing section of the Department of Children, Families, and Learning shall state in writing to the superintendent of schools the reasons for granting or denying the letter of approval requested pursuant to the provisions of this part.

TEACHER EDUCATION CURRICULUM

8700.2700 HUMAN RELATIONS COMPONENTS IN ALL PROGRAMS LEADING TO LICENSURE IN EDUCATION.

Subpart 1. **Requirement.** All applicants for licenses in education to be issued or renewed either on or after July 1, 1973, shall have completed a training program containing human relations components. Such components shall have been approved by the Board of Teaching.

Subp. 2. **Necessary evidence.** Human relations components of programs which lead to licensure in education will be approved upon submission of evidence:

A. showing that the human relations components have been developed with participation by members of various racial, cultural, and economic groups:

B. showing that the human relations components are planned to develop the ability of applicants to:

(1) understand the contributions and life styles of the various racial, cultural, and economic groups in our society;

(2) recognize and deal with dehumanizing biases, discrimination, and prejudices;

(3) create learning environments which contribute to the self-esteem of all persons and to positive interpersonal relations; and

(4) respect human diversity and personal rights;

C. relating all of the areas enumerated in subpart 2, item B to specific competencies to be developed; and

D. indicating means for assessment of competencies.

Subp. 3. **Variations in programs.** Programs shall be approved which vary in curricular design provided that program components meet the requirements in subparts 1 and 2, and that these components provide education personnel who are recommended for licensure with the knowledge, skills, and understandings specified in rules for each licensure area. When the term competency is used, it is understood that other appropriate terms which refer to learning outcomes may be substituted. Examples of such terms are knowledge, skills, and understandings.

8700.2800 [Repealed, 6 SR 1023]

8700.2810 TEACHER EDUCATION CURRICULUM.

Subpart 1. **In general.** This part is designed primarily to assist Minnesota institutions approved to prepare persons for teacher licensure and their teacher education units with redesigning teacher education programs consistent with the goal of developing effective teachers.

By complying with this part, each institution approved to prepare persons for teacher licensure may shape its own autonomous reconfiguration by using approaches consistent with its stated mission and purpose.

Subp. 2. Program development and implementation.

A. Teacher education programs must be based on a statement of philosophy that includes a concept of effective teachers. The statement must be developed with involvement of various groups, which may include teacher education faculty, liberal arts faculty, classroom teachers, students, community members, and representatives of professional organizations. The concept of effective teachers must form the basis for the curriculum which includes a liberal arts component; knowledge of the discipline; and dispositions, skills, and knowledge for teaching.

B. Teacher education programs must be based on the study of a variety of educational theories including knowledge and understanding of the foundations of history, philosophy, sociology, and politics of education, and the application of this knowledge and understanding in clinical settings.

C. Teacher education programs must be results oriented, based on essential knowledge, current research, and sound professional practice. Programs must focus on the dispositions, skills, and knowledge beginning teachers need to be effective. Expected dispositions of beginning teachers must stem from the concept of effective teachers. The identified dispositions provide the basis for the range of skills needed by beginning teachers. The knowledge necessary for building the skills is then defined.

D. Teacher education programs must include regular and systematic experiential activities that relate to the acquisition of dispositions, skills, and knowledge. Throughout the teacher education program, future teachers shall:

(1) engage in regular and systematic observation, reflection, and feedback using a variety of methods in clinical and field settings, in small and large groups of learners, in a wide range of real or simulated settings;

(2) have regular and systematic practice and use of technology and data-based information systems;

(3) routinely integrate methods of analysis and problem solving in all field experiences and practices; and

(4) engage in field experiences that are clustered within a limited number of cooperating schools.

Subp. 3. Program outcomes.

A. Dispositions. Faculty at each institution shall establish a set of experiences involving personal, programmatic, and clinical components that foster dispositions for beginning teachers toward: self and others, learners, learning, teaching, knowledge, the education profession, and institutions.

In all instances, teacher education programs shall foster knowledge and understanding to assure that beginning teachers are aware of and sensitive to handicapping conditions and issues of multicultural education and gender fairness.

B. Skills. Teacher education programs shall assure that beginning teachers possess and can demonstrate individually and in groups the skills listed in this item with all students including the gifted and talented and those with special needs.

(1) Intellectual skills:

(a) demonstrate competence in the use of speaking, listening, reading, writing, and mathematics skills; and

(b) demonstrate competence in the use of a range of thinking skills.

(2) Assessment skills:

(a) systematically observe and interpret the dynamics of learner behavior;

(b) identify levels of readiness relative to student learning and development and levels and sources of learner motivation; and

(c) identify student learning styles, strengths, and needs and relevant aspects of learner background and experience.

(3) Planning skills:

(a) define the purpose, goals, and objectives of learning based on learner assessment, curriculum content, and knowledge of learning effectiveness research;

(b) translate goals into integrated curricular objectives, and select learning materials, activities, and strategies to achieve learning objectives for each learner; and
 (c) plan and design evaluation tools and strategies for assessing learner outcomes.

(4) Instructional skills:

(a) use multiple teaching and learning strategies consistent with research findings;
 (b) communicate clear, individually appropriate learning expectations to students;
 (c) establish and maintain active learner participation;
 (d) use questioning skills to develop learner participation and thinking;
 (e) provide feedback to support, critique, and expand learner expression in speaking, writing, and thinking;
 (f) foster critical and divergent thinking and problem solving among learners;
 (g) involve parents and guardians in student learning development; and
 (h) use state of the art communication technology and information systems.

(5) Classroom management skills:

(a) provide clear and appropriate behavioral expectations and establish corresponding rules and routines;
 (b) identify and diagnose causes of socially acceptable and unacceptable behaviors in the learning environment;
 (c) recognize and respond to opportunities for fostering learner self-discipline;
 (d) employ strategies to alter the physical and social-emotional climate of the learning environment to promote desired social development; and
 (e) demonstrate courtesy and respect for others, enthusiasm for learning, self-discipline and control, and consistency between intention and action.

(6) Evaluation skills:

(a) monitor and evaluate student learning through a variety of methods;
 (b) monitor and evaluate one's own dispositions, behavior, and instructional strategies in relation to student achievement and behavior; and
 (c) modify curriculum, learning objectives, plans, and instructional behavior based on evaluation results.

(7) Change agent skills:

(a) identify means by which teachers can act as agents of change for self and institution;
 (b) demonstrate the ability to work effectively in groups seeking change; and
 (c) provide illustrations of how change can be initiated within an organization.

C. Knowledge. Teacher education programs shall assure that beginning teachers possess and can demonstrate knowledge in areas listed in this item.

(1) Knowledge about people:

(a) demonstrate knowledge of philosophical beliefs and ethical values that shape societies and the impact educational systems have on the evolution of these beliefs and values;
 (b) understand how social organizations function and influence people and how people influence organizations;
 (c) comprehend the challenges and the opportunities facing people in culturally diverse societies;
 (d) comprehend the challenges and the opportunities facing academically diverse populations;

- (e) understand how to work with people in complex social settings; and
 - (f) make informed judgments regarding issues of professional ethics.
- (2) Knowledge about cultures:

PREKINDERGARTEN, ELEMENTARY, MIDDLE SCHOOL TEACHERS

8700.2900 ELEMENTARY SCHOOL CLASSROOM TEACHERS, GRADES 1 TO 6.

Subpart 1. Requirement. All candidates recommended for licensure as elementary school classroom teachers (grades 1 to 6) shall hold a baccalaureate degree and shall have satisfactorily completed a program leading to the licensure of elementary school classroom teachers which has been approved by the Board of Teaching.

Subp. 2. General or liberal studies component. Each program leading to the licensure of elementary school classroom teachers (grades 1 to 6) submitted to the Board of Teaching for approval shall include a general/liberal studies component consisting of at least one-third of the baccalaureate degree requirement of the institution. The general/liberal studies component shall be designed to provide candidates recommended for licensure as elementary school classroom teachers (grades 1 to 6) with knowledge, skills, and understandings within each of the following categories of this component:

A. Symbolics of information, which must include three areas within this category such as, but not limited to, composition, public speaking, languages, linguistics, history and structure of the English language, logic, and mathematics. The area of mathematics is required of all candidates recommended for licensure as elementary school classroom teachers.

B. Humanities, which must include three areas within this category such as, but not limited to, music, art, theatre, literature, and philosophy.

C. Natural and social sciences, which must include four areas within the category of natural and social sciences. At least one area of natural science such as, but not limited to, life science, earth science, and physical science is required of all candidates recommended for licensure as elementary school classroom teachers. At least one area of social science such as, but not limited to, anthropology, economics, geography, history, political science, psychology, sociology, and interdisciplinary studies is required of all candidates recommended for licensure as elementary school classroom teachers.

Subp. 3. Professional education component. Each program leading to the licensure of elementary school classroom teachers (grades 1 to 6) submitted to the Board of Teaching for approval shall include a professional education component designed to provide candidates recommended for licensure with basic knowledge, skills, and understandings in all of the following: foundational studies, organization and management of instruction, content and methods, pre-student teaching and student teaching experiences, and the profession of teaching.

A. Foundational studies. This category consists of basic knowledge which underlies the study of education and teaching. It includes all of the following:

(1) the study of child growth and development from early childhood through early adolescence, including typical and atypical patterns of development;

(2) the study of the learning process, with emphasis on physical, intellectual, emotional, and social differences in students as influenced by various cultures and family life styles; and

(3) the study of education and the school as an institution in the context of a changing pluralistic society.

B. Organization and management of instruction. This category consists of basic knowledge, skills, and understandings for planning, implementing, and evaluating instruction for all students within a classroom. It includes all of the following:

(1) development of differentiated instructional strategies and techniques and the application of these strategies and techniques to unique learning styles; differing physical, emotional, mental capabilities; and differing environments and cultures;

(2) skills to assess, diagnose, prescribe, evaluate, and report individual student achievement;

(3) organizational, management, and communication skills and strategies to facilitate individual and group learning, including development of positive self-concepts and group dynamics;

(4) selection, utilization, and evaluation of a variety of instructional technologies, community resources, and print and nonprint instructional media;

(5) development of skills to integrate elementary curriculum areas;

(6) implementation of instruction within school organizational patterns including the recognition of differentiated roles, responsibilities, and tasks of school personnel;

(7) implementation of techniques to evaluate the curriculum and instructional strategies utilized; and

(8) first aid training.

C. Content and methods. This category consists of basic knowledge of content, materials, and scope and sequence of K to 6 curriculum and of skills necessary to teach in the elementary schools, including provision for individual differences of students, in all of the following curriculum areas:

(1) art: to promote artistic development through knowing about, responding to, and producing art;

(2) communication skills:

(a) language arts: to provide for the development and integration of listening, speaking, handwriting, spelling, language usage, and creative and practical writing;

(b) literature: to provide for the development of reading interests and appreciation of literature through exposure to types of children's literature and modes of presentation, including storytelling;

(c) reading: to provide for the development of pre and basic reading skills and the diagnosis and correction of reading difficulties;

(d) application of language arts and reading to elementary curriculum areas;

(3) health: to promote attitudes and habits necessary to safe and healthful living;

(4) mathematics: to provide for the development of basic arithmetic operations, problem-solving skills, measurement techniques, including the metric system, geometric concepts, and computing devices;

(5) music: to sing, play, and conduct simple rhythm patterns and melodies; develop creative patterns for dancing and movement; provide for playing, making, and utilizing musical instruments; and begin exposure to musical heritage;

(6) physical education: to provide experiences that promote physical and motor growth and development; team, individual, and lifelong physical activities;

(7) science: to develop processes of scientific inquiry for topics within school science curricula;

(8) social studies: to develop processes of gathering, organizing, reporting, and interpreting social science data;

(9) interdisciplinary studies: emerging topics of an interdisciplinary nature which may include, but are not limited to, environmental education, career education, family life education, and death education.

D. Pre-student teaching and student teaching experiences. This category consists of cooperative experiences between teacher preparation institutions and classroom teachers in a school setting in grades 1 to 3 and in grades 4 to 6 in which theory and practice are combined. It includes all of the following:

(1) a series of formal observations of teaching and directed instructional experiences in an elementary school, prior to student teaching, which shall begin early in the professional education component;

(2) student teaching, which shall consist of full school day experiences for one academic quarter or the equivalent thereof in an elementary school in which the student teacher assumes responsibility for the management of the classroom and the implementation of the complete program for all students within a classroom for a minimum of one week. Full school day experience is defined as a normal load for a teacher in the school in which the student teaching takes place.

E. The profession of teaching. This category consists of basic knowledge of the professional responsibilities of a teacher, both within and beyond the instructional setting, and includes all of the following:

(1) a minimum level of proficiency in the written English language;

(2) skills necessary to communicate and interact with staff members, resource personnel, parents, and other members of the community in order to meet the individual needs of students;

(3) skills to evaluate self and peer teaching performance;

(4) responsibilities of the individual teacher to clients served, to the employing school district and its administration, and to the teaching profession;

(5) legal rights of students, parents, administrators, school boards, and teachers;

(6) essential statutes, rules, and legal procedures affecting the preparation and licensure/relicensure of teachers and the teacher as a public employee; and

(7) purposes of the major education professional organizations and learned societies and their contributions to education and the education profession.

Subp. 4. **Institutional requirement.** An institution applying to the Board of Teaching for approval of its elementary school classroom teacher preparation program (grades 1 to 6) shall meet the provisions of part 8700.7700. In addition, institutions are also authorized to submit for approval elementary school classroom teacher preparation programs (grades K to 6) provided such programs meet the provisions of this rule and the provisions of part 8700.3000.

Subp. 5. [Repealed, 15 SR 2267]

Subp. 6. **Continuing licensure.** The continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing licensure.

Subp. 7. **Effective date.** This part is effective July 1, 1985, for all applicants for entrance licenses.

Subp. 5. **Effective date.** This part shall become effective July 1, 1984, for all entrance licenses.

Statutory Authority: *MS s 125.05; 125.185*

History: *15 SR 2267*

NOTE: This part is repealed effective August 1, 1996. See Laws 1993, chapter 224, article 12, sections 39 and 41.

8700.3400 TEACHERS IN MIDDLE SCHOOLS.

Subpart 1. **Basic requirement.** All candidates recommended for licensure as teachers in middle schools shall:

A. hold a baccalaureate degree;

B. hold a valid Minnesota license as an elementary or secondary classroom teacher; and

C. except as provided in subpart 2, satisfactorily complete a preparation program, approved by the Board of Teaching, leading to the licensure of middle school teachers, as follows:

(1) A teacher holding a valid Minnesota elementary classroom teaching license shall complete an approved program leading to the licensure of middle school teachers consisting of a minimum of 24 quarter hours or the equivalent. Such programs shall include all of the following areas:

(a) philosophy and organization of the middle school;

(b) adolescent psychology;

(c) interdisciplinary planning;

(d) special learning and behavior problems;

(e) teaching experience with adolescents; and

(f) a minimum of 12 quarter hours or the equivalent of course work in a single academic licensure field.

(2) A teacher holding a valid Minnesota secondary classroom teaching license shall complete an approved program leading to the licensure of middle school teachers consisting of a minimum of 24 quarter hours or the equivalent. Such programs shall include all of the following areas:

(a) philosophy and organization of the middle school;

(b) preadolescent psychology;

(c) developmental reading;

(d) interdisciplinary planning;

(e) remedial reading;

(f) special learning and behavior problems; and

(g) teaching experience with preadolescents.

Subp. 2. **Interpretation of rule.** Provisions of this rule shall not be interpreted to prevent a teacher from teaching in a middle school at those grade levels for which valid Minnesota classroom teaching licensure is held or to require such teacher to secure additional licensure to continue to teach at those grade levels in a middle school for which valid Minnesota classroom teaching licensure is held.

Subp. 3. **College or university programs.** Minnesota colleges and universities approved to prepare teachers and which request approval of a program according to this rule shall provide evidence that programs to prepare middle school teachers submitted for approval have been developed with participation from elementary and secondary teachers, middle school administrators, students, and interested citizens. Such programs shall also include:

A. a statement of philosophy which sets forth the view of the institution with respect to the middle school;

B. an enumeration of the specific knowledge, skills, and understandings to be developed in the proposed program;

C. a description of program components which includes statements specifically relating individual components of the program to the philosophy and outcomes enumerated under items B and C; and

D. a plan for assessing learning outcomes for individual candidates for licensure.

Subp. 4. **Collaboration of college or university with local school district.** Nothing in this part shall prohibit Minnesota colleges and universities which offer approved programs leading to the licensure of teachers in middle schools from collaborating with local school districts to develop jointly the program of instruction enumerated in subpart 1, item C, subitem (1) or (2), which will meet the needs of local school districts. Such programs must meet the requirements of the approved middle school licensure program offered by the college or university. Recommendation of candidates for licensure who complete such programs shall be the responsibility of the college or university through which the program was developed.

Subp. 5. **Evaluation of experience and preparation.** All approved programs leading to middle school teacher licensure shall include a description of the way in which practicing teachers may have their teaching experience and teacher preparation in those areas enumerated in subpart 1, item C, subitem (1) or (2), evaluated and credited by an institution maintaining an approved program leading to middle school teacher licensure. Such evaluation shall include previous teaching experience and/or previous teacher preparation.

Subp. 6. **Applicants with valid elementary or secondary entrance license.** Applicants holding a valid Minnesota elementary or secondary classroom entrance teaching license shall be issued an entrance middle school teaching license upon the completion of the requirements of subpart 1, item C, subitem (1) or (2).

Subp. 7. **Applicants with valid elementary or secondary continuing or life license.** Applicants holding a valid Minnesota elementary or secondary classroom continuing or life teaching license shall be issued a continuing middle school teaching license upon the completion of the requirements of subpart 1, item C, subitem (1) or (2).

Subp. 8. **Issuance of continuing license.** The first and subsequent continuing middle school teaching licenses shall be issued to applicants who have completed the requirements of subpart 1, item C, subitem (1) or (2) and who meet the requirements of the Board of Teaching for the issuance of the first and/or subsequent Minnesota elementary or secondary classroom continuing teaching licenses.

Subp. 9. **Persons holding valid secondary school classroom teaching license.** Persons holding a valid Minnesota secondary school classroom teaching license and who meet the requirements set forth in subpart 1 shall be granted a license to teach full-time in any middle school the subjects or fields in which secondary school licensure is held.

Subp. 10. **Persons holding valid elementary school classroom teaching license.** Persons holding a valid Minnesota elementary school classroom teaching license and who meet the requirements set forth in subpart 1 shall be granted a license to teach full-time in any middle school the subject or field in which the requirement of subpart 1, item C, subitem 1, unit (f) has been completed.

Subp. 11. **Persons holding valid secondary classroom teaching license with experience in middle school teaching.** Persons holding a valid Minnesota secondary classroom teaching license who have a minimum of three years of teaching experience in a Minnesota middle school prior to July 1, 1984, as verified by the employing school superintendent shall, upon application, be issued a license to teach full-time in any middle school those subjects or fields in which valid Minnesota secondary classroom teaching licensure is held.

Subp. 12. **Persons holding valid elementary classroom teaching license with experience in middle school teaching.** Persons holding a valid Minnesota elementary classroom teaching license who have a minimum of three years of teaching experience in a Minnesota middle school prior to July 1, 1984, as verified by the employing school superintendent shall, upon application, be issued a license to teach full-time in any middle school those subjects or fields in which this teaching experience in a Minnesota middle school was completed.

Subp. 13. **Disregard of grade level restrictions.** From July 1, 1978, until July 1, 1983, any person licensed by the Board of Teaching for any of the grade levels in a middle school where the person is assigned to teach is granted authority to teach areas and subjects specified by the duly issued licenses at any of the grade levels in the middle school regardless of grade level restrictions on the license currently held.

Subp. 14. **Effective date.** Except for subparts 10, 11, and 12, all provisions of this part shall become effective July 1, 1983.

Statutory Authority: *MS s 125.05; 125.185*

History: *L 1984 c 463 art 7 s 44,53 subd 3*

NOTE: This part is repealed effective August 1, 1996. See Laws 1993, chapter 224, article 12, sections 39 and 41.

8700.3500 [Repealed, 7 SR 821]

SECONDARY AND K-12 TEACHERS

8700.3510 SECONDARY SCHOOL TEACHERS AND TEACHERS OF KINDERGARTEN TO GRADE 12 SUBJECTS.

Subpart 1. **Scope.** All persons whose applications are received on or after July 1, 1987 for an entrance license as a secondary school teacher or teacher of kindergarten to grade 12 subject must comply with this part.

Subp. 2. **Uses of a license as secondary school classroom teacher.** A secondary school classroom teaching license shall qualify the holder to teach in any secondary school those subjects or fields in which a college major has been completed, or where the assignment is for one-half time or less during the school day, those subjects or fields in which either a college major or minor approved by the Board of Teaching which leads to licensure, has been completed. This license also qualifies the holder to teach in the seventh and eighth grades of any elementary school in those subjects or fields for which valid licensure is held.

Subp. 3. **Licensure in areas of minor preparation.** Any secondary school teacher licensed to teach after September 1, 1966, with minor preparation in a subject or field shall, within seven years after the initial licensure, acquire the minimum established by the Board of Teaching for major preparation in order to continue to be licensed to teach in the subject or field.

Subp. 4. **Licensure requirements.** All candidates recommended for licensure to teach in a secondary school or in kindergarten to grade 12 subjects shall hold a baccalaureate degree and have satisfactorily completed an approved program leading to licensure in a teaching field as prescribed in Board of Teaching rules governing secondary education and kindergarten to grade 12 subjects.

Subp. 5. **Program requirements.** Each program leading to licensure in a teaching field as prescribed in Board of Teaching rules governing secondary education and kindergarten to grade 12 subjects shall include a minimum of 27 quarter hours or the equivalent in a professional education component designed to provide candidates recommended for licensure with basic knowledge, skills, and understandings in the areas set forth in items A to D.

A. Foundational studies consist of basic knowledge which underlies the study of education and teaching. It includes all of the following:

(1) the study of human growth and development, including typical and atypical patterns of development, with emphasis on adolescent growth and development for sec-

ondary school teachers or growth and development from early childhood through adolescence for kindergarten through grade 12 teachers;

(2) the study of the learning process, with emphasis on physical, intellectual, emotional, and social differences in students; and

(3) the study of education and the school as an institution in the context of a changing pluralistic society.

B. The organization and management of instruction category consists of basic knowledge, skills, and understandings for planning, implementing, and evaluating instruction for all students within a classroom. It includes all of the following:

(1) knowledge of content, materials, and scope and sequence of curriculum, and skills necessary to teach, both including provision for individual differences of students, in each licensure field and at each licensure level for which the candidate for licensure is preparing to teach;

(2) development of differentiated instructional strategies and techniques and the application of these strategies and techniques to unique learning styles; differing physical, emotional, and mental capabilities; and differing environments and cultures;

(3) skills to assess, diagnose, prescribe, evaluate, and report individual student achievement;

(4) organizational, management, and communication skills and strategies to facilitate individual and group learning;

(5) selection, utilization, and evaluation of a variety of instructional technologies, community resources, and print and nonprint instructional media;

(6) implementation of instruction within school organizational patterns, including the recognition of differentiated roles, responsibilities, and tasks of school personnel;

(7) implementation of techniques to evaluate the curriculum and instructional strategies utilized; and

(8) knowledge of the impact of reading ability on student achievement in content areas, and skills to assist students to read more effectively in specific content areas.

C. The prestudent teaching and student teaching experiences category consists of experiences in grades 7 to 9 and in grades 10 to 12 in a school setting in which theory and practice are combined. It includes both of the following:

(1) a series of formal observations of teaching and directed instructional experiences in a school setting, prior to student teaching, which shall begin early in the professional education component; and

(2) student teaching, which shall consist of full-school-day experiences for one academic quarter or the equivalent in a secondary school in which the student teacher assumes responsibility for the management and the implementation of the complete instructional program. The student teaching experience may include student teaching in one or more licensure fields. Candidates to be recommended for licensure in kindergarten to grade 12 subjects shall complete student teaching experiences in an elementary school and in a secondary school for a minimum total of one academic quarter or the equivalent.

D. The profession of teaching category consists of basic knowledge of the professional responsibilities of a teacher, both within and beyond the instructional setting. It includes all of the following:

(1) a minimum level of proficiency in the written English language;

(2) skills necessary to communicate and interact with staff members, resource personnel, parents, and other members of the community in order to meet the individual needs of students;

(3) skills to evaluate self and peer teaching performance;

(4) responsibilities of the individual teacher to clients served, to the employing school district and its administration, and to the teaching profession;

(5) legal rights of students, parents, administrators, school boards, and teachers;

(6) essential statutes, rules, and legal procedures affecting the preparation, licensure, and relicensure of teachers, and the teacher as a public employee; and

(7) purposes of the major education professional organizations and learned societies and their contributions to education and the education profession.

Subp. 6. Vocational licenses. A vocational license may be issued to an applicant who meets the criteria stated in the vocational licensure rules of the Board of Teaching, chapter 8750.

8700.3600 SCIENCE FOR GRADES 5 TO 9 AND GRADES 7 TO 12.

Subpart 1. Sciences defined. For the purposes of this part the sciences shall comprise the following areas: earth science, including geology, astronomy, and meteorology; physical science, including chemistry and physics; life sciences, including botany, zoology, and other appropriate realms of biology; science for grades 5 to 9, including basic elements of life, earth, and physical sciences.

Subp. 2. Basic licensure requirements. All candidates for licenses to teach science, which includes earth science, physical science, life science, and science for grades 5 to 9 shall hold a baccalaureate degree and have satisfactorily completed a program which has been approved by the Board of Teaching for science teachers in grades 5 to 9 or in grades 7 to 12.

Subp. 3. Licensure requirements; life and earth sciences. All candidates recommended for licensure as life science or earth science teachers shall have satisfactorily completed programs which provide experiences that enable them to develop broad basic knowledge and skills in earth science, in life science, and in physical science. The broad base shall include no less than 20 percent of the total baccalaureate program distributed equitably across the areas listed in subpart 1 and in addition, either:

A. Experiences which enable the candidate to acquire additional broad knowledge and skills in earth science, in life science, and in physical science to teach science in grades 5 to 9. These additional experiences shall be equivalent to no less than 20 percent of the total baccalaureate program and shall be distributed across the area in approximately equal proportions; or

B. Experiences which enable the candidate to develop a high level of competency in life science or in earth science, grades 7 to 12. These additional experiences shall be equivalent to no less than 20 percent of the total baccalaureate program.

Subp. 4. Licensure requirements; physical science. All candidates recommended for licensure as physical science teachers shall have satisfactorily completed a program in physical science which shall consist of no less than 40 percent of the total baccalaureate program in both chemistry and physics. No one area of physical science shall comprise less than 15 percent of the total baccalaureate program.

Subp. 5. Licensure based on minor preparation; life or earth science. All candidates who request licensure based on minor preparation in either life science or earth science shall have the experiences necessary to develop the broad basic competencies required of life science and earth science teachers, as set out in subpart 3, plus at least the additional preparation in the specific science area in which they desire to teach equivalent to at least ten percent of the total baccalaureate program.

Subp. 6. Licensure based on minor preparation; physical science. All candidates who request licensure based on minor preparation in physical science may, upon compliance with the following, be licensed in either chemistry or physics. Such candidates shall have preparation in the subject area of chemistry or physics for which they seek licensure equal to at least 15 percent of their total baccalaureate program.

Subp. 7. Program development; evidence of participation. Evidence shall be provided to show that programs submitted for approval have been developed with participation from the college departments involved with the proposed teacher education programs, elementary school teachers, secondary school teachers, school administrators, students, and interested citizens.

Subp. 8. **Program requirements.** Programs submitted for approval shall include all of the following:

A. A rationale which sets forth the view of the institution with respect to the role of teachers of science.

B. Evidence that the program is based on a study conducted to determine the academic work which is necessary to prepare candidates to teach in the areas of science normally offered at the levels for which licensure is being requested.

C. An enumeration of specific teacher competencies to be developed in the proposed program. Included among others shall be competencies in the following areas:

(1) personal human qualities that will facilitate interpersonal relationships and enhance student learning;

(2) knowledge of the intellectual and philosophical nature of science;

(3) knowledge and experience necessary to illustrate the cultural and historical significance of science to social conditions;

(4) application of analytical methods of science in multidisciplinary approaches to studying and solving problems of science and of society;

(5) knowledge and skill necessary to seek out and study new concepts, together with the ability to synthesize these concepts meaningfully and to communicate them to persons for whom the ideas are also new; and

(6) the selection, adaptation, evaluation, and use of strategies and materials for the teaching of science so that teaching-learning situations for which the teacher is responsible will be consistent with general knowledge about teaching and learning and will be appropriate both to the special needs of the learners and the special characteristics of the science disciplines.

D. A description of program components which include statements which relate individual program components to the competencies, knowledge, and skills to be developed by candidates.

E. A plan for assessing the level of performance of each candidate recommended for licensure which ascertains the individual candidate's development of the required competencies.

Subp. 9. **General program requirement.** Programs shall be approved which vary in curricular design provided that program components meet the requirements in subparts 1 to 8 and that these components provide education personnel who are recommended for licensure with the knowledge, skills, and understandings specified in rules for each licensure area. When the term competency is used, it is understood that other appropriate terms which refer to learning outcomes may be substituted. Examples of such terms are: knowledge, skills, and understandings.

Subp. 10. **Continuing licensure.** The continuing license may be renewed according to parts 8700.0900 to 8700.2300, the Board of Teaching rules pertaining to continuing education.

Subp. 11. **Effective dates.** Licenses shall be issued in accordance with part 8700.3600 as adopted on April 16, 1973, until July 1, 1985, at which time the provisions of the amended rule adopted by the Board of Teaching on May 19, 1983, shall be effective. Nothing in this subpart shall prohibit the Board of Teaching from issuing licenses prior to July 1, 1985, to those who qualify under the provisions of the amended rule. Pursuant to part 8700.7700 the Board of Teaching shall reasonably accommodate the termination date of programs approved prior to the adoption of these amendments to permit persons enrolled in such approved programs to complete such programs.

Statutory Authority: *MS s 125.05 subd 1; 125.185 subd 4*

History: 8 SR 244

NOTE: This part is repealed effective August 1, 1996. See Laws 1993, chapter 224, article 12, sections 39 and 41.

8700.3700 MATHEMATICS.

The prospective teacher of mathematics shall have:

A. A major of at least 26 semester (39 quarter) hours, beginning at the level of calculus and analytic geometry, which shall include the following courses. One of these courses shall contain an introduction to the language of logics and sets:

- (1) three courses in analysis, including two courses in calculus and analytic geometry;
- (2) two courses in abstract algebra;
- (3) one course in geometry with postulational approach, and one course in the foundations of mathematics;
- (4) at least one course in probability and/or mathematical statistics; and
- (5) the remaining credits to be earned in upper-class elective courses, e.g., introduction to real variables, number theory, topology, history of mathematics, or numerical analysis; or

B. A minor of at least 18 semester (27 quarter) hours selected from the courses listed for the major, with a minimum of two courses in calculus and analytic geometry and a minimum of two major courses from item A, subitem (2), (3), or (4), as listed for the major.

Statutory Authority: *MS s 125.05; 125.185*

NOTE: This part is repealed effective August 1, 1996. See Laws 1993, chapter 224, article 12, sections 39 and 41.

8700.3800 [Repealed, 11 SR 48]

8700.3810 TEACHERS OF ENGLISH/LANGUAGE ARTS.

Subpart 1. **Licensure requirements.** A candidate recommended for licensure to teach English/language arts in secondary schools shall hold a baccalaureate degree and shall complete the requirements of item A or B.

A. Major preparation requires satisfactory completion of an English/language arts teacher preparation program approved by the Board of Teaching, consisting of a minimum of 54 quarter hours or the equivalent that must include all knowledge and skills specified in subpart 2.

B. Minor preparation requires satisfactory completion of an English/language arts teacher preparation program approved by the Board of Teaching, consisting of a minimum of 27 quarter hours or the equivalent that must include knowledge and skills specified in subpart 2, item A selected by the preparation institution; knowledge and skills specified in subpart 2, item B, subitems (1) and (2), (2) and (3), or (1) and (3) selected by the preparation institution; and all knowledge and skills specified in subpart 2, item C.

Subp. 2. **Program requirements.** A program leading to the licensure of teachers of English/language arts shall provide candidates recommended for licensure with the knowledge, skills, and understanding set forth in items A to C:

A. Knowledge and skills applicable to the major responsibilities of teachers of English/language arts:

- (1) to teach language and writing:
 - (a) knowledge of theories of language development from early childhood onward with emphasis on the adolescent and of the effects of social, cultural, and economic environment on the acquisition and use of language;
 - (b) knowledge of the phonological, grammatical, and semantic functions of language, the uses of language, and the process of development and change in language, particularly as applied to the English language;
 - (c) knowledge of the various traditional and modern descriptions of the grammatical structure of the English language;
 - (d) knowledge of the elements of the writing process, the uses of writing, and research in written composition;
 - (e) knowledge of the methodologies for teaching writing and the importance of logic and reasoning to both the writing process and the written product;
 - (f) knowledge of a variety of strategies for efficient yet effective evaluation of student writing;

(g) the skill of writing effectively as a model for students;

(h) the skill of providing instruction and activities that will enable students to write grammatically and to adapt strategies and forms of writing to various contexts, audiences, and purposes; and

(i) the skill of responding specifically, constructively, and efficiently to students' writing for the purpose of revising and improving the writing; responding to considerations of audience, purpose, and context; and diagnosing problems in reasoning, form, structure, usage, and style as well as in syntax, diction, spelling, punctuation, and legibility.

(2) to teach literature:

(a) knowledge of a representative body of American and British literature, past and present, written for adults and for adolescents by majority and minority male and female authors, and some of the major works, in translation, if necessary, of continental and nonwestern authors;

(b) knowledge of the value of literature as an art as well as the enjoyment derived from a variety of experiences and viewpoints encountered in literature; appreciation of the force and beauty of language; vicarious experience; appreciation of the commonalities and the diversities among peoples; the interpretation of human motivation; and the correlation between reading good literature and writing well;

(c) knowledge of the various methods of analysis, interpretation, and evaluation of literature;

(d) knowledge of the characteristics of various literary forms: poetry, drama, novel, short story, and essay; the kinds of literary devices; and such elements of literature as plot, theme, character, and style;

(e) in-depth study of the works of at least one major author;

(f) the skill of critical reading and informed interpretation of literature;

(g) the skill of encouraging students to respond to literature in a variety of ways: personal response and application to their own lives and experiences, teacher-directed response based on acknowledged critical theories, and response through writing and other art forms;

(h) the skill of stimulating the sharing of the enjoyment of literature;

(i) the skill of motivating students to read literature throughout their lives; and

(j) the skill of helping students understand the cultural and historical context of literary works.

B. Knowledge and skills applicable to meeting additional responsibilities of teachers of English/language arts:

(1) to improve and maintain reading and study skills:

(a) knowledge of a variety of philosophies and strategies for teaching reading at the various levels of interpretation and understanding;

(b) knowledge of sources of materials for use in teaching developmental reading and study skills;

(c) knowledge of the elements of the process of developing reading skills including word attack, vocabulary, comprehension, scope and sequence, and criterion-referenced testing;

(d) the skill of assessing the range of interests and abilities of students in reading and selecting materials and planning instruction to meet their varying needs, including the ability to analyze the readability of instructional materials;

(e) the skill of teaching students to comprehend both the stated and implied meanings of language and to identify, analyze, and use facts, implications, references, and judgments expressed through different modes of communication; and

(f) the skill of teaching students to locate resources for learning available through libraries, archives, interviews, and mass media and to use appropriate techniques for gathering, organizing, and assimilating information from such sources.

(2) to implement speaking and listening techniques in the classroom:

(a) knowledge of techniques of oral interpretation of literature and of small group and public speech communication;

(b) knowledge of the elements of the speaking and listening processes and the relationship between the two activities;

(c) the skill of using appropriate communication skills;

(d) the skill of providing general instruction and evaluation to improve students' oral interpretation of literature and their small group and public speech communication; and

(e) the skill of using techniques and activities that encourage effective discriminative, comprehensive, critical, appreciative, and empathetic listening.

(3) to teach the understanding and use of print and nonprint mass media:

(a) knowledge of the differences between print mass media and nonprint mass media and ways they can supplement each other;

(b) knowledge of the ways in which print and nonprint mass media are used to persuade and manipulate audiences;

(c) the skill of increasing students' awareness of the influence of emotional, cultural, political, and economic forces on mass media and on the individual's response to mass media; and

(d) the skill of showing students how to make discretionary use of print and nonprint mass media.

C. Skills applicable to teaching all components of English/language arts:

(1) to assess the ability of students in writing, speaking, and listening and to select materials and plan instruction to meet their varying needs;

(2) to instill habits of writing, speaking, and listening that show respect for differing regional and ethnic dialects and for each person's dignity while making available to, and enabling students to use, the dialect most appropriate for use in business, government, and education;

(3) to evaluate students' progress in reading, writing, speaking, and listening;

(4) to integrate the teaching of reading, writing, speaking, listening, and viewing so that they are mutually reinforcing; and

(5) to evaluate and use learning aids such as textbooks, computers, standardized and nonstandardized tests, projectors, and tape recorders.

Subp. 3. **Program approval for institutions.** An institution applying to the Board of Teaching for approval of its preparation program for teachers of English/language arts shall comply with part 8700.7700.

Subp. 4. **Continuing licensure.** A continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing education/relicensure.

Subp. 5. **Effective date.** This part is effective July 1, 1989, for an applicant for entrance licensure as a teacher of English/language arts.

Statutory Authority: *MS s 125.05 subd 1; 125.185 subd 4*

History: *11 SR 48*

NOTE: This part is repealed effective August 1, 1996. See Laws 1993, chapter 224, article 12, sections 39 and 41.

8700.3900 SOCIAL STUDIES IN SECONDARY SCHOOLS.

Subpart 1. **Definition.** The social studies include the following areas of the social sciences: anthropology, economics, geography, history, political science, psychology, and sociology, as well as interdisciplinary studies involving the social sciences.

Subp. 2. **License requirements.** All candidates for licenses to teach in the social studies, which include all fields within the social studies as well as interdisciplinary or broad area courses within the social studies, must hold a baccalaureate degree and have satisfactorily completed a program which has been approved by the Board of Teaching. A minimum of one-third of the total baccalaureate program, or the equivalent, shall be devoted to the development and the demonstration of competencies specified in subpart 3.

Subp. 3. **Program requirements.** All candidates recommended for licensure shall have satisfactorily completed programs which provide for the development and evaluation of competencies in all of the areas which follow:

A. achievement of pupil progress toward cognitive and affective goals identified for the candidate's social studies teaching;

B. ability to demonstrate behaviors in classroom and other teaching situations which facilitate pupils' development toward cognitive and affective goals in the social studies;

C. knowledge of the social sciences as disciplines, including ways of structuring, types of analytical questions, methods of advancing knowledge, major competing theories, the changing nature of fields, and ways of keeping current with developments in the fields, together with the ability to integrate and apply this knowledge to the development and evaluation of curriculum and instructional materials and to the candidate's work in the classroom;

D. behaviors which model those which are identified as goals for pupils;

E. knowledge of principles of learning, including both cognitive and affective learning, adolescent psychology, individual differences, and social studies methods, curriculum, and materials of instruction, together with the ability to apply this knowledge to the development and evaluation of teaching plans and instructional materials as well in classroom teaching and other work with pupils; and

F. knowledge of ways of using community resources in teaching, of promoting good relationships between the school and the community, and of the professional role of the teacher beyond the classroom situation, together with the ability to apply this knowledge to work within the school.

Subp. 4. **Evidence of participation.** Evidence shall be provided to show that programs submitted for approval have been developed with appropriate participation from elementary school teachers, secondary school teachers, and administrators in schools which work with the training institutions as well as from students and interested citizens. Programs submitted for approval shall include all of the following:

A. a statement of rationale which sets forth the view of the institution with respect to the role of social studies teachers;

B. an enumeration of specific teacher competencies to be developed in the proposed program including competencies in each of the broad categories listed in subpart 3;

C. a description of program components which includes statements which specifically relate individual components of the program to the competencies required of all prospective social studies teachers; and

D. a plan for assessing the individual candidate's development of the required competencies.

Subp. 5. **Variations in programs.** Programs shall be approved which vary in curricular design provided that program components meet the requirements in subparts 1 to 4, and that these components provide education personnel who are recommended for licensure with the knowledge, skills, and understandings specified in rules for each licensure area. When the term "competency" is used, it is understood that other appropriate terms which refer to learning outcomes may be substituted. Examples of such terms are "knowledge, skills, and understandings."

Subp. 6. **Continuing license.** The continuing license must be issued and renewed according to rules of the Board of Teaching governing continuing licensure.

Subp. 7. **Effective date.** This part is effective July 1, 1979, for all applicants for entrance licenses.

Statutory Authority: *MS s 125.05; 125.185*

History: *15 SR 2267*

NOTE: This part is repealed effective August 1, 1996. See Laws 1993, chapter 224, article 12, sections 39 and 41

8700.4000 WORLD LANGUAGES AND CULTURES.

Subpart 1. **In general.** The prospective teacher of world languages and cultures shall meet one of the sets of requirements in this part.

Subp. 2. **Kindergarten to grade 12.** A license in world languages and cultures, kindergarten to grade 12 requires:

A. a bachelor's degree upon the completion of a teacher education program with a language major from an accredited teacher-preparing institution;

B. 18 semester (27 quarter) credits in education including a methods course in world languages and cultures teaching at both the elementary and secondary levels and supervised student teaching at both levels; and

C. a rating of good or superior by the language department of a teacher preparing institution in five of the seven competencies defined in the Modern Language Association of America (MLA) "Qualifications for Secondary School Teachers of Modern Foreign Languages" and at least a minimal rating in the remaining two competencies. The five competencies are to include aural understanding, speaking, reading, and writing.

Subp. 3. **Secondary school.** A license in world languages and cultures, secondary school requires:

A. for those with a major in the language:

(1) a bachelor's degree upon the completion of a teacher education program with a language major from an accredited teacher preparing institution;

(2) 18 semester (27 quarter) credits in education, including methods and supervised teaching at the secondary level; and

(3) a rating of good or superior by the language department of the teacher preparing institution in four of the seven competencies defined in the MLA "Qualifications for Secondary School Teachers of Modern Foreign Languages" and at least a minimal rating in the remaining three competencies. The four competencies are to include aural understanding, speaking, and reading; or

B. for those with a minor in the language:

(1) a bachelor's degree upon the completion of a teacher education program from an accredited teacher preparing institution with a minimum of 20 semester (30 quarter credits) in each language for which licensure is recommended; and

(2) 18 semester (27 quarter) credits in education including a methods course and supervised student teaching of a language.

Subp. 4. **Elementary school.** A license in world languages and cultures, elementary school requires:

A. a bachelor's degree upon the completion of a teacher education program from an accredited teacher preparing institution with a minimum of 20 semester (30 quarter) credits in each language for which licensure is recommended;

B. 30 semester (45 quarter) credits in education including a methods course in the teaching of world languages and cultures and supervised student teaching at the elementary level in the usual subject matter areas; and

C. a rating of good or superior by the language department of the teacher preparing institution in the competency of speaking as defined in the MLA "Qualifications for Secondary School Teachers of Modern Foreign Languages."

Subp. 5. **Teacher from another country.** An accredited teacher-preparing institution may recommend a native speaker of a world language for licensure as a teacher of world languages and cultures as provided in subpart 2, 3, or 4 and the license must be issued if the applicant meets the following requirements:

A. an education comparable to that of a bachelor of arts or science in the United States as determined by the teacher preparing institution;

B. a sound knowledge of the structure of English and of the native language as determined by the teacher preparing institution;

C. 18 semester (27 quarter) credits in education including a methods course in the teaching of world languages and cultures and supervised student teaching in the language; and

D. a rating of good or superior by the language department of the teacher preparing institution in six of the seven competencies as defined in the MLA "Qualifications for Secondary School Teachers of Modern Foreign Languages" and at least a minimal rating in the one remaining competency.

8700.4200 [Repealed, L 1993 c 224 art 12 s 39]

8700.4300 PHYSICAL EDUCATION AND HEALTH TEACHERS.

Subpart 1. **Physical education teachers, grades K to 12.** Physical education major. Major preparation in physical education shall consist of not less than 42 semester (63 quarter) hours of credit in the areas listed below. In each case the listed courses or their equivalents must be included:

A. Science. Two basic sciences, one of which shall include a laboratory experience selected from the following: biology, chemistry, physics. Note: all three, plus mathematics, are desirable.

Anatomy, human physiology. Note: laboratory work in these areas is strongly recommended.

Social sciences: psychology and sociology or anthropology.

B. Activity skills. The professional skill courses shall include emphasis at both the elementary and secondary levels. Such courses shall be advanced professionalized courses to emphasize performance, analysis of skill movements, officiating, knowledge of rules, strategy, and testing.

The program of activities shall be well-balanced to include activities from each of the following areas:

(1) team sports, such as basketball, soccer, softball, speedball, volleyball, ice hockey, field hockey;

(2) individual and dual sports, such as archery, badminton, bowling, golf, ice skating, skiing, tennis, track and field, wrestling;

(3) gymnastics, such as apparatus, stunts, tumbling;

(4) rhythms, such as creative rhythms, singing games, folk, square, ballroom, and modern dance;

(5) lead-up games and games of low organization, such as tag, dodge ball, captain ball, line soccer;

(6) aquatics, such as swimming, diving, life saving, small craft; and

(7) conditioning exercises, weight training, and/or body mechanics.

C. Professional physical education. Preparation in each of the following areas shall give attention to both elementary and secondary physical education:

(1) history, principles, and philosophy of physical education;

(2) curriculum of physical education;

(3) adapted physical education;

(4) measurement and evaluation in physical education;

(5) methods of materials of physical education, including water safety instruction or equivalent for potential aquatic teachers;

(6) personal and community health, first aid and safety, and care and prevention of athletic injuries;

(7) administration and organization of physical education;

(8) extra class activities; and

(9) applied science (kinesiology or body mechanics, physiology of activity).

D. Student teaching. School instructional experience at both elementary (K to 6) and secondary (7 to 12) school levels shall be included.

Subp. 2. **Health teacher.** A prospective teacher of health, after September 1, 1967, shall have successfully completed a program of preparation consisting of minor preparation in school health education or broad major preparation in health and physical education or major in biological sciences with definite prescribed areas in health and safety, including the school health education minor competencies.

Effective September 1, 1973, an applicant for licensure as a health teacher, based on a school health education major, shall have completed the minimum program of preparation prescribed in item B.

A. School health minor. Minor preparation in health education shall consist of not less than 18 semester (27 quarter) hours with work in each of the areas listed below:

(1) human sciences: human anatomy and physiology;

(2) personal health;

(3) dental health;

(4) food and nutrition;

(5) alcohol, tobacco, and narcotics;

(6) mental health;

(7) physical fitness;

(8) home and family living;

(9) community health;

(10) communicable and noncommunicable diseases;

(11) environmental sanitation;

(12) community health services and resources;

(13) safety: accident prevention and first aid;

(14) instruction; and

(15) administration.

B. School health education major. Effective September 1, 1973, major preparation in health education shall consist of not less than 42 semester (63 quarter) hours of credit in the areas listed below. In each case the listed courses or their equivalents must be included.

(1) Science: biology or zoology; bacteriology or microbiology; human sciences: physiology and anatomy.

(2) Health education content:

(a) first aid;

(b) personal health and grooming;

(c) consumer health;

(d) physical fitness;

(e) alcohol;

(f) tobacco, narcotics, and dangerous drugs;

(g) environmental health;

(h) community services and resources (public health);

(i) communicable and noncommunicable diseases;

(j) nutrition;

(k) family life (human growth and sex education);

(l) mental health; and

(m) safety.

(3) Behavioral sciences: growth and development; social anthropology; sociology; psychology.

(4) Professional health education: instruction; organization and administration; curriculum; school health problems (exceptional children).

(5) Student teaching and field experiences. The following experiences must be included:

(a) student teaching in elementary and secondary school health education;

(b) coordinating the school health education curriculum, grades K to 12;

(c) organizing and coordinating the school health services program; and

(d) coordinating the school health program with the community health services and programs.

8700.4400 TEACHERS OF INDUSTRIAL ARTS.

Subpart 1. Scope. This part applies to all persons who teach industrial arts in grades 5 to 12.

Subp. 2. License requirement. All candidates for licensure to teach industrial arts must hold a baccalaureate degree and have successfully completed a program of teacher education which has been approved by the Board of Teaching.

Subp. 3. Program requirement. Programs submitted for approval shall include all of the following:

A. a list of program objectives regarding the development of technical knowledge and skill;

B. a list of program objectives regarding the development of educational knowledge and teaching competency;

C. a description of program components describing the activities that are designed to achieve the program objectives;

D. a description of the plan for assessing whether candidates for licensure have developed the required knowledge and skills; and

E. a description of the program of clinical experiences for student teachers and interns.

Subp. 4. Program options. The two program options shall include at least the minimum requirements as listed in items A and B.

A. A middle school industrial arts teaching license (valid for teaching grades 5 to 9) may be granted upon the completion of an industrial arts teacher education program in which the portions of the program dealing with subitem (1) constitute at least one-third of the total baccalaureate program and in which there are the following components:

(1) development of technical skills and knowledge in the areas of communications, manufacturing, energy, construction, and transportation, together with career information, and a knowledge of the socioeconomic aspects, of the cultural functions, and of the organizational strategies related to the areas mentioned above;

(2) the selection, adaptation, evaluation, and use of strategies and materials for teaching of industrial arts so that teaching-learning situations for which the teacher is responsible will be consistent with general knowledge about teaching and learning and will be appropriate both to the special needs of the learners and the special characteristics of industrial arts; and

(3) completion of a supervised practicum teaching experience in industrial arts.

B. A secondary school industrial arts teaching license (valid for teaching grades 9 to 12) may be granted upon the applicant's completion of an industrial arts teacher education program in which the portions of the program dealing with subitems (1) and (2) constitutes at

least one-third of the total baccalaureate program and in which there are the following components:

(1) the development of basic technical skills and knowledge in the areas of communications, manufacturing, energy, construction, and transportation, together with career information and a knowledge of the socioeconomic aspects of the cultural functions related to the areas mentioned above; with

(2) a concentration in at least one of the above identified areas (a concentration implies participation in learning experiences designed to develop in-depth knowledge and technical skill); and

(3) the selection, adaptation, evaluation, and use of strategies and materials for the teaching of industrial arts so that teaching-learning situations for which the teacher is responsible will be consistent with general knowledge about teaching and learning and will be appropriate both to the special needs of the learners and the special characteristics of industrial arts; and

(4) completion of a supervised practicum teaching experience in industrial arts.

The provisions of this part shall not limit teaching to the area of concentration only.

Subp. 5. Variations in programs. Programs shall be approved which vary in curricular design provided that program components meet the requirements in subparts 1 to 3 and that these components provide education personnel who are recommended for licensure with the knowledge, skills, and understandings specified in rules for each licensure area. When the term "competency" is used, it is understood that other appropriate terms which refer to learning outcomes may be substituted. Examples of such terms are "knowledge, skills, and understandings."

Subp. 6. Continuing license. The continuing license must be issued and renewed according to rules of the Board of Teaching governing continuing licensure.

Subp. 7. Effective date. This part is effective July 1, 1979, for all applicants for entrance licenses.

Statutory Authority: *MS s 125.05; 125.185*

History: *15 SR 2267*

NOTE: This part is repealed effective August 1, 1996. See Laws 1993, chapter 224, article 12, sections 39 and 41.

8700.4500 TEACHERS OF ART.

Subpart 1. Art education. For the purpose of this part, art education shall consist of:

A. the visual arts which are ideas, experiences, and processes which lead to the creation of two-dimensional and three-dimensional objects;

B. instructional programs in art in which learners perceive and respond to sensory qualities of visual art; recognize and accept art as a basic realm of human experience; produce original and imaginative works of art; develop an understanding of art heritage; and form sensitive, reasoned, critical judgments about the significance and aesthetic quality of art.

Subp. 2. License requirements. All candidates recommended for licensure to teach art shall hold a baccalaureate degree and have satisfactorily completed a program in art education which has been approved by the Board of Teaching and is appropriate to their teaching assignment (kindergarten to grade 12, prekindergarten to grade 6, grade 7 to grade 12).

Subp. 3. Intent and exception. It is the intent of this part to preclude the teaching of art by persons with a minor in art or less than the preparation specified in this part.

An exception to this part shall be the teaching of art by a licensed elementary school teacher employed in prekindergarten to grade 6 working in a team or other cooperative arrangement whose teaching assignment in art is not more than 33 percent of a full-time teaching assignment.

Subp. 4. Program requirements. To be eligible for approval in art education, a program shall include:

A. A written rationale which sets forth the view of the preparing institution with respect to the role of teachers of art.

B. Evidence that the programs in art education submitted for approval have been developed with participation from the college departments involved with the proposed art education program: from prekindergarten, kindergarten, elementary, and secondary school teachers; from school administrators; as well as from art education candidates and interested citizens.

C. An enumeration of specific knowledge, skills, and understandings for teachers of art to be developed in a proposed art education program. The program components shall be designed to effectively provide candidates recommended for licensure with knowledge, skills, and understandings in the following:

(1) Art studio:

(a) a proficiency in a diversity of media and material skills with major studio emphasis as defined for each licensure program in subpart 5; and

(b) the skill to communicate and use both two-dimensional and three-dimensional visual art elements and principles.

(2) Art history, aesthetics, criticism:

(a) a working knowledge of past and contemporary theories of art;

(b) a broad knowledge of art history and criticism with research skills in at least one period of art history;

(c) the skill to instill an awareness of cultural heritages; and

(d) an understanding of the philosophic positions of leading art philosophers and artists.

(3) Art education:

(a) a working knowledge of past and contemporary theories of art education;

(b) a commitment to a role as advocate of creativity;

(c) the skills to recognize and provide for individual differences among students, including the broad spectrum of the exceptional student;

(d) a knowledge of visual, emotional, and physical growth patterns of students;

(e) the skills to effectively budget for an art program and manage art classroom procedures;

(f) the ability and skills to understand and promote the interdisciplinary relationship of art to other curricular areas;

(g) the skill to develop evaluation techniques related to art education;

(h) a knowledge of appropriate behavior and art product expectancies for identified stages of student development;

(i) the ability to utilize effective public relations skills with administrators, other professional staff, school support staff, and community;

(j) the ability to effectively utilize human and community resources such as practicing professional artists and designers;

(k) the ability to develop a variety of art curricula appropriate to various instructional levels and settings;

(l) a knowledge of state and federal safety regulations and laws as applied to the use of art media, tools, and equipment;

(m) the skill to use audiovisual techniques as applied to the teaching of art at all instructional levels;

(n) the skill to effectively utilize research procedures in art education;

(o) the ability to relate art education to the total life experience of all students; and

(p) the ability to effectively relate to students and demonstrate concern for the learning needs of students.

D. A written description of program components which includes statements which relate individual program components to the knowledge, skills, and understandings to be developed by candidates for licensure in art education.

E. A written plan for assessing the level of performance of each candidate recommended for licensure in art education which ascertains the development of all the specified knowledge, skills, and understandings.

F. Programs may be approved which vary in curricular design provided that program components meet the requirements in items A to E and that these components are designed to provide candidates who are recommended for licensure in art education with the knowledge, skills, and understandings for each licensure program as specified in subpart 5.

Subp. 5. Levels of licenses. Licenses for the teaching of art are issued for one or more of the following school levels: kindergarten to grade 12, prekindergarten to grade 6, grade 7 to grade 12.

A. All candidates recommended for licensure as teachers of art for kindergarten to grade 12 shall have satisfactorily completed approved programs which include all of the following:

(1) learning experiences in art studio, art history, aesthetics, criticism, and art education which are equivalent to not less than 40 percent of the baccalaureate degree program;

(2) experience in six or more diverse art studio areas with emphasis in at least two;

(3) learning experiences in the professional education sequence including all of the following: child growth and development, adolescent growth and development, information media, school organization, alternative education; and

(4) field experiences including:

(a) Pre-student teaching field experiences in art education in kindergarten, elementary school, middle school or junior high school, and high school; and

(b) Student teaching experience shall consist of full school day experiences under the supervision of a licensed teacher of art. Such experiences shall be at both the kindergarten to grade 6 level and the grade 7 to grade 12 level for a minimum total of one academic quarter or the equivalent thereof.

B. All candidates recommended for licensure as teachers of art for prekindergarten to grade 6 shall have satisfactorily completed approved programs which include all of the following:

(1) learning experiences in art studio, art history, aesthetics, criticism, and art education which are equivalent to not less than 33 percent of the baccalaureate degree program;

(2) experience in six or more diverse art studio areas with emphasis in at least one;

(3) learning experiences in the professional education sequence including all of the following: early childhood development, child growth and development, information media, school organization, alternative education; and

(4) field experiences including:

(a) Pre-student teaching field experience in art education in prekindergarten, kindergarten, primary grades (grades 1, 2, and 3), and upper elementary grades (grades 4, 5, and 6).

(b) Student teaching experience shall consist of full school day experiences under the supervision of a licensed teacher of art at the prekindergarten, primary grades (grades 1, 2, and 3), and upper elementary grades (grades 4, 5, and 6) levels for a minimum total of one academic quarter or the equivalent thereof. However, a candidate for licensure as a teacher of art who has completed student teaching requirements for another elementary teaching license may, upon satisfying all other requirements of this rule, student teach for a minimum of one-half of one academic quarter or the equivalent thereof under the supervision of a licensed teacher of art.

C. All candidates recommended for licensure as teachers of art for grade 7 to grade 12 shall have satisfactorily completed approved programs which include all of the following:

(1) learning experiences in art studio, art history, aesthetics, criticism, and art education which are equivalent to not less than 33 percent of the baccalaureate degree program;

(2) experience in six or more diverse art studio areas with emphasis in at least two;

(3) learning experiences in the professional education sequence including all of the following: adolescent growth and development, information media, school organization, alternative education; and

(4) field experiences including:

(a) Pre-student teaching field experiences in art education in junior high school and high school.

(b) Student teaching experience shall consist of full school day experiences under the supervision of a licensed teacher of art at the junior high school and/or the high school level for a minimum total of one academic quarter or the equivalent thereof.

Subp. 6. **Continuing license.** The continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing licensure.

Subp. 7. **Effective date.** This part is effective July 1, 1983, for all applicants for entrance licenses. All persons holding a license as a teacher of art prior to July 1, 1983, based on less than major preparation who have not acquired necessary credits for a major in art prior to July 1, 1983, shall meet the requirements of this part at the time of the first renewal after July 1, 1983.

Statutory Authority: *MS s 125.05; 125.185*

History: *15 SR 2267*

NOTE: This part is repealed effective August 1, 1996. See Laws 1993, chapter 224, article 12, sections 39 and 41.

8700.4600 TEACHERS OF MUSIC.

Subpart 1. **Licensure requirements.** All candidates for licenses to teach music shall:

A. hold a baccalaureate degree;

B. satisfactorily complete requirements for teachers of kindergarten to grade 12 subjects enumerated in part 8700.3510; and

C. satisfactorily complete a preparation program leading to the licensure of teachers of kindergarten to grade 12 music education, with a specialization in instrumental music or kindergarten to grade 12 music education, with a specialization in vocal music, both approved by the Board of Teaching.

Subp. 2. **Teacher assignment.** Licensed elementary school teachers employed in grades K to 6 working in teams or other cooperative arrangements shall hold the appropriate music licensure if more than 33 percent of a teaching assignment is in music. All other teachers of music in grades K to 12 shall hold the appropriate licenses for each music teaching assignment. Except for licensed elementary school teachers employed in grades K to 6 working in teams or other cooperative arrangements whose teaching assignment is not more than 33 percent, it is the intent of this part to preclude the teaching of music by persons with minors or less than the preparation outlined in this rule and to assure that preparation is appropriate for teaching assignments in the two areas of specialization enumerated in subpart 1.

Subp. 3. **Program requirements.** A program leading to the licensure of teachers of music must provide candidates recommended for licensure with the knowledge, skills, and understanding in items A and B:

A. kindergarten to grade 12 core preparation, consisting of the following:

(1) Music educators must know how to listen to, read, write, produce, perform, analyze, create, compose, improvise, conduct, and evaluate music. Music educators must:

(a) identify and analyze representative musical forms, styles, performance practices, performance media, as well as representative composers and compositions of western music, and describe the musical traditions and characteristics of diverse and representative world cultures;

(b) demonstrate a basic knowledge of instrumental and vocal techniques and acoustics including tone production and intonation, articulation and diction, voice placement and changing voice, and interpretation of fingering charts;

(c) demonstrate a basic knowledge of approaches to music instruction, materials, and literature for students in kindergarten to grade 12 of varying abilities;

(d) demonstrate knowledge and skills of basic performance pedagogy for percussion, string, and wind instruments, or voice;

(e) play recorder and fretted instruments using simple fingering and strumming techniques while reading chord symbols;

(f) demonstrate competence in composing, improvising, and arranging music examples for diverse developmental and ability groupings represented by students in kindergarten to grade 12;

(g) demonstrate advanced solo and ensemble performance competence with an instrument or the voice to assure musical accuracy and expressiveness using music examples from diverse styles and time periods;

(h) demonstrate advanced performance competence in one's major vocal or instrumental performing medium in a small and large ensemble;

(i) organize, rehearse, and conduct small and large performance ensembles;

(j) perform simple keyboard accompaniments and play parts from a music score;

(k) improvise by means of an instrument or voice;

(l) demonstrate physical response to music including movement or dance; and

(m) identify and reproduce intervals, scales, and chord structures with an instrument or voice.

(2) Music educators must demonstrate competence in teaching students to:

(a) listen to music and read music symbols, notation, or scores;

(b) sing and play music instruments;

(c) analyze music historically, culturally, and theoretically;

(d) create music by arranging, composing, and improvising;

(e) move to and conduct music; and

(f) evaluate music and make judgments about music.

B. Preparation in specialized areas.

(1) Music educators, kindergarten to grade 12, with a specialization in instrumental music must:

(a) demonstrate advanced solo and ensemble performance competence on at least one instrument of the keyboard, percussion, string, or wind families;

(b) interpret condensed and full scores designed for instrumental ensembles and understand bowing, fingering, or articulation specific to percussion, string, and wind instruments;

(c) have knowledge of representative kindergarten to grade 12 solo and ensemble repertoire and instructional materials for beginning, intermediate, and advanced levels of various sizes from diverse periods and cultures; and

(d) be familiar with the construction and operation of, and make minor repairs to, percussion, string, and wind instruments.

(2) Music educators, kindergarten to grade 12, with a specialization in vocal music must:

(a) demonstrate advanced vocal solo and ensemble performance competence with the voice or keyboard;

(b) demonstrate ability to accompany a vocal ensemble on keyboard instrument;

(c) interpret vocal music scores and understand range, tessitura, and phrasing;

(d) interpret vocal scores with instrumental parts and understand percussion, string, or wind instrument requirements necessary for interpreting and producing music from the scores; and

(e) have knowledge of representative kindergarten to grade 12 solo and ensemble repertoire and instructional materials for beginning, intermediate, and advanced levels of various sizes from diverse periods and cultures.

Subp. 4. [Repealed, 15 SR 2267]

Subp. 5. [Repealed, 15 SR 2267]

Subp. 5a. **Program approval for institutions.** An institution applying to the Board of Teaching for approval of its preparation program for teachers of music must comply with part 8700.7700. All approved programs leading to the licensure of teachers of music shall include a description of the way in which teachers previously or currently licensed as teachers of band kindergarten to grade 12 and classroom music grades 5 to 12, orchestra kindergarten to grade 12 and classroom music grades 5 to 12, vocal and classroom music kindergarten to grade 9, or vocal and classroom music grades 5 to 12 may have their previous teaching experience and previous teacher preparation in those areas enumerated in subpart 3 evaluated and credited by an institution maintaining an approved program leading to the licensure of teachers of music.

Subp. 6. **Continuing licensure.** A continuing license must be issued and renewed according to general rules of the Board of Teaching governing continuing licensure.

Subp. 7. **Effective date.** This part is effective July 1, 1996, for all applicants for entrance licenses.

8700.5000 [Repealed, 11 SR 1793]

8700.5100 TEACHERS OF FAMILY LIFE EDUCATION.

Subpart 1. **Family life education.** As used in this part, the term “family” means two persons or more related by blood, marriage, or adoption residing together.

Family life education in elementary and secondary schools is a systematic instructional program to encourage individuals and families in their growth toward self-understanding, and to increase their ability to sustain meaningful interpersonal relationships. Family life education deals with the behavior of individuals acting singly and in groups, with the aim of such education being to enable people of all ages and life styles to live constructive and satisfying lives in a pluralistic society.

Courses in family life education in elementary and secondary schools provide instruction with content concerning family relationships, including marriage preparation, in one or more of the following areas: family structure and function; parenting and parent education; relationships within the family and relationships of the family and its members to society; development of human sexuality.

Subp. 2. **License requirements.** Each person who provides instruction in family life education at the secondary level shall hold licensure as a teacher of family life education if one-half or more of the content of any one course taught in one or more areas of family life education as defined in subpart 1.

Each person who provides instruction in family life education at the elementary level shall hold licensure as a teacher of family life education if one-third or more of the person's annual classroom teaching assignment is in one or more of the areas of family life education as defined in subpart 1.

Subp. 3. **Entrance license requirements.** All candidates for entrance licenses as teachers of family life education shall:

A. hold a baccalaureate degree;

B. hold a valid license as a classroom teacher at the grade levels where assignments may be made to teach family life education; and

C. satisfactorily complete a family life education program, approved by the Board of Teaching, consisting of at least 27 quarter hours, or the equivalent, which includes at least three quarter hours, or the equivalent, in each of the following areas:

(1) family structure and function;

(2) parent education;

(3) relationships within the family and relationships of the family and its members to society;

(4) development of human sexuality; and

(5) curriculum, methods, and materials for family life education; or be recommended by an approved institution on the basis of experience and preparation in family life education for which credit has been granted.

Subp. 4. **Continuing licensure.** The issuance of the first continuing license is contingent upon the candidate's possession of a previously issued valid and appropriate entrance license.

The continuing license shall be renewed according to rules of the Board of Teaching pertaining to continuing education.

Subp. 5. **Evidence of participation in planning programs.** Evidence shall be provided to show that programs submitted for approval have been developed with appropriate participation from elementary school teachers, secondary school teachers, and administrators in schools which work with the preparation institutions as well as from students and interested citizens. Programs submitted for approval shall include the following:

A. a statement of rationale which sets forth the view of the institution with respect to the role of family life educators;

B. enumeration of specific knowledge, skills, and understandings to be developed in the proposed program;

C. a description of program components which includes statements which specifically relate individual components of the program to the learning outcomes required of prospective family life educators; and

D. a plan for assessing learning outcomes for individual candidates for licensure.

Subp. 6. **Variations in programs.** Programs shall be approved which vary in curricular design provided that program components meet the requirements in subpart 3, and that these components provide education personnel who are recommended for licensure with the knowledge, skills, and understandings specified in rules for each licensure area. When the term "competency" is used, it is understood that other appropriate terms which refer to learning outcomes may be substituted. Examples of such terms are "knowledge, skills, and understandings."

Subp. 7. **Evaluation of experience.** All approved programs in family life education shall include a description of the way in which teachers who hold licenses on July 1, 1980, may have their experience and preparation in family life education evaluated by a preparation institution. The approved program for that institution shall be the basis for determining areas in which experience and preparation are equivalent to the approved program.

Subp. 8. **Effective date.** This part is effective July 1, 1983, for all applicants for entrance licenses.

Statutory Authority: *MS s 125.05; 125.185*

NOTE: This part is repealed effective August 1, 1996. See Laws 1993, chapter 224, article 12, sections 39 and 41.

8700.5200 TEACHERS OF AMERICAN INDIAN LANGUAGE AND AMERICAN INDIAN HISTORY AND CULTURE.

Subpart 1. **Issuance of license authorized.** The Board of Teaching shall, in accordance with Minnesota Statutes, section 126.49 and the provisions of this part, authorize the issuance of a license to teach an American Indian language and/or an American Indian history and culture to any person who has achieved and demonstrated competence in an American Indian language and/or knowledge and understanding of an American Indian history and culture.

Subp. 2. **Teachers without a license.** Nothing in this part shall prohibit a school board from employing a person to teach an American Indian language and/or an American Indian history and culture who does not hold a license authorized by this part.

Subp. 3. **License application.** An application for a license authorized by this part may be submitted by persons on their own behalf or may be submitted by the superintendent or other authorized official of a school district, participating school as defined in Minnesota Statutes, section 126.47, subdivision 4, or an American Indian school, on behalf of a person who has demonstrated competence in an American Indian language and/or knowledge and understanding of an American Indian history and culture. The application shall specify the language, and/or the history and culture, and grade levels to be taught by the applicant and shall also include the following:

A. certified copies of resolutions attesting to the competence in an American Indian language and/or the knowledge and understanding of an American Indian history and culture of the applicant from at least two of the following:

(1) the tribal government governing the tribe or community speaking the language and/or representing the history and culture for which licensure is requested;

(2) the reservation or business committee serving the tribe or community speaking the language and/or representing the history and culture for which licensure is requested;

(3) the local Indian education committee serving the tribe or community speaking the language and/or representing the history and culture for which licensure is requested;

(4) other bodies governing or serving the tribe or community speaking the language and/or representing the history and culture for which licensure is requested; or

(5) two certified statements from authorized officials of professional or learned societies, organizations, or institutions who are qualified to assess the competence of the applicant in the language and/or the knowledge and understanding of the applicant of the history and culture for which licensure is requested; that they have assessed the applicant and the applicant is competent in the language for which licensure to teach is requested and/or possesses knowledge and understanding of the history and culture for which licensure to teach is requested; and

B. a processing fee as established by the Board of Teaching.

Subp. 4. **Licensee's right to teach.** Each license issued hereunder authorizes the holder to teach an American Indian language and/or an American Indian history and culture at the grade levels approved by the Board of Teaching.

Subp. 5. [Repealed, 13 SR 753]

Subp. 6. [Repealed, 13 SR 753]

Subp. 7. **Continuing licensure.** A continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing education relicensure.

- (2) reading theories;
- (3) the relationship between oral and written language;
- (4) correction of reading difficulties;
- (5) reading skills for special purposes;
- (6) techniques and approaches for elementary and secondary students; and
- (7) selection, development, and adaptation of appropriate materials.

Subp. 4. **Applications for program approval.** An institution applying to the Board of Teaching for approval of an English as a second language teacher preparation program shall meet the provisions of part 8700.7700. All approved programs leading to the licensure of teachers of English as a second language shall include a description of the way in which practicing teachers may have their teaching experience and teacher preparation in those areas enumerated in subparts 2 and 3, evaluated and credited by an institution maintaining an approved program leading to the licensure of teachers of English as a second language. The evaluation shall include previous teaching experience and previous teacher preparation.

Subp. 5. **Continuing licensure.** The continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing education/relicensure.

Subp. 6. **Provisional licensure.** Requirements for provisional licensure are as follows:

A. A provisional license, valid for two years, shall be issued to applicants upon submission of evidence of:

(1) completion of a baccalaureate or higher degree from a college or university which is regionally accredited by the Association for the Accreditation of Colleges and Secondary Schools; and

(2) completion of one year of teaching experience as a teacher of English as a second language as verified by the employing school official.

B. *Provisional licensure granted in accordance with the criteria established in item A shall be renewed for one two-year period upon submission of evidence of completion of nine quarter hours of college credit in addition to the requirements of item A, subitem (1) in the areas enumerated in subpart 2, item C or subpart 3, items A to F.*

C. A provisional license, valid for two years, shall be issued to applicants upon submission of evidence of:

(1) completion of a baccalaureate or higher degree from a college or university which is regionally accredited by the Association for the Accreditation of Colleges and Secondary Schools; and

(2) completion of nine quarter hours of college credit in a program approved by the Board of Teaching leading to the licensure of teachers of English as a second language. Previous teaching experience and previous teacher preparation evaluated and credited by an institution maintaining an approved program leading to the licensure of teachers of English as a second language in accordance with subpart 4 shall be applied toward this credit hour requirement.

Successive two-year renewals of provisional licensure granted in accordance with the criteria established in item C shall be issued to applicants who provide evidence of completion of an additional nine quarter hours of college credit in a program approved by the Board of Teaching leading to the licensure of teachers of English as a second language.

Subp. 7. **Effective dates.** Subparts 1 to 5 are effective July 1, 1987, for all applicants for entrance licensure to teach English as a second language.

Subpart 6, items A and B shall remain in effect until June 30, 1987, at which time these provisions are repealed without further action by the Board of Teaching.

Statutory Authority: *MS s 125.05 subd 1; 125.185 subd 4*

- G. parental and community involvement in the bilingual/bicultural instructional program;

H. teaching experiences in a bilingual/bicultural education setting which includes experiences at both elementary and secondary levels.

Subp. 4. Applications for program approval. An institution applying to the Board of Teaching for approval of a bilingual/bicultural teacher preparation program shall meet the requirements of part 8700.7700. All approved programs leading to the licensure of teachers of bilingual/bicultural education shall include a description of the way in which practicing teachers may have their teaching experience and teacher preparation in those areas enumerated in subparts 2 and 3 evaluated and credited by an institution maintaining an approved program leading to the licensure of teachers of bilingual/bicultural education. The evaluation shall include previous teaching experience and previous teacher preparation.

Subp. 5. Continuing licensure. The continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing education/relicensure.

Subp. 6. Provisional licensure. Requirements for provisional licensure are as follows:

A. A provisional license, valid for two years, shall be issued to applicants upon submission of evidence of:

(1) completion of a baccalaureate degree from a college or university which is regionally accredited by the Association for the Accreditation of Colleges and Secondary Schools; and

(2) completion of one year of teaching experience in a bilingual/bicultural setting, as verified by the employing school official.

B. Provisional licensure granted in accordance with the criteria established in item A shall be renewed for one two-year period upon submission of evidence of completion of nine quarter hours of college credit in the areas enumerated in subpart 2, item B or subpart 3, items A to H. Applicants holding a valid Minnesota classroom teaching license shall complete the required nine quarter hours of college credit in subpart 3, items A to H only.

C. A provisional license, valid for two years, shall be issued to applicants upon submission of evidence of:

(1) completion of a baccalaureate degree from a college or university which is regionally accredited by the Association for the Accreditation of Colleges and Secondary Schools; and

(2) completion of nine quarter hours of college credit in a bilingual/bicultural education program which has been approved by the Board of Teaching.

Previous teaching experience and previous teacher preparation evaluated and credited by an institution maintaining an approved program leading to the licensure of teachers of bilingual/bicultural education in accordance with subpart 4 shall be applied toward this credit hour requirement.

Those applicants who do not hold a valid Minnesota elementary or secondary classroom teaching license in accordance with subpart 2, item B may elect to complete a part or all of the required nine quarter hours of college credit in a program approved by the Board of Teaching leading to the licensure of elementary or secondary classroom teachers.

D. Successive two-year renewals of provisional licensure granted in accordance with the criteria established in item C shall be issued to applicants who provide evidence of completion of an additional nine quarter hours of college credit in a program approved by the Board of Teaching leading to the licensure of teachers of bilingual/bicultural education.

Subp. 7. Effective dates. Subparts 1 to 5 are effective July 1, 1987, for all applicants for entrance licensure to teach bilingual/bicultural education.

Subpart 6, items A and B shall remain in effect until June 30, 1987, at which time these provisions shall be repealed without further action by the Board of Teaching.

- (1) understanding of sequences of motor development from early childhood through adolescence, including typical and atypical patterns of development;
- (2) understanding of physically handicapping conditions which interfere with motor function; and
- (3) understanding of physical rehabilitation as applied to physical education programs for handicapped and special needs students;

B. organization and management of instruction, consisting of planning, implementing, and evaluating physical education instruction for handicapped and special needs students (grades prekindergarten to 12), which shall include:

- (1) understanding of scope, sequence, and implementation of developmental/adapted physical education curriculum;
- (2) ability to identify, assess, and evaluate physical and motor development of handicapped and special needs students;

(3) ability to develop, adapt, select, and utilize a variety of instructional resources to implement a developmental/adapted physical education curriculum;

(4) knowledge of the application of research to developmental/adapted physical education curriculum;

(5) ability to adapt physical education activities and curriculum for handicapped and special needs students;

(6) ability to select and adapt facilities and equipment for handicapped and special needs students;

(7) ability to supervise nonlicensed personnel in the delivery of developmental/adapted physical education programs for handicapped and special needs students; and

(8) teaching experiences with handicapped and special needs students, including students in regular physical education classes and students in self-contained special education classes, and experiences in two or more of the handicapped categories set forth in Minnesota Statutes, section 120.03.

Subp. 3. Institutional requirements. An institution applying to the Board of Teaching for approval of its developmental/adapted physical education preparation program (grades prekindergarten to 12) shall meet the provisions of part 8700.7700. All approved programs leading to the licensure of teachers of developmental/adapted physical education shall include a description of the way in which practicing teachers may have their teaching experience and teacher preparation in those areas enumerated in subparts 1 and 2 evaluated and credited by an institution maintaining an approved program leading to the licensure of teachers of developmental/adapted physical education. Such evaluation shall include previous teaching experience and previous teacher preparation.

Subp. 4. Provisional licensure. A provisional license shall be issued to an applicant who meets the requirements of subpart 1, items A and B and who has completed a minimum of 15 quarter hours or the equivalent selected from subpart 2, items A and B in a program approved by the Board of Teaching leading to the licensure of teachers of developmental/adapted physical education. Previous teaching experience and/or previous teacher preparation evaluated according to subpart 3 may apply toward provisional licensure. The provisional license shall be valid for two years, after which full licensure as specified in subpart 1 shall be required. Provisional licensure shall remain in effect until July 1, 1990, at which time provisional licensure shall be repealed without further action by the Board of Teaching.

Subp. 5. Continuing licensure. The continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing education/relicensure.

Subp. 6. Effective date. This part is effective July 1, 1985, for all applicants for licensure to teach developmental/adapted physical education (grades prekindergarten to 12).

Statutory Authority: *MS s 125.05; 125.185*

NOTE: This part is repealed effective August 1, 1996. See Laws 1993, chapter 224, article 12, sections 39 and 41.

8700.5503 SPECIAL EDUCATION: VISUALLY HANDICAPPED.

Subpart 1. Licensure requirements. A candidate recommended for licensure to teach visually handicapped students (prekindergarten to grade 12) shall:

A. hold a baccalaureate degree;

B. hold a valid Minnesota elementary, secondary, or K-12 classroom teaching license, or satisfactorily complete the requirements enumerated in part 8700.5512;

C. satisfactorily complete core skill requirements in special education enumerated in part 8700.5500; and

D. satisfactorily complete a preparation program leading to the licensure of teachers of visually handicapped students, approved by the Minnesota Board of Teaching.

Subp. 2. Program requirements; regular education. A program leading to the licensure of teachers of visually handicapped students (prekindergarten to grade 12) shall provide candidates recommended for licensure with preparation in regular education areas as set forth in item A or B:

A. For persons who hold licensure as elementary school classroom teachers:

(1) knowledge of adolescent growth and development;

- (2) understanding of scope and sequence of secondary curriculum; and
- (3) understanding of scope and sequence of prekindergarten curriculum.

B. For persons who hold licensure as secondary school classroom teachers or as teachers of kindergarten to grade 12 subjects:

- (1) knowledge of child growth and development;
- (2) understanding of scope and sequence of elementary curriculum, including:
 - (a) understanding of elementary language arts curriculum: listening, speaking, writing, spelling, and reading;
 - (b) understanding of basic skills in the mathematics curriculum;
 - (c) understanding of science and social studies curriculum; and
- (3) understanding of scope and sequence of prekindergarten curriculum.

Subp. 3. **Program requirements; visually handicapped.** Each program leading to the licensure of teachers of visually handicapped students (prekindergarten to grade 12) shall provide candidates recommended for licensure with preparation in the following special education areas, consisting of a minimum of 30 quarter hours, or the equivalent:

A. Special education perspectives:

- (1) understanding of the structure and function of the eye;
- (2) understanding of low vision aids and their educational use; and
- (3) knowledge of eye research and potential effects on students with visual handicaps.

B. Assessment and planning:

- (1) understanding of principles and practices for assessing visually handicapped students;
- (2) ability to assess functional vision; and
- (3) ability to evaluate and select appropriate reading modes for visually handicapped students.

C. Instructional management:

- (1) attitudes toward blindness:
 - (a) understanding of the psychological implications of blindness and low vision;
 - (b) understanding of roles of parents and siblings in supporting the growth and development of visually handicapped persons; and
 - (c) understanding of the impact of a visual handicap on the ability to function in society;
- (2) language/communication skills:
 - (a) ability to teach listening skills for visually handicapped students;
 - (b) knowledge of machines and technical aids for production of materials for visually handicapped students;
 - (c) knowledge of writing instruments and devices for visually handicapped students; and
 - (d) ability to write, read, and provide instruction in braille, utilizing accepted codes;
- (3) instruction and services:
 - (a) understanding of instructional strategies for teaching blind, low vision, and multihandicapped visually handicapped students from prekindergarten through secondary school age;
 - (b) understanding of instructional strategies for providing direct and indirect services to visually handicapped students;
 - (c) knowledge of prevocational skills, vocational education, and transition from school to postsecondary training and employment for visually handicapped students;

(d) knowledge of principles and practices of orientation and mobility activities for visually handicapped students; and

(e) understanding of instructional strategies for teaching visually handicapped students activities of daily living.

D. Communication and consultation:

(1) knowledge of roles and services provided by public and private agencies including rehabilitation agencies, volunteer organizations, and private nonprofit organizations for the blind;

(2) understanding of roles of related disciplines in the education of visually handicapped students; and

(3) ability to develop and maintain effective working relationships with large print typists, braillists, and materials center managers.

E. Prepracticum and practicum experiences:

(1) Prepracticum experiences must include a series of formal observations and directed instructional experiences with visually handicapped students.

(2) Practicum experiences must include one academic quarter or the equivalent of planning and implementing an instructional program for visually handicapped students.

(3) Upon completion of prepracticum and practicum requirements, candidates recommended for licensure shall have had experiences with:

(a) activities of visually handicapped students in a rehabilitation or sheltered work setting;

(b) an educational program at a residential school for visually handicapped students; and

(c) blind and partially sighted students in an integrated setting at prekindergarten, elementary, and secondary levels.

Subp. 4. Program approval for institutions. An institution applying to the Board of Teaching for approval of its preparation program for teachers of visually handicapped students shall comply with part 8700.7700.

Subp. 5. Continuing licensure. A continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing licenses.

Subp. 6. Effective date. After June 30, 1990, a person who makes application for licensure as a teacher of visually handicapped students must comply with this part.

Statutory Authority: *MS s 125.05 subd 1; 125.185 subd 4*

History: *11 SR 48*

NOTE: This part is repealed effective August 1, 1996. See Laws 1993, chapter 224, article 12, sections 39 and 41.

8700.5504 SPECIAL EDUCATION: HEARING IMPAIRED.

Subpart 1. Licensure requirements. A candidate recommended for licensure to teach hearing impaired students (prekindergarten to grade 12) shall:

A. hold a baccalaureate degree;

B. hold a valid Minnesota elementary, secondary, or K-12 classroom teaching license, or satisfactorily complete the requirements enumerated in part 8700.5512;

C. satisfactorily complete core skill requirements in special education enumerated in part 8700.5500; and

D. satisfactorily complete a preparation program leading to the licensure of teachers of hearing impaired students, approved by the Minnesota Board of Teaching.

Subp. 2. Program requirements; regular education. Each program leading to the license of teachers of hearing impaired students (prekindergarten to grade 12) shall provide candidates recommended for licensure with preparation in regular education areas as set forth in item A or B:

A. For persons who hold licensure as elementary school classroom teachers:

(1) knowledge of adolescent growth and development;

(2) understanding of scope and sequence of secondary curriculum; and

(3) understanding of scope and sequence of prekindergarten curriculum.

B. For persons who hold licensure as secondary school classroom teachers or as teachers of kindergarten to grade 12 subjects:

(1) knowledge of child growth and development;

(2) understanding of scope and sequence of elementary curriculum, including:

(a) understanding of elementary language arts curriculum: listening, speaking, writing, spelling, and reading;

(b) understanding of basic skills in the mathematics curriculum;

(c) understanding of science and social studies curriculum; and

(3) understanding of scope and sequence of prekindergarten curriculum.

Subp. 3. **Program requirements; hearing impaired.** Each program leading to the licensure of teachers of hearing impaired students (prekindergarten to grade 12) shall provide candidates recommended for licensure with preparation in the following special education areas, consisting of a minimum of 30 quarter hours, or the equivalent.

A. Special education perspectives:

(1) theory of linguistics:

(a) ability to demonstrate a minimum level of proficiency in the structure of linguistic systems, including, but not limited to, the English language and the American sign language;

(b) ability to use the fundamentals of language development in instructional settings; and

(c) ability to apply knowledge acquired regarding the disorders of language development to instructional settings with hearing impaired students;

(2) understanding of the educational, social, and psychological impacts of mild to profound hearing impairment on prelingual students;

(3) knowledge of the educational, social, and psychological implications of hearing loss in family organization and management;

(4) fundamentals of reading:

(a) knowledge regarding normal development of reading skills;

(b) ability to utilize current principles and procedures in assessment of reading difficulties in hearing impaired students; and

(c) ability to design and implement strategies to remediate individual reading difficulties in hearing impaired students;

(5) fundamentals of speech and hearing:

(a) knowledge of speech and hearing mechanisms, their structures, common pathologies, and normal and abnormal functions;

(b) understanding of theories of various strategies of hearing and speech habilitation;

(c) understanding the impact of common neurological disorders and pathologies upon the visual, speech, and hearing modalities;

(d) understanding the principles of amplification to compensate for hearing loss;

(e) knowledge of the transmission and reproduction of speech and other sounds, the physical and psychological aspects of sound including methods of displaying, representing, and recording these characteristics; and

(f) knowledge of audiological and medical management of hearing impairments.

B. Assessment and planning:

(1) ability to assess phonological, morphological, syntactical, and semantic development of language of hearing impaired students;

(2) ability to select assessment procedures, instruments, and apply the assessment results to develop an educational program for hearing impaired students;

(3) ability to assess hearing aids, auditory training equipment, electromechanical devices, media and materials, and their effectiveness in the educational setting;

(4) knowledge of procedures for assessing, testing, and reporting hearing and speech functioning;

(5) ability to use the results of assessments reports from related service areas in developing educational programs;

(6) knowledge of the various systems used by public agencies to screen for hearing loss in children, with emphasis on early detection and prevention; and

(7) understanding of the need for early assessment in the sensory and physical areas in order to plan for the development of alternative modalities to compensate for hearing loss.

C. Instructional management:

(1) proficiency in the expressive and receptive use of alternative communication systems, including sign language, finger spelling, and speech reading;

(2) ability to prescribe alternative communication systems and manage their use by others;

(3) ability to use and prescribe behavior management techniques appropriate for hearing impaired students;

(4) ability to select, use, and manage age appropriate teaching strategies for language growth;

(5) understanding of developmental, remedial, and intervention strategies to develop educational programs;

(6) ability to provide for the early development of visual, speech, and auditory modalities to compensate for hearing loss; and

(7) ability to develop, modify, implement and evaluate curriculum appropriate for the hearing impaired;

(a) ability to instruct at the prekindergarten and elementary levels with emphasis on developing language and reading skills, using both school and home based systems;

(b) ability to provide for the development of prevocational skills, vocational education, and transition from school to postsecondary training and employment;

(c) ability to modify secondary content areas and curriculum materials to meet needs of hearing impaired students;

(d) ability to design, manage, and use speech development systems for the habilitation and rehabilitation of speech handicaps in hearing impaired students;

(e) ability to design, manage, and apply auditory training in compensating for hearing loss;

(f) ability to use amplification to develop residual hearing, compensate for hearing loss, and improve auditory discrimination; and

(g) ability to operate electromechanical devices to improve instruction in all educational areas.

D. Communication and consultation:

(1) ability to effectively communicate the educational needs of hearing impaired students to parents, special educators, regular educators, and other individuals or groups;

(2) ability to supervise and manage the use of paraprofessionals in hearing impaired programs; and

(3) ability to involve parents in the educational program through planned communication, participation in meetings, and reinforcement of skills in the home.

E. Prepracticum and practicum experiences:

(1) Prepracticum experiences shall include a series of formal observations and directed instructional experiences with hearing impaired students.

(2) Practicum experiences shall include one academic quarter or the equivalent of planning and implementing an instructional program for hearing impaired students.

(3) Upon completion of the prepracticum and practicum requirements, candidates recommended for licensure shall have had experiences with:

- (a) deaf and multihandicapped hearing impaired students in residential, social, and vocational settings;
- (b) mild, moderate, severe/profound, and multihandicapped hearing impaired students in educational settings; and
- (c) prekindergarten, elementary, and secondary hearing impaired students in itinerant, resource, and self-contained settings.

Subp. 4. **Program approval for institutions.** An institution applying to the Board of Teaching for approval of its preparation program for teachers of hearing impaired students shall comply with part 8700.7700.

Subp. 5. **Continuing licensure.** A continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing licenses.

Subp. 6. **Effective date.** After June 30, 1990, a person who makes application for licensure as a teacher of hearing impaired students must comply with this part.

Statutory Authority: *MS s 125.05 subd 1; 125.185 subd 4*

History: *11 SR 48*

NOTE: This part is repealed effective August 1, 1996. See Laws 1993, chapter 224, article 12, sections 39 and 41.

8700.5505 EDUCATIONAL SPEECH/LANGUAGE PATHOLOGIST.

Subpart 1. **Licensure requirements.** A candidate recommended for licensure as an educational speech/language pathologist (prekindergarten to grade 12) shall:

- A. hold a master's degree;
- B. satisfactorily complete core skill requirements in special education enumerated in part 8700.5500; and
- C. satisfactorily complete a preparation program leading to the licensure of educational speech/language pathologists, approved by the Board of Teaching.

Subp. 2. **Program requirements; regular education.** Each program leading to the licensure of educational speech/language pathologists (prekindergarten to grade 12) shall provide candidates recommended for licensure with preparation in the following regular education areas:

- A. knowledge of education and the school as an institution in the context of a changing, pluralistic society;
- B. knowledge of elementary and secondary curriculum areas with emphasis on reading and language arts; and
- C. the profession of teaching, consisting of basic knowledge of the professional responsibilities of a teacher, both within and beyond the instructional setting, and including:
 - (1) a minimum level of proficiency in the written English language;
 - (2) understanding of the responsibilities of the individual teacher to clients served, to the employing school district and its administration, and to the teaching profession;
 - (3) understanding of the legal rights of students, parents, administrators, school boards, and teachers;
 - (4) understanding of the essential statutes, rules, and legal procedures affecting the preparation, licensure, and relicensure of teachers, and the teacher as a public employee; and
 - (5) understanding of the purposes of the major education professional organizations and learned societies and their contributions to education and the education profession.

Subp. 3. **Program requirements; educational speech/language pathologists.** Each program leading to the licensure of educational speech/language pathologists (prekindergarten to grade 12) shall provide candidates recommended for licensure with preparation in the following areas, consisting of a minimum of 60 quarter hours, or the equivalent.

- A. Special education perspectives:

- (1) understanding of the normal and abnormal acquisition and development of speech, language, and hearing;
- (2) understanding of the theoretical foundations of human communication;
- (3) understanding of the psychological, social, and cultural aspects of speech, language, and hearing development;
- (4) understanding of the anatomical, physiological, and neurological bases of speech, language, and hearing;
- (5) understanding of the causes, manifestations, and classifications of disorders of speech, language, and hearing;
- (6) understanding of major learning theories as they relate to normal and abnormal acquisition and development of speech, language, and hearing;
- (7) understanding of the theoretical foundations and normal sequence of cognitive development in relationship to language acquisition and development; and
- (8) understanding of the assumptions and procedures underlying scientific inquiry, particularly as they relate to the measurement and manipulation of human behavior.

B. Assessment, planning, and instructional management:

- (1) ability to utilize current principles, procedures, and instruments in assessment, planning, and instructional management for students with communication disorders, including disorders of articulation, disorders of voice, disorders of language and interrelated cognitive disorders, disorders related to hearing impairment, and disorders of time, rate, or fluency;
- (2) ability to provide nondiscriminatory assessment, planning, and management appropriate to the student's racial, social, cultural, linguistic or handicapping characteristics;
- (3) ability to design and implement programs that will attempt to lower the incidence of communication disorders;
- (4) ability to design and implement various service delivery systems;
- (5) ability to assess, plan for, and manage instructional programs for students with multiple communication disorders;
- (6) understanding the effect of other disabilities on communication and the relationship of that effect to assessment, planning, and instructional management;
- (7) ability to design and implement remedial strategies to improve communication of students with multiple disorders;
- (8) ability to select appropriate alternative communication systems for implementation with diverse populations;
- (9) ability to use and maintain appropriate appliances and instrumentation in assessment, planning, and instructional management for students with communication disorders;
- (10) ability to apply learning and behavior theories in assessment, planning, and instructional management for students with communication disorders; and
- (11) knowledge of organization and administration of speech, language, and hearing programs in various professional settings.

C. Communication and consultation:

- (1) ability to integrate speech, language, and hearing services with other services;
- (2) ability to work with parents, teachers, and others in serving students with communication disorders;
- (3) ability to design data collection systems that allow evaluation of the effectiveness of a student's program;
- (4) ability to design data collection systems that allow evaluation of services for students with communication disorders;
- (5) ability to provide consultation to others to improve and maintain a student's function in speech, language, and hearing; and
- (6) ability to interact with other agencies to maximize services for students.

D. Prestudent teaching and student teaching experiences:

(1) Prestudent teaching experiences shall include a series of formal observations and directed instructional experiences with students with communication disorders.

(2) Student teaching experiences shall include full-day experiences for one academic quarter or the equivalent of planning and implementing an instructional program for students with communication disorders.

(3) Upon completion of prestudent teaching and student teaching requirements, candidates recommended for licensure shall have had experiences with prekindergarten, elementary, and secondary school students who represent a full range of severity of disorders of voice, articulation, hearing loss, time/rate/fluency, and language and its cognitive correlates.

Subp. 4. **Program approval for institutions.** An institution applying to the Board of Teaching for approval of its preparation program for educational speech/language pathologists shall comply with part 8700.7700.

Subp. 5. **Continuing licensure.** A continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing licensure.

Subp. 5a. **Future requirements for renewal of certain licenses.** Notwithstanding subpart 5, after June 30, 2007, a person who makes application for renewal of continuing licensure as an educational speech/language pathologist who does not hold a master's degree in speech/language pathology must provide evidence that at least 24 quarter or 16 semester hours of postbaccalaureate college credit in speech/language pathology or related special education instruction and services have been earned and otherwise comply with subpart 5.

Subp. 6. **Effective date.** After June 30, 1994, a person who makes application for initial licensure as an educational speech/language pathologist must hold a master's degree and comply with subpart 1.

Subp. 7. **Baccalaureate degree.** A person holding a baccalaureate degree who applies for initial licensure as an educational speech/language pathologist before July 1, 1994, must comply with the requirements of this part, except the requirement to have a master's degree. On July 1, 1994, this subpart is repealed.

Statutory Authority: *MS s 125.05; 125.185*

History: *11 SR 48; 16 SR 2165*

NOTE: This part is repealed effective August 1, 1996. See Laws 1993, chapter 224, article 12, sections 30 and 41.

8700.5506 SPECIAL EDUCATION: MODERATE TO SEVERE MENTALLY HANDICAPPED.

Subpart 1. **Licensure requirements.** A candidate recommended for licensure to teach moderate to severe mentally handicapped students (kindergarten to grade 12) shall:

A. hold a baccalaureate degree;

B. satisfactorily complete core skill requirements in special education enumerated in part 8700.5500; and

C. satisfactorily complete a preparation program leading to the licensure of teachers of moderate to severe mentally handicapped students, consisting of a minimum of 45 quarter hours, or the equivalent, in subparts 2 and 3.

Subp. 2. **Program requirements; regular education.** Each program leading to the licensure of teachers of moderate to severe mentally handicapped students (kindergarten to grade 12) shall provide candidates recommended for licensure with preparation in the following regular education areas:

A. Foundational studies, consisting of basic knowledge that underlies the study of education and teaching. It includes all of the following:

(1) the study of human growth and development, including typical and atypical patterns of development from early childhood through adolescence;

(2) the study of the learning process, with emphasis on physical, intellectual, emotional, and social difference in students; and

(3) the study of education and the school as an institution in the context of a changing pluralistic society.

B. The profession of teaching, consisting of basic knowledge of the professional responsibilities of a teacher, both within and beyond the instructional setting. It includes all of the following:

- (1) a minimum level of proficiency in the written English language;
- (2) skills necessary to communicate and interact with staff members, resource personnel, parents, and other members of the community in order to meet the individual needs of students;
- (3) skills to evaluate self- and peer-teaching performance;
- (4) responsibilities of the individual teacher to clients served, to the employing school district and its administration, and to the teaching profession;
- (5) legal rights of students, parents, administrators, school boards, and teachers;
- (6) essential statutes, rules, and legal procedures affecting the preparation, licensure, and relicensure of teachers, and the teacher as a public employee; and
- (7) purposes of the major education professional organizations and learned societies and their contributions to education and the education profession.

Subp. 3. **Program requirements; moderate to severe mentally handicapped.** Each program leading to the licensure of teachers of moderate to severe mentally handicapped students (kindergarten to grade 12) shall provide candidates recommended for licensure with preparation in the following special education areas:

A. Special education perspectives:

- (1) understanding of mental retardation and neurological disorders and their educational implications;
- (2) knowledge of medical management needs, health difficulties, and drug and chemotherapy treatment of moderate to severe mentally handicapped students;
- (3) understanding the impact of moderate to severe mentally handicapped students on the family organization and management;
- (4) knowledge of the education implications of sensory impairments and emotional/behavioral problems in serving moderate to severe mentally handicapped students;
- (5) understanding of prosthetic and technical devices and their educational implications for the handicapped;
- (6) understanding of basic medical conditions associated with moderate to severe mentally handicapped students, including functional behavior and motor performance; and
- (7) understanding of the need for transitional planning as it relates to employment, community living, and social opportunities and options as students move to adult agencies and services.

B. Assessment and planning:

- (1) ability to assess student performance:
 - (a) ability to determine educational needs, learning styles, and learning modes of students through the selection, administration, and interpretation of assessment procedures;
 - (b) ability to observe and analyze student living and learning environments and responses to specific instructional techniques;
 - (c) ability to utilize comprehensive clinical reports in program planning;
- (2) ability to evaluate the effectiveness of instructional strategies and procedures for students with moderate to severe mental handicaps;
- (3) knowledge of ways to adapt instruments and procedures for the specialized needs of handicapped students;
- (4) ability to observe the social and adaptive behavior of students attributed to handicapping condition and develop a management plan;
- (5) ability to plan a sequential learning program for moderate to severe mentally handicapped students;

- (a) ability to establish long- and short-term goals in each area of growth and development;
- (b) ability to plan and sequence activities which will accomplish objectives; and
- (c) ability to prescribe educational outcomes that are realistic in consideration of severity.

C. Instructional management:

- (1) understanding of techniques for stimulating language development;
- (2) knowledge of alternative and augmentative communication systems and their management;
- (3) ability to apply alternative and augmentative communication systems to instruction;
- (4) ability to expand student awareness of the environment through stimulation techniques;
- (5) ability to elicit a variety of responses appropriate to the capability of students to indicate an awareness of the environment;
- (6) ability to utilize behavior management techniques appropriate for moderate to severe mentally handicapped students;
- (7) ability to implement recommended mobility techniques and resolve architectural barriers in the educational setting;
- (8) ability to assure that personal equipment is functional;
- (9) ability to use physical positioning for optimal learning;
- (10) ability to manage student self-care, health, and safety needs;
- (11) ability to teach self-help maintenance skills;
- (12) ability to develop, implement, and evaluate age-appropriate curriculum for moderate to severe mentally handicapped students;
 - (a) ability to utilize and integrate art, music, and body movement in instruction;
 - (b) ability to provide for the development of recreation and leisure-time skills;
 - (c) ability to provide for the development of socialization skills;
 - (d) ability to provide for the development of functional preacademic, basic academic, and literacy skills;
 - (e) ability to provide for the development of prevocational skills, career planning, and transition from school to postsecondary training and employment;
 - (f) ability to provide for the development of independent living skills, to include transition to and integration into the community;
 - (g) ability to integrate related services in curriculum areas;
 - (h) ability to design curriculum strategies which are age-appropriate;
 - (i) knowledge of current technological aids and equipment available for use with students with concomitant physical handicaps; and
- (13) knowledge of implications of limited physical movement and environment stimulation on the learning processes of physically handicapped students.

D. Communication and consultation:

- (1) understanding of how to access school/community resources which will enhance programs for moderate to severe mentally handicapped students;
- (2) ability to supervise paraprofessionals;
- (3) ability to involve parents in the instructional program through planned communication, participation in meetings, and reinforcement of skills in the home;
- (4) ability to develop and implement home-based instructional programs;
- (5) ability to develop and maintain effective working relationships with teachers, related services, medical, and support personnel; and

(6) understanding of roles of related disciplines and the implications of data provided to educational programming.

E. Prestudent teaching and student teaching experiences:

(1) Prestudent teaching experiences shall include a series of formal observations and directed instructional experiences with moderate to severe mentally handicapped students.

(2) Student teaching experiences shall include full-day experiences for one academic quarter or the equivalent of planning and implementing an instructional program for moderate to severe mentally handicapped students.

(3) Upon completion of prestudent teaching and student teaching requirements, candidates recommended for licensure shall have had experiences with:

- (a) service agencies outside of public school programs;
- (b) related services such as rehabilitation units, physical therapy, occupational therapy, and speech therapy; and
- (c) home- and school-based settings at the elementary and secondary levels.

Subp. 4. **Program approval for institutions.** An institution applying to the Board of Teaching for approval of its preparation program for teachers of moderate to severe mentally handicapped students shall comply with part 8700.7700.

Subp. 5. **Continuing licensure.** A continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing licenses.

Subp. 6. **Persons holding licensure as teachers of trainable mentally retarded students.** Persons holding current valid Minnesota licenses as teachers of trainable mentally retarded students may apply for and shall be granted licenses as teachers of moderate to severe mentally handicapped students.

Subp. 7. **Effective date.** After June 30, 1990, a person who makes application for licensure as a teacher of moderate to severe mentally handicapped students must comply with this part.

Statutory Authority: *MS s 125.05 subd 1; 125.185 subd 4*

History: *11 SR 48*

NOTE: This part is repealed effective August 1, 1996. See Laws 1993, chapter 224, article 12, sections 39 and 41.

8700.5507 SPECIAL EDUCATION: PHYSICALLY HANDICAPPED.

Subpart 1. **Licensure requirements.** A candidate recommended for licensure to teach physically handicapped students (kindergarten to grade 12) shall:

- A. hold a baccalaureate degree;
- B. hold a valid Minnesota elementary, secondary, or K-12 classroom teaching license, or satisfactorily complete the requirements enumerated in part 8700.5512;
- C. hold a valid Minnesota special education teaching license;
- D. satisfactorily complete core skill requirements in special education enumerated in part 8700.5500; and
- E. satisfactorily complete a preparation program leading to the licensure of teachers of physically handicapped students approved by the Minnesota Board of Teaching.

Subp. 2. **Program requirements; physically handicapped.** Each program leading to the licensure of teachers of physically handicapped students (kindergarten to grade 12) shall provide candidates recommended for licensure with preparation in the following special education areas consisting of a minimum of 15 quarter hours, or the equivalent:

- A. Special education perspectives:
 - (1) understanding of human anatomy and kinesiology;
 - (2) understanding of fine, gross, and sensorimotor development and their implications for selecting curricula; and
 - (3) understanding of the educational implications of severe motor impairment in physically handicapped students.

B. Assessment and planning:

- (1) ability to develop and administer programs that consider the unique needs of physically handicapped students;
- (2) ability to assess physical function as it relates to classroom mobility, daily living skills, and educational and prevocational planning;
- (3) understanding of major tests utilized to measure motoric, auditory, visual, and other learning modalities; and
- (4) ability to select appropriate materials and provide assessment and counseling for physically handicapped students including prevocational and vocational counseling, career planning, and transition from school to postsecondary training and employment.

C. Instructional management:

- (1) Attitudes toward physically handicapped students:
 - (a) understanding of the psychological implications of physical disability and its implications for individuals, family, and society;
 - (b) understanding roles of parents and siblings in supporting growth and development of physically handicapped students;
 - (c) understanding the impact of a physical handicap on the ability to meaningfully function in society; and
 - (d) understanding the unique problems of adolescent physically handicapped students and their social and emotional implications.
- (2) Instructional strategies:
 - (a) understanding of various impairments and their individual effects on learning, including consideration of the technological and physical care needs;
 - (b) understanding of current machines, technical aids, and prosthetic devices used by the physically handicapped and ability to select appropriate aids for instruction; and
 - (c) understanding of alternative forms of recording written communication including ability to teach adaptive typing and alternate forms of handwriting.
- (3) Instruction and services:
 - (a) ability to develop, select, and use differentiated program options and instructional strategies for physically handicapped students of differing abilities and needs;
 - (b) ability to select and use methods and materials in reading and mathematics that are appropriate for specific types of problems inherent in dealing with children with multiple physical handicaps;
 - (c) knowledge of the implications of limited physical movement and environmental stimulation on the learning processes of physically handicapped students;
 - (d) ability to develop instructional resources to implement adaptive physical education and sensorimotor programs with physically handicapped students in coordination with therapeutic goals;
 - (e) ability to select, adapt, use, and maintain equipment and facilities essential for the instruction of physically handicapped students;
 - (f) ability to integrate independent living, self-help skills, orientation, and mobility into curriculum;
 - (g) ability to motivate physically handicapped students to utilize physical and mental skills to maximum ability with minimal dependence on others;
 - (h) ability to adapt and locate adapted versions of standardized tests for use with physically handicapped students; and
 - (i) ability to adapt creative and expressive activities in order to enable meaningful participation of physically handicapped students, with emphasis on art, music, adaptive physical education, and leisure-time interests.

D. Prepracticum and practicum experiences:

- (1) Prepracticum experiences shall include a series of formal observations and directed instructional experiences with physically handicapped students.

(2) Practicum experiences shall include one academic quarter or the equivalent of planning and implementing an instructional program for physically handicapped students.

(3) Upon completion of prepracticum and practicum requirements, candidates recommended for licensure shall have had experiences with:

(a) related services such as rehabilitation units, physical therapy, and occupational therapy; and

(b) elementary and secondary physically handicapped students throughout the range of educational program alternatives.

Subp. 3. **Program approval for institutions.** An institution applying to the Board of Teaching for approval of its preparation program for teachers of physically handicapped students shall comply with part 8700.7700.

Subp. 4. **Continuing licensure.** A continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing licenses.

Subp. 5. **Effective date.** After June 30, 1990, a person who makes application of licensure as a teacher of physically handicapped students must comply with this part.

8700.5508 SPECIAL EDUCATION: MILD TO MODERATE MENTALLY HANDICAPPED.

Subpart 1. **Licensure requirements.** A candidate recommended for licensure to teach mild to moderate mentally handicapped students (kindergarten to grade 12) shall:

A. hold a baccalaureate degree;

B. hold a valid Minnesota elementary, secondary, or K-12 classroom teaching license, or satisfactorily complete the requirements enumerated in part 8700.5512;

C. satisfactorily complete core skill requirements in special education enumerated in part 8700.5500; and

D. satisfactorily complete a preparation program leading to the licensure of teachers of mild to moderate mentally handicapped students, approved by the Minnesota Board of Teaching.

Subp. 2. **Program requirements; regular education.** Each program leading to the licensure of teachers of mild to moderate mentally handicapped students (kindergarten to grade 12) shall provide candidates recommended for licensure with preparation in regular education areas as set forth in item A or B.

A. For persons who hold licensure as elementary school classroom teachers:

(1) knowledge of adolescent growth and development; and

(2) understanding of scope and sequence of secondary curriculum.

B. For persons who hold licensure as secondary school classroom teachers or as teachers of kindergarten to grade 12 subjects:

(1) knowledge of child growth and development; and

(2) understanding of scope and sequence of elementary curriculum, including:

(a) understanding of elementary language arts curriculum: listening, speaking, writing, spelling, and reading;

(b) understanding of basic skills in the mathematics curriculum; and

(c) understanding of science and social studies curriculum.

Subp. 3. **Program requirements; mild to moderate mentally handicapped.** Each program leading to the licensure of teachers of mild to moderate mentally handicapped students (kindergarten to grade 12) shall provide candidates recommended for licensure with preparation in the following special education areas, consisting of a minimum of 30 quarter hours, or the equivalent:

A. Special education perspectives:

- (1) understanding of mental retardation and its educational implications;
- (2) knowledge of speech, language, hearing, and vision impairments and their educational implications; and
- (3) understanding of the need for transitional planning as it relates to employment, community living, and social opportunities and options as students move to adult agencies and services.

B. Assessment and planning:

- (1) ability to determine educational performance by selection, administration, and interpretation of appropriate educational assessments;
- (2) ability to select, administer, and interpret formal and informal diagnostic instruments to measure skills in social, cognitive, and behavioral areas;
- (3) ability to translate assessment data into recommendations for educational programming;
- (4) ability to construct long- and short-range goals for individual students; and
- (5) ability to plan a sequential learning program for students with mild to moderate mental handicaps.

C. Instruction and management:

- (1) ability to develop a scope and sequence for individualized programming in basic reading, mathematics, oral and written expression, and listening comprehension;
- (2) ability to teach basic reading, mathematics, oral and written expression, and listening comprehension;
- (3) ability to select, design, and modify appropriate developmental, corrective, and remedial curriculum materials;
- (4) ability to help students transfer learned skills and monitor their progress in mainstream instructional programs;
- (5) ability to help regular classroom teachers implement proposed curriculum modifications;
- (6) ability to recognize and manage behavioral, emotional, and social needs of mild to moderate mentally handicapped students;
- (7) ability to select, modify, and implement various behavior management strategies;
- (8) ability to use materials designed for skill development in the social areas;
- (9) ability to construct instructional sequences to teach general prevocational skills;
- (10) knowledge of age-appropriate vocational instructional materials;
- (11) ability to integrate career/vocational instruction with physical, mental, social, and academic levels of student development, and plan for the transition from school to postsecondary training and employment; and
- (12) ability to teach self-help, daily living, and family management skills.

D. Communication and consultation:

- (1) ability to develop and maintain effective working relationships with para-professionals, teachers, supervisors, administrators, related services personnel, parents, and community resource personnel;
- (2) ability to help students and their parents develop realistic expectations in academic and occupational areas; and
- (3) knowledge of and ability to communicate with community and governmental agencies, volunteer and nonprofit groups, and parent organizations that provide supportive services.

E. Prepracticum and practicum experiences:

- (1) Prepracticum experiences shall include a series of formal observations and directed instructional experiences with mild to moderate mentally handicapped students.

(2) Practicum experience shall include one academic quarter, or the equivalent, of planning and implementing an instructional program for mild to moderate mentally handicapped students.

(3) Upon completion of prepracticum and practicum requirements, candidates recommended for licensure shall have had experiences throughout the range of program alternatives with elementary and secondary mild to moderate handicapped students.

Subp. 4. Program approval for institutions. An institution applying to the Board of Teaching for approval of its preparation program for teachers of mild to moderate mentally handicapped students shall comply with part 8700.7700.

Subp. 5. Continuing licensure. A continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing licenses.

Subp. 6. Persons holding licensure as teachers of educable mentally retarded students. Persons holding current valid Minnesota licenses as teachers of educable mentally retarded students may apply for and shall be granted licenses as teachers of mild to moderate mentally handicapped students.

Subp. 7. Effective date. After June 30, 1990, a person who makes application for licensure as a teacher of mild to moderate mentally handicapped students must comply with this part.

Statutory Authority: *MS s 125.05 subd 1; 125.185 subd 4*

NOTE: This part is repealed effective August 1, 1996. See Laws 1993, chapter 224, article 12, sections 39 and 41.

8700.5509 SPECIAL EDUCATION: EMOTIONALLY/BEHAVIORALLY DISORDERED.

Subpart 1. Licensure requirements. A candidate recommended for licensure to teach emotionally/behaviorally disordered students (kindergarten to grade 12) shall:

- A. hold a baccalaureate degree;
- B. hold a valid Minnesota elementary, secondary, or K-12 classroom teaching license, or satisfactorily complete the requirements enumerated in part 8700.5512;
- C. satisfactorily complete core skill requirements in special education enumerated in part 8700.5500; and
- D. satisfactorily complete a preparation program leading to the licensure of teachers of emotionally/behaviorally disordered students, approved by the Minnesota Board of Teaching.

Subp. 2. Program requirements; regular education. Each program leading to the licensure of teachers of emotionally/behaviorally disordered students (kindergarten to grade 12) shall provide candidates recommended for licensure with preparation in regular education areas as set forth in item A or B:

- A. For persons who hold licensure as elementary school classroom teachers:
 - (1) knowledge of adolescent growth and development; and
 - (2) understanding of scope and sequence of secondary curriculum.
- B. For persons who hold licensure as secondary school classroom teachers or as teachers of kindergarten to grade 12 subjects:
 - (1) knowledge of child growth and development; and
 - (2) understanding of scope and sequence of elementary curriculum, including
 - (a) understanding of elementary language arts curriculum: listening, speaking, writing, spelling, and reading.
 - (b) understanding of basic skills in the mathematics curriculum; and
 - (c) understanding of science and social studies curriculum.

Subp. 3. Program requirements; emotionally/behaviorally disordered. Each program leading to the licensure of teachers of emotionally/behaviorally disordered students (kindergarten to grade 12) shall provide candidates recommended for licensure with preparation in the following special education areas, consisting of a minimum of 30 quarter hours, or the equivalent:

A. Special education perspectives:

- (1) understanding of normal personality and social development;
- (2) understanding the social and emotional impact of cultural differences on behavior;
- (3) understanding behavioral/emotional problems and psychopathology of childhood and adolescence;
- (4) knowledge of the interaction of emotional disturbance/behavior disorders with other handicaps;
- (5) understanding of the relationship between chemical dependency and behavioral/emotional problems; and
- (6) understanding of delinquent behavior and theory and processes of the correctional system.

B. Assessment and planning:

- (1) ability to utilize formal and informal assessment techniques in obtaining information necessary for educational and behavioral programming for individual students;
- (2) ability to establish and maintain a systematic procedure for compiling data on a student or group of students for the purpose of continuous evaluation of behavior;
- (3) ability to implement procedures for assessing both appropriate and problematic social behaviors;
- (4) ability to evaluate and document change in pupil behavior in both academic and social areas;
- (5) knowledge of psychometric instruments utilized in the assessment of emotional disturbance/behavioral problems;
- (6) ability to observe and record pupil behavior utilizing different social rating systems;
- (7) ability to work on a team with a psychologist or psychiatrist to plan, explain, direct, and implement procedures for the identification of emotionally/behaviorally disordered children in a school population;
- (8) knowledge of major tests utilized to measure motoric, auditory, and visual learning modalities;
- (9) ability to administer and interpret results of achievement and diagnostic tests in the areas of reading, language arts, and mathematics;
- (10) ability to translate assessment data into recommendations for educational programming;
- (11) ability to construct long- and short-range objectives for individual students for each of the three domains: cognitive, affective, and motor;
- (12) ability to state instructional goals, set priorities for teaching, and state a criterion level for mastery of each task to be presented to the student;
- (13) ability to develop and implement an instructional sequence to teach appropriate social behavior for a child based on assessment and observation;
- (14) ability to select and implement a sequence of learning activities to remedy specific deficits in basic skills for each student or group of students; and
- (15) ability to establish a reinforcement hierarchy for each student.

C. Instruction and management:

- (1) ability to determine for each student a reinforcement preference and to use different reinforcers to change and maintain behavior;
- (2) ability to select and implement remedial techniques in academic skill areas with students;
- (3) ability to establish and maintain individual student attention while programming for a group;
- (4) knowledge of proven teaching techniques including the rationale behind their use and the ability to use them for various academic areas;
- (5) knowledge of the theory and rationale underlying various reading approaches;

(6) ability to assist parents in understanding and supporting the implementation of proposed management modifications;

(7) ability to assist regular classroom teachers in the implementation of proposed curriculum/management modifications;

(8) ability to use role playing, individual and group counseling techniques, play groups, behavior modification, contracts, time-out, isolation and other techniques in managing presenting behavior and specific educational-social problems;

(9) knowledge of the rationale, program components, operation, and evaluation of various program models;

(10) ability to use materials designed for skill development in the social areas;

(11) ability to construct instructional sequences to teach general prevocational skills based upon cognitive, affective, and academic strengths of each student;

(12) knowledge of age-appropriate vocational instructional materials and the ability to plan for transition from school to postsecondary training and employment; and

(13) ability to collaborate effectively with clinical personnel in monitoring program appropriateness and effectiveness.

D. Communication and consultation:

(1) ability to develop and maintain effective working relationships with paraprofessionals, teachers, supervisors, administrators, related services personnel, parents, and community resource personnel;

(2) knowledge of and ability to communicate with and about community resources that serve students with emotional/behavioral problems; and

(3) ability to interact and communicate with personnel involved in court services, interagency meetings and placement planning.

E. Prepracticum and practicum experiences:

(1) Prepracticum experiences shall include a series of formal observations and directed instructional experiences with emotionally/behaviorally disordered students.

(2) Practicum experiences shall include one academic quarter, or the equivalent, of planning and implementing an instructional program for emotionally/behaviorally disordered students.

(3) Upon completion of prepracticum and practicum requirements, candidates recommended for licensure shall have had experiences throughout the range of program alternatives with elementary and secondary emotionally/behaviorally disordered students.

Subp. 4. Program approval for institutions. An institution applying to the Board of Teaching for approval of its preparation program for teachers of emotionally/behaviorally disordered students shall comply with part 8700.7700.

Subp. 5. Continuing licensure. A continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing licenses.

Subp. 6. Effective date. After June 30, 1990, a person who makes application for licensure as a teacher of emotionally/behaviorally disordered students must comply with this part.

Statutory Authority: *MS s 125.05 subd 1; 125.185 subd 4*

8700.5510 SPECIAL EDUCATION: SPECIFIC LEARNING DISABILITIES.

Subpart 1. Licensure requirements. A candidate recommended for licensure to teach specific learning disabled students (kindergarten to grade 12) shall:

A. hold a baccalaureate degree;

B. hold a valid Minnesota elementary, secondary, or K-12 classroom teaching license, or satisfactorily complete the requirements enumerated in part 8700.5512;

C. satisfactorily complete core skill requirements in special education enumerated in part 8700.5500; and

D. satisfactorily complete a preparation program leading to the licensure of teachers of specific learning disabled students, approved by the Minnesota Board of Teaching.

Subp. 2. **Program requirements; regular education.** Each program leading to the licensure of teachers of specific learning disabled students (kindergarten to grade 12) shall provide candidates recommended for licensure with preparation in regular education areas as set forth in item A or B:

A. For persons who hold licensure as elementary school classroom teachers:

- (1) knowledge of adolescent growth and development; and
- (2) understanding of scope and sequence of secondary curriculum.

B. For persons who hold licensure as secondary school classroom teachers or as teachers of kindergarten to grade 12 subjects:

- (1) knowledge of child growth and development; and
- (2) understanding of scope and sequence of elementary curriculum, includ-

ing:

- (a) understanding of elementary language arts curriculum: listening, speaking, writing, spelling, and reading;
- (b) understanding of basic skills in the mathematics curriculum; and
- (c) understanding of science and social studies curriculum.

Subp. 3. **Program requirements; specific learning disabilities.** Each program leading to the licensure of teachers of specific learning disabled students (kindergarten to grade 12) shall provide candidates recommended for licensure with preparation in the following special education areas, consisting of a minimum of 30 quarter hours, or the equivalent:

A. Special education perspectives:

- (1) knowledge of the concept of specific learning disabilities and its historical development;
- (2) understanding of the etiology of specific learning disabilities and the causes of other learning problems;
- (3) understanding court decisions and federal and state legislation that have had an effect on the field of specific learning disabilities;
- (4) understanding of various theories of cognition and the ability to compare these various theories with respect to explanation of observed behavior;
- (5) understanding of the various basic theories of instruction and the ability to compare these basic theories with respect to explanation of observed behavior; and
- (6) understanding of the basic theories of behavior and the ability to compare these basic theories with respect to explanation of observed behavior.

B. Assessment and planning:

- (1) ability to select, administer, and interpret appropriate instruments and techniques for general screening of learning disabilities;
- (2) understanding of formal and informal screening instruments that measure behavior and cognition;
- (3) ability to select, administer, and interpret formal and informal diagnostic instruments for the skills of listening comprehension, oral expression, reading decoding, reading comprehension, written expression, mathematics calculation, and mathematics reasoning;
- (4) ability to use formal and informal data to develop specific objectives and to plan appropriate instructional intervention strategies;
- (5) ability to develop and use formal and informal measures to monitor ongoing progress of students;
- (6) ability to observe, record, and analyze behavioral data of student performance in specific settings;
- (7) ability to use assessment results of tests administered by other personnel;
- (8) ability to observe and analyze skills in problem solving, inferential thinking, and concept development of students in educational settings; and

(9) understanding of entrance and exit criteria for specific learning disability services.

C. Instruction and management:

(1) ability to develop a scope and sequence for individualized programming in basic reading, mathematics, oral and written expression, and listening comprehension;

(2) ability to teach basic reading, mathematics, oral and written expression, and listening comprehension;

(3) ability to teach conceptual skills, such as deductive and inductive reasoning, problem solving skills, study skills, inferential reasoning, logical thought, categorization, and classification skills;

(4) ability to select, design, and modify appropriate developmental, corrective, and remedial curriculum materials;

(5) ability to help students transfer learned skills and monitor their progress in mainstream instructional programs;

(6) ability to relate career/vocational instruction to physical, mental, social, and academic levels of student development and to plan for the transition from school to postsecondary training and employment;

(7) understanding of the affective problems that often accompany learning disabilities;

(8) ability to use clinical teaching to modify social and learning behavior;

(9) ability to refer students with social and emotional problems related to their learning disabilities;

(10) ability to select, modify, and implement various behavior management strategies;

(11) knowledge of projective and media oriented therapies; such as, art, music, play therapies, puppetry, and role playing;

(12) ability to select, modify, and use affective curricular programs; and

(13) ability to explain program models and instructional strategies used in delivering services to learning disabled students.

D. Communication and consultation:

(1) ability to communicate with students, professional associates, parents, community resource persons, and professionals from other disciplines in the field of learning disabilities;

(2) ability to communicate the assessment process, goals, teaching strategies, and curriculum activities to teachers, parents, students, and others in both oral and written form;

(3) ability to provide consultation to classroom teachers, parents, and peers in the implementation of learning disabilities services;

(4) ability to assist parents in accepting and understanding their child's disability and how it affects school and community performance; and

(5) ability to effectively communicate due process procedures to parents and assist them in understanding their rights and responsibilities under the law.

E. Prepracticum and practicum experiences:

(1) Prepracticum experiences shall include a series of formal observations and directed instructional experiences with learning disabled students.

(2) Practicum experiences shall include one academic quarter, or the equivalent, of planning and implementing an instructional program for learning disabled students.

(3) Upon completion of prepracticum and practicum requirements, candidates recommended for licensure shall have had experiences throughout the range of program alternatives with elementary and secondary learning disabled students.

Subp. 4. Program approval for institutions. An institution applying to the Board of Teaching for approval of its preparation program for teachers of specific learning disabled students shall comply with part 8700.7700.

Subp. 5. Continuing licensure. A continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing licenses.

Subp. 6. **Effective date.** After June 30, 1990, a person who makes application for licensure as a teacher of specific learning disabled students must comply with this part.

Statutory Authority: *MS s 125.05 subd 1; 125.185 subd 4*

History: *11 SR 48*

NOTE: This part is repealed effective August 1, 1996. See Laws 1993, chapter 224, article 12, sections 39 and 41.

8700.5511 SPECIAL EDUCATION: MILDLY HANDICAPPED.

Subpart 1. **Applicability.** Mildly handicapped students are those students with mental handicaps, specific learning disabilities, or emotional/behavioral disorders who receive services in accordance with part 3525.2340, subpart 2, items B and C as in effect on July 21, 1986.

Subp. 2. **Licensure requirements.** A candidate recommended for licensure to teach mildly handicapped students with mental handicaps, specific learning disabilities, or emotional/behavioral disorders (kindergarten to grade 12) shall:

A. hold a master's degree or the equivalent;

B. hold a valid Minnesota elementary, secondary, or K-12 classroom teaching license, or satisfactorily complete the requirements enumerated in part 8700.5512;

C. hold a valid Minnesota special education teaching license as a teacher of special education: mild to moderate mentally handicapped, special education: specific learning disabilities, or special education: emotionally/behaviorally disordered;

D. satisfactorily complete core skill requirements in special education enumerated in part 8700.5500; and

E. satisfactorily complete a preparation program leading to the licensure of teachers of mildly handicapped students, approved by the Minnesota Board of Teaching.

Subp. 3. **Program requirements; regular education.** Each program leading to the licensure of teachers of mildly handicapped students (kindergarten to grade 12) shall provide candidates recommended for licensure with preparation in regular education areas as set forth in item A or B:

A. For persons who hold licensure as elementary school classroom teachers:

(1) knowledge of adolescent growth and development; and

(2) understanding of scope and sequence of secondary curriculum.

B. For persons who hold licensure as secondary school classroom teachers or as teachers of kindergarten to grade 12 subjects:

(1) knowledge of child growth and development; and

(2) understanding of scope and sequence of elementary curriculum, including:

(a) understanding of elementary language arts curriculum: listening, speaking, writing, spelling, and reading.

(b) understanding of basic skills in the mathematics curriculum; and

(c) understanding of science and social studies curriculum.

Subp. 4. **Program requirements; mildly handicapped.** Each program leading to the licensure of teachers of mildly handicapped students (kindergarten to grade 12) shall provide candidates recommended for licensure with preparation in the following special education areas, consisting of a minimum of 45 quarter hours, or the equivalent:

A. Special education perspectives:

(1) understanding of specific handicapping conditions and their educational implications, to include mental handicaps, specific learning disabilities, and emotional/behavioral disorders;

(2) understanding of perceptual-motor and visual-motor deficits and their educational implications; and

(3) knowledge of medical treatment programs and their maintenance in educational settings.

B. Assessment and planning:

(1) understanding of the components of a complete assessment to determine educational needs;

(2) understanding of when information suggests or requires the involvement of other professionals for further assessment and planning;

(3) ability to observe, assess, and interpret student performance;

(a) ability to observe, record, and analyze the learning environment of students and their responses to specific instructional techniques; and

(b) ability to determine educational performance, learning style, and learning modes of students by selection, administration, and interpretation of appropriate educational assessments, to include observation and data collection, criterion and norm referenced tests, surveys and inventories, interviews, student records review, and other formal and informal assessment procedures;

(4) ability to participate as a member of a multidisciplinary team in planning an educational program for students with mild educational handicaps:

(a) ability to develop specific behavioral objectives for students based upon observational, behavioral, and diagnostic data;

(b) ability to develop objectives for students in terms of behavioral outcomes in relation to both long- and short-term goals; and

(c) ability to involve students and parents in planning learning and behavior goals;

(5) ability to plan a sequential learning program for students with mild educational handicaps:

(a) ability to establish long- and short-term goals in each academic area;

(b) ability to write behavioral objectives for each goal; and

(c) ability to plan and sequence activities which will accomplish each objective; and

(d) ability to make constructive use of teacher aide and volunteer assistants in planning and implementing instructional programs.

C. Instruction and management:

(1) ability to sequence tasks from early to late developing skills and from simple to complex behaviors, and design learning activities within a wide range of difficulty so that students with varying abilities can participate at their own level, pace, and style;

(2) ability to develop, implement, and evaluate programs for mildly handicapped students;

(3) ability to provide appropriate support to students to facilitate success in their regular education programs;

(4) ability to modify curriculum to meet individual needs of students:

(a) ability to analyze existing curriculum and its impact on individual learning style and rate;

(b) ability to modify the presentation of the curriculum content to accommodate differences in learning style and rate;

(c) ability to identify student performance within the sequence of the curriculum and identify the appropriate content level for the student, based upon achievement level; and

(d) ability to develop classroom management strategies in order to assure the curriculum modifications can be implemented;

(5) ability to recognize and manage behavioral, emotional, and social needs of mildly handicapped students;

(6) knowledge of resources which provide current information about transition from school to work or postsecondary and other career opportunities and training; and

(7) ability to teach self-help, daily living, and family management skills.

D. Communication and consultation:

(1) ability to serve as an advocate for least restrictive placements;

(2) ability to develop and maintain effective working relationships with paraprofessionals, teachers, supervisors, administrators, related services personnel, parents, and community resource personnel;

(3) ability to provide consultation to others regarding appropriate educational programs:

- (a) ability to identify and gather relevant information;
- (b) ability to analyze and synthesize information;
- (c) ability to apply information to educational plans;
- (d) ability to communicate information to others in a way that is understandable and practical;
- (e) ability to use information to develop and carry out demonstration teaching activities; and
- (f) ability to assist in the implementation and follow-up of educational plans developed from the information;

(4) ability to design and conduct appropriate in-service education activities for regular education teachers, paraprofessionals, and volunteers;

(5) ability to assist students and their parents in developing realistic expectations in academic and occupational areas; and

(6) knowledge to direct parents to community and governmental agencies, volunteer and nonprofit groups, and parent organizations that provide supportive services.

E. Practicum experiences, which must include one academic quarter or the equivalent of experience with a multidisciplinary team in planning and implementing an instructional program for mildly handicapped students at the elementary and secondary levels.

Subp. 5. **Program approval for institutions.** An institution applying to the Board of Teaching for approval of its preparation program for teachers of mildly handicapped students shall comply with part 8700.7700.

Subp. 6. **Continuing licensure.** A continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing licenses.

Statutory Authority: *MS s 125.05 subd 1; 125.185 subd 4*

8700.5512 SPECIAL EDUCATION: CLASSROOM TEACHING LICENSE EXEMPTION.

Subpart 1. **Scope.** This part applies only to those special education licensure parts that authorize a classroom teaching license exemption. Completion of the requirements in subpart 2 do not qualify an applicant for an elementary, secondary, or K-12 classroom teaching license.

Subp. 2. **Requirements.** Each special education licensure part that authorizes a classroom teaching license exemption shall provide candidates recommended for licensure in special education with knowledge, skills, and understandings in all of the following regular education areas:

A. Foundational studies. This category consists of basic knowledge which underlies the study of education and teaching. It includes all of the following:

- (1) the study of human growth and development from early childhood through adolescence including typical and atypical patterns of development;
- (2) the study of the learning process, with emphasis on physical, intellectual, emotional, and social differences in students;
- (3) the study of education and the school as an institution in the context of a changing pluralistic society; and
- (4) the study of the philosophy and organization of elementary and secondary schools.

B. Content and methods. This category consists of basic knowledge of content, materials, and scope and sequence of grades kindergarten to 12 curriculum in the following areas:

- (1) reading: prereading skills, developmental reading, reading in the content areas, and the diagnosis and correction of reading difficulties;

- (2) language arts: listening, speaking, and writing;
- (3) mathematics: basic arithmetic operations, problem solving skills, geometric concepts, and computing devices;
- (4) science: life science, earth science, physical science; and
- (5) social studies: gathering, organizing, reporting, and interpreting social science data.

C. Regular education practica. This category consists of a series of formal observations of teaching and directed instructional experiences in elementary and secondary school classrooms.

D. The profession of teaching. This category consists of basic knowledge of the professional responsibilities of a teacher, both within and beyond the instructional setting, and includes all of the following:

- (1) a minimum level of proficiency in the written English language;
- (2) skills necessary to communicate and interact with staff members, resource personnel, parents, and other members of the community in order to meet the individual needs of students;
- (3) skills to evaluate self- and peer-teaching performance;

(8) ability to use knowledge of group processes to facilitate team meetings.

G. To fulfill the observation and practicum in school psychological services requirement, a program must provide candidates with preparation in the following:

(1) Observation experiences prior to practicum shall include a series of formal observations of teaching in a variety of curricular areas in both an elementary and a secondary school. These experiences must also include observation of a variety of special education program alternatives as they relate to the delivery of services and formal observation of school psychological practice performed by a licensed school psychologist.

(2) The required practicum shall consist of at least 600 contact hours, at least 400 of which must be spent in a school setting. The practicum shall be done on at least a half-time basis, and the principal supervision must be provided by a practicing school psychologist. A currently practicing school psychologist is defined as a fully licensed person working at least half-time in the practice of school psychology or the preparation of school psychologists. Local supervision in a practicum setting may be provided by other psychological personnel.

The required practicum shall include at least 400 contact hours in school psychological practice at prekindergarten, elementary, and secondary grade levels. The 400 hours shall be distributed so that no less than 100 hours are spent at each level.

At least 200 contact hours of the required practicum shall be spent in a setting providing clinical psychological services, such as personality assessment, counseling with individuals and families, behavior management and other corrective services. This portion of the practicum shall include supervision by a clinically prepared and licensed psychologist.

Subp. 5. Continuing licensure. The continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing education and relicensure.

Subp. 6. Provisional license. A two-year provisional license shall be issued to an applicant upon submission of evidence of meeting all of the following conditions:

A. a master's degree in school psychology, or a master's, education specialist, or doctorate in clinical psychology, child psychology, or educational psychology; and

B. completion of a minimum of 45 quarter credits in the area of preparation outlined in subpart 4, items A to G; the requirements must be met for at least three of the seven areas of preparation in subpart 4, items A to G and at least one area of preparation must be subpart 4, item B and at least one area of preparation must be either subpart 4, item A or G; and

C. a plan for a collaborative relationship for the duration of the provisional license. Collaboration is defined as a professional supervisory relationship with a currently licensed school psychologist practicing at least half-time. This collaborative relationship must include bimonthly meetings whereby the collaborating psychologist shall review and endorse the quality of services to be provided by the provisionally licensed person.

One two-year renewal of the provisional license shall be issued to an applicant who completes a minimum of an additional 12 quarter hours or its equivalent in a state-approved preparation program leading to the licensure of school psychologists.

CODE OF ETHICS

8700.7500 CODE OF ETHICS FOR MINNESOTA TEACHERS.

Subpart 1. **Scope.** Each teacher, upon entering the teaching profession, assumes a number of obligations, one of which is to adhere to a set of principles which defines professional conduct. These principles are reflected in the following code of ethics, which sets forth to the education profession and the public the standards of professional conduct and procedures for implementation.

This code shall apply to all persons licensed according to rules established by the Board of Teaching.

Subp. 2. **Standards of professional conduct.** The standards of professional conduct are as follows:

A. A teacher shall provide professional education services in a nondiscriminatory manner.

B. A teacher shall make reasonable effort to protect the student from conditions harmful to health and safety.

C. In accordance with state and federal laws, a teacher shall disclose confidential information about individuals only when a compelling professional purpose is served or when required by law.

D. A teacher shall take reasonable disciplinary action in exercising the authority to provide an atmosphere conducive to learning.

E. A teacher shall not use professional relationships with students, parents, and colleagues to private advantage.

F. A teacher shall delegate authority for teaching responsibilities only to licensed personnel.

G. A teacher shall not deliberately suppress or distort subject matter.

H. A teacher shall not knowingly falsify or misrepresent records or facts relating to that teacher's own qualifications or to other teachers' qualifications.

I. A teacher shall not knowingly make false or malicious statements about students or colleagues.

J. A teacher shall accept a contract for a teaching position that requires licensing only if properly or provisionally licensed for that position.

Subp. 3. Statutory enforcement of code: complaints, investigation, and hearing.

A. The enforcement of the provisions of the code of ethics for Minnesota teachers shall be in accord with Minnesota Statutes, section 214.10:

“Minnesota Statutes, section 214.10, complaints; investigation and hearing.

Subd. 1. Receipt of complaint. The executive secretary of a board, a board member or any other person who performs services for the board who receives a complaint or other communication, whether oral or written, which complaint or communication alleges or implies a violation of a statute or rule which the board is empowered to enforce, shall promptly forward the substance of the communication on a form prepared by the attorney general to the designee of the attorney general responsible for providing legal services to the board. Before proceeding further with the communication, the designee of the attorney general may require the complaining party to state the complaint in writing on a form prepared by the attorney general. Complaints which relate to matters within the jurisdiction of another governmental agency shall be forwarded to that agency by the executive secretary. An officer of that agency shall advise the executive secretary of the disposition of that complaint. A complaint received by another agency which relates to a statute or rule which a licensing board is empowered to enforce shall be forwarded to the executive secretary of the board to be processed in accordance with this section.

Subd. 2. Investigation and hearing. The designee of the attorney general providing legal services to a board shall evaluate the communications forwarded by the board or its members or staff. If the communication alleges a violation of statute or rule which the board is to enforce, the designee is empowered to investigate the facts alleged in the communication. In the process of evaluation and investigation, the designee shall consult with or seek the assistance of the executive secretary or, if the board determines, a member of the board who has been designated by the board to assist the designee. The designee may also consult with or seek the assistance of any other qualified persons who are not members of the board who the designee believes will materially aid in the process of evaluation or investigation. The executive secretary or the consulted board member may attempt to correct improper activities and redress grievances through education, conference, conciliation, and persuasion, and in these attempts may be assisted by the designee of the attorney general. If the attempts at correction or redress do not produce satisfactory results in the opinion of the executive secretary or the consulted board member, or if after investigation the designee providing legal services to the board, the executive secretary or the consulted board member believes that the communication and the investigation suggest illegal or unauthorized activities warranting board action, the designee shall inform the executive secretary of the board who shall schedule a disciplinary hearing in accordance with Minnesota Statutes, chapter 14. Before the holding of a disciplinary hearing may be directed, the designee or executive secretary shall have considered the recommendations of the consulted board member. Before scheduling a disciplinary hearing, the executive secretary must have received a verified written complaint from the complaining party. A board member who was consulted during the course of an investigation may participate at the hearing but may not vote on any matter pertaining to the case. The executive secretary of the board shall promptly inform the complaining party of the final disposition of the complaint. Nothing in this section shall preclude the board from scheduling, on its own motion, a disciplinary hearing based upon the findings or report of the board's executive secretary, a board member or the designee of the attorney general assigned to the board. Nothing in this section shall preclude a member of the board or its executive secretary from initiating a complaint.

Subd. 3. Discovery; subpoenas. In all matters pending before it relating to its lawful regulation activities, a board may issue subpoenas and compel the attendance of witnesses and the production of all necessary papers, books, records, documents, and other evidentiary material. Any person failing or refusing to appear or testify regarding any matter about which the person may be lawfully questioned or produce any papers, books, records, documents, or other evidentiary materials in the matter to be heard, after having been required by order to the board or by a subpoena of the board to do so may, upon application to the district court in any district, be ordered to comply therewith. The chair of the board acting on behalf of the board may issue subpoenas and any board member may administer oaths to witnesses, or take their affirmation. Depositions may be taken within or without the state in the manner

provided by law for the taking of depositions in civil actions. A subpoena or other process or paper may be served upon any person named therein, anywhere within the state by any officer authorized to serve subpoenas or other process or paper in civil actions, with the same fees and mileage and in the same manner as prescribed by law for service of process issued out of the district court of this state. Fees and mileage and other costs shall be paid as the board directs."

Subp. 4. **Complaints handled by board.** When oral complaints alleging violations of the code of ethics are received, the executive secretary of the Board of Teaching shall request the complaining party to submit the complaint in writing within ten days.

Upon the receipt of a complaint in writing alleging violations of the code of ethics, the teacher named in the complaint shall be notified in writing within ten days of the receipt of the complaint.

The teacher shall be entitled to be represented by the teacher's own counsel or representative at each stage of the investigation and hearing.

Subp. 5. **Enforcement procedures.** The Board of Teaching may impose one or more of the following penalties when it has found a violation of the code of ethics. These actions shall be taken only after all previous efforts at remediation have been exhausted.

A. The Board of Teaching may enter into agreements with teachers accused of violating the code of ethics which would suspend or terminate proceedings against the teacher on conditions agreeable to both parties.

B. A letter of censure from the Board of Teaching may be sent to the person determined to be in violation of the standards of the code of ethics. A copy of the letter shall be filed with the Board of Teaching. Such letters shall be kept on file for a period of time not to exceed one calendar year.

C. A teacher who has been found to have violated the code of ethics may be placed on probationary licensure status for a period of time to be determined by the Board of Teaching. The board may impose conditions on the teacher during the probationary period which are to be directed toward improving the teacher's performance in the area of the violation. During this period, the teacher's performance or conduct will be subject to review by the Board of Teaching or its designee. Such review will be directed toward monitoring the teacher's activities or performance with regard to whatever conditions may be placed on the teacher during the probationary period. Before the end of the probationary period the Board of Teaching shall decide to extend or terminate the probationary licensure status or to take further disciplinary actions as are consistent with this rule.

D. The license to teach of the person determined to be in violation of the standards of the code of ethics may be suspended for a period of time determined by the Board of Teaching.

E. The license to teach of the person determined to be in violation of the standards of the code of ethics may be revoked by the Board of Teaching.

INSTITUTIONAL AND PROGRAM APPROVAL

8700.7600 APPROVAL OF MINNESOTA INSTITUTIONS TO PREPARE PERSONS FOR TEACHER LICENSURE.

Subpart 1. **In general.** Licenses to teach in Minnesota may be granted to persons who complete approved programs leading to teacher licensure in Minnesota institutions which are approved by the Board of Teaching to prepare persons for teacher licensure in accordance with the provisions of this part.

Subp. 2. **Institutions required to obtain HESO authorization.** A Minnesota institution which is required to obtain authorization from the Minnesota Higher Education Services Office to grant degrees must provide evidence of such authorization prior to requesting approval from the Board of Teaching to prepare persons for teacher licensure. Such authorization must be maintained by the institution during the approval period granted by the Board of Teaching.

Subp. 3. **Evaluation of institutions.** Each degree granting Minnesota institution requesting approval to prepare persons for teacher licensure shall be evaluated for initial approval and thereafter shall be evaluated for continuing approval in accordance with the provisions of this rule.

Subp. 4. **Expiration of approval.** Initial or continuing approval to prepare persons for teacher licensure may be granted by the Board of Teaching to an institution for a period of ten years. At least one year prior to the expiration of the approval period, the institution shall submit a request to the Board of Teaching for continuing approval and shall be evaluated in accordance with the provisions of this part.

Subp. 5. **Written report required.** Each Minnesota institution requesting initial or continuing approval to prepare persons for teacher licensure shall forward from the chief administrative officer of that institution to the Board of Teaching a written report which shall be used to verify the capability of the institution to prepare persons for teacher licensure in Minnesota. This written report shall include:

A. a statement that the mission of the institution includes a commitment to the preparation of persons for teacher licensure;

B. evidence that sufficient financial resources are allocated to support the institutional programs for preparing persons for teacher licensure;

C. evidence that institutional requirements in liberal or general education for persons enrolled in programs leading to teacher licensure are equivalent to the requirements of persons enrolled in programs other than teacher licensure;

D. a description of institutional administrative organization which demonstrates that:

(1) The control of teacher licensure programs is exercised by a defined administrative and instructional unit, such as a department, division, school, or college of education. Such defined unit has responsibility for planning, developing, coordinating, implementing, and evaluating teacher licensure programs;

(2) The administrator of such defined unit is authorized to submit teacher licensure program proposals to the Board of Teaching for approval and is responsible for administering teacher licensure programs as approved by the Board of Teaching;

(3) The administrator of such defined unit is authorized to recommend for teacher licensure those persons who have completed teacher licensure programs which have been approved for that Minnesota institution by the Board of Teaching;

(4) The institution has a defined institutional policy making body which is responsible for approving teacher licensure programs for submission to the Board of Teaching; and

(5) The institution establishes and maintains a teacher education committee to assist in the design, development, revision, and ongoing evaluation of teacher licensure programs within the institution. Such committee includes college personnel, licensed practicing teachers, school administrators, and interested citizens;

E. a description of the institutional student services, which demonstrates that:

(1) the institution has established and maintains a process for admission and retention of persons in teacher licensure programs, including the application of specific criteria for admission and retention, and a defined student appeals process;

(2) the institution has established and maintains complete, accurate, and current records of persons in teacher licensure programs which provide information to support decisions with respect to admission, retention, and recommendation for teacher licensure;

(3) the institution has established and maintains an advisory system which provides assistance in planning programs of study for each person enrolled in teacher licensure programs; and

(4) the institution has established and maintains placement services, including maintenance of credentials, information regarding trends in employment, and information regarding employment opportunities;

F. evidence that the institution assigns faculty qualified by academic preparation to support the teacher licensure program offered by the institution;

G. evidence that the qualifications and the teaching load of the faculty assigned to the professional education component of each teacher licensure program are equivalent to those established for all faculty within the institution;

H. evidence that part-time and adjunct faculty assigned to each teacher licensure program are employed only when there is a need which is not represented on the full-time faculty, or when there is a need for temporary additional service, or to complement regular full-time faculty;

I. a description of the foundational component of professional education which demonstrates that persons enrolled in teacher licensure programs are provided instruction in the foundations of education and that such persons successfully complete the foundational component of professional education;

J. a description of the student teaching experience, identifying the documentation available which demonstrates that:

(1) persons enrolled in teacher licensure programs which require a student teaching experience complete such supervised experience in the licensure field and at the licensure level for which they are to be recommended for licensure;

(2) supervision of student teaching experiences is under the control and direction of faculty assigned to the professional education component of teacher licensure programs. Student teaching experiences are also supervised by practicing teachers who hold at least a continuing license, as defined in part 8700.0200 and granted by the Board of Teaching, in the licensure field and at the licensure level for which they supervise; and

(3) student teaching experiences are evaluated by the persons enrolled in teacher licensure programs and by the faculty and practicing teachers who supervise the student teaching experiences;

K. evidence that the physical resources are adequate to support the teacher licensure programs offered by the institution;

L. evidence that the library, audiovisual, and curriculum materials are adequate to support the teacher licensure programs offered by the institution;

M. a description of the institutional procedures for the systematic evaluation of teacher licensure programs, including the periodic survey of graduates who have completed such programs;

N. evidence that the results of the systematic evaluation of teacher licensure programs, including the periodic survey of graduates, are utilized in the development and possible modification of teacher licensure programs offered by the institution; and

O. a description of long range plans for teacher education projected by the institution.

Subp. 6. Institutional evaluation procedure. Persons designated as evaluators by the Board of Teaching staff shall visit the institution for the purposes of verifying the accuracy and completeness of the written report prepared by the institution, writing a report of their findings, and making a recommendation to the Board of Teaching regarding approval status of the institution. The evaluation team may include representatives from teacher preparing institutions, licensed practicing teachers, interested citizens, and state education agencies. The administrator of the defined administrative and instructional unit of the institution and the Board of Teaching staff shall negotiate team membership from a slate of possible evaluators provided by the Board of Teaching staff. If agreement is not reached regarding team membership, the Board of Teaching shall appoint the slate of team members. The size of the team and the expertise of the members shall be appropriate for the kinds, size, and complexity of programs. Evaluation team visits shall be scheduled in consultation with the institution. Expenses of evaluators shall be reimbursed in accordance with Minnesota state rules. Other expenses, such as those incidental to preparing reports, arranging meetings, and providing workrooms for the team while on campus, shall be the responsibility of the institution.

Subp. 7. Written evaluation report; decision of board. The written report of findings and the recommendation of the evaluators shall be forwarded to the institution and to the Board of Teaching. Within 30 days from the mailing date of the evaluators' report, the institution may submit to the Board of Teaching additional information or arguments in support

of its request. Based upon the written report prepared by the institution, and the written report of findings and the recommendation of the evaluators, the Board of Teaching shall:

- A. grant initial approval;
- B. grant continuing approval;
- C. grant conditional approval, state the conditions, and establish time lines for meeting the stated conditions; or
- D. disapprove the institution, state the reasons for disapproval, and, if needed, stipulate a termination date which shall accommodate persons currently enrolled in teacher licensure programs. The Board of Teaching shall disapprove institutions that do not meet the requirements in subpart 5.

Subp. 8. **Conditional approval.** If an institution is conditionally approved to prepare persons for teacher licensure, the Board of Teaching shall reconsider the approval status of the institution upon verification by the executive secretary of the Board of Teaching that the stated conditions are met. If stated conditions are not met within the established time lines, conditional approval shall be withdrawn and the institution shall be disapproved.

Subp. 9. **Revocation or suspension of approval.** The Board of Teaching may revoke or suspend the approval of an institution to prepare persons for teacher licensure when the Board of Teaching determines that an approved institution no longer meets the provisions of this rule.

Subp. 10. **Appeal of board decision.** Decisions by the Board of Teaching regarding approval status of an institution to prepare persons for teacher licensure may be appealed by the institution pursuant to Minnesota Statutes, chapter 14.

8700.7700 APPROVAL OF TEACHER LICENSURE PROGRAMS IN MINNESOTA INSTITUTIONS APPROVED TO PREPARE TEACHERS.

Subpart 1. **In general.** Institutions which have been approved by the Board of Teaching to prepare persons for teacher licensure may request approval of teacher licensure programs. Such programs shall be evaluated for initial approval and thereafter shall be audited for continuing approval in accordance with the provisions of this part.

Subp. 2. **Teacher licensure program description.** Each institution shall forward from the administrator of the defined administrative and instructional unit of that institution to the Board of Teaching a program description for each teacher licensure program for which approval is requested. The teacher licensure program description shall include:

- A. a statement which verifies the institutional commitment to the teacher licensure program;
- B. a description of the organizational structure of the institution and procedures for implementing the teacher licensure program;
- C. a description of the teaching role for which persons who enroll in the licensure program are being prepared;
- D. an enumeration of the specific knowledge, skills, and understandings to be achieved by persons completing the teacher licensure program;
- E. a description of the teacher licensure program which relates individual program components to the knowledge, skills, and understandings to be achieved by persons completing the teacher licensure program;
- F. a description of the systematic procedure for evaluation of the teacher licensure program which assures that all requirements for teacher licensure have been met by all persons recommended for teacher licensure;
- G. a specific identification of the plans for assessing the performance of each person who is to be judged as having successfully completed the teacher licensure program;
- H. evidence that the teacher licensure program forwarded for approval has been developed with participation from the college departments involved with the teacher licensure program, licensed practicing teachers, school administrators, and interested citizens; and

I. a description of the procedures to establish and maintain an internal process for systematic evaluation of the teacher licensure program.

Subp. 3. **Additional evidence required in descriptions.** Each program description forwarded to the Board of Teaching by an institution for each teacher licensure program for which approval is requested shall include evidence that:

A. Rules of the Board of Teaching governing the teacher licensure program are met.

B. Persons enrolled in the teacher licensure program are required to be provided instruction in methods of teaching and in the foundations of education. Such persons are also required to successfully complete a series of planned, supervised, and evaluated pre-student teaching and student teaching experiences for which specific learning objectives have been established. Instruction in methods of teaching and student teaching experiences shall be in the licensure field and at the licensure level for which those persons completing teacher licensure programs are to be recommended for teacher licensure. The student teaching requirement applies only to persons completing a program to be recommended for entrance licensure.

C. Necessary faculty and physical resources are allocated to implement and maintain the teacher licensure program. Faculty shall be assigned to the component of professional education for which they have academic preparation and teaching experience. In addition, faculty assigned to provide instruction in methods of teaching and supervise student teaching experiences in the teacher licensure program shall have teaching experience at the licensure level of the licensure program. Classroom teachers who supervise student teaching experiences shall hold at least a continuing license, as defined in part 8700.0200 and granted by the Board of Teaching, in the licensure field and at the licensure level for which they supervise.

Subp. 4. **Program audit procedure.** Before initial approval for the teacher licensure program is granted, the Board of Teaching staff or persons designated as auditors by the Board of Teaching staff may visit the institution to examine the teacher licensure program for the purpose of verifying the program description and making a recommendation regarding approval status. During the operation of an approved teacher licensure program, an audit visit to verify that the approved program meets the provisions of this part may be arranged in consultation with the institution. Auditors shall forward a written report of their findings to the executive secretary of the Board of Teaching and to the institution.

Subp. 5. **Audit visits.** The Board of Teaching staff, or persons designated as auditors by the Board of Teaching staff, in consultation with the institution shall make audit visits on a five year cycle to verify program descriptions and to make a recommendation regarding approval status of each teacher licensure program. Expenses of auditors shall be reimbursed in accordance with Minnesota state rules.

Subp. 6. **Decision of board.** Based upon appraisal of the program description prepared by the institution and the written report of the auditors, the Board of Teaching shall:

A. grant initial approval;

B. grant continuing approval;

C. grant conditional approval, state the conditions, and establish time lines for meeting the stated conditions; or

D. disapprove the teacher licensure program, state the reasons for disapproval, and, if needed, stipulate a termination date which will accommodate persons currently enrolled in said program. The Board of Teaching shall disapprove any teacher licensure program that does not meet the requirements in subparts 2 and 3, or if the requirements for entrance into or completion of the teacher licensure program substantially change the requirements set forth in licensure rules.

Subp. 7. **Conditional approval.** If a teacher licensure program is conditionally approved, the Board of Teaching shall reconsider the approval status of the teacher licensure program upon verification by the executive secretary of the Board of Teaching that the stated conditions are met. If stated conditions are not met within the established time lines, conditional approval shall be withdrawn and the program shall be disapproved.

Subp. 8. **Variations in programs.** Teacher licensure programs which vary in curricular design shall be approved provided that program components meet the requirements of Board

of Teaching rules for each teacher licensure program, and that these components are designed to provide persons completing each teacher licensure program with the knowledge, skills, and understandings which are enumerated in those rules.

Subp. 8a. Approval of experimental teacher licensure programs. Institutions that have been approved by the Board of Teaching to prepare persons for teacher licensure may request approval of experimental teacher licensure programs that vary from Board of Teaching rules. The Board of Teaching shall approve requests from institutions for experimental proposals for exemption from Board of Teaching rules when a determination has been made that all of the criteria listed in subpart 8b have been met.

Subp. 8b. Criteria for exemptions. An institution applying for an exemption from a Board of Teaching rule shall submit a proposal for each exemption that sets forth:

A. a statement of goals and objectives;

B. a description of the proposed program, that includes:

(1) evidence that the proposed program will serve as a model for possible replication;

(2) evidence that the proposed program reflects current research in teacher education;

(3) evidence that the proposed program has an ongoing research and development component;

(4) evidence that the proposed program has been designed so that it is significantly different in content and delivery from the currently approved program;

(5) evidence that the proposed program provides opportunities for persons enrolled in the program to know and apply current research on educational effectiveness;

(6) evidence that the proposed program provides opportunities for persons enrolled in the program to have regular and systematic field experiences in schools that demonstrate knowledge and use of current research on educational effectiveness;

(7) evidence that the proposed program has been collaboratively designed, implemented, and evaluated to ensure that elementary and secondary teachers participate as partners with teacher education faculty in the preparation of teachers;

(8) evidence that the proposed program provides opportunities for teacher education faculty to enhance effective teaching behaviors through staff development opportunities and that faculty are enabled and supported in the change process; and

(9) evidence that the academic knowledge component of the program is completed in an area of licensure;

C. a description of the annual evaluation procedures to be used to demonstrate attainment of the goals and objectives; and

D. an identification of the Board of Teaching rule from which the institution seeks exemption.

Subp. 8c. Five year review of experimental teacher licensure programs. The Board of Teaching shall approve, disapprove, or modify continuation of the experimental program approved under subparts 8a and 8b within five years.

Subp. 9. Written description of revisions in approved program. When an institution makes revisions in an approved teacher licensure program, the administrator of the defined administrative and instructional unit of that institution shall forward to the executive secretary of the Board of Teaching a written description of the teacher licensure program revision. An audit shall be made to verify that the revised teacher licensure program continues to meet rules of the Board of Teaching. Each verified teacher licensure program revision shall become an amendment to the approved teacher licensure program.

Subp. 10. Revocation or suspension of approval. The Board of Teaching may revoke or suspend the approval of a teacher licensure program when the Board of Teaching determines that an approved teacher licensure program no longer meets the provisions of this rule.

Subp. 11. **Appeal of board decisions.** Decisions by the Board of Teaching regarding approval status of a teacher licensure program may be appealed by the institution pursuant to Minnesota Statutes, chapter 14. -

8700.7710 TEACHER EDUCATION PROGRAM EVALUATION.

Subpart 1. **In general.** The following criteria are to be applied by the Board of Teaching to measure teacher education program effectiveness.

A. The program has a stated set of outcomes consistent with the dispositions, skills, and knowledge developed by the institution.

B. The stated outcomes of the program are based on research, theory, and accepted practice.

C. A liberal arts curriculum is an integral component of the teacher education program and is consistent with other programs offered by the institution.

D. The teacher education curriculum draws upon and is coordinated with current knowledge in the liberal arts.

E. The institution documents evidence of efforts to integrate liberal arts and teacher education.

F. The program incorporates a broad range of clinical and field experiences.

G. The program is developed and implemented through formal partnerships.

H. Students are evaluated at entrance, throughout, and at completion of the program.

I. Licensure candidates demonstrate the dispositions, skills, and knowledge developed by the institution to the satisfaction of teacher education faculty and cooperating school personnel.

J. The teacher education faculty and cooperating school personnel demonstrate effective teaching.

K. Teacher educators evaluate their programs and use results of evaluation to improve courses, programs, and learning experiences.

L. Teacher education faculty and cooperating school personnel collaboratively implement and evaluate the formal induction period at such time as the Board of Teaching may require a formal induction period.

Subp. 2. **Transition.**

A. Between July 1, 1990, and July 1, 1995, teacher education institutions and programs reviewed for approval by the Board of Teaching in accordance with parts 8700.7600 and 8700.7700 shall demonstrate progress toward compliance with this part.

B. Any interested party may submit suggested revisions of this part to the Board of Teaching for review and comment at any time before January 1, 1995.

C. This subpart is repealed July 1, 1995.

TEACHERS PREPARED IN STATES OTHER THAN MINNESOTA

8700.7800 TEACHERS PREPARED IN STATES OTHER THAN MINNESOTA.

Subpart 1. **In general.** Licenses to teach in Minnesota shall be granted to persons who otherwise meet applicable statutory requirements and who complete programs leading to teacher licensure in teacher preparation institutions located outside Minnesota. Such licenses shall be granted only in licensure fields for which the Board of Teaching has established rules governing programs leading to teacher licensure. Such licenses shall be issued according to either subpart 2 or 3.

Subp. 2. **States with contracts with Minnesota.** Persons who complete approved programs leading to teacher licensure in teacher preparation institutions within states which have signed contracts with Minnesota according to the provisions of the interstate agreement on qualification of educational personnel shall be granted a Minnesota entrance license. No licenses shall be issued on the basis of teaching experience only.

Subp. 3. **States without contracts with Minnesota.** Persons who complete programs leading to teacher licensure in teacher preparation institutions within states which have not signed contracts with Minnesota according to the provisions of the interstate agreement on qualification of educational personnel shall be granted a Minnesota entrance license when all of the following criteria are met:

A. the teacher preparation institution is regionally accredited by the association for the accreditation of colleges and secondary schools;

B. the program leading to teacher licensure has been recognized by the state as qualifying the applicant completing the program for current licensure within that state;

C. the program leading to teacher licensure completed by the applicant is essentially equivalent in content to approved programs offered by Minnesota teacher preparation institutions according to Board of Teaching rules governing the licensure field;

D. the teacher preparation institution which offers the program leading to licensure verifies that the applicant has completed an approved teacher licensure program at that institution and recommends the applicant for a license in a licensure field at a licensure level;

E. the applicant has completed a major or minor program leading to teacher licensure as verified by the transcript issued by the institution recommending the applicant for licensure; and

F. the applicant has completed student teaching in the licensure field and at the licensure level of the program.

Subp. 4. **Exception.** Notwithstanding the rule governing human relations, persons who have been prepared as teachers in states other than Minnesota shall be granted a Minnesota one-year nonrenewable provisional license based upon the provisions of this part. Upon meeting the provisions of this part, an entrance license shall be granted.

8700.8190 COLLEGE AND UNIVERSITY PROGRAMS.

Minnesota colleges and universities approved to prepare school counselors and which request approval of a program according to this part and part 8700.8190 shall provide evi-

dence that programs to prepare middle school counselors submitted for approval have been developed with participation from elementary and secondary counselors, middle school administrators, students, and interested citizens. Such programs shall also include:

A. a statement of philosophy which sets forth the view of the institution with respect to the middle school;

B. an enumeration of the specific knowledge, skills, and understandings to be developed in the proposed program;

C. a description of program components which includes statements specifically relating individual components of the program to the philosophy and outcomes enumerated under items A and B; and

D. a plan for assessing learning outcomes for individual candidates for licensure.

All approved programs leading to middle school counselor licensure shall include a description of the way in which practicing counselors may have their school counseling experience and school counselor preparation in those areas enumerated in part 8700.8180, subparts 1 to 3, evaluated and credited by an institution maintaining an approved program leading to middle school counseling licensure. Such evaluation may include previous school counseling experience and/or previous school counselor preparation.

Applicants holding a valid Minnesota elementary or secondary school counselor entrance license shall be issued an entrance middle school counselor license upon the completion of the requirements of part 8700.8180, subparts 2 and 3. Applicants holding a valid Minnesota elementary or secondary school counselor continuing or life license shall be issued a continuing middle school counselor license upon the completion of the requirements of part 8700.8180, subparts 2 and 3. The first and subsequent continuing middle school counseling licenses shall be issued to applicants who have completed the requirements of part 8700.8180, subparts 2 and 3 and who meet the requirements of the Board of Teaching for the issuance of the first and/or subsequent Minnesota elementary or secondary school counselor continuing licenses. Persons holding a valid Minnesota elementary or secondary school counselor license who have a minimum of three years of counseling experience in a Minnesota middle school prior to July 1, 1983, as verified by the employing school superintendent, shall, upon application, be issued a license as a middle school counselor.

8700.9010 REQUIREMENTS TO OBTAIN LICENSE.

Subpart 1. Granting of license. The State Board of Education shall grant licenses as school nurse to applicants who meet the requirements of parts 8700.9010 to 8700.9030. Any persons employed as a nurse by a school district shall hold a valid Minnesota license as a school nurse.

Subp. 2. Requirements. A license as school nurse, valid for two years, shall be granted to an applicant who provides evidence to the manager of teacher licensure that the following requirements have been met:

- A. a baccalaureate degree from a regionally accredited college or university;
- B. current Minnesota registration to practice as a licensed registered nurse, and certification as a Minnesota public health nurse as defined in Minnesota Statutes, section 145A.02, subdivision 18;
- C. satisfactory completion of at least three quarter hours, or the equivalent, of work in each of the following areas:
 - (1) child growth and development;
 - (2) public health;
 - (3) special education; and
- D. satisfactory compliance with part 8700.2700, Human Relations Components in all Programs Leading to Licensure in Education.

Applicants who meet requirements of items A and B, but who do not meet requirements of items C and D, must be granted a one-year nonrenewable provisional license, during which time the applicant must provide evidence of meeting the requirements of items C and D. Applicants who meet requirements of items A, B, and C, but who do not meet the requirements of item D, must be granted a one-year nonrenewable provisional license, during which time the applicant must provide evidence of meeting the requirements of item D. On complying with this subpart and other requirements, an entrance license must be granted.

8700.9030 MAINTAINING LICENSURE.

In order to retain licensure as a school nurse, current registration as a registered nurse and certification as a Minnesota public health nurse as defined in Minnesota Statutes, section 145A.02, subdivision 18, must be maintained at all times. Lapse of such registration or licensure shall be grounds for revocation of licensure as a school nurse.

Persons without baccalaureate degrees who hold valid licenses as school nurses may continue to renew their licenses under part 8700.9020, subpart 2, provided that requirements for renewal are met. However, if such licenses are allowed to lapse, persons must meet licensure requirements set forth in part 8700.9010, subpart 2.
