Subp. 7. Formal procedural requirements. "Formal procedural requirements" means those rules governing the conduct of administrative hearings applicable to and affecting the rights, duties and privileges of each party of a "contested case," as such term is defined and as such rules are set forth in Minnesota Statutes, chapter 14.

Subp. 8. Governing body. "Governing body" means the board of directors, or if otherwise designated in the basic organizational document and/or bylaws, those persons vested with the ultimate responsibility for the management of the corporate entity that has been issued a certificate of authority as a health maintenance organization.

Subp. 9a. NAIC Blank. "NAIC Blank" means the 1985 version of the National Association of Insurance Commissioners' Blank for Health Maintenance Organizations (1985) published by the Brandon Insurance Service Company, Nashville, Tennessee. The NAIC Blank is incorporated by reference and is available for inspection at Ford Law Library, 117 University Avenue, Saint Paul, Minnesota 55155. "Out-of-area health care services" are those services provided outside of the health maintenance organization's geographic service area, as such area is described in the health maintenance organization's application for a certificate of authority, and any subsequent changes therein filed with the commissioner of health.

Subp. 12. Period of confinement. "Period of confinement" means a period of time specified in a health maintenance contract relating to the amount of days

of inpatient hospital care and defining a period during which an enrollee may not receive any inpatient hospital care in order to become entitled to a renewed period of hospital coverage. This term means the same as "spell of illness" and similar terms as they may be used in provisions to limit hospital care.

Subp. 13. **Provide.** "Provide" as that word is used in Minnesota Statutes, section 62D.09, means to send by United States postal service, by alternative carrier, or by other method to the place of residence or employment of each enrollee or, if such enrollee is a member of a specified group covered by a health maintenance contract, to the office of the authorized representative of any such group.

4685.0400 OPERATING REQUIREMENTS AND REQUIREMENTS FOR ISSUANCE OF A CERTIFICATE OF AUTHORITY.

Each health maintenance organization must submit the information required in Minnesota Statutes, chapter 62D and part 4685.0300 and the commissioner must find that each health maintenance organization meets the statutory requirements and the standards of parts 4685.0100 to 4685.5600 before the commissioner may issue a certificate of authority. The failure of an operating health maintenance organization to comply with the requirements is proper basis for disciplinary action under Minnesota Statutes, sections 62D.15 to 62D.17.

Statutory Authority: *MS s 62D.20*

4685.0500 INSURANCE.

A health maintenance organization may provide for the payment for the cost of emergency services, out-of-area services or other services which go beyond the minimum services required herein through a policy of insurance.

Statutory Authority: *MS s 62D.20*

4685.0600 FINANCIAL RESPONSIBILITY.

In making its determination of financial responsibility, the commissioner will apply the following guidelines as appropriate:

A. a reasonable period of time for the continued availability of health care services is 60 days;

B. financial soundness can be demonstrated by showing the capacity of the applicant to produce a cash flow sufficient to cover normal operating expenses for 60 days, plus all initial organizational and promotional expenses;

C. adequate working capital can be shown by the availability of an amount of money sufficient to cover normal operating expenses for 60 days, plus any and all initial organizational and promotional expenses;

D. the comparability to the charges for similar services used by other health maintenance organizations and other health delivery systems will be used in considering the proposed schedule of charges; and

E. a determination of financial responsibility shall include consideration of a health maintenance organization's insurance coverage of its own risks and the risks it may bear in agreeing to provide services to enrollees relative to the organization's own financial reserves and surplus.

These considerations must give full force and effect to Minnesota Statutes, sections 62D.04, subdivision 1, clause (f); 62D.05, subdivision 3; 62D.12, subdivisions 4 and 9; 62D.13, and parts 4685.0300, subpart 3, and 4685.0500.

G. limitations upon and/or exclusions of custodial and/or domiciliary care;

H. limitations upon and/or exclusions of care for injuries incurred while on military duty, to the extent that such care is, in fact, covered or available in another program of coverage;

I. limitations upon and/or exclusions of home health care services;

J. limitations upon and/or exclusion of services and other items not prescribed, recommended or approved by a physician that is providing services through the enrollee's health maintenance organization or a provider to whom such physician has referred the enrollee, except in a situation where for reason of medical necessity and not convenience the enrollee is unable to obtain needed health care from the health maintenance organization, such as in emergency or out-of-area situations;

K. limitation upon/or exclusion of those maternity services which relate to a conception occurring prior to the effective date of coverage of the enrollee;

L. limitations upon outpatient treatment of mental and emotional conditions and alcohol and other chemical dependency, except there may be no limitation applied to diagnosis and referral to sources of care;

N. such limitations or exclusions on inpatient hospital care as defined in part 4685.0100, subpart 5, item A, and required in subpart 2, item C, as are specifically authorized below. Each health maintenance organization may have:

(1) Limitations upon the number of days of inpatient hospital care, depending on the nature of the coverage, which at least correspond with the following minimum provisions:

(a) For health maintenance contracts issued to a specified group or groups, the coverage may be limited to 365 days of care in a given period of confinement for a condition arising from a single illness or injury, provided that if this coverage is exhausted the benefit must be renewed, or a new period of confinement commenced, upon the occurrence of a separate illness or injury or upon the passage of no more than 90 days without utilization of inpatient hospital care; and provided further, that if an enrollee group rejects in writing such limits of coverage in favor of lesser limits, the coverage may be limited to no less than 180 days, with no more than 90 days between periods of confinement.

(b) For individual health maintenance contracts, the coverage may be limited to 90 days of care in a given period of confinement for a condition arising from a single illness or injury, provided that if this coverage is exhausted

the benefit must be renewed or a new period of confinement commenced, upon the occurrence of a separate illness or injury or upon the passage of no more than 90 days without utilization of inpatient hospital care.

(c) For inpatient hospital care out of the service area of the health maintenance organization as defined in part 4685.1100, item B, and part 4685.0100, subpart 11, and as required in subpart 2, item B, the coverage may be limited to 60 days of care in each contract year.

These provisions relate to the aggregate number of days of both acute care and convalescent care, both of which must be rendered to enrollees by the health maintenance organization, but which may be limited, as indicated. These provisions do not relate to custodial or domiciliary care which may be limited or excluded completely pursuant to item G, nor do these provisions allow limitations or exclusions relative to the spectrum of service during a covered day, which is provided for below.

(2) Limitations upon and/or exclusions of television, telephone and similar convenience or amenity items available in connection with inpatient hospital care but which are not medically necessary as a part of the care of the enrollee; and limitations upon and/or exclusions of inpatient hospital care, for those conditions or under those circumstances where inpatient physician care is also limited or excluded, provided that inpatient physician care and hospital care may not be so limited or excluded beyond a limitation or exclusion otherwise explicitly authorized in subpart 3.

(3) Limitations upon and/or exclusion of private room accommodations.

(4) Limitations upon inpatient treatment for alcohol and other chemical dependency and inpatient treatment for mental and emotional conditions, provided that a health maintenance organization must provide for treatment for alcohol and other chemical dependency in a licensed residential primary treatment program or hospital for up to the greater of 28 days or a number of days equivalent to 20 percent of the other inpatient hospital care coverage; and provided further, that a health maintenance organization must provide for inpatient treatment for mental and emotional conditions of at least 30 days in each contract year.

O. those conditions that are subject to underwriting restrictions when the imposition of such restrictions is otherwise proper, provided that underwriting restrictions may only relate to pre-existing chronic health conditions, and those acute conditions for which an applicant is being treated at the time of the proposed enrollment.

4685.0800 COPAYMENTS, LIMITATIONS, EXCLUSIONS AND RESTRICTIONS ON SERVICE.

Subpart 1. Imposition of copayments, limitations, exclusions, and restrictions on service. In addition to the limitations and exclusions allowed in part 4685.0700, subpart 3, a health maintenance organization may impose copayments for services or goods provided and may impose certain restrictions on services. Any such provisions must clearly be stated in the evidence of coverage in compliance with Minnesota Statutes, section 62D.07, subdivision 3 (b) and comply with the following standards.

Subp. 2. Limitations and exclusions. There may be no limitations or exclusions other than those allowed by the statutes or in rules promulgated pursuant to Minnesota Statutes, section 62D.20. Where exclusions are allowed, it is the express policy of the commissioner of health to favor limitations rather than exclusions and the commissioner may limit the extent of limitations and/or exclusions which may be included in any health care plan to ensure that comprehensive health care services are reasonably available to enrollees. The standard

MINNESOTA RULES 1987

3945

HEALTH MAINTENANCE ORGANIZATIONS 4685.0900

of reasonableness shall be applied in full consideration of the general concept that a health maintenance organization must provide comprehensive health maintenance services in exchange for a single prepaid sum.

Subp. 3. Restrictions. Reasonable restrictions other than limitations, exclusions and copayments are permissible. These include, but are not limited to restrictions on the frequency or length of time a health maintenance service is provided (example: repeated, frequent physical exams), or the denial of a service that is not reasonably required to maintain the enrollees in good health (example: physical exams requested only for the protection or convenience of third parties). The standard of reasonableness shall be applied in full consideration of the general concept that a health maintenance organization must provide comprehensive health maintenance services in exchange for a single, prepaid sum.

Subp. 4. Copayments. Reasonable copayments, as defined in part 4685.0100, subpart 6, are allowed. Any amount or form of copayment shall be deemed reasonable when imposed on services which, pursuant to parts 4685.0400 to 4685.1300, may be excluded completely, provided that the copayment is not greater than the cost or charge of that particular service. Furthermore, copayments, either on specific services or in the aggregate, may be imposed on out-of-area services and emergency care by providers who do not have arrangements with the health maintenance organization in the form of a reasonable deductible, plus a 25 percent coinsurance feature, plus all charges which exceed a specified annual aggregate amount not less than \$25,000.

The standard of reasonableness, in all circumstances, shall be applied in full consideration of the general concept that a health maintenance organization must provide comprehensive health maintenance services in exchange for a single, prepaid sum.

No copayment may be imposed on preventive health care services as defined in part 4685.0100, subpart 5, item E, including administration of immunization, well-baby care, periodic screening and prenatal care, provided that this prohibition shall not be construed to prevent a copayment on maternity services in general, which may include prenatal care.

Copayments may not exceed 25 percent of the costs or charges for a particular service, except those copayments imposed upon services which may be excluded completely, out-of-area and emergency care described previously in this section, preventive health care services, and prescription drug benefits.

Copayments imposed upon prescription drug benefits shall be reasonable under the general provisions described in this part.

Statutory Authority: *MS s 62D.20*

4685.0900 SUBROGATION AND COORDINATION OF BENEFITS.

The health maintenance organization may require an enrollee to reimburse it for the reasonable value of health maintenance services provided to an enrollee who is injured through the act or omission of a third person or in the course of employment to the extent the enrollee collects damages or workers' compensation benefits for the diagnosis, care and treatment of his injury. The health maintenance organization may be subrogated to the enrollee's rights against the third person or the enrollee's employer to the extent of the reasonable value of the health maintenance services provided including the right to bring suit in the enrollee's name. The health maintenance organization may also provide in its evidences of coverage for coordination of benefits, whereby the health maintenance organization is entitled to determine whether and to what extent an enrollee has indemnity or other coverage for the services or goods provided to the enrollee or benefits paid on behalf of the enrollee by the health maintenance organization, to establish standard for priorities among those obligated to provide services or indemnification, to refer to other, prior sources of care, and to enforce the health maintenance organization's right to recover under those

standards. Provided, however, no health maintenance organization may recover the value of services rendered from an enrollee beyond any amount actually received by the enrollee in indemnification for the value of services rendered by the health maintenance organization.

D. the commissioner of health or each health maintenance organization may also conduct enrollee surveys of the enrollees of each health maintenance organization to ascertain enrollee satisfaction as a part of the overall quality evaluation program.

Subp. 2. Selection of enrollee directors. The basic organizational document and/or bylaws shall also provide a reasonable procedure by which the enrollee directors are to be elected. Such procedure must include notification:
