BUILDING OFFICIAL CERTIFICATION

1301.0100 PURPOSE.

The purpose of parts 1301.0100 to 1301.0600 is to establish procedures for certification of building officials and prerequisites for persons applying to be certified.

Statutory Authority: MS s 16B.61; 326B.106

History: 15 SR 74; L 2007 c 140 art 4 s 61; art 13 s 4

Published Electronically: February 19, 2009

1301.0200 FORMS OF CERTIFICATION.

Subpart 1. **Certified building official.** This classification is granted to a person who has met the "certified building official" prerequisites of part 1301.0300 and successfully passed the written

Subp. 1a. [Repealed, 27 SR 1474]

Subp. 2. [Repealed, 19 SR 75]

Subp. 3. **Class I certification.** A Class I certification is identified as "Class I" on the certification card. This classification was granted to a person who met a prerequisite and passed a written examination. This classification restricts the holder to administering the code only for one- and two-family dwellings and their accessory structures. As of July 1, 1990, this class is no longer issued. Persons with this classification may continue to hold this classification by submitting evidence of fulfilling the appropriate continuing education program established by part 1301.0900, item A.

examination prepared by the state. A person with this certification may serve as the building official

Subp. 4. [Repealed, 19 SR 75]

Subp. 5. **Certified building official-limited.** This certification is identified as "certified building official-limited" on the certification card. This classification is granted to a person who has met the "certified building official-limited" prerequisites of part 1301.0300 and successfully passed the written examination prepared by the state. A person with this classification may perform code administration for one- and two-family dwellings, their accessory structures, and "exempt classes of buildings" as provided in part 1800.5000 of the Board of Architecture, Engineering, Land Surveying, Landscape Architecture, and Geoscience rules, as well as "facilities for persons with physical disabilities" provisions in chapter 1341 of the Minnesota State Building Code. Code administration for all other buildings must be performed by a certified building official as defined in subpart 1. However, the certified building official-limited may conduct inspections at the direction of a certified building official or the state building official.

Subp. 6. Accessibility specialist. This certification is identified as "accessibility specialist" on the certification card. This certification is granted to a person who has met the "accessibility specialist" prerequisites of part 1301.0300 and successfully passed the written examination prepared by the state. A person with this classification is limited to the administration of those provisions of the Minnesota State Building Code which provide access for persons with disabilities.

Use of this certification is restricted to municipalities that according to Minnesota Statutes, sections 16B.72 and 16B.73, do not administer the code. If a municipality adopts the Minnesota State Building Code, the responsibilities for code administration and enforcement are under the authority of the certified building official or the certified building official-limited.

CONSTRUCTION CODE INSPECTORS EDUCATION AND COMPETENCY

1301.1300 AUTHORITY AND PURPOSE.

The purpose of parts 1301.1300 to 1301.1600 is to establish competency criteria, establish and approve education programs, and establish continuing education requirements for construction code inspectors pursuant to Minnesota Statutes, section 326B.135. Parts 1301.1300 to 1301.1600 shall be administered by the supervising designated building official.

Statutory Authority: *MS s 16B.655; 326B.135*

History: 32 SR 1933; L 2008 c 337 s 64 **Published Electronically:** February 19, 2009

1301.1310 DEFINITIONS.

- Subpart 1. Generally. The definitions in this part apply to parts 1301.1300 to 1301.1600.
- Subp. 2. **Building construction.** "Building construction" means soils supporting buildings, foundations, superstructures, the entire building envelope, and site work regulated by the State Building Code, but not mechanical systems or plumbing systems.
- Subp. 3. **Building inspection technology course or BIT course.** "Building inspection technology course" or "BIT course" means a building inspection technology course offered for college or university credit from an accredited college or university.
- Subp. 4. **Building inspector.** "Building inspector" means an individual who, under the supervision of a designated building official, inspects building construction and meets the requirements of part 1301.1400, subpart 2.
- Subp. 5. **Combination inspector.** "Combination inspector" means an individual who, under the supervision of a designated building official, inspects building construction, mechanical systems, and plumbing systems and meets the requirements of part 1301.1400, subpart 5.
- Subp. 6. **Construction code inspector.** "Construction code inspector" means a building inspector, mechanical inspector, plumbing inspector, or combination inspector who, under the supervision of a designated building official, performs building, plumbing, or mechanical inspections.
- Subp. 7. **Designated building official.** "Designated building official" means an individual who, as a certified building official or building official limited, has been designated by a municipality pursuant to Minnesota Statutes, section 326B.133, subdivision 1.
- Subp. 8. **Mechanical inspector.** "Mechanical inspector" means an individual who, under the supervision of a designated building official, inspects mechanical systems and meets the requirements of part 1301.1400, subpart 3.

- Subp. 9. **Mechanical system.** "Mechanical system" means a system within the scope of chapter 1346 that is composed of devices, appliances, or equipment.
- Subp. 10. **One year of experience.** "One year of experience" means 1,800 hours of time occurring within 12 consecutive months.
- Subp. 11. **Plumbing inspector.** "Plumbing inspector" means an individual who, under the supervision of a designated building official, inspects plumbing systems and meets the requirements of part 1301.1400, subpart 4.
- Subp. 12. **Plumbing system.** "Plumbing system" means a system within the scope of chapter 4714 that is composed of devices, appliances, or equipment.

Statutory Authority: *MS s 16B.655; 326B.135*

History: 32 SR 1933; L 2007 c 140 art 4 s 61; art 13 s 4; L 2008 c 337 s 64; 40 SR 71

1301.1400 MINIMUM COMPETENCY CRITERIA.

- Subpart 1. **Generally.** An individual conducting construction code inspections must meet the minimum competency criteria in this part, except that an individual holding a current certification as a building official under Minnesota Statutes, section 326B.133, is exempt from this part and part 1301.1600. All construction code inspectors hired on or after January 1, 2008, shall within one year of hire, be in compliance with the competency criteria of this part.
- Subp. 2. **Building inspector.** To conduct the activities of a building inspector, an individual must meet at least one of the following minimum competency criteria:
- A. three years' experience in construction with specific skilled participation in the construction of foundations and superstructures;
 - B. five years' experience in the complete design of buildings;
 - C. successful completion of two or more BIT courses in building construction;
- D. vocational or trade school diploma or equivalent education related to building construction;
 - E. bachelor's degree or more in architecture, engineering, or construction management;
- F. current certification by a national model building code group or a national standards writing group as a building inspector; or
- G. two years' experience conducting building construction inspections while under the supervision of a Minnesota designated building official.
- Subp. 3. **Mechanical inspector.** To conduct the activities of a mechanical inspector, an individual must meet at least one of the following minimum competency criteria:
 - A. three years' experience in the installation or design of mechanical systems;

- B. successful completion of two or more BIT courses, with at least one course specifically related to mechanical systems;
- C. vocational or trade school diploma or equivalent education related to the construction of mechanical systems;
 - D. bachelor's degree or more in architecture or engineering; or
- E. current certification by a national model building code group or a national standards writing group in mechanical system inspections.
- Subp. 4. **Plumbing inspector.** To conduct the activities of a plumbing inspector, an individual must meet at least one of the following minimum competency criteria:
- A. three years' qualifying experience in the installation or design of plumbing systems that is obtained in compliance with Minnesota's plumbing licensure laws;
- B. successful completion of two or more BIT courses, with at least one course specifically related to plumbing systems;
- C. vocational or trade school diploma or equivalent education related to the construction of plumbing systems;
 - D. bachelor's degree or greater in architecture or engineering; or
- E. current certification by a national model building code group or a national standards writing group in plumbing system inspection.
- Subp. 5. **Combination inspector.** To conduct the activities of a combination inspector, an individual must meet the minimum competency criteria of subparts 2, 3, and 4.
