

**1335.3100 FLOODPROOFING REGULATIONS, SECTION 1405.3.**

FPR section 1405.3 is amended to read as follows:

Protection by Dikes, Levees, and Floodwalls: Dikes, levees, and floodwalls must not be considered to provide floodproofing or flood protection unless

(1) the dike, levee, or floodwall is built in accordance with recognized and accepted engineering practice and methods, and

(2) the design data has been submitted to the Department of Natural Resources and the Federal Emergency Management Agency for revision of the community's flood insurance study (flood insurance rate map) and official zoning map.
