

1360.0900 INSPECTION.

Subpart 1. **General.** The state building inspector shall make, or cause to be made, inspections of the entire process of manufacturing, certifying, handling, storing, and transporting of prefabricated buildings produced pursuant to approved documents which the state building inspector deems necessary.

Subp. 2. [Repealed, 20 SR 2290(NO. 43)]

Subp. 3. [Repealed, 20 SR 2290(NO. 43)]

Subp. 4. **Damaged prefabricated buildings.** Prior to the installation of a damaged prefabricated building, the installer, transporter, building official, owner, or manufacturer shall notify the state building inspector who shall inspect, or cause to be inspected, prefabricated buildings which have been damaged and take action with regard to those buildings.

The state building inspector shall require prefabricated buildings which are so damaged as to no longer comply with the code to be brought into compliance promptly. If those buildings are not brought into compliance with the code within a reasonable time, or if they are so damaged that they cannot be brought into compliance, the state building inspector shall order that the seals be removed from the buildings. Irreparably damaged buildings must be disposed of in accordance with applicable law.
