

**1505.0754 WORK PLANS AND PERFORMANCE EVALUATIONS FOR COUNTY AGRICULTURAL INSPECTORS.**

Subpart 1. **Work plans.** A detailed plan of work to be accomplished by each county agricultural inspector must be jointly developed each year by the commissioner and the county agricultural inspector. A separate work plan must be developed for each of the control programs involving seed, noxious weed, and screenings. If participation in the control programs for feed, fertilizer, pesticide, and insect pests is requested by the commissioner, a separate work plan must also be developed for each program. The plan must list the individual tasks, the amount of time sufficient to complete them, the amount of training required, and the budget necessary. The plan must be submitted to the board of county commissioners each year for its approval of the amount of time and the budget needed.

If the commissioner requests participation in the feed, fertilizer, pesticide, and insect pest control programs, the written request to do so must accompany the work plan.
