

**1515.3600 COMPLETION AND SUBMISSION OF CLAIM FORM.**

The university extension educator shall make a written finding on the claim form of the actual fair market value of the destroyed livestock based upon any of the following criteria deemed to be pertinent by the university extension educator: the number of livestock determined by the investigator in the loss; the type of livestock; the breed and breeding of the livestock; the estimated size and weight of the livestock; the estimated age of the livestock; registration of the livestock, upon proof of registration; and the replacement cost of the livestock. The university extension educator shall return the completed claim form to the commissioner for review and payment. The commissioner may return any incomplete form to the investigator or university extension educator indicating the information necessary for proper completion.
