

**1545.1430 GRADING AND PACKING BINS.**

Where grading bins are used for poultry, rabbits, or animals, they shall be of sufficient number and capacity to handle the grading adequately without the use of makeshift bins, and all dressed poultry, rabbits, or animals shall be kept off the floor. Grading bins may be made of metal or enameled wood and shall be constructed and maintained in such a manner as to allow easy and thorough cleaning. All replacements of such bins, however, shall be of metal.
