

1562.1400 DETERMINATION OF GRADE.

If the grade of grain is established at the time of delivery to a warehouse, it must be recorded on the original and duplicate copy of the scale ticket. If the grade is not established at the time of delivery, the grade and factors that relate to the grade must be recorded on the duplicate copy of the scale ticket retained by the grain warehouse operator. The depositor or seller must be notified of the grade within 48 hours after the grade has been determined.
