

1800.2805 QUALIFYING EXPERIENCE DEFINED.

As used in this part and parts 1800.2500 and 1800.2800, qualifying experience consists of varied, progressive, nonrepetitive, practical experience at engineering work, developing the ability to apply the theoretical knowledge gained during academic training in making sound judgments in solving engineering problems. The varied experience must include increments of design, planning, technical specification, codes and standards research and analysis, engineering economics, safety, observation, and inspection of construction of products. Experience shall be written in detail, verified by the applicant's supervisor, and submitted with the application for evaluation and approval by the board.
