

2740.1300 QUALIFIED PLAN PREEXISTING CONDITIONS.

A qualified plan may include provisions consistent with generally accepted underwriting practices that provide that any preexisting condition for any person covered under the policy which was diagnosed prior to the effective date of the policy, and for which medical care or treatment was rendered or prescribed during the 90 days immediately prior to the application for such policy, shall not be covered or eligible for the payment of any benefits for care or treatment rendered during a period of time beginning on the effective date of the policy and ending 24 months after the policy has been continuously in force.
