

2965.0110 STANDARDS FOR INDIVIDUAL TREATMENT PLANS.

Subpart 1. **Initial individual treatment plan.** A written individual treatment plan for each client must be completed within 30 days of the client's entrance into the program. The individual treatment plan and the interventions designated to achieve its goals must be based on the initial treatment recommendations developed in the intake assessment with additional information from the client and, when possible, the client's family or legal guardian. Input may also be obtained from the program staff, appropriate representatives from outside social service and criminal justice agencies, and other appropriate resources. One qualified sex offender treatment staff person must be responsible for the integration and completion of the written plan, which is signed and dated and placed in the client's file.

The program must seek a written acknowledgment that the client and, if appropriate, the client's family or legal guardian have received and understand the individual treatment plan. The individual treatment plan and documentation related to it must be kept at the program in the client's case file. A copy of the client's individual treatment plan must be made available to the supervising agent, if requested, when it is completed.
