

3650.0040 TERMINATION AND REVOCATION.

Subpart 1. **Termination.** The registration of an organization terminates when any of the conditions in items A to C occur.

A. The organization requests that its registration be terminated. The request must be made in writing and is effective when filed by the secretary.

B. If the organization does not renew its registration before the previous registration expires, the registration automatically terminates in which case the organization must apply for a new registration, and pay the initial registration fee established in part 3650.0030, subpart 8, item A.

C. An organization's registration automatically terminates if the organization fails to remain in compliance with local, state, and federal statutes and regulations.

Subp. 2. **Responsibilities after termination.** The termination of an organization's registration does not relieve the organization's obligation to all students it has placed in Minnesota. The terminated organization must immediately cancel any student's visit before the student's arrival in Minnesota unless a transfer to another registered program can be obtained. If the student has already arrived in Minnesota, the organization must make arrangements to support the student's experience in a manner consistent with the requirements of this chapter and Minnesota Statutes, chapter 5A.
