

4660.4840 ACTIVITIES AREA, NEW CONSTRUCTION.

Subpart 1. **In general.** The area for social and recreational activities or therapeutic treatment shall provide space, arrangement, and equipment to accommodate the activities program.

Subp. 2. **Space arrangement.** Special consideration shall be given to space arrangement for obtaining maximum flexibility in divisions or separations of activities areas according to the type of function. Dirty and dusty activities shall be separate from clean activities, and noisy activities shall be completely separate and enclosed.

Subp. 3. **Storage.** Storage for supplies and equipment, including storage accommodations and display space for individual participants' projects shall be provided.

Subp. 4. **Sanitary facilities.** A counter with a sink or a lavatory and a single-service towel dispenser shall be provided within the area. A toilet room shall be available nearby.
