

**4670.1140 NONREPRESENTED EMPLOYEES.**

In agencies with an exclusive representative, the appointing authority may pay confidential, supervisory, and other personnel not covered by an exclusive representative who are in the same class as employees who have an exclusive representative, the same rate of pay and salary range as negotiated for the class under part 4670.1210. In no case would this rule allow the appointing authority to reduce the rate of pay of confidential, supervisory, or other excluded employees.
