

4700.2410 ALLOCATION SCHEME.

Subpart 1. **Family planning hotline grant.** Five percent of the total annual funds available or \$100,000 per year, whichever is less, must be allocated for a statewide family planning hotline. Applications must contain identifiable plans and budget allocations for both the operation of the hotline and its promotion statewide. If the grant award is not for the full amount of funds allocated under this subpart, the funds remaining must be reallocated for distribution under subpart 2.

Subp. 2. **Family planning services grants.** The portion of the total funds remaining after the distribution made under subpart 1 must be allocated according to this subpart. Except as provided in part 4700.2420, subpart 4, the family planning special project grant funds must be allocated on a regional basis according to the following needs-based distribution formula.

A. Determine the regional need by totaling the following three factors:

(1) the number of resident women within the region who are 12 to 18 years of age, determined by using Department of Health data from the most recent year for which it is available;

(2) the number of resident women within the region 19 to 34 years of age who are on medical assistance as determined by using Department of Human Services data from the most recent year for which it is available; and

(3) the number of resident women within the region who are 35 to 44 years of age as determined by using Department of Health data from the most recent year for which it is available.

B. Compute the regional proportion of the total state need for services by totaling the three factors in item A for each region and dividing each regional total by the sum of the three factors for the entire state.

C. Calculate the amount of family planning special project grant funds available for each region by multiplying its regional proportion by the total amount of money available for family planning special projects under this subpart.
