#### **4716.0020 EXAMINATION AND LICENSING OF PLUMBERS.**

Subpart 1. **Examinations.** An applicant for a plumber's license, other than a restricted journeyworker or restricted master plumber license, must satisfactorily pass an examination given by the commissioner. Examinations for journeyworker and master plumber licenses shall be held in March and September of each year. Applications for the March examination must be filed not later than February 15 and for the September examination not later than August 15.

A. An applicant for the master plumber examination must have:

(1) a current Minnesota journeyworker plumber license and five years of practical plumbing experience;

(2) a current master plumber license from another state where the requirements of the licensing jurisdiction are equivalent to those of Minnesota, as determined by the commissioner; or

(3) a current Minnesota restricted master plumber license and five years of verifiable experience in business as a plumbing contractor in Minnesota.

B. An applicant for the journeyworker examination:

(1) must be registered as a plumber's apprentice in Minnesota and must have at least four years of practical plumbing experience, as specified in subpart 2, item F;

(2) must have a current Minnesota restricted journeyworker plumber license or restricted master plumber license and at least two years of practical plumbing experience gained while holding the restricted plumber license, as specified in subpart 2, item E; or

(3) must hold a current plumber's license from another state where the licensing jurisdiction requires at least four years of practical plumbing experience and an examination to qualify for licensure.

Subp. 2. **Experience.** This subpart applies to all practical plumbing experience described in subpart 1.

A. One year of practical plumbing experience consists of at least 1,750 hours.

B. The 1,750 hours necessary to gain one year of practical plumbing experience may be worked in more than one 12-month period; however, not more than 1,750 hours shall be credited for one calendar year.

C. Not more than two years of the practical plumbing experience from a state other than Minnesota shall be credited unless the applicant first obtains a plumber's license in the other state.

D. The applicant is responsible for verifying practical plumbing experience. The commissioner may require work records, time cards, pay records, or other documentation necessary to evaluate practical plumbing experience. The commissioner shall make the final determination about the adequacy and acceptability of an applicant's practical plumbing experience.

E. If the applicant is a licensed restricted journeyworker plumber or a licensed restricted master plumber subitems (1) to (3) apply.

(1) The practical plumbing experience must include at least the following number of hours in the plumbing aspects specified in units (a) to (c). The remaining required hours of practical plumbing experience may be in any aspect of plumbing work included in the definition of plumbing in UPC section 218.0 as incorporated by reference in part 4714.0050; however, the applicant must include in the application the type of work and corresponding number of hours:

(a) water distribution system installation, 1,000 hours;

(b) drain, waste, and vent system installation, 1,000 hours; and

(c) fixture installation, 500 hours.

(2) The applicant must have been a licensed restricted journeyworker or a licensed restricted master plumber at all times while obtaining the practical plumbing experience.

(3) The applicant must have completed the entire two years of practical plumbing experience within the four years before the applicant takes the examination.

F. If the applicant is a registered plumber's apprentice subitems (1) to (3) apply.

(1) The practical plumbing experience must include at least the following number of hours in the plumbing aspects specified in units (a) to (c). The remaining required hours of practical plumbing experience may be in any aspect of plumbing work included in the definition of plumbing in UPC section 218.0 as incorporated by reference in part 4714.0050; however, the applicant must include in the application the type of work and corresponding number of hours:

- (a) water distribution system installation, 2,000 hours;
- (b) drain, waste, and vent system installation, 2,000 hours; and
- (c) fixture installation, 1,000 hours.

(2) Except for experience qualifying under subitem (3), the applicant must have been a registered plumber's apprentice at all times while obtaining the practical plumbing experience.

(3) Up to 24 months of practical plumbing experience gained before the effective date of the applicant's initial registration as a plumber's apprentice will be credited if the applicant gained some of the experience during the 12-month period immediately prior to the effective date of the applicant's initial registration and if:

(a) the applicant gained the plumbing experience during military service, and the applicant's military officer certifies the experience;

(b) the applicant gained the plumbing experience as part of a plumbing education class approved by the commissioner, and an authorized representative of the educational institution certifies the experience; or

(c) the applicant gained the plumbing experience as a plumber's apprentice in another state where the experience is verified by a state agency in that state or by a federal agency.

G. Except as provided in item F, subitem (3), all practical plumbing experience must be certified by the licensed plumber or plumbing contractor who is responsible for the work performed. A restricted master plumber cannot certify the restricted master plumber's own experience. The employer of a journeyworker plumber, restricted master plumber, restricted journeyworker plumber, or plumber's apprentice is responsible for:

- (1) recording the practical plumbing experience worked by each such employee; and
- (2) maintaining these records of practical plumbing experience for at least six years after the employee's last recorded experience.

**4716.0030 LICENSE APPLICATIONS.**

Subpart 1. **Examination applications.** Applications to take the journeyworker or master plumber's examination must be submitted to the commissioner on forms prepared by the commissioner together with the required fee. The fee must be submitted with the application and is not refundable.

**Subp. 2. License applications.**

A. Any applicant who receives a passing grade on the journeyworker plumber's examination may submit an application for a journeyworker plumber's license.

B. Any applicant who receives a passing grade on the master plumber's examination may submit an application for a master plumber's license.

C. All initial applications for licensure must be on forms prepared by the commissioner, and must be accompanied by the required fee.

**4716.0040 EXPIRATION OF LICENSES.**

Subpart 1. **Issuance and expiration.** Initial and renewal journeyworker and master plumber's licenses, and renewal restricted journeyworker and restricted master plumber's licenses, shall be issued for the calendar year for which application is made and shall expire on December 31 of such year. Any journeyworker plumber, master plumber, restricted journeyworker plumber, or restricted master plumber who submits a renewal application after December 31 shall not work as a plumber until the person has submitted an application, fee, and penalty fee. Any licensed journeyworker or master plumber who does not renew the license within two years is no longer eligible for renewal. The person must retake and pass the examination before a new license will be issued. Any licensed restricted journeyworker or restricted master plumber who does not renew the license within 12 months will permanently forfeit the restricted license.

Subp. 2. **License renewals.** Applications for license renewal must be submitted to the commissioner on forms prepared by the commissioner no later than December 31 of the year preceding the year for which application is made. The application must be accompanied by the required fee. Journeyworker and master plumbers who submit their license renewal applications after expiration of their license but within two years after expiration of the previously issued license must pay all past due renewal fees plus the required late fee. Restricted journeyworker and restricted master plumbers who submit their license renewal applications after expiration of their license but within 12 months after expiration of the previously issued license must pay the past due renewal fee plus the required late fee.

#### **4716.0050 REGISTRATION OF PLUMBER'S APPRENTICE.**

Subpart 1. **Scope.** Subpart 2 shall not apply to registered plumber's apprentices under Minnesota Statutes, section 326B.47, subdivision 1, clause (1).

Subp. 2. **Registration requirements.** No person shall work as a plumber's apprentice until that person has submitted an application and fee for registration to the commissioner. Registration must be renewed annually and shall be for the period from July 1 of each year to June 30 of the following year. Applications for initial and renewal registration must be submitted to the commissioner before July 1 of each registration period on forms provided by the commissioner, and must be accompanied by the required fee. A plumber's apprentice who submits a registration application after July 1 in any year must pay the past due renewal fee plus the required late fee.

A. A plumber's apprentice must be at least 18 years of age or be a high school graduate, except that an apprentice employed and supervised by the apprentice's parent must be at least 16 years of age.

B. At the time of registration, an apprentice must provide a name, address, date of birth, Social Security number, and information about education and practical plumbing experience.

### **MEDICAL GAS**

#### **4716.0070 AUTHORITY; PURPOSE.**

Part 4716.0072 establishes certification requirements for individuals engaging in the installation, maintenance, or repair of medical gas systems under Minnesota Statutes, section 326B.438.

**Statutory Authority:** *MS s 326B.43; 326B.435; 326B.52*

**History:** 37 SR 5

**Published Electronically:** December 5, 2012

#### **4716.0071 DEFINITIONS.**

Subpart 1. **Scope.** The terms used in parts 4716.0070 to 4716.0072 have the meanings given them in this part and UPC sections 201.0 to 228.0 and UPC chapter 14 as incorporated by reference in part 4714.0050.

Subp. 2. **Breaching.** "Breaching" means opening any portion of the medical gas system to atmosphere.

Subp. 3. **Certified installer.** "Certified installer" means an individual who has met the requirements of ASSE Standard 6010 Medical Gas Systems Installers and the brazing qualification as defined in NFPA 99C, and is currently certified to this standard and qualification by National Inspection Testing Certification (NITC) or by a recognized third-party certification agency.

Subp. 4. **Installation.** "Installation" means the process of putting in place the equipment and piping required for a medical gas system and making it ready for use.

Subp. 5. **Maintenance.** "Maintenance" means performing work that is done regularly to keep the medical gas system and system components in good condition and working order. Maintenance does not mean replacing cylinders or filters, and work that does not breach the integrity of the medical gas piping system.

Subp. 6. **Recognized third-party certification agency.** "Recognized third-party certification agency" means an agency approved by the commissioner and conforming to ANSI/ISO/IEC Standard 17024 Conformity assessment - General requirements for bodies operating certification of persons, or equivalent.

Subp. 7. **Repair.** "Repair" means breaching the medical gas system for the replacement of pipe, equipment, or other components and restoring the system to working order.

#### **4716.0072 LICENSURE; CERTIFICATION.**

Subpart 1. **Licensure requirement.** No person shall offer to perform or perform medical gas installation, maintenance, or repair without a plumbing contractor license issued under chapter 326B. Each plumbing contractor shall designate an individual holding a medical gas certification issued by the commissioner as the individual responsible for the plumbing contractor's compliance with this part, chapter 4714, and Minnesota Statutes, section 326B.438.

##### **Subp. 2. Certification requirement.**

A. An applicant for medical gas installer certification must meet the following requirements:

(1) a certified installer as defined in part 4716.0071, subpart 5, who was certified on or before August 1, 2010; or

(2) both current licensure as a master plumber or journeyworker plumber under Minnesota Statutes, section 326B.46, and current certification as a certified installer as defined in part 4716.0071, subpart 3.

B. An individual meeting the requirements of this subpart may submit an application to the commissioner for certification as a medical gas installer. Individuals granted medical gas installer certification by the commissioner must maintain their status as a certified installer as defined in

part 4716.0071, subpart 3, while installing, maintaining, or repairing medical gas systems, and carry verification while in the field.

Subp. 3. **Application.** All applications submitted pursuant to this part must be submitted on a form approved by the commissioner and include the fees required by Minnesota Statutes, sections 326B.092 and 326B.438, subdivision 4.

Subp. 4. **Renewal and expiration.** The renewal and expiration of a medical gas installer certification shall be in accordance with Minnesota Statutes, section 326B.438, subdivisions 2 to 4.

## WATER CONDITIONING

### 4716.0090 AUTHORITY; PURPOSE.

Pursuant to Minnesota Statutes, section 326B.435, subdivision 2, part 4716.0092 establishes licensing requirements for water conditioning contractors, water conditioning masters, water conditioning journeyworkers, and other persons engaged in or working at the business of water conditioning installation or service.

**Statutory Authority:** *MS s 326B.43; 326B.435; 326B.52*

**History:** *37 SR 5*

**Published Electronically:** *November 29, 2017*

### 4716.0091 DEFINITIONS.

The terms used in parts 4716.0090 to 4716.0092 have the meanings given them in this part, UPC sections 201.0 to 228.0 as incorporated by reference in part 4714.0050, and Minnesota Statutes, section 326B.50.

**Statutory Authority:** *MS s 326B.43; 326B.435; 326B.52*

**History:** *37 SR 5*

**Published Electronically:** *July 11, 2017*

### 4716.0092 LICENSURE.

Subpart 1. **Water conditioning contractor.** An applicant for a water conditioning contractor license must designate a water conditioning master or master plumber, licensed by the commissioner, as the individual responsible for the water conditioning contractor's compliance with this part, chapter 4714, Minnesota Statutes, sections 326B.50 to 326B.59, and all orders issued under Minnesota Statutes, section 326B.082. The responsible water conditioning master or master plumber must give a minimum 15-day notice to the water conditioning contractor and the department before

resigning as the responsible water conditioning master or master plumber for the contractor. The contractor and responsible water conditioning master or master plumber must immediately notify the department upon the termination or separation of the contractor's responsible water conditioning master or master plumber. The water conditioning contractor shall have 60 days from the last day of employment of its previous responsible water conditioning master or master plumber to employ another responsible water conditioning master or master plumber. The water conditioning contractor shall submit written notification to the department that it has designated a different water conditioning master or master plumber as the individual responsible for the contractor's compliance with this part, chapter 4714, and Minnesota Statutes, sections 326B.50 to 326B.59. If the water conditioning contractor is unable to acquire a replacement responsible water conditioning master or master plumber, the water conditioning contractor's license is invalid and the contractor shall cease and desist from performing any water conditioning work and return the contractor's license for voluntary termination. Upon acquiring a replacement responsible water conditioning master or master plumber, the water conditioning contractor may request reinstatement of the terminated license under Minnesota Statutes, section 326B.096.

Subp. 2. **Water conditioning master.** An applicant for a water conditioning master license must satisfactorily pass an examination given by the commissioner. An applicant for the water conditioning master examination must have had at least 12 months' experience as a licensed water conditioning journeyworker, or at least 12 months of practical experience as listed in subpart 4, items B and C, subitem (1). The applicant is responsible for verifying practical experience.

Subp. 3. **Water conditioning journeyworker.** An applicant for a water conditioning journeyworker license must satisfactorily pass an examination given by the commissioner. An applicant for the water conditioning journeyworker examination must have at least six months of practical experience as listed in subpart 4, item C, subitem (2). The applicant is responsible for verifying practical experience.

Subp. 4. **Experience.** For the purposes of the experience required under subparts 2 and 3, the following requirements apply.

A. Experience in the planning, superintending, installing, and servicing of water conditioning systems is acceptable in the situations described in the following:

(1) experience while in the employ of a contractor licensed under Minnesota Statutes, section 326B.46 or 326B.55, and this part;

(2) experience while working in Minnesota for an employer who is exempt from being licensed as a contractor under Minnesota Statutes, section 326B.46 or 326B.55, subdivision 1, paragraph (d), clause (2), if the water conditioning installation or servicing work is done under the supervision of a properly licensed individual;

(3) experience while performing the practical installation and servicing of water conditioning systems outside of Minnesota, which the department has determined is substantially equivalent to work performed while in the employ of a licensed contractor in Minnesota. The determination must be based on a certification by the employer for the type of work performed; or

(4) experience performing the practical installation and servicing of water conditioning systems while in the military of the United States, which the department has determined is substantially equivalent to the work performed while in the employ of a licensed contractor in Minnesota. The determination must be based on a certification by the military for the type of work performed.

B. Twelve months of experience consists of at least 1,750 hours, which may be obtained in more than one 12-month period; however, not more than 1,750 hours shall be credited for one calendar year.

C. The commissioner may require work records, time cards, pay records, or other documentation necessary to evaluate experience. The commissioner shall make the final determination about the adequacy and acceptability of an applicant's experience.

(1) An applicant for water conditioning master examination must include at least the following number of hours in the following water conditioning aspects:

- (a) installation, 200 hours;
- (b) servicing, 300 hours;
- (c) planning, 250 hours; and
- (d) supervising, 250 hours.

The remaining required hours of practical experience may be in any aspect of water conditioning work. An applicant may not include any hours of experience obtained prior to attaining the age of 17.

(2) An applicant for water conditioning journeyworker examination must include at least the following number of hours in the following water conditioning aspects:

- (a) installation, 100 hours; and
- (b) servicing, 200 hours.

The remaining required hours of practical experience may be in any aspect of water conditioning work. An applicant may not include any hours of experience obtained prior to attaining the age of 17.

#### Subp. 5. **Examinations.**

A. Applications to take the water conditioning master or water conditioning journeyworker examination must be submitted on a form approved by the commissioner. Each application must include the fee under Minnesota Statutes, chapter 326B.

B. The commissioner shall give a written examination for the licensing of water conditioning contractors and installers at least once per year. The written licensing examination for contractors and installers shall include questions covering one or more of the following subject areas: relevant plumbing and installation provisions, materials and tools of the trade, general principles of water

conditioning processes, and operation of water conditioning equipment. Additionally, the contractor's licensing examination shall include questions covering one or more of the following subjects: calculations to determine appropriate equipment size, and specific functions and processes involved in different types of water conditioning.

C. A score of 70 percent shall be considered passing. The examinee shall be notified of the results of the examination.

Subp. 6. **Renewal and expiration.** The renewal and expiration of a water conditioning contractor, water conditioning master, or water conditioning journeyworker license shall be in accordance with Minnesota Statutes, sections 326B.092 to 326B.097, and 326B.50 to 326B.59.

#### **4716.0096 LICENSURE; CERTIFICATION.**

Subpart 1. **Backflow prevention rebuilder.** An applicant for backflow prevention rebuilder certification must be a licensed master plumber, journeyworker plumber, or restricted master or restricted journeyworker plumber and possess current American Society of Sanitary Engineering (ASSE) Standard 5110 Backflow Prevention Assembly Tester and ASSE Standard 5130 Backflow Prevention Assembly Repairer certifications.

Subp. 2. **Backflow prevention tester.** An applicant for backflow prevention tester certification shall possess a current ASSE Standard 5110 Backflow Prevention Assembly Tester certification.

Subp. 3. **Application.** All applications submitted pursuant to this part must be submitted on a form approved by the commissioner and include the fees required by Minnesota Statutes, sections 326B.092 and 326B.437.

Subp. 4. **Renewal and expiration.** The renewal and expiration of a backflow prevention rebuilder certification or backflow prevention tester certification shall be in accordance with Minnesota Statutes, section 326B.437, paragraph (c).

**Statutory Authority:** *MS s 14.389; 326B.435; 326B.437*

**History:** 37 SR 1253

**Published Electronically:** November 29, 2017

#### **4716.0097 REQUIREMENTS FOR RENEWAL OF CERTIFICATION.**

Subpart 1. **Generally.** The commissioner must not renew the license of an applicant for renewal who has held the license for at least 24 months unless the applicant provides proof of current ASSE certification.

##### **Subp. 2. Backflow prevention rebuilder.**

A. A backflow prevention rebuilder shall maintain current ASSE Standard 5110 Backflow Prevention Assembly Tester and ASSE Standard 5130 Backflow Prevention Assembly Repairer certifications.

Exception: An individual possessing a current backflow prevention rebuilder certification issued by the commissioner prior to January 1, 2013, is exempt from the requirements in subpart 1. This exemption expires December 31, 2014. Renewal applications submitted after January 1, 2015, shall include documentation of the applicant's current ASSE Standard 5110 Backflow Prevention Assembly Tester and ASSE Standard 5130 Backflow Prevention Assembly Repairer certifications as a condition of renewal.

B. The following standards are incorporated by reference, are not subject to frequent change, are made part of this chapter, and are available in the office of the commissioner: ASSE Standard 5110 Backflow Prevention Assembly Testers and ASSE Standard 5130 Backflow Prevention Assembly Repairers. These standards are published by the American Society of Sanitary Engineering, 901 Canterbury Road, Suite A, Westlake, Ohio 44145-1480 and are copyright 2009 by the American Society of Sanitary Engineering.

Subp. 3. **Backflow prevention tester.** A backflow prevention tester shall maintain a current ASSE 5110 Backflow Prevention Assembly Tester certification.

Exception: An individual possessing a current backflow prevention tester certification issued by the commissioner prior to January 1, 2013, shall be exempt from the requirements in subpart 1. This exemption expires December 31, 2014. Renewal applications submitted after January 1, 2015, shall include documentation of the applicant's current ASSE Standard 5110 Backflow Prevention Assembly Tester certification as a condition of renewal.

#### **4716.0205 REQUIREMENTS.**

##### **Subpart 1. Continuing education; content.**

A. In addition to satisfying the requirements of Minnesota Statutes, chapter 326B, individuals who hold the following license types are required to obtain 16 hours of continuing education instruction during the license period before the license may be renewed:

- (1) master plumber;
- (2) journeyworker plumber; and
- (3) restricted plumber.

At least 12 hours of instruction must pertain to the Plumbing Code, and at least four hours of instruction must pertain to the technical topics related to plumbing installations and equipment, this chapter, the Minnesota State Building Code, or Minnesota Statutes, sections 326B.41 to 326B.49. Continuing education hours obtained by any electronic media must not exceed four hours during the renewal period.

B. In addition to satisfying the requirements of Minnesota Statutes, chapter 326B, individuals who hold the following license types are required to obtain four hours of continuing education instruction during the license period before the license may be renewed:

- (1) water conditioning master; and
- (2) water conditioning journeyworker.

At least two hours of instruction must pertain to the technical topics related to water conditioning installation and servicing, this chapter, or Minnesota Statutes, sections 326B.50 to 326B.59.

C. In addition to satisfying the requirements of Minnesota Statutes, chapter 326B, an applicant for renewal of a medical gas installer certification is required to obtain four hours of continuing education instruction during the certification period before the certification may be renewed. The required hours of instruction must pertain to the technical topics related to the installation, repair, or maintenance of medical gas systems, this chapter, NFPA 99, or Minnesota Statutes, section 326B.438.

D. In addition to satisfying the requirements of part 4716.0097 and Minnesota Statutes, chapter 326B, individuals who hold the following certifications are required to obtain the following continuing education during the certification period before the certificate may be renewed:

(1) a backflow prevention rebuilder shall meet the minimum requirements to recertify in ASSE Standards 5110 and 5130; and

(2) a backflow prevention tester shall meet the minimum requirements to recertify in ASSE Standard 5110.

#### Subp. 2. **Application.**

A. Each applicant for the renewal of a license, registration, or certification specified in subpart 1 must obtain during the term of the license, registration, or certification period and before a renewal application is submitted to the department, the required number of credits of approved continuing education. No individual may transfer continuing education hours of instruction to another individual. Hours may only be applied to the renewal period in which they are obtained and may not be carried over to the next renewal period.

B. Where an individual holds more than one type of plumbing license, registration, or certification credits for hours of instruction may be applied to each license, registration, or certification during the same renewal period so long as the specific requirements for the license, registration, or certification are met.

#### **4716.0210 CREDIT FOR HOURS OF INSTRUCTION.**

Subpart 1. **Approval of continuing education programs.** To qualify as a continuing education hour of instruction under part 4716.0205, subpart 1, a continuing education program shall be approved in advance by the department. The subject matter must pertain to the plumbing code or the topics specified in part 4716.0205, subpart 1. The sponsor shall submit an application for approval according to Minnesota Statutes, section 326B.0981. An interactive educational program may also be approved for presentation through electronic media. Any program presented through electronic media that does not include real-time interaction between the presenter and the licensee

or registrant must include an examination process that ensures a licensee or registrant has successfully completed the program.

Subp. 2. **Notification of presentations.** Not less than 30 days prior to a presentation of a continuing education program, the sponsor shall notify the department in writing of the date, time, and location of the program.

Subp. 3. **Instruction in another state.** Notwithstanding subparts 1 and 2, continuing education programs that are offered in another state and have not been preapproved by the department, shall be approved for credit if the department is provided with evidence that the educational program meets the requirements of this part, part 4716.0205, and Minnesota Statutes, sections 326B.098 to 326B.099, and the course has been approved for continuing education hours of instruction or credit by a public authority licensing plumbers or restricted plumbers in the other state.

Subp. 4. **Qualifications of instructors.** All educational programs shall be conducted by instructors who meet the requirements of Minnesota Statutes, section 326B.099, subdivision 3, and have the qualifications described in at least one of the following items:

A. an individual plumber license issued by the department and at least four years' experience in plumbing inspection, plumbing installations, or teaching subjects within the scope of plumbing work permitted by the instructor's license;

B. at least five years' practical experience in the subject being taught. An instructor in this category may only be approved for instruction on technical topics related to plumbing installations and equipment; or

C. an instructor certified by a national plumbing-related training program.

Subp. 5. **Credit for teaching.** Instructors of educational programs approved under this part shall receive instruction credit for each hour of instruction allowable under subpart 1.

Subp. 6. **Report of credits earned.** Within 14 days after presentation of an educational program for credit under part 4716.0205, the sponsor shall provide a certificate of completion to each licensee or registrant in attendance and shall forward an attendance list and original attendance sign-in document to the department on a form supplied by the department, or in a format approved by the department. Each certificate of completion and attendance list shall include the name of the sponsor, date and location of the presentation, educational program identification that was provided to the department, hours of instruction or continuing education units, and the licensee's or registrant's name and license or registration number or the last four digits of the applicant's Social Security number. The attendance list must be typewritten and provide a summary of each attendee's hours for each course attended.

Subp. 7. **Credit for completing an educational program.** Participants in an educational program must complete the entire program to receive credit. Partial credit must not be granted.
