

**4720.5250 OBJECTIVES AND PLAN OF ACTION.**

Subpart 1. **Objectives.** A wellhead protection plan must have measurable objectives for the well and drinking water supply management area.

Subp. 2. **Plan of action.** A wellhead protection plan must state a plan of action. A plan of action must:

- A. address the problems and opportunities identified in the wellhead protection plan;
- B. identify and prioritize the wellhead protection measures that will be used;
- C. identify proposed changes in well construction, maintenance, and use; and
- D. identify a time frame for the implementation of the action identified in the plan.

Subp. 3. **Establishing priorities.** A public water supplier must establish priorities in the plan of action that:

- A. address:
  - (1) any substance that exceeds the maximum contaminant level specified in Code of Federal Regulations, title 40, part 141 (1995 and as subsequently amended); and
  - (2) a quantifiable level of a contaminant in the well water resulting from human activity; and
- B. reflect:
  - (1) the number of each potential contaminant source identified and the nature of the potential contamination associated with each source;
  - (2) the location of each potential contaminant source in relation to:
    - (a) the public water supply well;
    - (b) the isolation distances; and
    - (c) a one-year time of travel emergency response time;
  - (3) the capability of the geologic material to absorb a contaminant;
  - (4) the effectiveness of existing controls;
  - (5) the time required to obtain cooperation from other public water suppliers, and local, state, and federal agencies and programs; and
  - (6) the administrative, legal, technical, and public and private financial resources needed.

Subp. 4. **Implementation responsibilities.** A plan of action must:

- A. describe those actions that will be taken by the public water supplier alone;
- B. describe those actions that will require the cooperation of a local unit of government or state and federal agencies; and
- C. state whether the public water supplier has received commitments for the cooperation described in item B.
