

4720.5320 AQUIFER TEST PLAN; PROCEDURES.

Subpart 1. **Submittal.** An aquifer test plan as specified in part 4720.5540 must be submitted to the department by a public water supplier for department approval:

- A. before the selection of the aquifer test method; and
- B. before the delineation of the wellhead protection area.

Subp. 2. **Review; notice.** No later than 30 days after receipt of an aquifer test plan, the department shall:

- A. approve or disapprove the aquifer test plan based on the criteria specified in part 4720.5555; and
- B. provide the public water supplier notice of approval or disapproval of the aquifer test plan.

Subp. 3. **Disapproval notice.** If an aquifer test plan is disapproved, the department shall, as part of the notice of disapproval, provide the public water supplier with:

- A. a written statement that identifies those portions of the disapproved aquifer test plan that require revision; and
- B. the reasons for disapproval.

Subp. 4. **Resubmittal.** A disapproved aquifer test plan must be revised by the public water supplier and resubmitted to the department within 45 days after receiving notice of disapproval.

Subp. 5. **Revised aquifer test plan; review.** On receipt of a revised aquifer test plan, the department shall follow the same review process as for an original submittal.
