

4725.1832 NOTIFICATION FOR WELL SEALING.

This part applies to the sealing of wells, including water supply, remedial, monitoring, temporary monitoring, and dewatering wells, as provided by Minnesota Statutes, sections 103I.231, 103I.301, and 103I.315. This part does not apply to the sealing of borings.

A. A well must not be sealed until the owner of the property where the well is located, the owner's agent, or a licensee or registrant submits notification of proposed sealing of the well to the commissioner. Notification must be on a form provided by the commissioner or in a format approved by the commissioner. The notification must be legible and must include the following information for each well:

- (1) the name and licensee number or registrant number;
- (2) the name, address, and telephone number of the well owner, and property owner if different;
- (3) the township number, range number, section and one quartile, and the property street address if assigned; and
- (4) identification of a multiple-cased well with an inside casing eight inches or larger in diameter.

B. A new notification must be filed with the commissioner if a licensee or registrant other than the one listed on the original notification seals the well.

C. The notification is valid for 18 months from the date filed.
