

4731.3060 TYPES OF LICENSES.

- A. Licenses for radioactive material are of two types: general and specific.
- B. The commissioner issues a specific license to a named person who has filed an application for the license under parts 4731.3300 to 4731.7280.
- C. A general license is provided by rule, grants authority to a person for certain activities involving radioactive material, and is effective without the filing of an application with the commissioner or the issuance of a licensing document to a particular person. However, registration with the commissioner may be required by the particular general license.
