

4731.4409 PROCEDURES FOR ADMINISTRATIONS REQUIRING WRITTEN DIRECTIVE.

A. For any administration requiring a written directive, a licensee must develop, implement, and maintain written procedures to provide high confidence that:

- (1) the patient's or human research subject's identity is verified before each administration; and
- (2) each administration is in accordance with the written directive.

B. At a minimum, the procedures required by item A must address the following that are applicable to the licensee's use of radioactive material:

- (1) verifying the identity of the patient or human research subject;
- (2) verifying that the administration is in accordance with the treatment plan, if applicable, and the written directive;
- (3) checking both manual and computer-generated dose calculations; and
- (4) verifying that any computer-generated dose calculations are correctly transferred into the consoles of therapeutic medical units authorized under part 4731.4404 or 4731.4463.

C. A licensee must retain a copy of the procedures required under item A according to part 4731.4501, subpart 2.
