

5207.0300 CONFINED SPACES.

Subpart 1. **Scope.** Parts 5207.0300 to 5207.0304 prescribe minimum standards for preventing worker exposure to dangerous air contamination, oxygen deficiency, or oxygen enrichment as defined under part 5207.0301, within such spaces as silos, tanks, vats, vessels, boilers, compartments, ducts, sewers, pipelines, vaults, bins, tubs, pits, and other similar spaces. Parts 5207.0300 to 5207.0304 do not apply to underwater operations conducted in diving bells or other underwater devices or to supervised hyperbaric facilities.
