

5210.0900 REGISTRATION.

A manufacturer or employer who believes that all or part of the information required under the Employee Right to Know Act, Laws of Minnesota 1983, chapter 316, is a trade secret as defined in Minnesota Statutes, section 325C.01, subdivision 5, may register the information with the commissioner as trade secret information. Information which has been classified for national security purposes by appropriate officials of the United States may also be registered with the commissioner provided the commissioner has been granted necessary security clearance and duly authorized to receive such classified information.
