

6135.0520 RATE TABLE I, NARROW UNDERWATER CROSSINGS.

The following table applies to underwater crossings involving a disturbance of less than ten feet in width at the water's edge.

Type of Utility	Total Length in Feet, All Crossings Per Application					
	0-100	101 -200	201 -300	301 -400	401 -500	500+
BASE RATE						
Pipeline	\$237	\$293	\$349	\$406	\$462	\$462 plus \$56 per 100 feet or fraction thereof additional
Electric Transmission	180	225	259	304	349	\$349 plus \$45 per 100 feet or fraction thereof additional
Electric Distribution, Telephone, Telegraph, and Fiberoptic	124	147	180	203	237	\$237 plus \$17 per 100 feet or fraction thereof additional

The length of an underwater crossing is measured by the number of feet of line between banks or shores. The license fee is determined by adding the length of all such underwater crossings on the same application and, using this total distance, selecting the appropriate column to determine the base rate. The license fee is the base rate plus \$28 for each crossing in excess of one listed in the application.

Example #1. Electric distribution line application. Five water crossings.

Length (feet)			
Crossing #1	40	Base rate	\$147 (from 101-200 feet column)
Crossing #2	10	Plus	112 (four crossings in excess of one)
Crossing #3	75		—
Crossing #4	22	License fee	259
Crossing #5	35		—
Total	182		

Example #2. Pipeline application. One crossing.

Crossing #1, 650 feet	Base rate	\$574	(from the 500+ column)
	Plus	\$ 0	(no crossings in excess of one)
		—————	
	License fee	\$574
