

6232.0300 GENERAL RESTRICTIONS FOR TAKING DEER.

Subpart 1. **Season options.** A firearm deer hunter may purchase a firearm license valid for the regular firearms deer season or a youth firearms license. A muzzleloader deer hunter may purchase a muzzleloader license valid for the muzzleloader season or a youth muzzleloader license. For the regular firearm season, a hunter must select either the A or B season and this option will be printed on the license at the time of purchase. A person may only hunt deer by firearms within the season option indicated on the person's firearm license, except:

A. as prescribed in part 6232.1970, subpart 2;

B. a firearm license for any season option is valid in the Metropolitan Deer Management Zone under part 6232.4700, subpart 158; and

C. youth firearm license holders may hunt deer in both the statewide A and late southeast B seasons.

Subp. 2. **Modifying quota numbers for group applications.** The quota of licenses or permits for a drawing may be increased to accommodate group members if the last applicant to be selected is a member of a group.

Subp. 3. **Party hunting.** A party is a group of two or more licensed deer hunters who are afield hunting together and are all using firearms or all using archery equipment. A member of a party may kill a legal buck or antlerless deer for another member of the party who has not killed a deer under their license, except:

A. as provided by Minnesota Statutes, section 97B.301; and

B. in all 300 series deer permit areas as prescribed in part 6232.1300, subpart 3, where party hunting is allowed for antlerless deer only.

A mixed-weapons group is considered two separate parties. Persons issued permits under Minnesota Statutes, section 97B.055, subdivision 3, who are hunting in a lottery deer permit area and do not have an either-sex permit may not take antlerless deer for another member of the party.

Subp. 5. [Repealed, 49 SR 1416]

Subp. 6. **License purchase and validation.**

A. A bonus permit may be purchased any time throughout the open deer seasons. Bonus permits are valid immediately upon purchase, as long as the purchaser has a valid regular license. When a regular license is purchased after the start of the season for that license, a bonus permit is not valid until the waiting period has expired for the regular license.

B. Before a deer is moved from the site of kill, the person possessing the deer must validate the corresponding license. Validation consists of indicating electronically or on a paper license:

(1) the month the deer was taken;

- (2) the date the deer was taken; and
- (3) the time of day the deer was taken.

Subp. 7. All-terrain vehicle or snowmobile use by licensed hunters.

A. A person licensed to take deer must not operate an all-terrain vehicle or snowmobile in an area open for the taking of deer by firearms during legal shooting hours on a day that they are licensed to take deer within that area except from 11:00 a.m. to 2:00 p.m. each day.

B. A person licensed to take deer who does not possess a firearm, either cased or uncased, may use an all-terrain vehicle or snowmobile to retrieve and transport a deer that is known to be dead from the close of shooting hours to two hours after the close of shooting hours during the regular firearms deer season and for one day after the season on wildlife management areas north and west of a line described as follows:
