Subp. 2. **Animal possession.** Persons taking big game must retain any required license, permit, seal, or tag as long as any of the meat is in their possession.

Subp. 3. [Repealed, 20 SR 2287]

Subp. 4. **Elevated stands in state parks.** It is unlawful to construct, occupy, or use any elevated blind or stand for the purpose of hunting, observing, or killing big game in state parks, when opened to hunting, except that portable stands or blinds may be used for this purpose provided they are removed each day at the close of hunting hours and do no permanent damage.

Subp. 5. [Repealed, 34 SR 621]

Subp. 6. **Wounded game included in bag limit.** Wounded or captured game reduced to possession must be killed before being removed from the site where taken, and once reduced to possession must be included in a person's daily bag limit.

Subp. 7. **Legal bows and arrows.** Bows and arrows used for taking big game must meet the criteria in items A to C.

A. Bows must have a pull of no less than 40 pounds at or before full draw.

6232.0300 GENERAL RESTRICTIONS FOR TAKING DEER.

Subpart 1. **Season options.** A firearm deer hunter may purchase a firearm license valid for the regular firearms deer season or a youth firearms license. A muzzleloader deer hunter may purchase a muzzleloader license valid for the muzzleloader season or a youth muzzleloader license. For the regular firearm season, a hunter must select either the A or B season and this option will be printed on the license at the time of purchase. A person may only hunt deer by firearms within the season option indicated on the person's firearm license, except:

A. as prescribed in part 6232.1970, subpart 2;

B. a firearm license for any season option is valid in the Metropolitan Deer Management Zone under part 6232.4700, subpart 158; and

C. youth firearm license holders may hunt deer in both the statewide A and late southeast B seasons.

Subp. 2. **Modifying quota numbers for group applications.** The quota of licenses or permits for a drawing may be increased to accommodate group members if the last applicant to be selected is a member of a group.

Subp. 3. **Party hunting.** A party is a group of two or more licensed deer hunters who are afield hunting together and are all using firearms or all using archery equipment. A member of a party may kill a legal buck or antlerless deer for another member of the party who has not killed a deer under their license, except:

A. as provided by Minnesota Statutes, section 97B.301; and

B. in all 300 series deer permit areas as prescribed in part 6232.1300, subpart 3, where party hunting is allowed for antlerless deer only.

A mixed-weapons group is considered two separate parties. Persons issued permits under Minnesota Statutes, section 97B.055, subdivision 3, who are hunting in a lottery deer permit area and do not have an either-sex permit may not take antlerless deer for another member of the party.

Subp. 4. [Repealed, L 2008 c 368 art 2 s 82]

Subp. 5. [Repealed, 49 SR 1416]

Subp. 6. **License purchase and validation.**

A. A bonus permit may be purchased any time throughout the open deer seasons. Bonus permits are valid immediately upon purchase, as long as the purchaser has a valid regular license. When a regular license is purchased after the start of the season for that license, a bonus permit is not valid until the waiting period has expired for the regular license.

B. Before a deer is moved from the site of kill, the person possessing the deer must validate the corresponding license. Validation consists of indicating electronically or on a paper license:

- (1) the month the deer was taken;
- (2) the date the deer was taken; and
- (3) the time of day the deer was taken.

Subp. 7. **All-terrain vehicle or snowmobile use by licensed hunters.**

A. A person licensed to take deer must not operate an all-terrain vehicle or snowmobile in an area open for the taking of deer by firearms during legal shooting hours on a day that they are licensed to take deer within that area except from 11:00 a.m. to 2:00 p.m. each day.

B. A person licensed to take deer who does not possess a firearm, either cased or uncased, may use an all-terrain vehicle or snowmobile to retrieve and transport a deer that is known to be dead from the close of shooting hours to two hours after the close of shooting hours during the regular firearms deer season and for one day after the season on wildlife management areas north and west of a line described as follows:

State Trunk Highway (STH) 1 from the west boundary of the state to STH 89; then north along STH 89 to Fourtown; then north on County State-Aid Highway (CSAH) 44, Beltrami County, to County Road 704, Beltrami County; then north on County Road 704 to Dick's Parkway State Forest Road; then north on Dick's Parkway to CSAH 5, Roseau County; then north on CSAH 5 to Warroad; then north on STH 11 to STH 313; then north on STH 313 to the north boundary of the state.

C. For purposes of this chapter, all-terrain vehicles are vehicles, including trail bikes, three-wheelers, four-wheelers, tracked vehicles, or other manufactured or homemade vehicles, not licensed for highway use. Motor vehicles licensed for and being lawfully operated on a public road or highway, or farm tractors being used for agricultural purposes, are exempt from this subpart.

This subpart applies to all lands and waters regardless of ownership except as provided in item B, and except that:

- (1) the owner of the land on which the all-terrain vehicle or snowmobile is operated is exempt;
- (2) a person with the landowner's permission to operate an all-terrain vehicle or snowmobile on the land is exempt; and
- (3) a licensed deer hunter may operate a snowmobile on state grant-in-aid trails during the deer season.

A permit to operate these vehicles during the restricted hours may be issued by a conservation officer in the event of an emergency or other unusual conditions.

Subp. 8. **Bag limit.** Except as authorized in subpart 3, a person may not kill more than one legal buck per calendar year using any combination of licenses. A person may not kill more than one deer during a license year by any method, except as authorized in items A to G and subpart 3.

A. In deer areas designated as managed or intensive, a person may take deer with an archery, firearms, or muzzleloader license.

B. A person may take a deer by archery, firearm, or muzzleloader with a bonus permit in specified areas as prescribed in this chapter.

C. In no case may a person take more than five deer per year by firearms, archery, muzzleloader, or all methods combined, except additional deer may be taken as provided in items D, subitem (4); E; F; and G.

D. Except as provided in items E and F, the total bag limits by deer permit area are as follows:

- (1) the total bag limit for lottery, hunter choice, and youth-only antlerless deer permit areas is one deer;
- (2) the total aggregate bag limit for managed deer permit areas is two deer;
- (3) the total aggregate bag limit for intensive deer permit areas is five deer; and
- (4) in addition to the total bag limits under subitems (1) to (3), a person with a free landowner deer license may take one additional antlerless deer on land owned or leased by the person in managed and intensive deer permit areas.

E. Up to two antlerless deer may be taken in the early antlerless deer areas as prescribed in part 6232.1750. These deer may be taken in addition to the bag limit established in item C.

F. Hunters hunting in the Metropolitan Deer Management Zone under part 6232.4700, subpart 158, may take an unlimited number of deer.

Subp. 2. **Preference drawings for either-sex permits in lottery deer permit areas and special hunt area permits.** If the number of applications for either-sex permits in a lottery deer permit area or for permits in a special hunt area exceeds the quota set forth in the annual hunting regulations, a preference drawing will be used to select permit holders. Persons 12 years of age or older may enter the preference drawing by supplying their driver's license number, official state of Minnesota identification number, or 13-digit firearms safety identification number on the application,

except that resident hunters under age 16 on the Saturday nearest November 6 may not apply for either-sex permits. All applicants who have reached their 18th birthday by the first Thursday following Labor Day must provide one of these three numbers to qualify. Applicants under 18 years of age who do not submit one of these numbers will be assigned a number and will be entered into the preference drawing. Applicants establish a preference rating based upon the number of times they have applied in previous years and have not obtained an either-sex or special hunt area permit. The preference rating will increase each year the applicant applies unsuccessfully for either an either-sex or special hunt area permit. Persons applying for the first time have no preference. 6232.2900 BEAR PERMIT PROCEDURES.

Subpart 1. **Limit on number of applications.** A person may not apply more than once per season, whether as an individual or as a member of a group.

Subp. 2. **Drawings.** Drawings will be conducted by the department to determine those eligible to purchase a bear license within the bear quota areas.

A. An applicant must select a first choice of bear quota area and may select a second choice of bear quota area. Preference in the drawings will be given to applicants based upon:

(1) the number of times they have correctly applied for a license in a quota area in previous years but have not been selected; or

(2) the number of times they have correctly applied in the preference only area in previous years but have not been selected.

B. Upon issuance of a quota area license, all accumulated preference is lost. Obtaining a no-quota bear license has no effect upon eligibility or preference in the drawings.

C. In quota areas with fewer applicants than available licenses or licenses not purchased as described in subpart 9, the remaining available licenses may be offered to any eligible person on a first-come, first-served basis beginning at 12:00 p.m. three business days after August 1.

All applicants who will have reached their 18th birthday by September 1 must provide a driver's license number, a Minnesota identification card number issued by the Department of Public Safety, or a 13-digit Firearms Safety Certificate number. Eligible applicants under this age who do not submit one of these numbers will be assigned a number and entered into the preference drawing.

Subp. 5. **Group application.** Persons may apply individually or as part of a group totaling no more than four persons. Those who wish to apply as a group must submit their applications for the drawing together in one envelope. All applications in a group must be for the same permit area. The individual within a group with the lowest preference rating will determine the preference rating of the group. Either all members of the group or none will be drawn. Improperly completed applications will be rejected but will not disqualify other members of the group.

Subp. 6. **Modifying quota numbers for group applications.** The quota of licenses or permits for a drawing may be increased to accommodate group members if the last applicant to be selected is a member of a group.

Subp. 7. **Notification of drawing results.** Successful applicants will receive a notice, with instructions, authorizing them to obtain a license. Successful applicants who do not purchase a license according to the instructions or who do not provide all of the requested information will be disqualified. A. A person may apply for only one of the open zones.

B. A person may apply only once and must apply in a party of two, three, or four. All party members must apply for the same zone.

(1) owners of at least 160 acres of agricultural or grazing land, within the zone applied for;

(2) tenants living on at least 160 acres of agricultural or grazing land, within the zone applied for; or

(3) family members of qualifying landowners and tenants, if they live on the qualifying property and are part of the farming operation. Family members include those related by blood, marriage, or adoption.

Applicants unsuccessful in the landowner and tenant drawing will be included in the selection process for the remaining licenses in the same zone. Landowner and tenant party applications that include individuals who do not meet the requirements for this license will be removed from the landowner and tenant drawing and will not be entered into the general drawing.

D. Twenty percent of the moose licenses to be issued each year are available in a separate selection for individuals who have applied at least ten times for a moose license and who have never received a license. If the 20 percent of licenses exceeds the number of eligible applicants, the remaining permits shall be made available in the regular drawing. Evidence of unsuccessful application for purposes of this drawing is the application history database retained by the commissioner.

F. The application deadline is the Friday nearest May 1.

G. An application fee, as prescribed in Minnesota Statutes, section 97A.431, subdivision 3, must accompany each party's application. Any check returned to the department for nonpayment invalidates the application and will be destroyed. Refunds of application fees may not be made for any reason.

H. There shall also be alternate parties drawn from the pool of unsuccessful parties, from the general drawing, in case successful parties decide not to purchase their permit. Alternate parties

shall not be notified that they are an alternate party unless a successful party decides not to purchase a permit, in which event the alternate party may purchase a moose license.

I. Successful applicants will receive instructions for obtaining their licenses. Successful applicants must purchase their moose licenses by the Friday closest to July 1. Applicants who fail to purchase their license by the deadline forfeit their license and it will be offered to an alternate party selected through the regular drawing.

6232.4500 ELK LICENSE APPLICATION PROCEDURE.

Subpart 1. **General provisions.** The provisions in this part apply to the elk license application process.

A. If the number of applications for any zone exceeds the quota, a random selection will be conducted to determine the successful applicants.

B. Up to 20 percent of the licenses in each zone may be issued in a separate landowner and tenant drawing. The following persons are eligible for this separate drawing:

(1) owners of at least 160 acres of agricultural or grazing land, within the zone applied for;

(2) tenants living on at least 160 acres of agricultural or grazing land, within the zone applied for; or

(3) family members of qualifying landowners and tenants, if they live on the qualifying property and are part of the farming operation. Family members include those related by blood, marriage, or adoption.

Applicants unsuccessful in the landowner and tenant drawing will be included in the selection process for the remaining licenses in the same zone. Landowner and tenant party applications that include individuals who do not meet the requirements for this license will be removed from the landowner and tenant drawing and will not be entered into the general drawing.

C. Applications for the general and landowner and tenant drawing must be made on the appropriate forms and in accordance with instructions. The commissioner may reject applications not completed according to instructions.

D. The application deadline is the Friday nearest July 15.

E. An application fee as prescribed in Minnesota Statutes, section 97A.433, subdivision 3, must accompany each application of one or two hunters. Checks returned to the department for nonpayment will invalidate the application. Refunds of application fees will not be made for any reason.

F. Successful applicants will receive instructions for obtaining their licenses.

Subp. 2. **Modifying quota numbers for group applications.** The quota of licenses or permits for a drawing may be increased to accommodate group members if the last applicant to be selected is a member of a group.

Subp. 3. **Drawing procedure.**

A. If one or more qualified landowners in either zone apply, a drawing to select one landowner in the Primary and Secondary Grygla Elk Zones, combined, and one landowner in the

Kittson County Central Elk Zone shall occur first. The remaining parties shall then be selected in a general drawing to finalize successful parties. If no qualified landowners apply, all licenses shall be drawn from the general pool of applicants.

B. There shall also be alternate parties drawn from the pool of unsuccessful parties. These parties would be offered the opportunity to purchase licenses that have been offered to a successful party, but not purchased. The pool consists of the remaining landowners, tenants, and parties from the general drawing. An alternate party shall only be notified in the event that a successful party decides not to purchase a license.
