

**7001.3375 FINAL APPLICATION INFORMATION REQUIREMENTS FOR COMPOST FACILITIES.**

The application for a compost facility permit must include the following information in addition to the information required by part 7001.3300:

- A. a description of the area proposed to be used for each stage of the composting process;
- B. a description of the design and physical features of the facility, including run-off, run-on, and leachate control systems;
- C. a description of the material to be composted;
- D. a description of the residue's composition;
- E. a description of the disposal method for the residue;
- F. the design of an odor control system;
- G. the design and performance specifications of the composting facility;
- H. a description of the composting method to be used including retention time, temperature to be achieved, number of turns needed, and the air flow design;
- I. an operating plan indicating how the provisions of part 7035.2836 will be met, including a waste analysis plan; and
- J. a description of the proposed uses for the compost.
