

7011.1283 DUTIES OF CERTIFIED MUNICIPAL WASTE COMBUSTOR EXAMINER.

A certified municipal waste combustor examiner shall be responsible for the development, implementation, monitoring, and updating of an operator certification program specific to the municipal waste combustor for which the examiner has been certified. The operator certification program shall be designed as a system of training and written and/or oral examination on the duties, knowledge, and responsibilities of municipal waste combustor unit operations, as described in the operating manual required in part 7011.1275, subpart 3. The certified examiner shall administer the examination of full operator candidates.
