

7017.1006 REQUIREMENT TO INSTALL MONITOR.

The owner or operator of any emission facility, whether or not a CEMS or COMS is required by another part, may be required to install and operate a CEMS or COMS, upon order of the commissioner, if the commissioner finds that other methods of measurement or calculation do not provide adequate information on the level or variation of emissions to assure compliance with a compliance document or applicable requirement or to reliably estimate whether the emissions may pose a threat to public health or the environment.
