

7082.0600 SYSTEM MANAGEMENT.**Subpart 1. Management plans.**

A. Local units of government must require management plans for all new or replacement SSTS as described in parts 7080.2210 to 7080.2400. These plans must be submitted to the local government before issuance of a construction permit.

B. Management plans must include:

- (1) maintenance requirements, including frequency;
- (2) operational requirements, including which tasks the owner can perform and which tasks a licensed service provider or maintainer must perform;
- (3) monitoring requirements;
- (4) requirements that the owner notify the local unit of government when management plan requirements are not met;
- (5) disclosure of the location and condition of the additional soil treatment and dispersal area on the lot or serving that residence; and
- (6) other requirements as determined by the local unit of government.

Subp. 2. SSTS operating permits.

A. Local units of government must issue and enforce an operating permit for SSTS specified in part 7082.0100, subpart 3, item K.

B. An operating permit must include:

- (1) maintenance requirements, including frequency of maintenance;
- (2) operational requirements;
- (3) monitoring requirements;
- (4) compliance limits and compliance boundaries;
- (5) reporting frequency;
- (6) a requirement that the permittee notify the local unit of government when permit requirements are not met. Corrective actions must be taken as directed by the local unit of government;
- (7) disclosure of the location and condition of the additional soil treatment and dispersal system; and
- (8) stipulation of acceptable and prohibited discharges.
