

7151.5300 LABELING.

Subpart 1. **Tanks.** Tanks must be clearly labeled indicating the substance stored and the tank's capacity. If there is more than one tank at a site, each tank must be labeled with a unique tank number.

Subp. 2. **Lines.** Lines used for loading and unloading a substance from a tank must be labeled so that the person controlling the substance transfer can readily identify which line is connected to which tank.

Subp. 3. **Sign.** A tank facility that does not have a person on site 24 hours a day must have a sign with the name, address, and telephone number of the facility owner, operator, or local emergency response. The sign must be posted in a conspicuous place and legible from outside any secondary containment area.
