

7425.2200 MODEL DESIGNATION.

Each lighting device must be marked with a model designation which differentiates one model from another unless the only differences are:

- A. right- and left-hand mounting;
- B. housing finish;
- C. housing material;
- D. mounting methods;
- E. lens color;
- F. lens material;
- G. number of bulbs;
- H. type of bulbs;
- I. number of wiring connections; and
- J. functions.
