

7601.3010 RAILWAY TRACK SCALE PERMITS.

The director shall issue a permit to install a railway track scale if plans for installing the scale are submitted according to part 7601.3000, and if the planned scale installation meets the requirements of parts 7601.3020 and 7601.3030. The director shall review and approve the plans before issuing a permit. A railway track scale must not be installed without a permit.
