

7630.0300 CONVERSION COST.

The total conversion cost can be established only by submitting with the application for variance complete copies of two independent, signed bids from licensed electricians for converting the gas lamps to electricity. The bids must be detailed; simple dollar figures are not sufficient. If the applicant owns ten or more decorative gas lamps that primarily provide security lighting, the applicant shall also provide with the application two independent, signed bids from licensed electricians for replacing the gas lamps with high efficiency electric lighting, such as fluorescent, mercury vapor, or high or low pressure sodium lamps.
