

7825.2900 FILING BY ELECTRIC UTILITIES.

Subpart 1. **Filing required.** When an electric utility changes its automatic adjustment of charges, the utility, before the effective date of the change, shall file:

- A. a summary of the computation of the adjustment;
- B. an explanation of significant changes between the base cost and current cost quantified as to price, mix, thermal efficiency, and distribution loss; and
- C. a computation of standard cost for the current reporting period, if available. The standard cost for this computation may be either the planned or budgeted cost of fuel or simulation of the cost of fuel under normal operating and purchasing limits for the adjustment period or current period.
