

7849.0220 APPLICATION CONTENTS.

Subpart 1. **Large electric generating facilities (LEGF).** Each application for a certificate of need for an LEGF shall include all of the information required by parts 7849.0240, 7849.0250, and 7849.0270 to 7849.0340.

Subp. 2. **Large high voltage transmission lines (LHVTL).** Each application for a certificate of need for an LHVTL shall include all of the information required by parts 7849.0240 and 7849.0260 to 7849.0340. If, however, a proposed LHVTL is designed to deliver electric power to a particular load center within the applicant's system, the application shall contain the information required by part 7849.0270 for that load center rather than for the system as a whole.

Subp. 3. **Joint ownership and multiparty use.** If the proposed LEGF or LHVTL is to be owned jointly by two or more utilities or by a pool, the information required by parts 7849.0010 to 7849.0400 must be provided by each joint owner for its system. If the facility is designed to meet the long term needs, in excess of 80 megawatts, of a particular utility that is not to be an owner, that utility must also provide the information required by parts 7849.0010 to 7849.0400. Joint applicants may use a common submission to satisfy the requirements of any part for which the appropriate response does not vary by utility.
