

9502.0335 LICENSING PROCESS.

Subpart 1. **License application.** A license to operate a family or group family day care residence must be obtained from the department.

A. Application for a license must be made on the application form issued by the department. The application must be made in the county where the applicant resides.

B. The applicant shall be the person who will be the provider of care in the residence, present during the hours of operation, and who shall be legally responsible for the operation of the residence.

C. An application for licensure is complete when the applicant completes, signs, and submits all department forms and documentation needed for licensure to the agency and the agency receives all inspection, zoning, evaluation, and investigative reports, documentation, and information required to verify compliance with parts 9502.0315 to 9502.0445 and Minnesota Statutes.

Subp. 2. **Licensing study.** The applicant shall give the agency access to the residence for a licensing study to determine compliance with parts 9502.0315 to 9502.0445.

A. If, in the judgment of the agency representative, a potentially hazardous condition may be present, due to a violation of parts 9502.0315 to 9502.0445, the applicant shall obtain an inspection from a fire marshal, building official, or agent of a community health board as authorized under Minnesota Statutes, section 145A.04 to verify the absence of hazard and report to the agency.

B. The residence must comply with any applicable local ordinances. If the commissioner or the agency has reasonable cause to believe a hazardous condition may be present and requests an inspection by a fire marshal, building official, or authorized agent, then any condition cited by a fire marshal, building official, or authorized agent as hazardous and creating an immediate danger of fire, or threat to human life and safety, must be corrected or a variance approved in accordance with subparts 8, 8a, and 8b prior to issuance of a license.

C. An initial inspection of the residence by a fire marshal to determine compliance with the State Fire Code and compliance with orders issued are conditions of licensure for all residences with freestanding solid fuel heating appliances; manufactured (mobile) homes; new applicants for licensure with a licensed capacity of more than ten; day care residences which use the basement for child care; and residences in mixed or multiple occupancy buildings. "Multiple occupancy building" means a structure with two or more residential dwelling units such as a duplex, apartment building, or townhome. "Mixed occupancy building" means a residence in a structure that contains nonresidential occupancies or an attached garage.

D. The commissioner or agency may require, prior to licensure, or anytime during the licensed term of day care, a physical, mental illness, or chemical dependency or abuse evaluation of any caregiver or person living in the residence or present during the hours children are in care if the agency has reasonable cause to believe that any of the disqualification factors in subpart 6, item A, exist, or that the provider is not physically able to care for the children. These evaluations, conducted by a licensed physician, psychiatrist, psychologist, consulting psychologist, or certified chemical dependency practitioner or counselor may be used to verify physical or mental illness,

chemical dependency or chemical abuse, or behavior that would reflect on the ability of the provider to give day care.

Subp. 3. [Repealed, 15 SR 2105]

Subp. 4. **Period of licensure; nontransfer.** A license must be issued by the department when the provider fully complies with parts 9502.0315 to 9502.0445. The period of licensure may be up to two years. The license must not be transferred to another provider.

Subp. 5. **Initial license.** An applicant for initial licensure may be granted a license by the department for up to two years if all laws and rules cannot be met immediately, the deviations from parts 9502.0315 to 9502.0445 do not threaten the health, rights, or safety of the children, and which will be corrected within the time specified by the commissioner but not to exceed two years. Failure to correct deviations within the stated time shall be cause for revocation, suspension, or nonrenewal.

Subp. 6. **Disqualification factors.** An applicant or provider shall not be issued a license or the license shall be revoked, not renewed, or suspended if the applicant, provider, or any other person living in the day care residence or present during the hours children are in care, or working with children:

A. Abuses prescription drugs or uses controlled substances as specified in Minnesota Statutes, chapter 152, or alcohol, to the extent that the use or abuse has or may have a negative effect on the ability of the provider to give care or is apparent during the hours children are in care. Caregivers who have abused prescription drugs or have been dependent on controlled substances as specified in Minnesota Statutes, chapter 152, or alcohol, such that the use, abuse, or dependency has had a negative effect on the ability to give care, was apparent during the hours children are in care, or required treatment or therapy, must have 12 months of verified abstinence before licensure.

D. Has a disqualification under Minnesota Statutes, section 245C.15, that is not set aside under Minnesota Statutes, section 245C.22, or for which a variance has not been granted under Minnesota Statutes, section 245C.30.

E. Has had a child placed in foster care within the past 12 months and the agency determines the reasons for placement reflect on the ability of the provider to give care. A license may not be denied if the primary reason for the placement was due to a physical illness of the parent, developmental disability of the child, a disability of the child, or for the temporary care of an infant being relinquished for adoption.

F. Has had a child placed in residential treatment within the past 12 months for emotional disturbance or antisocial behavior and the agency determines that the reasons for the placement reflect on the ability of the provider to give care.
