9560.0030 LEGALLY FREEING A CHILD FOR ADOPTION.

Subpart 1. **Legal or voluntary termination.** Before a valid agency adoptive placement may occur, court termination of the parent's rights under Minnesota Statutes, sections 260C.301 to 260C.317, or an agreement under Minnesota Statutes, section 259.25, which confers authority to place a child for adoption with the commissioner or a licensed child-placing agency must be obtained from any individual recognized by state law as having parental rights.

A. A local social service agency shall seek to free a child for adoption through court termination of parental rights unless the commissioner accepts, in writing, the agreement conferring authority to place the child.

B. On all agency adoptive placement plans, the local social service or licensed child-placing agency shall inform the birth parent, who is identified on the child's birth record by birth registration, affidavit, or court order, of the statutory conditions under which birth record information and certain agency record information may or may not be released. The agency shall assist the birth parent with the procedures in subitems (1) to (3).

(1) The birth parent shall sign an affidavit to be filed in the agency record attesting that the birth parent has been informed of statutory conditions that affect the agency release or nonrelease of identifying information, such as the birth parent's name, last known address, birth date, and birthplace, to the adopted person after that person reaches adult age as defined in Minnesota Statutes, sections 259.83 to 259.89.

(2) The birth parent may subsequently choose to file or not file in the agency adoption record an affidavit objecting to the agency release of any or all of the identifying information to the adopted person upon that person reaching adult age as specified in Minnesota Statutes, sections 259.83 to 259.89.

(3) The birth parent may file an affidavit at any time with the state registrar of vital records consenting to or refusing to consent to disclosure of the original birth record information to the adopted person after that person reaches adult age as specified in Minnesota Statutes, sections 259.83 to 259.89.

Subp. 2. **Written consents.** All written consents to adoption, executed in a manner prescribed by Minnesota Statutes, sections 259.24, subdivision 5, and 259.25, must be filed with the court prior to the hearing on the adoption petition.

Subp. 3. **Execution of consents.** All agreements with an agency to place a child and consents to adoption by the child's parent or legal guardian, must be executed before two competent witnesses and an agency representative. Consents to an adoption by the child's parent when that parent is either a copetitioner in the adoption proceedings or does not have custody of the child must be executed before two competent witnesses, but need not be executed before an agency representative. All consents by a parent must contain a notice to the parent of the right to revoke the consent for any reason within ten working days of its execution. Consents obtained in another state may be executed according to either Minnesota law or applicable consent laws of the other state.

The consensor's and the agency representative's signatures must each be duly notarized.

The two witnesses must be 18 years of age or older and of sound mind, and neither may be the subscribing notary public.

The agency representative must be a person qualified to counsel the consenting party on adoption matters.

Revocation of a parent's consent must be in writing and must be received by the agency no later than the tenth working day after the consent was executed.

9560.0040 STATE PHOTOGRAPHIC ADOPTION EXCHANGE.

Subpart 1. **Child placement.** To ensure each child's placement in an adoptive home preferably away from the child's area of prior residence, the State Adoption Exchange shall be used by all authorized child-placing agencies in accordance with procedures under Minnesota Statutes, section 259.75, and the commissioner.

A. Each authorized child-placing agency shall register the child on the exchange using the registration form prescribed by the commissioner accompanied by a recent photograph of the child.

B. An authorized child-placing agency seeking to defer registration of the child shall make a written request to the exchange for written approval. The request for deferral must meet one of the conditions in subitems (1) to (6).

(1) The child is placed in an agency adoptive home and legal adoption occurs within two years of placement. The agency's report of the adoptive placement to the state agency shall constitute the basis for deferral.

(2) The child's foster home is being considered and meets the criteria of subpart 3. A deferral granted for this reason may not exceed 90 days unless the placement status formally becomes an adoptive placement.

(3) The child's prospective adoptive home is being considered. A deferral granted for this reason may not exceed 90 days unless an adoptive placement occurs.

(4) The child is undergoing diagnostic evaluation to aid the agency in adoptive planning. A deferral granted for this reason may not exceed 90 days.

(5) The child is hospitalized and needs continuing daily care which will not permit placement in a family setting. A deferral granted for this reason may not exceed the length of hospitalization.

(6) The child is 14 years of age or older and, after counseling with the agency on permanent placement options, will not consent to an adoption plan. The agency shall then assist the child in executing an affidavit to file with the exchange in which the child states that decision and an awareness that the decision may be changed at any time.

Subp. 2. **Special needs.** The local authorized child-placing agency shall, without undue delay, seek an adoptive home which will meet the child's special needs according to Minnesota Statutes, section 259.29.

A. The placing agency shall follow the order of placement preference and exception guidelines under Minnesota Statutes, section 259.29.

B. The adoptive placement of an Indian child who comes under the Indian Child Welfare Act of 1978, United States Code, title 25, sections 19 et seq., as amended through December 31, 1982, must follow the order of preference as determined by the child's tribe.

C. The placing agency shall document in its record any recruitment efforts it made and any requests or decisions made by the child's parent, the tribe, court, or agency which affects the order of placement preference.

Subp. 3. **Recruitment.** As required in Minnesota Statutes, section 259.77, an agency shall make special efforts to recruit adoptive families from among the child's relatives, if feasible, and shall provide for the diligent recruitment of potential foster and adoptive families that reflect the ethnic and racial diversity of children in the state for whom foster and adoptive homes are needed. The agency may work with various community and religious organizations, as well as the media, and may accept offers of service and monetary contributions to successfully recruit families for adoption.

9560.0050 CHILD'S FOSTER HOME.

Subpart 1. **Criteria.** The local social service agency may consider the foster home in which the child is currently living as a potential adoptive resource for the child.

In such cases the criteria in items A to C apply.

A. The child has special needs as defined in part 9560.0040, subpart 2 which the foster family will be able to adequately meet, or the child is older than an infant, has lived at least 12 consecutive months in the foster home, and is an integrated member of the foster family.

B. The foster family will be able to accept the child and the child's background and help the child understand the adoption.

C. The foster family is either the best adoptive resource for the child or is at least comparable to available resources.

Subp. 2. **Joint decision required.** Except in Hennepin, Ramsey, and St. Louis Counties, a joint decision between the state agency's adoption unit and the local social service agency as to whether the foster home would be a suitable adoptive home for the child must be made. The agencies shall base their decision upon:

A. the local social service agency's written statement and recommendation to the state agency identifying applicable criteria; and

B. the state agency's written response either approving or disapproving the recommendation.

Subp. 3. **Local agency approval required.** Where a licensed child-placing agency which is supervising a child under state guardianship wishes to consider the foster home as the adoptive resource for the child, it shall obtain approval from the local social service agency which has financial responsibility.

Statutory Authority: *MS s 245A.09; 257.05; 257.175; 259.53; 259.67; 259.75; 259.87*

Subpart 1. **In general.** The policies in subparts 2 and 3 govern the local social service agency's preplacement and postplacement activities.

Subp. 2. **Preplacement activities.** Preplacement activities must include those in items A to E.

A. The adoptive family's agency shall, prior to the child being placed in an adoptive home, meet with the child's agency in a preplacement conference, obtain written background and health history on the child, and visit the child in the foster home. The preplacement conference may only be waived if the child is under six months of age and is without special needs.

B. The child's agency shall prepare the child for adoptive placement and provide the adoptive parents with a written nonidentifying background and health history of the child in which all identifying information on the child's relatives has been omitted. The history is to be written in a manner which is understandable and meaningful to the adoptive family.

C. An adoptive family shall spend at least two days in the child's community becoming acquainted with the child prior to the transfer of physical custody from the agency to them. This provision may be waived, in the discretion of the agency, where extraordinary circumstances dictate prompt placement.

D. The adoptive parents shall enter into a written adoptive placement agreement with the commissioner.

E. During the time the child resides in the adoptive home, the local social service agency shall continue administrative reviews but is not required to schedule a court dispositional hearing unless the child is either removed from the home or is not legally adopted within two years of the date of placement.

Subp. 3. **Postplacement activities.** Postplacement activities must include items A and B.

A. The agency placing the child shall arrange for and obtain written placement and postplacement reports from the agency supervising the child in the adoptive home.

B. The supervising agency shall provide postplacement counseling with the adoptive parents in a manner that enables the child and adoptive family to become an integrated family.

- D. adoption is no longer the agency's permanent plan for the child.

Subp. 2. **Finding of good cause.** Termination of the adoptive placement by a local social service agency may be made only upon a specific finding of good cause by responsible agency personnel. Good cause exists when the placement is shown to be detrimental to the physical, mental, or emotional well-being of the child or the adoptive parents. Prior to seeking the removal of the child from the home, the agency shall:

- A. inform the adoptive parents in writing of the reasons for removal; and
- B. in an emergency situation involving danger to the child's health or well-being, request the assistance of the appropriate law enforcement authorities in the immediate removal of the child from the home.

9560.0120 SERVICES TO CHILDREN IN INDEPENDENT PLACEMENTS.

Subpart 1. **Evaluation of identified family.** When the local social service agency learns that the child's parent or relative seeks to place the child for the purpose of adoption with a person who is an extended family member not defined in part 9560.0020, subpart 13 as a relative or is personally known to the child's parent, the agency shall:

- A. evaluate with the child's parent whether the placement will be in the interest of the child;
- B. arrange for a preadoption evaluation of the proposed home when it is needed to determine whether the placement plan is suitable for the child;
- C. assist the child's parents in legally freeing the child for adoption; and
- D. arrange the adoptive placement according to procedures in parts 9560.0040 to 9560.0110, unless a court of competent jurisdiction has determined that the best interests of the child are served by waiving the requirement of agency placement.

Subp. 2. **Waiver of agency placement requirement.** When the local social service agency is informed by the commissioner that a court of competent jurisdiction has waived the agency placement requirement, whether or not the child is already in the home:

A. the local social service agency shall pursue licensing that home for foster care unless an adoption petition has been properly filed; and

B. the prospective parents shall notify the commissioner of the child's placement within 30 days of that placement unless the commissioner was already involved in the proposed placement.

Subp. 3. **Unlicensed intermediary.** When the local social service agency learns that the child's parent or the prospective parent desires the adoptive placement of the child through the assistance of an unlicensed intermediary, the local social service agency shall take necessary steps, including legal actions, if necessary, to prohibit the placement.

Subp. 4. **Transportation of child.** When the local social service agency learns that the child's parent, legal guardian, prospective parents, or the unlicensed intermediary desire to transport the child into or out of Minnesota for adoptive placement, the local social service agency shall advise the party or parties that the transportation requires the prior approval and consent of the commissioner.

The commissioner shall not give consent to or approval of importation or exportation of the child when a proposed placement was or is being arranged by an unlicensed intermediary even though a court of competent jurisdiction may waive the requirement of agency placement.

Applications for importation or exportation of a child must be made by the child's parent or legal guardian according to the statutory provisions of both the sending and the receiving states.

Subp. 3. **Determining suitability of adoptive parents.** The local social service agency is responsible for determining the suitability of adoptive parents whom it has accepted for service.

B. the commissioner has, in noncompact situations, issued a written consent to importation or exportation of the child, pursuant to applicable state law.

9560.0160 LEGALIZATION OF THE ADOPTIVE PLACEMENT.

The commissioner or an authorized child-placing agency shall initiate the process of legalizing adoptive placements of agency-placed children by sending the petitioner, or the petitioner's attorney, such nonidentifying information as is needed for completion of the adoption petition.

When an adoption petition which fails to meet the filing requirements of Minnesota Statutes, section 259.22, subdivisions 2 and 3, is nevertheless filed in a court of competent jurisdiction, the commissioner shall recommend to the court dismissal of that petition.

The final report and recommendation on a properly filed petition of an investigation by the commissioner or an authorized child-placing agency shall be made to the court within the 90-day time period.

The report and recommendation to the court on the form prescribed by the commissioner shall verify the allegations in the petition, determine whether the child is a proper subject for adoption, and ascertain the suitability of the proposed family and child to each other. When the child's placement was arranged through the agency, the report shall also include a statement on how the

agency applied the order of placement preference in part 9560.0040, subpart 2 in selecting the adoptive family. On intercounty adoptions, the order of placement preference is deemed to have occurred when the appropriate authority in the child's country of birth approved the placement of the child abroad.

The commissioner or an authorized child-placing agency shall request a continuance of the court when the investigation cannot be completed in the 90-day time period.

A copy of all requests for continuances must be filed with the state agency's adoption unit, the servicing agency, and the petitioner's attorney.

9560.0170 POSTADOPTION SERVICES.

Subpart 1. **Postadoption assistance.** Authorized child-placing agencies shall provide reasonable postadoption assistance and counseling services pursuant to Minnesota Statutes, sections 259.83 and 259.89, to adoptive parents, birth parents, adult genetic siblings, and adopted persons who have reached the age of 19 at their request in a manner which strengthens the adoption contract and complies with Minnesota Statutes, sections 259.53, subdivision 3, 259.61, and 259.83, subdivision 4, and applicable federal regulations on confidentiality and privacy of child welfare and adoption records. The agency shall:

A. prepare general background and health information with the deletion of all identifying information such as names, specific dates, addresses, and locations, to aid the adoptive parents of a minor child or the adopted adult 19 years of age or older in understanding the person's genetic background and adoption;

B. contact any one of the parties, in a personal and confidential manner;

C. provide the services requested when there is a mutual desire to receive or share information or to have contact;

D. provide services to adult genetic siblings where the agency has determined that:

(1) there is no known violation of confidentiality of a birth parent who is unknown to the genetic siblings or is deceased; or

(2) the birth parent has given written consent in order to allow the agency to provide the services requested;

E. provide services to a genetic relative for information or contact upon the written consent of the birth parent or verification that the birth parent is deceased;

F. share with the requesting person what options the agency may consider using to locate the other person; and

G. determine the extent and frequency to which the person contacted wishes to share information or have contact whether directly or through the agency.

Subp. 2. **Notification of birth parent.** Upon notice from the state agency adoption unit that the adopted adult of the age specified in the statute requests the original birth record, authorized child-placing agencies shall locate and notify each birth parent named on that record. The agency shall:

A. make complete and reasonable efforts within six months to locate and notify the birth parent in a personal and confidential contact of the right to file an affidavit with the state registrar and the effects of filing within the time allowed an affidavit of disclosure or nondisclosure, or of filing nothing, on the original birth record information; and

B. file through the state agency adoption unit the agency affidavit of notification for the state registrar that each named birth parent was located and notified, was not located and notified, or was found to be deceased.

Subp. 3. **Notification of genetically related persons.** An authorized child-placing agency shall, as required by Minnesota Statutes, section 259.83, subdivision 1, make a diligent effort to locate and inform genetically related persons of the medical or genetic information the agency has received. If the genetically related person is an adopted minor, the agency shall relay the information to the adoptive parent, subsequent guardian, or conservator. The agency shall make a diligent effort to notify the birth parents when the agency learns that the adopted person has died.

Subp. 4. **Locating birth parent.** Adopted persons of adult age placed for adoption by an authorized agency on or after August 1, 1982, may, under Minnesota Statutes, section 259.83, subdivision 3, upon reaching adult age, request from the placing agency the name, last known address, birth date, and birthplace of the birth parents who were identified on the adopted person's original birth record. The agency shall:

A. determine that the agency has on file the birth parent's affidavit attesting to receipt of information in the provisions of Minnesota Statutes, section 259.83, subdivision 3;

B. determine that the birth parent either has not filed a subsequent affidavit objecting to the release of identifying information or has withdrawn that affidavit;

C. disclose the identifying information to the adopted person when the condition in item A is met and when the agency has verified that the condition in item B exists or that the birth parent is deceased; and

D. contact the birth parent if requested by the court upon the adopted person's petition for release of identifying information. The agency shall advise the birth parent of the opportunity for that birth parent to present evidence to the court, either directly or through the agency, that nondisclosure of the information is a greater benefit to the birth parent than disclosure to the adopted person.

Subp. 5. **Counseling services.** Authorized child-placing agencies shall provide liaison and skilled counseling services through appropriately trained social workers to the adoptive parents, adopted adults who have reached the age of 19, birth parents, and adult genetic siblings.

Subp. 6. **Documentation of postadoption services.** Authorized child-placing agencies shall document the postadoption services provided in the agency's adoption service record.

Subp. 7. **Reimbursement.** Authorized child-placing agencies may require a reasonable expense reimbursement for providing postadoption services.

Subp. 3. **Confidentiality.** All adoption records are confidential and permanent. Adoption records must be retained under a protected record system which ensures confidentiality and lasting preservation.

Subpart 1. **Response to reports of maltreatment.** The local agency shall accept and screen or forward according to subpart 3 every report of maltreatment received from any source. Upon request, the local agency shall inform the reporter within ten days after the report is made, either orally or in writing, whether the report was accepted for assessment or investigation.

Subp. 1a. **County of service: no imminent danger.** The local agency shall provide child protective services to any child residing in the county who is alleged to have been maltreated.

In any situation of no imminent danger, including a situation where a report of maltreatment involves a member of the family unit who is an employee or board member of the local agency, the local agency may request another local agency to provide child protective services.

Subp. 2. **County of service: imminent danger.** In a situation of imminent danger, the local agency shall screen and investigate reports of maltreatment of any child found in the county without regard to the legal residence of the child.

A. The local agency shall provide child protective services as an emergency social service.

B. The local agency shall not seek a determination of the county of financial responsibility for the child and reimbursement for services provided until after providing for the safety of the child.

Subp. 3. **Screening reports.**

A. The local agency shall screen reports of maltreatment to determine the need for assessment or investigation.

Except for those reports described in item B, the local agency shall conduct an assessment or investigation if a report meets the criteria in subitems (1) to (3):

(1) the allegations in the report constitute maltreatment as defined under part 9560.0214, subpart 18;

(2) sufficient identifying information to locate the child or at least one member of the family unit exists to permit an assessment or investigation; and

(3) the report contains information that has not previously been received and assessed or investigated by the local agency.

B. Upon receipt of a report, the local welfare agency shall determine whether to conduct a family assessment or an investigation as appropriate to prevent or provide a remedy for child maltreatment. The local welfare agency:

(1) shall conduct an investigation on reports involving substantial child endangerment;

(2) shall begin an immediate investigation if, at any time when using a family assessment response, the agency determines that there is reason to believe that substantial child endangerment or a serious threat to the child's safety exists;

(3) may conduct a family assessment for reports that do not allege substantial child endangerment. In determining that a family assessment is appropriate, the local welfare agency may consider issues of child safety, parental cooperation, and the need for an immediate response; and

(4) may conduct a family assessment on a report that was initially screened and assigned for an investigation. In determining that a complete investigation is not required, the local welfare agency must document the reason for terminating the investigation and notify the local law enforcement agency if the local law enforcement agency is conducting a joint investigation.

If an independent assessor or investigator is not available, the person responsible for making the maltreatment determination may use the services of an assessor or investigator with a financial interest, referral relationship, or personal or family relationship.

(1) obtain consent from the infant's parents for the examination; or

(2) if the parents do not consent, ask the county attorney to obtain an expedited court order for the examination.

Subp. 6. **Parental authorization.** If the medical consultant confirms infant medical neglect and recommends treatment, the local agency shall, with the medical consultant, seek authorization from the infant's parents for the recommended treatment.

Subp. 7. **Local agency determinations.** The local agency shall make determinations in accordance with item A or B.

A. If the parents authorize the recommended treatment, the local agency shall make a determination that maltreatment has not occurred and that child protective services are not needed.

B. If the parents refuse to authorize the recommended treatment, the local agency shall make a determination that maltreatment occurred and that child protective services are needed.

Subp. 8. **Protective intervention.** If the local agency makes a determination that maltreatment occurred and that child protective services are needed, the local agency shall:

A. ask the county attorney to obtain a transfer of legal custody of the infant to the local agency in order to provide the recommended treatment; and

B. provide protective services under part 9560.0228.

9560.0220 RESPONSE TO REPORTS OF MALTREATMENT WITHIN THE FAMILY UNIT.

Subpart 1. **Basic procedures.** The local agency shall follow the basic requirements in part 9560.0216 when a report alleges maltreatment by a person within the family unit who is responsible for the child's care. The local agency shall also collect available and relevant information to determine whether maltreatment occurred and whether protective services are needed as specified in Minnesota Statutes, section 626.556, subdivision 10, paragraph (h). Relevant information includes information on the existence of substance abuse and domestic violence as specified in Minnesota Statutes, section 626.556, subdivision 10, paragraph (a).

Subp. 2. **Coordination with law enforcement.** The local agency shall:

A. ask a representative from a law enforcement agency to accompany the child protection worker to interview the child when a report of maltreatment:

(1) indicates there is imminent danger to a child or danger to the child protection worker;
or

(2) alleges violation of a criminal statute involving sexual abuse, physical abuse, malicious punishment of a child, or neglect or endangerment under Minnesota Statutes, section 609.378;

B. coordinate its assessment or investigation with the law enforcement agency's investigation to avoid duplication of fact finding efforts and multiple interviews; and

C. prepare an independent report of its assessment or investigation.

Subp. 3. **Child interviews.** For family assessments, it is the preferred practice to request a parent or guardian's permission to interview the child prior to conducting the child interview, unless doing so would compromise the safety assessment. When a local agency and a law enforcement agency that coordinate assessments and investigations jointly determine that an interview by one person with the child who is reported to be maltreated is in the best interests of the child, and the interview is conducted by the law enforcement agency, the interview can be substituted for the procedures in items A to F.

When necessary to make the determinations in subpart 6, the local agency shall interview any other minors within the family unit. When interviewing children, the local agency shall follow the procedures in items A to F.

A. The local agency shall interview the child in a face-to-face meeting in a manner appropriate to the child's age, development, and ability to understand and verbalize. The agency shall use a question-and-answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. A face-to-face observation of the child is required immediately for reports alleging substantial child endangerment and within five calendar days for all other reports.

B. The local agency may waive the notice required in part 9560.0216, subpart 7, when interviewing a child under ten years of age who is reported to be maltreated.

C. The local agency may interview a child under this part without parental consent. By the time the assessment or investigation is completed, the local agency shall notify the parent, legal custodian, or guardian that the interview has occurred unless ordered by the juvenile court to withhold notification.

D. If a parent, legal custodian, or guardian prevents the local agency from interviewing a child, the local agency shall ask the county attorney to obtain a judicial order to produce the child for an interview.

E. For investigations only the local agency shall make a record of every interview according to subitems (1) and (2):

(1) interviews must be audiotaped whenever possible and, in cases of alleged sexual abuse, interviews with alleged victims and child witnesses must be audio-videotaped; and

(2) the record must include:

(a) the date, time, place, and duration of the interview;

(b) the identity of the persons present at the interview; and

(c) a written summary completed within 72 hours if the interview is recorded in writing.

F. When a child is interviewed at the child's school, the local agency shall:

(1) before the interview, give the school a written notice, signed by the chair of the county board or the chair's designee, that includes the following:

(a) the name of the child to be interviewed;

(b) the purpose of the interview; and

(c) the authority of the local agency under Minnesota Statutes, section 626.556, subdivision 10, to interview the child on school premises;

(2) conduct the interview within 24 hours after the school receives the notification in subitem (1);

(3) determine the persons present during the interview; and

(4) cooperate with the school officials' reasonable conditions as to the time, place, and manner of the interview.

Subp. 4. Parent interviews. The local agency shall interview parents and persons responsible for the child's care within the family unit. The agency must use a question-and-answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. These interviews must take place immediately if substantial child endangerment is alleged and within five calendar

days for all other reports unless postponement is necessary to prevent risk to a child or interference with law enforcement's investigation. If, after reasonable effort, the local agency is unable to locate a parent, this requirement is waived. All interviews with witnesses and collateral sources must be audiotaped when conducting investigations whenever possible.

Subp. 4a. **Interview of alleged offender.** In the initial stages of an assessment or investigation, the agency must conduct a face-to-face interview of the alleged offender. The interview with the alleged offender may be postponed if it jeopardizes an active law enforcement investigation. The agency must use a question-and-answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. The local agency must provide the alleged offender with an opportunity to make a statement. The alleged offender may submit supporting documentation relevant to the assessment or investigation. The interviews must be audiotaped when conducting an investigation whenever possible.

Subp. 5. **Other interviews.** When necessary to make the determinations in subpart 6, the local agency shall interview other persons whom the agency believes may have knowledge of the alleged maltreatment. The agency must use a question-and-answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. All interviews with witnesses and collateral sources must be audiotaped whenever possible.

Subp. 6. **Local agency determinations.** When the local agency has completed its investigation under subparts 1 to 5, the local agency shall make determinations.

A. The local agency shall make a determination that maltreatment has occurred if:

- (1) there is a preponderance of evidence that a child is a victim of maltreatment; and
- (2) the maltreatment was caused by the act or failure to act of a person within the family unit who is responsible for the child's care.

B. [Repealed, L 2005 c 159 art 1 s 15]

Subp. 6a. **Early determination of maltreatment allegations.** If the collected information shows no basis for a full assessment or investigation, the local agency may make a determination of no maltreatment early in an assessment, close the case, and retain immunity.

Subp. 7. **Determining the need for protective intervention.** The local agency shall determine the need for protective intervention according to items A to C.

A. If there is a determination that child protective services are needed, regardless of whether there is a determination that maltreatment occurred, the local agency shall provide protective intervention under subpart 8.

B. If there is a determination that maltreatment occurred and a determination that no child is in need of child protective services, the local agency shall offer any needed alternative services.

C. If there is no determination that maltreatment occurred and no determination that child protective services are needed, the local agency shall not provide protective services.

Subp. 8. **Protective intervention procedure.** When the local agency provides protective intervention, the local agency shall:

- A. evaluate the risks to all children in the home;
- B. provide for the protection of the child under subitems (1) to (3), which are listed in order of preferred action:
 - (1) maintain the child within the home and provide protective services on a voluntary basis or through protective supervision;
 - (2) have the alleged offender removed from the home under Minnesota Statutes, section 260C.148; or
 - (3) seek removal of the child from the home according to subpart 9 if the child is found in surroundings or conditions which endanger the child's health or welfare and the child cannot be protected from harm while remaining in the home;
- C. if the family refuses to accept protective services, request the county attorney to obtain a judicial order authorizing the local agency to provide involuntary protective services; and
- D. if the family accepts or a court authorizes services, formulate a written protective services plan and provide protective services under part 9560.0228.

Subp. 9. **Removal procedures.** The local agency shall follow the procedures in items A to E when a child is removed from the home.

- A. The local agency shall place the child pursuant to part 9560.0223.
- B. The local agency shall determine whether a voluntary placement provides for the child's health, safety, and welfare.
- C. If the child is not placed voluntarily and the child is in imminent danger, the local agency:
 - (1) shall obtain the emergency removal of the child from the home by:
 - (a) seeking the assistance of the law enforcement agency to take the child into immediate custody; or
 - (b) petitioning the juvenile court for immediate legal custody of the child; and
 - (2) shall, if the child is placed with a relative or in a shelter care facility, advise the person taking the child into custody or the court whether disclosure of the child's location would endanger the child.
- D. If a child is not placed voluntarily and the child is not in imminent danger, the local agency shall ask the county attorney to petition the juvenile court for placement of the child under parts 9560.0500 to 9560.0670.
- E. When a child is placed on an emergency basis for alleged maltreatment, the local agency shall review the placement to determine the services necessary to allow the child to return home.

9560.0221 CRITERIA FOR SEEKING CHILD'S REMOVAL FROM HOME.

Subpart 1. **Agency evaluation before seeking removal.** Before seeking removal of a child from the child's home, the local agency must evaluate whether:

A. the child is an Indian child as defined in Minnesota Statutes, section 260.755, subdivision 8; and if so, the agency must follow the process in subpart 3;

B. the agency has made reasonable efforts except as specified in Minnesota Statutes, section 260.012, paragraph (a), to provide services that are:

- (1) relevant to the safety and protection of the child;
- (2) adequate to meet the needs of the child and family;
- (3) culturally appropriate;
- (4) available and accessible;
- (5) consistent and timely; and
- (6) realistic under the circumstances;

C. in the case of child maltreatment, the alleged offender can be removed from the child's home;

D. a caregiver is willing and able to protect the child if the alleged offender cannot be removed from the child's home; or

E. the child and child's caregiver are informed of the services and accept the services the agency offers.

Subp. 2. Removal of non-Indian child from home.

A. If the local agency determines that a child is in imminent danger of maltreatment and that the actions in subpart 1 would not ensure the child's safety, then an emergency exists and the agency must seek removal of the child from the home according to part 9560.0220, subpart 9, or obtain an appropriate protective court order.

B. The local agency may seek legal authority to place the child in foster care in nonemergency circumstances when:

- (1) a parent voluntarily requests placement of the child; or
- (2) when the local agency believes the child is in need of protection and services as defined in Minnesota Statutes, section 260C.007, subdivision 6.

Subp. 3. Removal of Indian child.

A. The agency must seek emergency removal of any Indian child who is temporarily or permanently located off the reservation if necessary to prevent imminent physical damage or harm to the child. The agency must expeditiously initiate a child custody proceeding subject to the Indian Child Welfare Act, United States Code, title 25, chapter 21, subchapter I, section 1915, transfer the child to the jurisdiction of the appropriate tribe, or restore the child to the parent. The emergency placement must terminate immediately when it is no longer necessary to prevent imminent physical damage or harm to the child.

B. If the agency believes it will be involved with an Indian child for more than 30 days, it must notify the child's tribe of the potential for foster care placement within seven days of determining that the child might be placed out of the home.

C. If the Indian child resides on a reservation with jurisdiction over child welfare matters or is a ward of a tribal court, the agency may not seek nonemergency removal of the child even when the maltreatment occurs off the reservation. In nonemergency cases, the agency must refer the Indian child to tribal social services.

D. In cases involving an Indian child who is not a resident of or domiciled on a reservation, the agency may seek nonemergency removal of the child only if clear and convincing evidence can show that the child is likely to suffer serious emotional or physical damage in the care of the parent or Indian custodian.

E. An agency removing an Indian child must satisfy the court that active efforts have been made to provide remedial services and rehabilitative programs designed to prevent the breakup of the Indian family and that these efforts have proved unsuccessful. Active efforts include, but are not limited to, soliciting the advice of tribal representatives and, if the parents do not object, members of the child's extended family.

F. Removal of an Indian child requires testimony by a qualified expert witness as to the likelihood of harm from continued residence with the parent or Indian custodian.

G. A "qualified expert witness" means:

(1) a member of an Indian child's tribe who is recognized by the tribal community as knowledgeable in tribal customs of family organization and child rearing;

(2) a lay expert witness having substantial experience in the delivery of child and family services to Indians, and extensive knowledge of prevailing social and cultural standards and child rearing practices within the Indian child's tribe; or

(3) a professional person having substantial education and experience in the area of the professional person's specialty, along with substantial knowledge of prevailing social and cultural standards and child-rearing practices within the Indian community.

9560.0222 INVESTIGATION OF REPORTS OF MALTREATMENT IN A FACILITY.

Subpart 1. **Responsibility for investigation.** The local agency shall screen reports of maltreatment to determine the need for investigation. If a report of maltreatment alleges maltreatment of a child in a facility and if the child is related by blood, marriage, or adoption to the license holder, facility staff, or volunteer of the facility, the local agency shall follow the basic requirements in part 9560.0216. The local agency must investigate a report of maltreatment in a foster care or family child care facility and in facilities licensed by the Department of Corrections when the report meets the criteria in items A to C. The commissioner has primary responsibility for investigating reports of maltreatment in facilities licensed by the commissioner, except for foster care and family day care, and must follow the procedures outlined in Minnesota Statutes, section 626.556. The commissioner may request assistance from the local agency. When the local agency assists the commissioner, it must follow the procedures outlined in parts 9560.0216 to 9560.0234.

A report of maltreatment must be investigated when the conditions in items A to C apply:

- A. the allegations in the report constitute maltreatment as defined in part 9560.0214, subpart 18;
- B. the report contains sufficient identifying information to permit an investigation; and
- C. the report contains information that has not previously been investigated by the local agency.

The investigating agency must collect available information relevant to the investigation or assessment to ascertain whether maltreatment occurred and whether protective services are needed. Relevant information includes the information specified in Minnesota Statutes, section 626.556, subdivision 10, paragraphs (a) and (h).

Subp. 1a. **Report to licensing agency.** A report that does not meet the criteria for investigation in subpart 1, items A to C, must be reported by the local agency as a possible licensing violation to the responsible licensing agency listed in items A to E within 48 hours after the report is received, excluding weekends and holidays.

A. Reports involving family day care must be referred to the local agency and the commissioner must also be notified.

B. Reports involving a child foster care provider whose licensure is supervised by the local agency must be referred to the local agency and the commissioner must also be notified.

C. Reports involving a child foster care provider whose licensure is supervised by a private agency licensed under parts 9545.0755 to 9545.0845 must be referred to the private agency and the commissioner must also be notified.

D. Reports about facilities that the commissioner licenses directly without delegating any licensing function to the county or a private agency must be sent to the commissioner.

E. Reports concerning facilities licensed by the Department of Corrections or the Department of Health must be sent to the department that licenses the facility.

Subp. 2. Coordination with law enforcement. The investigating agency shall:

A. ask a representative from a law enforcement agency to accompany the investigator to interview the child when a report of maltreatment:

(1) indicates there is imminent danger to a child or danger to the investigator; or

(2) alleges violation of a criminal statute involving sexual abuse, physical abuse, malicious punishment of a child, or neglect or endangerment under Minnesota Statutes, section 609.378;

B. coordinate its investigation with the law enforcement agency investigation to avoid duplication of fact finding efforts and multiple interviews; and

C. prepare an independent report of its investigation.

Subp. 3. Coordination with licensing agencies. The local agency shall coordinate the investigation of maltreatment within a facility with the agencies responsible for licensing the facility listed in subpart 1a.

A. The local agency shall notify the responsible licensing agencies listed in subpart 1a within 48 hours, excluding weekends and holidays, of receiving a report of maltreatment. This notification must include:

(1) the date and time the local agency received the report;

(2) identification of the facility, the child or children alleged to be maltreated, and the alleged offender;

(3) the nature of the maltreatment and extent of any injuries to children;

(4) immediate treatment and protection measures being provided by the local agency; and

(5) the name of the child protection worker responsible for investigating the report.

B. The local agency shall provide the responsible licensing agencies listed in subpart 1a with ongoing information as the investigation proceeds.

Subp. 4. Notice to ombudsman for mental health and developmental disabilities. The investigating agency shall provide the notice in subpart 3, item A, to the ombudsman for mental health and developmental disabilities when a report of maltreatment involves a child receiving residential treatment services for mental health, developmental disability, chemical dependency, or emotional disturbance.

Subp. 5. **Notice to parents, guardians, or legal custodians.** The investigating agency shall provide the following notice when reports of maltreatment within a facility have been received.

A. The investigating agency shall provide the following information to the parents, guardians, or legal custodians, including agencies responsible for placement, of any child who is reported to be maltreated by a person within a facility who is responsible for the child's care:

- (1) the name of the facility;
- (2) that a report of maltreatment of their child has been received;
- (3) the nature of the alleged maltreatment;
- (4) that an investigation is being conducted;
- (5) the protective or corrective measures currently being provided; and
- (6) that a written report will be furnished when the investigation is completed.

B. The notice required in item A must be provided before the investigating agency interviews any child who is reported to be maltreated unless:

- (1) the interview is necessary to protect children within the facility; and
- (2) the investigating agency is unable, after reasonable effort, to locate the parents.

C. The investigating agency may provide the notice required in item A to the parents, guardians, or custodians of children who are in the care of the facility who are not the subjects of the report. In making the decision to provide this notice, the agency shall consider:

- (1) whether there are reasonable grounds to believe maltreatment has occurred;
- (2) the seriousness of the maltreatment;
- (3) the number of children reported to be maltreated; and
- (4) the length of time it may take to complete the investigation.

Subp. 6. **Interviewing children.** When necessary to make the determination in subpart 10, the investigating agency in the course of the investigation shall interview any child alleged to be maltreated who is in the care of the facility and may interview any other child who is or has been in the care of the facility, or any child related by blood, marriage, or adoption to the alleged offender, or any child who resides or has resided with the alleged offender. Interviews shall be conducted and recorded according to part 9560.0220, subpart 3.

Subp. 7. **Interviewing facility staff.** The investigating agency shall begin to interview the following facility staff within 24 hours after interviewing children: the alleged offender, in a face-to-face interview, but the interview may be postponed if it jeopardizes an active law enforcement investigation; other staff members who may have knowledge of the maltreatment; supervisors of the alleged offender; and the director of the facility. The agency shall use a question-and-answer

interviewing format with questioning as nondirective as possible to elicit spontaneous responses. All interviews with witnesses and collateral sources must be audiotaped whenever possible.

Staff interviews may be postponed beyond 24 hours to prevent interference with an investigation by law enforcement authorities.

Subp. 8. **Interviewing persons outside the facility.** The investigating agency shall interview the parents, guardians, or legal custodians of children who are in the care of the facility and children no longer in the care of the facility if there is reason to believe they may have knowledge of maltreatment. The agency shall use a question-and-answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. All interviews with witnesses and collateral sources must be audiotaped whenever possible.

Subp. 8a. **Other interviews.** When necessary to make the determinations in subpart 10, the investigating agency shall interview other persons who the agency believes may have knowledge of the alleged maltreatment. The agency shall use a question-and-answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. All interviews with witnesses and collateral sources must be audiotaped whenever possible.

Subp. 9. [Repealed, 17 SR 3412]

Subp. 10. **Maltreatment determinations.** The investigating agency shall determine that maltreatment has occurred within the facility on the basis of the criteria in items A and B:

A. there is a preponderance of evidence that a child is a victim of maltreatment; and

B. the maltreatment is caused by the act or failure to act of a license holder, facility staff, or a volunteer.

In determining whether the facility or individual is the responsible party for the maltreatment, the investigating agency shall consider the following mitigating factors:

(1) whether the actions of the facility or the individual caregivers were according to, and followed the terms of, an erroneous physician order, prescription, individual care plan, or directive; however, this is not a mitigating factor when the facility or caregiver was responsible for the issuance of the erroneous order, prescription, individual care plan, or directive or knew or should have known of the errors and took no reasonable measures to correct the defect before administering care;

(2) comparative responsibility between the facility, other caregivers, and requirements placed upon an employee, including the facility's compliance with related regulatory standards and the adequacy of facility policies and procedures, facility training, an individual's participation in the training, the caregiver's supervision, and facility staffing levels and the scope of the individual employee's authority and discretion; and

(3) whether the facility or individual followed professional standards in exercising professional judgment.

Subp. 11. **Protective action.** If there is a determination that maltreatment has occurred or that child protective services are needed, the investigating agency shall take the following action to provide for the safety of the children within the facility.

A. The investigating agency shall provide a written report to the parents, guardians, or legal custodians, including agencies responsible for placement, of every child who is in the care of the facility or was in the care of the facility from the time of the maltreatment until the investigation is completed or the alleged offender is no longer present in the facility, whichever comes first. The report must not disclose the names of the children who were maltreated, the reporter, the offender, or the persons interviewed during the investigation. The report must include:

- (1) the name of the facility;
- (2) the nature of the maltreatment;
- (3) the names of the investigators and agencies represented;
- (4) a summary of the results of the investigation;
- (5) the investigating agency's determination; and
- (6) remedial measures being provided.

B. The investigating agency shall inform parents, guardians, and legal custodians about alternative facilities.

C. When the investigation is conducted by a local agency, the local agency shall provide the applicable licensing agency or agencies listed in subpart 1a with an oral report immediately after the investigation is completed and a written report within one week after the investigation is completed.

D. For all cases in which the ombudsman received notice under subpart 4, the investigating agency must provide a written report to the ombudsman within one week after completing the investigation.

Subp. 12. **No determination of maltreatment or a need for child protective services.** If there is no determination of either maltreatment or a need for child protective services, the investigating agency shall provide, within ten working days after the investigation is completed, the notice in subpart 11, item A, subitems (1) and (3) to (5), to:

- A. parents, guardians, or legal custodians notified under subpart 5;
- B. the applicable licensing agencies listed under subpart 1a if the investigation was conducted by a local agency;
- C. the ombudsman notified under subpart 4;
- D. the alleged offender; and
- E. the facility director.

Subp. 12a. **Early determination of maltreatment allegations.** The investigating agency may make a determination of no maltreatment early in an assessment or investigation, close the case, and retain immunity if the collected information shows no basis for a full assessment or investigation.

Subp. 13. **Removal procedures.** Child placement by the local agency shall be made according to part 9560.0223.

9560.0226 INFORMATION PROVIDED REPORTERS UPON COMPLETION OF ASSESSMENT OR INVESTIGATION.

Subpart 1. **Voluntary reporters.** Upon request, the agency that conducted the assessment or investigation of a report of maltreatment shall provide a voluntary reporter a concise summary after the assessment or investigation has been completed. A concise summary is limited to:

- A. the agency's classification of the report under part 9560.0230; and
- B. a statement whether child protective services are being provided.

Subp. 2. **Mandated reporters.** The agency that conducted the assessment or investigation shall provide a mandated reporter a summary consisting of:

- A. a concise summary under subpart 1;

9560.0440 GENERAL RESPONSIBILITIES.

Subpart 1. **Financial responsibility.** The local agency in the county of financial responsibility shall provide financial assistance and shall pay the cost of services provided to a child under state guardianship.

Subp. 2. **Notice.** The local agency in the child's county of residence shall notify the commissioner and, for a child eligible for tribal membership, the appropriate tribe when a child is placed under state guardianship. The notice to the commissioner must be on the form prescribed by the commissioner and must be provided to the commissioner within 30 days after the child is placed under state guardianship. The notice to the appropriate tribe may be by letter.

Subp. 3. **Social service plan.** The local agency in the child's county of residence must develop a social service plan within 90 days after a child becomes a ward. The plan must be developed according to items A to E.

A. The child's social service plan must be developed by the local agency and with the child if the child is seven years of age or older and capable of articulating his or her thoughts. The plan must be reviewed at least annually by the local agency. A child seven years of age or older at the time of the annual review and capable of articulating his or her thoughts shall participate in the review.

B. The plan must address the emotional, health, educational, vocational, and spiritual needs of the child, and preserve, where feasible, the racial and familial identity of the child. For an Indian child, the plan must include arrangement to apply for or obtain verification of tribal membership status under Minnesota Statutes, section 260.761, subdivision 1. For an Indian child or a child of minority race or minority ethnic heritage, the plan must also comply with the racial, ethnic, and religious placement preference requirements under Minnesota Statutes, sections 260C.212, subdivision 2; 259.29; 259.77; and 260C.193, subdivision 3. If a child has at least one sibling, the plan must provide for preserving the sibling relationship, where feasible.

C. The aim of the plan must be to establish a permanent family relationship for the child through the selection of a family committed to providing a home until the child reaches majority. The plan must include the goal of adoption for a child under age 14, using the procedures required in Minnesota Statutes, section 259.75. However, if there is established a permanent family relationship between the child and the child's relative as defined in part 9560.0430, subpart 8, adoption must be encouraged but is not required as a condition of permanent placement.

For a child age 14 or older, the child shall be counseled regarding adoption and other available permanent placement options. If the child chooses not to be adopted, the local agency shall notify the commissioner by submitting a written report and a copy of the child's affidavit in the form prescribed by the commissioner.

D. Any plan which permits a child to live independently without local agency guidance does not relieve a local agency of its responsibility to be aware of the child's needs and provide for them if necessary.

E. The goals, plans, and objectives for children under the supervision of licensed child-placing agencies must be made only with the agreement of the local agency in the child's county of residence after notification to the county of financial responsibility, if different from the county of residence.

Subp. 3a. Review of social service plan. Within two weeks after a child's move into a county, the county's local agency must review the social service plan developed by the local agency in the child's previous county of residence to determine the continued applicability of the plan.

The local agency in the child's new county of residence may approve or disapprove the plan. If the local agency disapproves the plan, it must notify the local agency in the child's previous county of residence and the county of financial responsibility, if different from the county of residence. If, after 45 days, the local agency and the local agency in the child's previous county of residence continue to disagree as to the plan, the local agency may change the plan after receiving written approval of the change from the commissioner.

Subp. 4. Change in child's county of residence. Before a child moves to a new county, the local agency in the child's current county of residence shall notify the new county's local agency and, if applicable, the Indian child's tribe of the change in the child's residence. The notification must be in writing and must indicate that the new county's local agency shall assume responsibility for implementing the social service plan developed under subpart 3. If the child's new county of residence does not become the county of financial responsibility, the child's new county of residence

Subpart 1. **Search for relatives required.** The local agency must search for relatives with whom to place a child, unless the child's parent specifically objects.

Subp. 2. **Parental objection to relative search.** If a child's parent specifically objects to the search for relatives, the local agency must, without contacting relatives, evaluate and address the parent's concerns by considering:

- A. the child's and the parent's or guardian's preferences about relatives and the reasons for those preferences;

- C. whether any relatives have offered to care for the child;
- D. whether placement with relatives would interfere with the parent's ability to follow a placement plan; and
- E. in the case of an Indian child, the tribe's position on contacting the relatives.

If a parent still objects to the relative search, the agency must notify the juvenile court of the parent's reasons for objecting. The agency must send each parent a copy of the notification to the court. The local agency may not contact the child's relatives unless ordered to do so by the court.

In the case of an Indian child, the agency must seek a relative placement unless the court has determined that there is good cause under the Indian Child Welfare Act, United States Code, title 25, chapter 21, subchapter I, section 1915, not to do so. The preference of the Indian child, parent, or custodian must be considered in accordance with the Indian Child Welfare Act.

Subp. 3. **Initiation of search for relatives.** For six months following the child's first placement, the agency must search for the child's relatives, even if the first placement is with a relative. The agency is permitted to continue the search thereafter only if it determines it is in the best interests of the child or if the court orders it to do so. The agency must thoroughly document the search efforts. If a subsequent placement becomes necessary and other relatives might be available as foster care providers, the local agency must renew the search for those relatives. Pursuant to Minnesota Statutes, section 260C.202, the court will review the agency's efforts to search for relatives and may order the agency to continue recruitment of relatives if the agency has not performed the search properly.

Subp. 4. **Special efforts for relative search.** As required by Minnesota Statutes, section 260C.215, subdivision 1, a local agency must make special efforts to recruit a relative custodian or foster care provider. To make special efforts, the local agency must:

- A. question the child, the child's parents or guardians, and the child's guardian ad litem, if any, about the child's relatives and preferences about the relatives;
- B. in the case of an Indian child, request the child's tribe to provide the names of the child's extended family in accordance with the Indian Child Welfare Act, United States Code, title 25, chapter 21, subchapter I, section 1915. The local agency must defer to tribal judgment as to suitability of a relative's home when the tribe has intervened pursuant to the Indian Child Welfare Act;

C. contact relatives and divulge only that information necessary for them to consider possible placement, and request names of other relatives if necessary; and

D. with the written consent of the parent or guardian for release of information about the child, or by order of the court, consult with:

(1) persons, other than those in the local agency, providing services to the child or the child's family; and

(2) other persons who know the child's family.

Subp. 5. **Other sources of information.** With the written consent of the parent or guardian for release of information about the child, the agency may contact the Office of the Ombudsperson for Families, the state ethnic council related to the child's ethnicity, and other potential sources of information about the child's relatives.

If the child was placed in another county or state, the plan must address why the child was not placed in the child's local county;

9560.0606 AGENCY REVIEW.

Subpart 1. **Change in placement.** The local agency must not change a child's placement unless it determines that another placement is in the best interest of the child. For Indian children, best interests must be determined in accordance with placement preferences in the Indian Child Welfare Act. If the local agency changes the placement, it must notify the child's parent or guardian and document the reasons for the change. If placement with a specific foster care provider was ordered by the court, the local agency must obtain the court's permission before changing that placement, except in emergencies. In emergency changes of court-ordered placement, the agency must, as soon as possible, notify the court of the change and bring the matter before the court for its approval of the change.

Subp. 2. **Administrative review.** All cases must be reviewed by an administrative panel at least once every six months. The review must be open to the parent or guardian, the child, and the foster care provider. The review must determine:

- A. whether the placement remains necessary and appropriate;
- B. the extent of compliance with the placement plan;
- C. the extent of progress which has been made toward mitigating the causes for placement in foster care; and
- D. the date by which the child may be returned to the home or a permanent placement may be made.

As an alternative, the local agency may bring a petition for review of a voluntary placement pursuant to Minnesota Statutes, section 260B.141 or 260C.141. A dispositional hearing may substitute for the administrative review as long as administrative review requirements are met, but an administrative review cannot substitute for a dispositional hearing.

9560.0613 COURT REVIEW OF COURT-ORDERED PLACEMENTS.

Subpart 1. **Request for court review of court-ordered placement.** For a child in court-ordered placement, the local agency must request the court for review six months after the initial placement. The agency must ensure that further reviews take place within each six-month period thereafter during the continuation of placement to determine whether continued out-of-home placement is necessary or whether the child should be returned home.

Subp. 2. **Filing for permanent placement determination by court.** The local agency must request the county attorney to file pleadings to establish the basis for a permanent placement determination in a manner that allows for court review no later than 12 months after a child is placed in a residential facility by court order. Alternatively, the agency may request filing of pleadings recommending a delay in the permanent placement determination because of a circumstance specified in Minnesota Statutes, section 260C.201, subdivision 11, paragraph (a). Pleadings to establish a basis for permanent placement determination must contain the following information:

A. the local agency's recommendations about the child's permanent placement and the reasons for those recommendations;

B. the local agency's efforts to reunify the family and prevent placement or, in the case of an Indian child, active efforts to reunite the child with the child's parent or custodian;

C. whether there is a substantial probability of the child being able to return home in the next six months;

D. a recommendation for a permanent plan; and

E. a recommendation whether to delay the permanent placement determination for six months because of a circumstance specified in Minnesota Statutes, section 260C.201, subdivision 11, paragraph (a).

A permanent placement determination is not required if a child is returned home or if a termination of parental rights petition is filed before the permanency planning determination.

Subp. 3. **Dispositional hearing required; child in long-term foster care.** When a child is placed in long-term foster care through a dispositional hearing and the order specifically states the name of the foster parent or parents, no further dispositional hearings are required unless the

placement is terminated. Administrative reviews pursuant to Minnesota Statutes, section 260C.203, must continue while the child remains in the specific placement named in the court order.

Subp. 4. **Dispositional hearing required; child under guardianship.** Except as set forth in subpart 5, dispositional hearings for a child under the guardianship of the commissioner or a licensed child-placing agency must occur every two years following the establishment of the guardianship. The dispositional hearing shall meet the requirements of Minnesota Statutes, section 260C.325, subdivision 4, paragraph (d).

Subp. 5. **Dispositional hearing not required.** A dispositional hearing is not required for a child under the guardianship of the commissioner or a licensed child-placing agency and in court-ordered long-term foster care or in an adoptive placement during the continuation of that specific long-term foster care or adoptive placement. The court order establishing long-term foster care must state the name of the long-term foster parent or parents.

Subp. 6. **Administrative review required.** Administrative review pursuant to United States Code, title 42, section 675(5)(B), and Minnesota Statutes, section 260C.203, must continue in the case of a child placed in court-ordered long-term foster care or a child under the guardianship of the commissioner or licensed child-placing agency. Additionally, administrative review must continue for a child in an adoptive placement until the court grants a decree of adoption. Court review may substitute for an administrative review as long as the administrative review requirements are met.

Subpart 1. Return or release of non-Indian child.

A. For a child removed from the home of a parent or guardian and placed in foster care pursuant to court order, the local agency must seek a court order to end its custody and return the child to the parent or guardian under the following circumstances:

(1) if the child was removed because of an emergency as described in part 9560.0221, subpart 2, item A, and the conditions that resulted in the need for foster care have been corrected sufficiently to ensure the child's safety with the parent or guardian; or

(2) if the child was removed because of a nonemergency situation as described in part 9560.0221, subpart 2, item B, and the conditions that led to the out-of-home placement have been mitigated.

B. For a child in foster care pursuant to a voluntary placement agreement, the local agency must return the child to the parent or guardian as soon as possible and no later than 24 hours after receipt of a written and dated request from the parent or guardian unless, because of child protection

concerns, the local agency secures legal authority to continue placement outside the home of the parent or guardian.

C. A local agency may seek a court order to end its custody of a child so that the child can be released into the care of a relative if the child could be safely maintained in the relative's home without formal legal authority and the relative is willing to care for the child without formal legal authority. Before releasing the child into the relative's care, the local agency must give the relative information orally and in writing about the rights and responsibilities of a relative and child in various formal and informal relationships.

Subp. 2. Return of Indian child.

A. An Indian child in foster care who was removed because of an emergency must be returned to the parent or custodian when the placement is no longer necessary to prevent imminent physical damage or harm.

B. An Indian child who was removed because of a nonemergency circumstance must be returned to the parent or custodian when the agency determines that restoring custody to the parent or custodian is not likely to result in serious emotional or physical harm to the child.

C. An Indian child in voluntary placement must be returned to the parent or custodian as soon as possible and no later than 24 hours after the agency receives a written and dated statement complying with the requirements of Minnesota Statutes, section 260.755, subdivision 5.
