

USER'S GUIDE FOR INDEX

The index to Minnesota Rules 2018 Supplement includes references to rules adopted from December 26, 2017, to November 19, 2018. References are to rule part numbers.

For newly adopted rule parts, the index coverage is complete. For amended parts, a reference is included only if the existing references in the main volume index do not cover the amendments. Therefore, it is suggested that the user always begin an index search with the volume 11 index of Minnesota Rules 2017.

See the User's Guide on pages 201 to 203 of volume 11 of Minnesota Rules 2017 for more information about the use of this index.
