STATUTORY AUTHORITY FOR ADMINISTRATIVE RULES

Agencies, departments, and boards may adopt rules only if given authority to do so by the legislature. Therefore, for any given rule there is a section in Minnesota Statutes or Laws of Minnesota that can be cited as the source of the authority to adopt the rules. The authority is referred to as “statutory authority.”

The statutory authority table is a numerical listing of statutory cites and the Minnesota Rules adopted under those cites. The statutory authority information for the 1983 edition of the Minnesota Rules was provided to the Office of the Revisor of Statutes by each agency. For rules adopted after the 1983 publication, the revisor’s office takes the statutory information from the State Register when the rules are proposed.

The bold cite contains a Minnesota Statutes section number, and the citations indented under that statute number contain the Minnesota Rules citations for rules that were adopted under each statute.
